Independent Auditors' Report

To the Participants and Trustees of
The Brower Insurance Agency 401(k) Profit Sharing Plan

We have audited the accompanying statements of net assets available for benefits of The Brower Insurance Agency 401(k) Profit Sharing Plan as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedule of assets (held at end of year) as of December 31, 2010. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of The Brower Insurance Agency 401(k) Profit Sharing Plan as of December 31, 2010 and 2009, and the changes in net assets available for benefits for the year ended December 31, 2010, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental information is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

THE BROWER INSURANCE AGENCY 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 and 2009

NOTE A - DESCRIPTION OF THE PLAN

The following description of the The Brower Insurance Agency 401(k) Profit Sharing Plan is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Brower Insurance Agency, LLC (the Plan Sponsor), and covers all eligible employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Those employees who have been employed for a year, have completed 1,000 hours of service, and are at least 21 years of age are eligible to become participants in the Plan.

A participant is eligible to participate in the 401(k) elective deferrals as of January 1, April 1, July 1, or October 1 which coincides with or next follows the date eligibility requirements are satisfied. A participant is eligible to receive an allocation of profit sharing contributions as of the first day of the plan year during which the eligibility requirements are met.

Contributions

- (a) *Participant's voluntary salary reductions.* Each year participants may contribute to the Plan a percentage of their compensation which is not to exceed Internal Revenue Service limitations. Participants may choose to make Roth 401(k) contributions or traditional 401(k) contributions.
- (b) *A discretionary profit sharing contribution.* The employer may make annual discretionary contributions to the Plan in an amount determined by the members of the Plan Sponsor. Profit sharing contributions are allocated to members of Brower Insurance Agency, LLC, based on member compensation and member agreements. Profit sharing contributions allocated to non-members of Brower Insurance Agency, LLC, must be not less than the lesser of three percent of that employee's compensation (as defined) or thirty-three and one-third percent of the highest percentage of compensation allocated to any highly compensated employee. Employer discretionary profit sharing contributions were \$521,930 for the year ended December 31, 2010.
- (c) *A non-elective contribution.* The Company may elect to make a non-elective contribution. Non-elective contributions are allocated to each qualified participant who is not a highly compensated employee in the proportion that each employee's compensation bears to all such qualified participants' compensation. There were no non-elective contributions for the years ended December 31, 2010 and 2009.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 and 2009

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Each participant's account is credited or charged with the following:

- (a) Employee and employer contributions,
- (b) Rollover contributions,
- (c) Plan earnings,
- (d) Forfeitures, and
- (e) Plan expenses.

Participants direct the investment of all funds in their accounts. Each participant is entitled only to the benefit that can be provided from the participant's vested account. Allocations are based on participant earnings or account balances, as defined.

Investment Options

Upon enrollment in the Plan, a participant may direct elective deferrals and any employer contributions in any of several different mutual fund investment options. Any participant having an account balance exceeding \$5,000 may direct the trustees to establish a Segregated and Individually Directed Account in the participant's name. Amounts transferred to the Segregated and Individually Directed Account are invested at the participant's sole discretion.

Vesting

Participants are 100% vested in employee and rollover contributions and employer non-elective contributions. All other employer contributions vest according to the following schedule:

<u>Years of Service</u>	<u>Non-Forfeitable Percentage</u>
Less than 3	0%
3 or more	100%

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 and 2009

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Forfeited Accounts

Forfeitures will be re-allocated following the date on which a terminated participant incurs five consecutive one-year breaks in service or following the date on which a terminated participant receives payment of his vested account balance. The Plan provides for forfeitures to be applied first to restore any amounts attributable to employer contributions related to a break in service; and finally, the remainder, if any, shall be allocated to participants as though it were a Discretionary Profit Sharing Contribution.

Forfeitures totaled \$19,965 and \$23,454 for 2010 and 2009, respectively.

Loans to Participants

The Plan allows participants to apply for and obtain loans, in an amount as defined in the Plan Agreement. Generally, loans must be for at least \$750 and may not be for more than the lesser of 50% of the participant's vested account balance or \$50,000 (reduced by outstanding loans in the previous year). All loans must be repaid within five years unless the loan is used to acquire or construct the participant's primary residence. Interest is charged at a rate typical for the lending business at the time of the loan.

Payment of Benefits

Benefits are recorded when paid. Upon termination of service, a participant may elect to receive:

- (a) A lump sum distribution equal to the value of their account;
- (b) Equal installments over a period of not more than the participant's assumed life expectancy.

Amendments

At January 1, 2010, the Plan was amended and restated in its entirety to incorporate all previous amendments. This amended and restated Plan and its related Trust are intended to qualify as a tax-exempt profit-sharing plan and trust under Code sections 401(a) and 501(a), respectively, and the cash-or-deferred arrangement forming part of the Plan is intended to qualify under Code section 401(k).

The provisions of this amended and restated Plan shall apply to those individuals who are Eligible Employees on or after January 1, 2010. The rights and benefits, if any, of former Eligible Employees whose employment terminated prior to January 1, 2010, shall be determined under the provisions of the Plan, as in effect from time to time prior to that date.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan prepares its financial statements using the accrual basis of accounting.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis (the date the order to buy or sell is executed). Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Fees

Substantially all administrative fees are paid by the Plan. Plan expenses paid by the Plan include fees for trading and investment management and advisory services and for the audit of the Plan. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan.

Reclassifications

Certain reclassifications have been made to the 2009 financial statement to conform to 2010 presentations.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 and 2009

NOTE C - CONCENTRATION OF CREDIT RISK

The Plan Sponsor maintains cash balances at financial institutions which insure its customer accounts with the Federal Deposit Insurance Corporation (FDIC) up to \$250,000.

At various times during the year, the Plan Sponsor maintained cash balances in its banks in excess of FDIC insurable limits.

NOTE D - INVESTMENTS

As of December 31, 2010 and 2009, the following investments that represent 5% or more of the Plan's net assets are separately identified:

	<u>2010</u>	<u>2009</u>

NOTE E - FAIR VALUE MEASUREMENTS

FASB ASC 820-10, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 and 2009

NOTE E - FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010.

Common stocks, corporate bonds, U.S. government securities, and Real Estate Investment Trusts: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual Funds and Money Market Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Certificates of Deposit: Valued at the cash value of the certificate as of the end of the plan year.

Annuity: Valued at the present value of future cash payments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Level 3 Gains and Losses

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2010.

	<u>Level 3 Assets</u> <u>Annuities</u>
Balance, beginning of year	\$ 134,840
Realized gains/(losses)	6,027
Purchases, sales, issuances, and settlements (net)	<u>(18,633)</u>
Balance, end of year	<u>\$ 122,234</u>

NOTE F - CERTIFICATES OF DEPOSIT

Certificates of deposit at December 31, 2010, consist of amounts on deposit at banks or savings and loan associations, with interest rates ranging from 5.05% to 5.15%, with maturities of five years or less. At December 31, 2010, none of these balances are in excess of federally insured limits.

NOTE G - BENEFITS PAYABLE

As of December 31, 2010 and 2009, the vested benefit payable to participants terminated prior to year-end was \$1,126,779 and \$654,740, respectively.

NOTE H - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of money market funds managed by Charles Schwab & Co., Inc.; UBS Financial Services; Cincinnati Financial Corp.; and Morgan Stanley Smith Barney. Each of these parties are also Plan custodians and, therefore, these transactions qualify as party-in-interest transactions.

Certain Plan participants with Segregated and Individually Directed accounts receive investment advice from another participant in the Plan. Commissions related to these services, totaling approximately \$62,400 and \$16,100 for the Plan year ended December 31, 2010 and 2009, respectively, were paid directly from the Segregated and Individually Directed accounts to the individual providing the services. These transactions qualify as party-in-interest transactions.

DECEMBER 31, 2010 and 2009

NOTE I - INCOME TAX STATUS

The Plan obtained a favorable tax determination letter on November 8, 2010, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

NOTE J - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become one hundred percent (100%) vested in their accounts.

NOTE K - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE L - SUBSEQUENT EVENTS

Subsequent events were evaluated through September 21, 2011, which is the date the financial statements were available to be issued.

Independent Auditors' Report

To the Participants and Trustees of
The Brower Insurance Agency 401(k) Profit Sharing Plan

We have audited the accompanying statements of net assets available for benefits of The Brower Insurance Agency 401(k) Profit Sharing Plan as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedule of assets (held at end of year) as of December 31, 2010. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of The Brower Insurance Agency 401(k) Profit Sharing Plan as of December 31, 2010 and 2009, and the changes in net assets available for benefits for the year ended December 31, 2010, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental information is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 and 2009

NOTE A - DESCRIPTION OF THE PLAN

The following description of the The Brower Insurance Agency 401(k) Profit Sharing Plan is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Brower Insurance Agency, LLC (the Plan Sponsor), and covers all eligible employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Those employees who have been employed for a year, have completed 1,000 hours of service, and are at least 21 years of age are eligible to become participants in the Plan.

A participant is eligible to participate in the 401(k) elective deferrals as of January 1, April 1, July 1, or October 1 which coincides with or next follows the date eligibility requirements are satisfied. A participant is eligible to receive an allocation of profit sharing contributions as of the first day of the plan year during which the eligibility requirements are met.

Contributions

- (a) *Participant's voluntary salary reductions.* Each year participants may contribute to the Plan a percentage of their compensation which is not to exceed Internal Revenue Service limitations. Participants may choose to make Roth 401(k) contributions or traditional 401(k) contributions.
- (b) *A discretionary profit sharing contribution.* The employer may make annual discretionary contributions to the Plan in an amount determined by the members of the Plan Sponsor. Profit sharing contributions are allocated to members of Brower Insurance Agency, LLC, based on member compensation and member agreements. Profit sharing contributions allocated to non-members of Brower Insurance Agency, LLC, must be not less than the lesser of three percent of that employee's compensation (as defined) or thirty-three and one-third percent of the highest percentage of compensation allocated to any highly compensated employee. Employer discretionary profit sharing contributions were \$521,930 for the year ended December 31, 2010.
- (c) *A non-elective contribution.* The Company may elect to make a non-elective contribution. Non-elective contributions are allocated to each qualified participant who is not a highly compensated employee in the proportion that each employee's compensation bears to all such qualified participants' compensation. There were no non-elective contributions for the years ended December 31, 2010 and 2009.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 and 2009

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Each participant's account is credited or charged with the following:

- (a) Employee and employer contributions,
- (b) Rollover contributions,
- (c) Plan earnings,
- (d) Forfeitures, and
- (e) Plan expenses.

Participants direct the investment of all funds in their accounts. Each participant is entitled only to the benefit that can be provided from the participant's vested account. Allocations are based on participant earnings or account balances, as defined.

Investment Options

Upon enrollment in the Plan, a participant may direct elective deferrals and any employer contributions in any of several different mutual fund investment options. Any participant having an account balance exceeding \$5,000 may direct the trustees to establish a Segregated and Individually Directed Account in the participant's name. Amounts transferred to the Segregated and Individually Directed Account are invested at the participant's sole discretion.

Vesting

Participants are 100% vested in employee and rollover contributions and employer non-elective contributions. All other employer contributions vest according to the following schedule:

<u>Years of Service</u>	<u>Non-Forfeitable Percentage</u>
Less than 3	0%
3 or more	100%

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 and 2009

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Forfeited Accounts

Forfeitures will be re-allocated following the date on which a terminated participant incurs five consecutive one-year breaks in service or following the date on which a terminated participant receives payment of his vested account balance. The Plan provides for forfeitures to be applied first to restore any amounts attributable to employer contributions related to a break in service; and finally, the remainder, if any, shall be allocated to participants as though it were a Discretionary Profit Sharing Contribution.

Forfeitures totaled \$19,965 and \$23,454 for 2010 and 2009, respectively.

Loans to Participants

The Plan allows participants to apply for and obtain loans, in an amount as defined in the Plan Agreement. Generally, loans must be for at least \$750 and may not be for more than the lesser of 50% of the participant's vested account balance or \$50,000 (reduced by outstanding loans in the previous year). All loans must be repaid within five years unless the loan is used to acquire or construct the participant's primary residence. Interest is charged at a rate typical for the lending business at the time of the loan.

Payment of Benefits

Benefits are recorded when paid. Upon termination of service, a participant may elect to receive:

- (a) A lump sum distribution equal to the value of their account;
- (b) Equal installments over a period of not more than the participant's assumed life expectancy.

Amendments

At January 1, 2010, the Plan was amended and restated in its entirety to incorporate all previous amendments. This amended and restated Plan and its related Trust are intended to qualify as a tax-exempt profit-sharing plan and trust under Code sections 401(a) and 501(a), respectively, and the cash-or-deferred arrangement forming part of the Plan is intended to qualify under Code section 401(k).

The provisions of this amended and restated Plan shall apply to those individuals who are Eligible Employees on or after January 1, 2010. The rights and benefits, if any, of former Eligible Employees whose employment terminated prior to January 1, 2010, shall be determined under the provisions of the Plan, as in effect from time to time prior to that date.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan prepares its financial statements using the accrual basis of accounting.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis (the date the order to buy or sell is executed). Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Fees

Substantially all administrative fees are paid by the Plan. Plan expenses paid by the Plan include fees for trading and investment management and advisory services and for the audit of the Plan. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan.

Reclassifications

Certain reclassifications have been made to the 2009 financial statement to conform to 2010 presentations.

THE BROWER INSURANCE AGENCY 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 and 2009

NOTE C - CONCENTRATION OF CREDIT RISK

The Plan Sponsor maintains cash balances at financial institutions which insure its customer accounts with the Federal Deposit Insurance Corporation (FDIC) up to \$250,000.

At various times during the year, the Plan Sponsor maintained cash balances in its banks in excess of FDIC insurable limits.

NOTE D - INVESTMENTS

As of December 31, 2010 and 2009, the following investments that represent 5% or more of the Plan's net assets are separately identified:

	<u>2010</u>	<u>2009</u>

NOTE E - FAIR VALUE MEASUREMENTS

FASB ASC 820-10, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 and 2009

NOTE E - FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010.

Common stocks, corporate bonds, U.S. government securities, and Real Estate Investment Trusts: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual Funds and Money Market Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Certificates of Deposit: Valued at the cash value of the certificate as of the end of the plan year.

Annuity: Valued at the present value of future cash payments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Certificates of deposit at December 31, 2010, consist of amounts on deposit at banks or savings and loan associations, with interest rates ranging from 5.05% to 5.15%, with maturities of five years or less. At December 31, 2010, none of these balances are in excess of federally insured limits.

NOTE G - BENEFITS PAYABLE

As of December 31, 2010 and 2009, the vested benefit payable to participants terminated prior to year-end was \$1,126,779 and \$654,740, respectively.

NOTE H - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of money market funds managed by Charles Schwab & Co., Inc.; UBS Financial Services; Cincinnati Financial Corp.; and Morgan Stanley Smith Barney. Each of these parties are also Plan custodians and, therefore, these transactions qualify as party-in-interest transactions.

Certain Plan participants with Segregated and Individually Directed accounts receive investment advice from another participant in the Plan. Commissions related to these services, totaling approximately \$62,400 and \$16,100 for the Plan year ended December 31, 2010 and 2009, respectively, were paid directly from the Segregated and Individually Directed accounts to the individual providing the services. These transactions qualify as party-in-interest transactions.

NOTE I - INCOME TAX STATUS

The Plan obtained a favorable tax determination letter on November 8, 2010, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

NOTE J - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become one hundred percent (100%) vested in their accounts.

NOTE K - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
