INDEPENDENT AUDITORS' REPORT

To the Trustees
MCCRAW OIL/KWIK CHEK 401(k) Plan

We were engaged to audit the accompanying statement of net assets available for benefits of the McCraw Oil/Kwik Chek 401(k) Plan (the Plan) as of December 31, 2010, the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedule of assets held at end of year as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2009, were audited by other auditors. As permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the other auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the Trustee. Their report, dated October 4, 2010, indicated that (*a*) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (*b*) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Capital Bank and Trust Company and Fidelity Management Trust Company, the Trustees of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that Fidelity Management Trust Company held the Plan's investment assets and executed investment transactions as of December 31, 2010 and for the period December 1, 2010 to December 31, 2010 and that Capital Bank and Trust Company executed investment transactions for the period January 1, 2010 to November 30, 2010. The plan administrator has obtained certifications from the Trustees as of and for the year ended December 31, 2010, that the information provided to the plan administrator by the Trustees is complete and accurate.

Because of the significance of the information in the Plan's 2010 financial statements and schedule that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2010 financial statements and supplemental schedule taken as a whole. The form and content of the information included in the 2010 financial statements and supplemental schedule, other than that derived from the information certified by the Trustees, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of Plan

The following description of the McCraw Oil/Kwik Chek 401(k) Plan (the Plan) provides only general information. Therefore, participants should refer to the Plan agreement or Summary Plan Description (SPD) for a more complete description of the Plan's provisions.

General

The Plan is sponsored by Taylor-Smartt, L.L.C. for its employees and the employees of its wholly owned subsidiaries, McCraw Oil Company, Inc., McCraw Transport Company, Inc., and Kwik Chek Food Stores, Inc., and its affiliated company, Brownstone Leasing, L.L.C. (collectively, the Company). The Plan is designed to comply with the Employee Retirement Income Security Act of 1974 (ERISA), and the Internal Revenue Code (IRC). The financial statements have been prepared in compliance with ERISA.

Eligibility

All employees of the Company who have completed 90 days of service and have attained the age of 21 are eligible to participate in the Plan.

Plan administration

The Plan is administered by the Company. Fidelity Management Trust Company is the Trustee of the Plan's assets and is responsible for recordkeeping and executing transactions.

Contributions

Participants may contribute up to 100% of their annual compensation as defined in the Plan, subject to the maximum dollar amount allowable under the IRC. Participant contributions may be designated as pretax or after tax contributions, subject to IRC limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company has elected to make a Safe Harbor matching contribution of 100% of the salary deferrals up to 3% of eligible compensation and 50% of the next two percent of eligible compensation. The Company may also make other contributions subject to IRC limitations, as determined by the Company.

Note 1 - Description of Plan - (Continued)

Participant accounts

Each participant's account is credited with the participant's contributions, an allocation of the Company contributions and earnings or losses and may be charged with an allocation of certain administrative expenses. Allocation of plan earnings and losses are based on a participant's account balance in the various investment options as a percentage of the total of the participants' account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and Safe Harbor contributions and actual earnings or losses thereon. Vesting in the Company's discretionary matching contributions is based on years of service as follows:

Years of Service	Percent Vested
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Forfeitures

Amounts which are forfeited as non-vested discretionary matching contributions are retained in the Plan and may first be used to pay administrative expenses. Remaining amounts will be used to reduce future employer contributions to the Plan. At December 31, 2010 and 2009 forfeited accounts totaled approximately $10,000 and $18,000, respectively. There were no forfeitures applied in the reduction of Employer matching contributions for the year ended December 31, 2010.

Payment of benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participants vested account balance. Upon termination of service due to death, disability, retirement, or termination of employment from the Company, a participant may elect to receive a lump-sum payment for the participant's vested interest in his or her account. Participants with vested accounts $1,000 or less upon termination of employment will receive a lump-sum payment.

Note 1 - Description of Plan - (Continued)

Investment options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers several mutual fund options for investment.

Administrative expenses

Administrative expenses may be paid by the Employer. However, the Plan may pay transaction fees which are allocated to the specific participant initiating the transaction.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Subsequent events

The plan administrator evaluated events or transactions that occurred after December 31, 2010, through September 12, 2011 the date the financial statements were available to be issued.

Use of estimates

The preparation of financial statements in conformity with US GAAP requires the plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates. Significant items subject to such estimates and assumptions include the fair value of investments.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances.

Note 2 - Summary of Significant Accounting Policies - (Continued)

Fair value measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. US GAAP also establishes a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Three levels of inputs may be used to measure fair value:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

An asset or liability's classification within the fair value hierarchy is based on the lowest level of significant input to its valuation.

Fair value estimates are made at a specific point in time, and the methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair value. Although the plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

Investment valuation and income recognition

Investments are stated at fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Payment of benefits

Benefits paid to participants are recorded as a reduction of net assets available for benefits when paid.

Note 3 – Investments

Plan investments are held in mutual funds and a money market account. Fair value is measured at the net asset value of shares held by the plan at year end using Level 1 of the fair value hierarchy. There have been no changes in the methodologies used to measure fair value at December 31, 2010 and 2009. Individual investments comprising more than 5% of net assets available for benefits at the date reported are indicated by an "*". Plan investments are comprised of the following at December 31:

Note 4 - Information Prepared and Certified by the Plan Trustee (Unaudited)

The plan administrator has elected the method of annual reporting permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Capital Bank and Trust Company, the Trustee, through November 2010 and Fidelity Management Trust Company, the Trustee, since December 1, 2010, except for comparing such information certified by the Trustees to information included in the Plan's financial statements and supplemental schedule. The Trustees have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the year ended December 31:

		2010		2009
Investments, at fair value	**$**	**2,074,710**	$	1,802,773
Investment income:				
Net appreciation in fair value of investments	**$**	**132,428**		
Interest and dividends		**56,906**		
Total investment income	**$**	**189,334**		

Note 5 - Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants' accounts would become fully vested.

Note 6 - Income Tax Status

On January 1, 2009 the Company adopted a restated prototype plan sponsored by July Business Services. On December 1, 2010 the Company adopted a volume submitter defined contribution plan sponsored by Fidelity Management and Research Company which received an opinion letter from the IRS dated March 31, 2008 and states that the form of the plan documents were in compliance with applicable requirements of the IRC. The Plan has been amended and restated since receiving the determination letter. However, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements.

Note 7 - Party-in-Interest Transactions

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Employer, and certain others. As such, transactions conducted by Capital Bank and Trust and affiliates, through November 2010, and Fidelity Management Trust Company and affiliates, beginning December 1, 2010 qualify as party-in-interest transactions.

Note 8 - Reconciliation of Financial Statements to Form 5500

The following are reconciliations of net assets available for benefits at December 31, 2010 and 2009, and contributions and distributions per Form 5500 to the financial statements for the year ended December 31, 2010:
