NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Cherry 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan was established for the benefit of the employees of affiliated companies including Cherry Moving Company, Inc. dba Cherry Demolition, Cherry Concrete Removal, Ltd., Cherry Crushed Concrete, Inc. and Cherry Administration Services, Inc. (collectively, the Company).

General

The Plan is a defined contribution plan covering all employees of the Company who have thirty days of eligible service and are eighteen years of age or older. The employees must have one year of eligible service to receive Company matching contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2010, the Company amended the Plan's adoption agreement. The significant changes are (1) the amount of elective deferrals was changed to the maximum allowed by law, (2) eligible compensation was changed to include bonuses upon a separate elective deferral, and (3) the Company changed its matching calculation to be discretionary based on the participant's elective deferrals.

Contributions

Each year, participants may contribute up to the maximum amount allowed by Federal tax law, not to exceed $16,500 for 2010. Additionally, participants who are at least 50 years of age by December 31, 2010 are permitted to make catch-up contributions up to $5,500 for 2010. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

During any plan year, the Company may make a discretionary matching contribution of eligible employee salary deferrals. For the year ended December 31, 2010, the Company made discretionary matching contributions totally $101,712.

Additionally, the Company may make discretionary profit sharing contributions. For the year ended December 31, 2010, no discretionary profit sharing contributions were made.

Participant Accounts

Each participant's account is credited with the participant's contribution, and allocations of (a) the Company's discretionary matching contributions (b) the Company's discretionary profit sharing contributions and (c) Plan earnings, and charged with distributions and an allocation of investment related expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and discretionary profit sharing portions of their accounts plus actual earnings thereon is based on years of continuous service. The following schedule describes the participant's level of vesting after each year of service.

NOTE 1 – DESCRIPTION OF PLAN – CONTINUED

Vesting – Continued

Number of Years of Completed Service	Percentage of Vested Interest
1	20 %
2	40 %
3	60 %
4	80 %
5	100 %

Investment Options

Upon enrollment in the Plan, participants may direct the investment of their accounts among the various pooled separate accounts provided under the Plan. Participants may change their investment elections at any time, as well as transfer existing balances between investment options.

Notes Receivable from Participants

Participants may borrow from their vested account balance a minimum of $1,000 up to 50% of their vested account balance. Loan transactions are treated as transfers between investment funds and the loan fund. Loan terms range from 1-5 years or up to 15 years for the purchase of a primary residence. Loans are secured by the vested balance in the participant's account and bear interest at 1% plus prime. Participants may have only one outstanding loan at any time. Loan repayments are made by check or payroll deduction.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant or their beneficiary may elect to either 1) receive a lump-sum amount equal to the value of their account or 2) receive equal installments over a period not to exceed the participant's life (or joint life) expectancy at the time of termination. Upon termination of service for other reasons, a participant is entitled to the vested interest in his or her account as a lump-sum distribution.

Withdrawals

Participants may make early withdrawals of all or a portion of their elective deferral contributions in their account under the hardship provision of the Plan. Participants may make unrestricted withdrawals of their vested accounts on or after age 59½.

Forfeitures

Forfeitures arise when participants terminate employment before being fully vested in Company discretionary matching or discretionary profit sharing contributions. Forfeitures may only be used to reduce future Company discretionary matching contributions. At December 31, 2010 and 2009, the forfeitures account totaled $11,177 and $11,153, respectively. Additionally in 2010, no amounts from forfeited nonvested accounts were used to reduce Company discretionary matching contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments at year end are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The net change in the fair value of investments is reported in the statement of changes in net assets available for benefits in the period of the change. See Note 3 for further discussion of fair value measurements.

The Plan uses net asset value (NAV) per share (or its equivalent), as a practical expedient, to measure fair value when the investment does not have a readily determinable fair value and the net asset value is calculated in a manner consistent with investment company accounting.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

In 2010, the Plan adopted a new accounting standard that requires participant loans to be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document; thus, no allowance for doubtful accounts has been recorded as of December 31, 2010 and 2009.

In accordance with the transition provisions, prior years' presentation and disclosures have been retrospectively adjusted to conform to the new standard.

Payments of Benefits

Benefit payments to participants are recorded when paid.

Subsequent Events

Plan management has evaluated subsequent events through the date the financial statements were available for issuance on September 20, 2011. No matters were identified affecting the financial statements or related disclosures.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan measures and reports certain assets and liabilities at fair value and within a hierarchal disclosure framework which prioritizes and ranks the level of observable inputs used in measuring fair value. At each financial statement date, John Hancock Life Insurance Company (the Custodian) performs an analysis of all assets and liabilities subject to fair value measurements.

