- a. General - The Plan is a defined contribution plan established July 1, 1996. The Plan is designed to conform to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All employees of Health Decisions, Inc. (the "Company" and "Plan Sponsor") other than union employees, nonresident aliens, leased employees and fixed term employees who are 21 years of age and have completed thirty days of service are eligible to participate in the Plan.
- b. Contributions - Each year, participants may contribute up to 80% of their compensation, as defined by the Plan. In addition, participants may contribute after tax dollars known as Roth 401(k) deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. Effective January 2011 participants are automatically enrolled in the Plan at a 3% of compensation deferral rate unless they opt out or opt for a different deferral amount. The Company makes a discretionary matching contribution equal to 50% of the first 5% of compensation that a participant contributes to the Plan. Participants direct the investment of all contributions made on their behalf into various investment options offered by the Plan. The Plan currently offers one guaranteed interest contract and various mutual funds/unitized mutual funds as investment options for participants. Contributions are subject to annual limits established by the Internal Revenue Service. Excess employee deferrals totaling \$10,520 and related earnings of \$1,199 were returned to participants subsequent to December 31, 2010 in order to meet tax compliance requirements.
- c. Participant Accounts - Each participant's account is credited with (1) participant's contributions, (2) employer match contributions, and (3) allocations of (a) Plan earnings, (b) administrative expenses and (c) employer discretionary contribution. Allocations are based on participant's plan compensation or participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- d. Vesting - Participants are vested immediately in their contributions plus actual earnings thereon. Vesting of the Company's contribution portion of their accounts is based on the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than two	0%
2	20%
3	40%
4	60%
5	80%
Six or more	100%

Participants will automatically become 100% vested upon attainment of early retirement age (59 ½) or retirement due to disability or death.

1. DESCRIPTION OF PLAN (Continued)

- e. Payment of Benefits - Upon termination of service due to death, disability, retirement, or any other reason or upon reaching early retirement age (59 ½), a participant or their beneficiary may receive a lump sum amount equal to the vested portion of the value of the funds credited to the participant's account. In addition, during active service, a participant can take hardship distributions if certain conditions are satisfied and a participant over the age of 59 ½ can take in-service distributions from their accounts in which they are fully vested. Upon taking a hardship distribution the participant will be voluntarily suspended from the Plan for six months.
- f. Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance, whichever is less. Participants are limited to one loan at any given point of time. The loans are secured by the balance in the participant's account and bear interest at prime plus 2% with interest rates ranging from 4.25% to 10.25% on loans outstanding at December 31, 2010 and 2009. The loans must be repaid within 5 years, unless the funds borrowed are used toward the purchase of a primary residence. Principal and interest is paid ratably through payroll deductions.
- g. Forfeited Accounts - Forfeitures of terminated participants' non-vested employer matching and profit sharing contributions can be used to pay Plan administrative expenses or reduce employer matching contributions. At December 31, 2010 and 2009 forfeited non-vested accounts totaled \$63,912 and \$20,553, respectively. In 2010, Plan administrative fees of \$9,499 were paid out of forfeited non-vested accounts.
- h. Administrative expenses – Administrative expenses of the Plan may be paid by the Plan Sponsor.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounting records of the Plan are maintained by the trustee on the modified cash basis. Under this basis, additions to the Plan assets are recognized when collected rather than when earned and deductions are recognized when paid rather than when incurred.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for plan benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for plan benefits is prepared on a contract value basis.

Estimates

The preparation of financial statements in conformity with modified cash basis accounting requires management to make estimates and assumptions that affect the reported amounts of assets and changes therein, and disclosure of contingent assets. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation

The Plan's investments are stated at fair value. The fair value of mutual funds owned by the Plan is based on quoted prices of identical assets in an active market. The fair value of unitized mutual funds owned by the Plan is based on the Plan's proportionate interest in the underlying assets of the unitized fund. The Plan's units of the unitized fund include dividends, capital gains, rebates and interest to the unitized fund as well as fees. The fair value of the guaranteed investment contract is based on a valuation model that combines the estimated fair value of the underlying assets and liabilities of the investment.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

Reclassification

Due to the adoption of FASB ASC 962-310, *Reporting Loans to Participants*, participant loans have been reclassified from investments to notes receivable from participants in 2010. Accordingly, the prior year financial statements have been reclassified for comparative purposes to conform with the presentation in the current year financial statements.

3. PLAN ADMINISTRATIVE COMMITTEE INFORMATION

The plan administrative committee consists of Michael Rosenberg, Alicia Paladin and Rick Farris, employees and/or officers of the Company. They have designated the trustee, Wells Fargo Bank, N.A. to hold the Plan's invested assets and to execute investment transactions.

4. TRUSTEE AGREEMENT

The appointed trustee of the Plan's assets is Wells Fargo Bank, N.A. The trustee has been given the authority and power to purchase and sell securities and other investments at their discretion. The trustee agreement provides for benefit payments to be made from the Plan by the trustee upon the direction and request of the plan administrator.

5. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule:

7. FAIR VALUE MEASUREMENTS

The Plan follows FASB ASC 820, Fair Value Measurements, which defines fair value as the price that would be received from selling an asset in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

HEALTH DECISIONS 401(k) PLAN
Notes to Financial Statements
December 31, 2010 and 2009

7. FAIR VALUE MEASUREMENTS (Continued)

FASB ASC 820 also establishes a fair value hierarchy that requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The categorization of each investment type within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. FASB ASC 820 establishes three levels of inputs that may be used to measure fair value: Level 1: Quoted prices in active markets for identical assets or liabilities at the measurement date; Level 2: Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active market for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or Level 3: Unobservable inputs that are supported by little or no market activity and that reflect the Plan's own assumptions about market participants and prices.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

8. INVESTMENT CONTRACT WITH INSURANCE COMPANY

During 2007, the Plan entered into a benefit-responsive investment contract with MetLife. In a MetLife managed guaranteed investment contract, the assets are invested in a MetLife separate account. MetLife will guarantee principal and accrued interest, based on the credited interest rates, for participant-initiated withdrawals as long as the contract remains active. As described in Note 2, because the investment contract is fully benefit-responsive, contract value is the relevant measurement attributable for that portion of the net assets available for benefits attributable to the guaranteed investment contract. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2010 and 2009 was \$569,054 and \$531,064, respectively. Interest is credited to the contract at interest rates that reflect the performance of the underlying portfolio.

8. INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

Such interest rates are reviewed on a quarterly basis for resetting and have a minimum credited rate of 0%. MetLife will reset the rate by amortizing the difference between the market value of the portfolio and the guaranteed value over the weighted average duration of the Fund's investments. Participants will receive the principal and accrued earnings credited to their accounts on withdrawal for allowed events. These events include transfer to other Plan investment options, and payments because of retirement, termination of employment, disability, death and in-service withdrawals as permitted by the Plan.

Average yields:	<u>2010</u>	<u>2009</u>
Based on actual earnings	7.91%	13.86%
Based on interest rate credited to participants	3.66%	4.14%

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events could include, but are not limited to the following (1) amendment to the Plan document (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor event (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption under the Employment Security Income Act of 1974. The Plan's administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

9. RELATED PARTY TRANSACTIONS

Certain Plan investments are held in an interest bearing account managed by Wells Fargo Bank, N.A., which is the trustee of the Plan's assets and therefore, these transactions qualify as party-in-interest transactions. During 2010, contract administration fees of \$7,900 and investment advisory fees of \$11,254 of were paid to Wells Fargo Bank, N.A. During 2010, \$9,050 was paid to McMillan, Pate & Company, L.L.P. for Plan audit and excise tax return preparation fees.

10. PLAN TERMINATION

Although the Company intends to continue the Plan, it reserves the right to amend or terminate the Plan at any time. In the event of Plan termination, participants will become 100% vested in their employer contributions.

11. TAX STATUS

The Plan follows the provisions of FASB ASC 740-10 *Accounting for Uncertainty in Income Taxes*. FASB ASC 740-10 prescribes a comprehensive model for how the Plan should measure, recognize, present, and disclose in its financial statements uncertain tax positions that the Plan has taken or expects to take on a tax return. The Plan is no longer subject to U.S. Department of Labor and Internal Revenue Service examinations for years before 2007.

HEALTH DECISIONS 401(k) PLAN
Notes to Financial Statements

11. TAX STATUS (Continued)

On March 31, 2008, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualifies under Section 401 of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's tax counsel believe that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. The prototype plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel still believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

12. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

13. CONTINGENCIES

During 2010 the Plan's active participant count decreased by more than 20%. As a result of this decrease the Plan may have a partial termination which would result in some participants terminated during 2010 and 2009 automatically becoming 100% vested. Management and its legal counsel are currently evaluating the situation. If a partial termination is determined to have occurred, approximately \$47,000 for 2010 and \$16,000 for 2009 of forfeitures plus related lost earnings may require restoration and distribution to terminated participants.

14. SUBSEQUENT EVENT

The Plan has evaluated events and transactions that occurred between December 31, 2010 and September 26, 2011 which is the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.
