Chico's FAS, Inc. 401(k) Elective Deferral Plan:

We were engaged to audit the accompanying statement of net assets available for benefits of **Chico's FAS, Inc. 401(k) Elective Deferral Plan** (the "Plan") as of December 31, 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010 and the supplemental schedule H, line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2009 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed the other auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the Trustee. Their report, dated October 5, 2010, indicated that (*a*) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (*b*) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note C, which was certified by Minnesota Life Insurance Company, the Trustee of the Plan, except for comparing such information with the related information included in the December 31, 2010 financial statements and supplemental schedule. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets, notes receivable from participants, and executes investment transactions. The Plan administrator has obtained a certification from the Trustee as of and for the year ended December 31, 2010 and 2009, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Because of the significance of the information in the Plan's December 31, 2010 financial statements and supplemental schedule that we did not audit, we are unable to, and do not, express an opinion on the accompanying December 31, 2010 financial statements and supplemental schedule taken as a whole. The form and content of the information included in the December 31, 2010 financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note A – Description of Plan

The following description of the Chico's FAS, Inc. 401(k) Elective Deferral Plan (the Plan) provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan, as amended, was established by Chico's FAS, Inc. (the Sponsor) effective January 1, 1992. The Plan is a defined contribution plan established to provide benefits for employees of the Sponsor who have attained the age of 21 and who have contributed a year of service as defined in the Plan agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Sponsor Contributions

Under the Plan, the Sponsor provides a matching contribution of 50% of the first 6% of a participant's compensation deferred in each payroll period. In addition, the Sponsor may make discretionary contributions. The Sponsor did not make any discretionary contributions during the 2010 Plan year.

Participant Contributions

The Plan allows eligible participants to make contributions up to 100% of compensation per payroll period, as defined by the Plan agreement, limited by requirements of the Internal Revenue Code (IRC). The maximum employee deferral for both December 31, 2010 and 2009 is $16,500. A participant who has attained the age of 50 may also make catch up contributions, subject to IRS limitations of $5,500, for December 31, 2010 and 2009. Participants can direct their contributions to any of the Plan's fund options and may change their investment options on a daily basis.

Participant Accounts

Each participant's account reflects the participant's contributions as well as an allocation of the Sponsor's contributions and Plan earnings and an allocation of administrative expenses. Allocations are based on participant earning or account balances, as defined. The benefit to which a participant is entitled is the aggregate total of such contributions and allocations. This benefit is subject to the application of the Plan's vesting schedule.

Vesting

Participants are fully vested in their contributions and the earnings thereon. A participant becomes fully vested in Sponsor matching contributions and earning thereon upon reaching age 65, death, permanent disability, and after five years of credited service as follows:.

Years of Services	Vesting Percentage
0-1	0%
2	25%
3	50%
4	75%
5	100%

Note A – Description of Plan (continued)

Forfeitures

Under the Plan, forfeitures are first used to pay administrative expenses payable by the Sponsor. Any remaining forfeitures may be used to reduce future Sponsor contributions. For the years ended December 31, 2010 and 2009, forfeited non-vested accounts totaled approximately $62,000 and $95,000. For the year ended December 31, 2010 approximately $28,000 of forfeitures were used to pay administrative expenses and approximately $161,000 were used to reduce employer contributions, respectively.

Benefit Payments

Upon death, retirement, disability, or termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount, substantially equal installments, partial withdrawals, or have the vested interest directly rolled over into an eligible retirement plan. Participants may also receive funds from their salary deferral accounts for hardship distributions. Distributions are paid as soon as administratively possible.

Participant Loans

Subject to approval, participants can secure a loan from the Plan against their account balance. Participants can borrow up to a maximum of $50,000 or 50% of their vested account balances, whichever is less. Loans may generally be repaid over five years. The minimum amount to be taken for a loan is $1,000. Loans must be repaid through automatic payroll deductions, unless otherwise provided by the Sponsor. These loans are collateralized by the balance in the participant's account and bear interest at prevailing rates as determined by the Plan administrator. At December 31, 2010 interest rates ranged from 5.25% to 10.25% on outstanding participant loans.

Administrative Expenses

The Company pays all administrative expenses of the Plan, with the exception of investment transaction fees, which are paid by the participants who incur such fees. For the year ended December 31, 2010, the Plan paid administrative expenses totaling approximately $220,166.