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted, quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs, excluding those included in Level 1, are either observable prices for identical assets or liabilities in inactive markets, observable prices for similar assets and liabilities, or other inputs derived principally from, or corroborated by, observable market data at the measurement date.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010.

Pooled separate accounts are valued at the NAV per unit based on either the observable NAV of the underlying investment or the NAV of the underlying pool of securities. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, divided by the number of units outstanding. There are currently no redemption restrictions on these investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS – CONTINUED

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

	Quoted Market Prices in Active Markets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)
December 31, 2010

	Quoted Market Prices in Active Markets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)

Growth & Income (1)	-	101,676	-
Income (3)	-	35,129	-
Total Assets at Fair Value	$ -	$ 2,373,851	$ -

The pooled separate accounts have been classified based on the general characteristic of the investment focus and strategy with further clarification below:

(1) This class represents investments in an actively managed pooled separate account fund that invests primarily in both equity and debt securities of domestic companies.

(2) This class represents investments in an actively managed pooled separate account fund that invests in primarily equity securities in foreign or domestic companies in diversified industries, such as real estate or natural resources.

(3) This class represents investments in actively managed pooled separate accounts with investments in a variety of fixed income investments which may include corporate bonds, both U.S. and non-U.S municipal securities, interest rate swaps, options, and futures.

(4) Short term investments are valued at $1.00/unit, which approximates fair value. Amounts are generally invested in money market funds or interest bearing accounts.

(5) This class represents investments in actively managed pooled separate accounts with investments in varying mixes and allocations of fixed income and equity securities. The mix and allocation is directly correlated with the retirement year goal the pooled separate account is identified with.

NOTE 4 – ADMINISTRATION OF PLAN ASSETS

The Plan's assets are held by the Custodian. Additionally, administrative functions are performed by a third party administrator, Malcolm Thompson & Associates. The Company absorbs substantially all the Plan's administrative costs.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, including partial termination, participants become 100% vested in their Company contributions.

NOTE 6 – FEDERAL INCOME TAX STATUS

The Plan obtained its latest determination letter on March 31, 2008, in which The Internal Revenue Service stated the Plan and related trust, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although, the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 7 – INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

At December 31, 2010 and 2009, the Plan's investments were held by the Custodian. The following is a summary of the Plan's financial information that is included in the accompanying financial statements and supplemental schedules based on information certified by the Custodian as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The fair values of investments individually representing 5% or more of the Plan's net assets available for benefits at December 31, 2010 and 2009 as reported by the Custodian are summarized as follows:

	2010	2009
John Hancock Lifestyle Fund - Balanced Portfolio	$ 1,235,070	$ 879,046
John Hancock Lifestyle Fund - Growth Portfolio	601,181	541,831
John Hancock Money Market Fund	*	164,370
Other Investments Representing less than 5% of Plan's Net Assets	1,158,111	788,604
Total Investments	$ 2,994,362	$ 2,373,851

(*) included in investments that are less than 5% of Plan's net assets in the year noted.

During 2010 the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $334,712.

NOTE 8 – PARTIES-IN-INTEREST

The Plan has notes receivable from participants at December 31, 2010 and 2009. As a result, these notes and all transactions relating to these notes qualify as parties-in-interest transactions. These transactions are exempt from being prohibited transactions by ERISA.

Also, all other Plan investments are pooled separate accounts managed by the Custodian and, therefore, these transactions qualify as parties-in-interest transactions. These transactions are exempt from being prohibited transactions by ERISA.

Fees paid by the Plan to the Custodian for administrative fees totaled $2,620 for the year ended December 31, 2010.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan holds various investment securities for its participants. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 – PLAN COMPLIANCE

The Plan Sponsor discovered errors in the calculations used to determine the employer matching contribution for the Plan year ended December 31, 2009, which resulted in excess Company contributions totaling $2,347 for select participants and deficient Company contributions totaling $1,062 for other select participants. The resulting receivable for the deficient Company contributions and resulting payable for the excess Company contributions are reflected on the statement of net assets available for benefits as of December 31, 2009.

NOTE 11 – DELINQUENT PARTICIPANT CONTRIBUTIONS

The Department of Labor (DOL Regulation 2580.412-11) requires an employer to segregate participant contributions, loan repayments and employer matching contributions from its general assets as soon as practicable, but in no event later than the 15th business day following the end of the month in which amounts are contributed by participants or withheld from their wages. During the year ended December 31, 2010, the Company failed to segregate participant contributions totaling $48,240 and loan repayments totaling $17,620 in a timely manner. The Company will contribute lost earnings and interest, file Form 5330, and pay all applicable excise taxes in 2011.

NOTE 12 – DIFFERENCES BETWEEN FINANCIAL STATEMENTS AND FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:
