TALCUP, INC. EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - Description of Plan

The following description of the Talcup, Inc. Employee Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible non-union employees of Talcup, Inc. (the Company, d/b/a, RS Electronics). Employees are required to have completed six months of service and attained the age of 21 before becoming eligible to participate. Enrollment occurs monthly. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Each year participants may contribute from 1% up to the maximum allowable by law of their eligible earnings, as defined in the Plan, before tax, subject to certain limitations. The allocations of participant contributions to the various investment options are participant directed.

The Company match is discretionary, to be determined annually by the Company. Participants direct their contributions and any Company match to any combination of the investment options available through Reliance Trust Company (the custodian). There was no Company match amount in 2010.

Payment of benefits - All participants or their beneficiaries are eligible to receive benefits upon retiring at their normal retirement date (a participant's normal retirement age is 65 years of age), attainment of age 59½, death of participant, termination of employment, or severe financial hardship.

Notes receivable from participants - Participants may borrow from their fund accounts, up to the lesser of 50% of their vested account balance or \$50,000. Loan terms are 5 years unless used for the purchase of a principal residence, in which case the loan term may be longer. The loans are secured by the balance in the participant's account and bear interest at a rate, commensurate with local prevailing rate as determined by the plan administrator. The loan principal and interest is to be amortized in level payments through monthly payroll deductions.

Participant accounts - Each participant's account is credited with the participant's contribution, the Plan Sponsor's discretionary matching and discretionary profit sharing contributions, and an allocation of plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are 100% vested in their contributions, and are vested according to the plan document vesting schedule for any employer matching contributions. A participant is 100% vested after seven years of credited service.

TALCUP, INC. EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
(CONTINUED)

NOTE 1 - Description of Plan - (Continued)

Forfeitures accounts - At December 31, 2010 and 2009, forfeited non-vested accounts totaled \$0 and \$2,576, respectively. Also in 2010, administrative expenses of \$6,233 was paid from forfeited non-vested accounts.

NOTE 2 - Summary of Significant Accounting Policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual basis of accounting. All investments are held in mutual funds maintained by Reliance Trust Company. Daily Access.Com, Inc. is the record keeper of the trust.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date, and interest is reflected in earnings and accrued as earned. Net appreciation of the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - The plan sponsor pays all expenses associated with the Plan's administration not covered by the application of forfeitures except the costs associated with participants' loans from their accounts.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and changes therein. Actual results could differ from those estimates.

Subsequent events - The Plan has evaluated subsequent events through August 30, 2011, the date the financial statements were available to be issued.

Reclassifications - Certain reclassifications were made to the 2009 financial statements to conform to the 2010 presentation.

NOTE 3 - Summary of Information Certified by the Custodian (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying statements of assets available for plan benefits as of December 31, 2010 and 2009, as well as the investment information reflected in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2010, and the accompanying December 31, 2010 supplemental schedule of assets (held at end of year). The Plan's independent certified public accountants did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the accompanying financial statements and schedule.

The following represents investments as of December 31, 2010 and 2009. The individual investments that represent 5% or more of the Plan's assets are separately identified.

NOTE 4 - Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification on Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

TALCUP, INC. EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
(CONTINUED)

NOTE 4 - Fair Value Measurements - (Continued)

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009:

Mutual funds - Valued at the closing prices reported in the active market in which the individual security is traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

TALCUP, INC. EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 4 - Fair Value Measurements - (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

Total assets at fair value	<u>\$ 5,640,419</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,640,419</u>

NOTE 5 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan meets the requirements of Section 501(a) of Internal Revenue Code and is exempt from taxation. Accordingly, no provision for Federal income taxes has been recorded in the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS and state authorities. The Plan administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2010, there are not uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

TALCUP, INC. EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
(CONTINUED)

NOTE 6 - Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, no further contributions shall be accepted and each participant's account shall be fully vested.

During 2009 the Plan sponsor consulted with legal counsel and determined that due to Company downsizing in response to adverse economic conditions a partial termination of the Plan occurred. As a result all affected participants became fully vested in accrued benefits at their termination date.

NOTE 7 - Risks and Uncertainties

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