Plan Termination

Although it has not expressed any intent to do so, the Sponsor may, at its option, terminate the Plan. Upon termination of the Plan, the Custodian would provide for payments to participants in accordance with the Plan agreement. In the event of Plan termination, all participants would become 100% vested in their account balances.

Note B – Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

As described in Financial Accounting Standards Board(FASB) Staff Position *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the FSP), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the FSP, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. See Note F for further details.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and the changes in net assets available for benefits and disclosure of contingent assets and liabilities during the reporting period. Actual results could differ from these estimates.

Valuation of Investments

The Plan's investments are stated at fair value. If available, quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Participant loans are valued at their outstanding balances, which approximate fair value. The Plan's interest in the guaranteed interest account is valued based on information reported by the investment advisor using the audited financial statements of the account trust at year-end.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Note B – Summary of Significant Accounting Policies (continued)

Fair Value Measurements

The FASB has established a framework for measuring fair value, *Fair Value Measurements*. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds: Valued at the net asset value ('NAV") of shares held by the Plan at year end.

Guaranteed Investment Contracts: Valued at both the net asset value ('NAV") and contract value of shares held by the plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note B – Summary of Significant Accounting Policies (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

	Fair Value Measurements at Reporting Date Using:		
	Assets Measured at Fair Value at 12/31/2010	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)

	Fair Value Measurements at Reporting Date Using:		
	Assets Measured at Fair Value at 12/31/2009	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)

	$ 47,262,751	$ 36,825,549	$ 10,437,202

Note C – Investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the auditors not to perform any auditing procedures with respect to the information certified by the Trustee, except for comparing such information to the related information included in the financial statements and supplemental schedule. The Plan administrator has obtained a certification from the Trustee that the information provided to the Plan administrator by the Trustee as of December 31, 2010 and for the year ended December 31, 2010, is complete and accurate. Such information includes all investments, notes receivable from participants, investment income and, and the information in the supplemental schedule of assets (held at end of year).

Note C – Investments (continued)

Each of these investments represents 5 percent or more of the Plan's net assets available for benefits as of December 31:

	2010	2009
Guaranteed Return Account	$ 17,100,006	$ 10,437,202
Large Growth Equity IX	7,531,477	4,415,905
International Core II	6,952,000	5,138,547
Large Value Equity X	6,691,036	2,837,730

Small/Mid Value Equity II	3,092,880	*
Small Growth Equity XII	3,034,445	*
LifeStrategy II	*	3,256,036
Large Equity VII	*	2,628,568

*Investment did not meet the threshold of 5% of net assets available for benefits for the respective year.

During 2010, the Plan's investments (including reinvested dividends and interest, as well as gains on investments bought and sold, as well as held during the year) appreciated in value as follows:

	2010
Mutual funds	$ 5,450,215

Note D – Party-In-Interest

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Certain Plan investments are mutual funds, pooled separate accounts and common collective trusts managed by the Trustee. Transactions related to these investments qualify as party-in-interest transactions. Fees paid to the Trustee by the Plan for investment services amounted to $220,166 during the year ended December 31, 2010.

Note E – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note F – Fully Benefit-Responsive Investment Contracts

The Guaranteed return account is a benefit-responsive investment contract (the Fund.) The Fund maintains contributions in a general account. As described in Note B, because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed return account. Contract value, as reported to the Plan by the Fund represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Fair value of the investment contract at December 31, 2010 closely approximates contract value and such, there is no adjustment reflected in the accompanying Statements of Net Assets Available for Benefits.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan,) (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures of spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions exempt under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

	Guaranteed Interest Account Fund for the 12 Month Period Ending December 31, 2010	Guaranteed Interest Account Fund for the 12 Month Period Ending December 31, 2009
Average yields:		
Based on actual earnings	2.88%	3.70%
Based on interest rate credited to participants	3.40%	4.00%

Note G – Income Tax Status

The underlying volume submitter plan has received an advisory letter from the Internal Revenue Service (IRS) dated March 31, 2008 stating that the form of the plan is qualified under Section 401 of the Internal Revenue Code, and therefore, the related trust is tax exempt. Subsequent to the issuance of the determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.
