INDEPENDENT AUDITOR'S REPORT

August 10, 2011

To the Trustees and Participants
Kehoe Designs 401(k) Plan
Chicago, Illinois

We were engaged to audit the accompanying statements of net assets available for benefits of Kehoe Deigns 401(k) Plan as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Schedule 1, which was certified by Fidelity Management Trust, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan's administrator has obtained certifications from the trustee as of December 31, 2010 and 2009 and for the year ended December 31, 2010 that the information provided to the plan administrator by the trustee is complete and accurate.

As described in Note 2, these financial statements and supplemental schedules were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the accompanying financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America, and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Respectfully submitted,

Cukierski & Kowal, L.L.C.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Kehoe Designs, Inc. (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution 401(k) plan covering all employees of the company who are age twenty-one or older and who are not covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, the participants may contribute up to a maximum of pretax annual compensation not to exceed Federal maximum limits. The Company may make a discretionary matching contribution equal to a percentage of the amount of the salary reduction the employee elected to defer, to be determined each year by the Company. During the year 2010 the Company did not make such a matching contribution. Additional "special discretionary contribution" amounts may be contributed at the option of the Company's board of directors. During the year 2010 the Company did not make a "special discretionary contribution". During the year 2010, the company made a contribution of $115 to be used to pay for plan fees.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after four years of credited service. In addition, the participant is always 100% vested in the Employer's special discretionary contributions made to the Plan.

Investment Options. The Plan provides participants with over thirty five investment options. Plan participants may access their investments online and are allowed to change their investments options.

Participant Loans. Effective February 1, 2011, participant loans are allowed in accordance with Article 9 and the loan procedures outlined in the Service Agreement. As of December 31, 2010, no loans were allowed.

Payment of Benefits. Upon termination of service, a participant may request a single lump sum payment of all vested account balances. Prior to termination a participant may make hardship withdrawals.

Forfeited Accounts. Forfeitures of non-vested Company contributions are used to reduce administrative expenses or offset future employer contribution amounts. During 2010, there were no forfeited non-vested amounts available for reallocation.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting. The accounts of the Plan are maintained, and the accompanying financial statements have been prepared, on the modified cash basis: investment income is recognized when received, disbursements are recognized when made and contributions are accrued at year-end.

Use of Estimates in Preparation of Financial Statements. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates. It is at least reasonably possible that a significant change may occur in the near term for the estimate of investment valuation.

Payment of Benefits. Benefits are recorded when paid.

New Accounting Pronouncement. In January 2010, the FASB issued ASU 2010-06, *Improving Disclosure about Fair Value Measurements*, ("ASU 2010-06"). ASU 2010-06 amended Accounting Standards Codification (ASC) 820, Fair Value Measurement and Disclosures ("ASC 820") to clarify certain existing fair value disclosures and require a number of additional disclosures. The guidance in ASU 2010-06 clarified that disclosures should be presented separately for each "class" of assets and liabilities measured at fair value and provided guidance on how to determine the appropriate classes of assets and liabilities to be presented. ASU 2010-06 also clarified the requirement for entities to disclose information about both the valuation techniques and inputs used in estimating Level 2 and Level 3 fair value measurements. ASU 2010-06 is effective for reporting periods beginning after December 15, 2009. The provisions of ASU 2010-06 did not have a material impact on the Plan's financial statements.

NOTE 3 – INVESTMENTS – UNAUDITED INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the recordkeeper, Fidelity Investments Institutional Operations Company, Inc. as agent for the trustee, Fidelity Management Trust Company, has certified to the completeness and accuracy of the investments as reflected on the financial statements.

The accompanying statement of changes in net assets available for benefits reflects changes to the investments certified by the agent for the trustee during the year ended December 31, 2010.

At December 31, 2010 and 2009, the Plan's investments were held by the Trustee. The Schedule of Assets Held for Investment Purposes on page 10 is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Trustee as complete and accurate in accordance with section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 3 – (continued)

The following presents investments that represent 5% or more of the Plan's net assets at December 31:

	2010	2009
Fidelity Intermed Bond	$ 64,297	$49,185
Fidelity Retire Money Market	60,451	50,673
Fidelity Intl Cap Apprec	-	29,649

Fidelity Freedom 2035	57,227	41,888
Fidelity Small Cap Value	40,152	-
Fidelity Mid Cap Stock	38,509	-
Fidelity Large Cap Stock	37,740	-

NOTE 4 - FAIR VALUE MEASUREMENT

Investment Valuation. The Plan's investments are stated at fair value. Quoted market prices are used to value shares of mutual funds traded on a national exchange.

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the assets or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4 – (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

A summary of Plan Investments measured at fair value is as follows:

		Fair Value Measurement Using: Quoted Market Price
As of December 31, 2010	Fair Value	(Level 1)

Total Mutual Funds	695,773	695,773
Total	$ 756,224	$ 756,224

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options in mutual funds. The underlying investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participants' individual account balances.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 - TAX STATUS

The Internal Revenue Service has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits relative to the Plan for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE 8 – RELATED PARTY TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. During the year ended December 31, 2010, transactions with parties-in-interest consisted of trustee and administration fees paid to Fidelity Management Trust. In addition, a substantial portion of the Plan's assets were invested in funds managed by Fidelity.

NOTE 9 – SUBSEQUENT EVENTS

Subsequent events were evaluated through August 10, 2011 and except for the amendment of allowing loans as described in note 1, no material events have occurred which require recognition or disclosure in the financial statements.

INDEPENDENT AUDITOR'S REPORT

August 10, 2011

To the Trustees and Participants
Kehoe Designs 401(k) Plan
Chicago, Illinois

We were engaged to audit the accompanying statements of net assets available for benefits of Kehoe Deigns 401(k) Plan as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Schedule 1, which was certified by Fidelity Management Trust, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan's administrator has obtained certifications from the trustee as of December 31, 2010 and 2009 and for the year ended December 31, 2010 that the information provided to the plan administrator by the trustee is complete and accurate.

As described in Note 2, these financial statements and supplemental schedules were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the accompanying financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America, and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Respectfully submitted,

Cukierski & Kowal, L.L.C.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Kehoe Designs, Inc. (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution 401(k) plan covering all employees of the company who are age twenty-one or older and who are not covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, the participants may contribute up to a maximum of pretax annual compensation not to exceed Federal maximum limits. The Company may make a discretionary matching contribution equal to a percentage of the amount of the salary reduction the employee elected to defer, to be determined each year by the Company. During the year 2010 the Company did not make such a matching contribution. Additional "special discretionary contribution" amounts may be contributed at the option of the Company's board of directors. During the year 2010 the Company did not make a "special discretionary contribution". During the year 2010, the company made a contribution of $115 to be used to pay for plan fees.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after four years of credited service. In addition, the participant is always 100% vested in the Employer's special discretionary contributions made to the Plan.

Investment Options. The Plan provides participants with over thirty five investment options. Plan participants may access their investments online and are allowed to change their investments options.

Participant Loans. Effective February 1, 2011, participant loans are allowed in accordance with Article 9 and the loan procedures outlined in the Service Agreement. As of December 31, 2010, no loans were allowed.

Payment of Benefits. Upon termination of service, a participant may request a single lump sum payment of all vested account balances. Prior to termination a participant may make hardship withdrawals.

Forfeited Accounts. Forfeitures of non-vested Company contributions are used to reduce administrative expenses or offset future employer contribution amounts. During 2010, there were no forfeited non-vested amounts available for reallocation.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting. The accounts of the Plan are maintained, and the accompanying financial statements have been prepared, on the modified cash basis: investment income is recognized when received, disbursements are recognized when made and contributions are accrued at year-end.

Use of Estimates in Preparation of Financial Statements. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates. It is at least reasonably possible that a significant change may occur in the near term for the estimate of investment valuation.

Payment of Benefits. Benefits are recorded when paid.

New Accounting Pronouncement. In January 2010, the FASB issued ASU 2010-06, *Improving Disclosure about Fair Value Measurements*, ("ASU 2010-06"). ASU 2010-06 amended Accounting Standards Codification (ASC) 820, Fair Value Measurement and Disclosures ("ASC 820") to clarify certain existing fair value disclosures and require a number of additional disclosures. The guidance in ASU 2010-06 clarified that disclosures should be presented separately for each "class" of assets and liabilities measured at fair value and provided guidance on how to determine the appropriate classes of assets and liabilities to be presented. ASU 2010-06 also clarified the requirement for entities to disclose information about both the valuation techniques and inputs used in estimating Level 2 and Level 3 fair value measurements. ASU 2010-06 is effective for reporting periods beginning after December 15, 2009. The provisions of ASU 2010-06 did not have a material impact on the Plan's financial statements.

NOTE 3 – INVESTMENTS – UNAUDITED INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the recordkeeper, Fidelity Investments Institutional Operations Company, Inc. as agent for the trustee, Fidelity Management Trust Company, has certified to the completeness and accuracy of the investments as reflected on the financial statements.

The accompanying statement of changes in net assets available for benefits reflects changes to the investments certified by the agent for the trustee during the year ended December 31, 2010.

At December 31, 2010 and 2009, the Plan's investments were held by the Trustee. The Schedule of Assets Held for Investment Purposes on page 10 is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Trustee as complete and accurate in accordance with section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 3 – (continued)

The following presents investments that represent 5% or more of the Plan's net assets at December 31:

	2010	2009
Fidelity Intermed Bond	$ 64,297	$49,185
Fidelity Retire Money Market	60,451	50,673
Fidelity Intl Cap Apprec	-	29,649
Fidelity Freedom 2050	58,056	40,031
Fidelity Freedom 2035	57,227	41,888
Fidelity Small Cap Value	40,152	-
Fidelity Mid Cap Stock	38,509	-
Fidelity Large Cap Stock	37,740	-

NOTE 4 - FAIR VALUE MEASUREMENT

Investment Valuation. The Plan's investments are stated at fair value. Quoted market prices are used to value shares of mutual funds traded on a national exchange.

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the assets or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4 – (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

A summary of Plan Investments measured at fair value is as follows:

		Fair Value Measurement Using: Quoted Market Price

Total Mutual Funds	695,773	695,773
Total	$ 756,224	$ 756,224

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options in mutual funds. The underlying investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participants' individual account balances.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 - TAX STATUS

The Internal Revenue Service has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits relative to the Plan for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE 8 – RELATED PARTY TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. During the year ended December 31, 2010, transactions with parties-in-interest consisted of trustee and administration fees paid to Fidelity Management Trust. In addition, a substantial portion of the Plan's assets were invested in funds managed by Fidelity.

NOTE 9 – SUBSEQUENT EVENTS

Subsequent events were evaluated through August 10, 2011 and except for the amendment of allowing loans as described in note 1, no material events have occurred which require recognition or disclosure in the financial statements.
