LIFECARE AMBULANCE, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following brief description of the Lifecare Ambulance, Inc. 401(k) Retirement Plan ("Plan") is provided for general information purposes only. Participants should refer to the Plan Agreement for more complete information.

General:

The Plan is a defined contribution 401(k) plan covering all eligible employees of Lifecare Ambulance, Inc., Lorain Lifecare, Inc., Lifecare Foundation, Lifecare Wheelchair Transportation, and Lifecare Investments (collectively the "Employer"). Employees are eligible to participate in the Plan and receive employer matching contributions on the entry date immediately following completion of one year of service and attainment of age 21, as defined by the Plan. Entry dates for the Plan are January 1 and July 1 of each year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions:

Participating employees may elect to contribute up to 20% of eligible compensation on a pre-tax basis. These elective pre-tax contributions may not exceed \$16,500 for the year ending 2010. During 2010, employees over the age of 50 were able to contribute an additional \$5,500. The Employer will make matching contributions of 50% of the first 4% of pay an employee contributes through salary deferral.

The Plan also has provisions for the Employer to make an additional discretionary contribution. There was no discretionary contribution for the period August 1, 2010 through December 31, 2010 and for the year ending July 31, 2010.

Participant Accounts:

Each participant's account is credited with the participant's contribution and allocations of both the Employers' contribution and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Participants elect to maintain their aggregate contributions in the investment funds. Separate accounting for each of the funds is made pursuant to the participant's designated election. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants have a 100% non-forfeitable vested interest in their contributions plus actual earnings thereon. A participant's interest in Employer matching or discretionary contributions, including earnings, vests according to a schedule providing for 20% vesting after three years of service, and 20% for each additional year of service thereafter.

Plan Benefits:

A participant, or his beneficiary, upon termination, death, or retirement, receives a lump-sum amount equal to the value of the participant's vested interest in their account. Additionally, the Plan has provisions for an active participant to make withdrawals from their account, subject to limitations and restrictions.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1. Description of Plan (Continued)

Forfeited Accounts:

At December 31, 2010 and July 31, 2010, forfeited non-vested accounts totaled \$11,564. These accounts may be used to reduce future Employer contributions or pay plan expenses. No Employer contributions were reduced by forfeited non-vested accounts for the period August 1, 2010 through December 31, 2010 and the year ended July 31, 2010. Expenses of \$-0- and \$6,162 were paid from forfeited non-vested accounts for the period August 1, 2010 through December 31, 2010 and the year ended July 31, 2010, respectively.

Notes Receivable from Participants:

Participants have the ability to borrow on their accounts. Participants may take loans against their account provided they have completed 10 years of service. The maximum amount of the loan is determined based upon a participant's vested balance, as defined by the Plan; however, no loan shall be permitted in excess of the lesser of \$50,000 or 50% of his or her account balance. Repayment terms are determined by the plan administrator and are applied on a nondiscriminatory basis. Principal and interest is paid ratably through monthly payroll deductions, and loan balances are secured by the balance in the participant's account.

Plan Termination:

Although the Employer has not expressed any intent to do so, it has the right to terminate the Plan subject to the provisions of ERISA. In the event of full or partial termination, the rights of all affected participants in and to the amounts credited to each such participant's account shall be 100% vested and non-forfeitable. Thereupon, each participant shall receive a total distribution of his or her account in the form of a lump-sum payment.

Note 2. Summary of Significant Accounting Policies

- A. Basis of Accounting – The financial statements are prepared using the accrual basis of accounting.
- B. Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
- C. Investments – The investments in pooled separate accounts are stated at estimated net asset value (NAV), as determined by John Hancock Life Insurance Company ("Trustee"). The changes in the difference between current value and the costs of investments and the gain or loss on the sale of investments are reflected in the statements of changes in net assets available for benefits as net appreciation (depreciation) in fair value of pooled separate accounts. The cost of investments sold is based on the average cost of the investments.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

C. Investments (Continued)

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. Fair value is defined as the price that would be received to sell an asset or would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs in which little or no market data exists

The following is a description of the valuation methodologies used for plan assets measured at fair value:

- The fair value of investments held in the pooled separate accounts is based on their reported net asset value (NAV). The NAV is based primarily on observable inputs, the market value of the underlying investments, and classified as Level 2.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used from 2009 to 2010. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and July 31, 2010:

- D. Stable Value Fund – The John Hancock Stable Value Fund contains provisions that could be construed as placing restrictions on the availability of funds and, therefore, is included in the financial statements at estimated fair value because it is not fully benefit responsive.
- E. Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.
- F. Risks and Uncertainties – The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
- G. Benefits – Benefits are recorded when paid.
- H. Administrative Expenses – Administrative expenses are paid by the Employer or the Plan, at the Employer's discretion.
- I. Subsequent Events – The Plan has evaluated subsequent events through September 22, 2011, which is the date the financial statements were available to be issued.
- J. Reclassifications – Certain amounts from the prior year have been reclassified to conform with current year presentation.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 3. Unaudited Information

John Hancock Life Insurance Company ("trustee") holds all Plan investment assets and executes transactions therein. Financial information relating to those assets is included in the accompanying financial statements and supplemental schedule based on information certified by the trustee. That information has not been audited by independent accountants as of December 31, 2010 and July 31, 2010 and for the period August 1, 2010 through December 31, 2010 or the year ended July 31, 2010.

Individual investments in excess of 5% of the Plan's net assets are as follows:

	December 31, <u>2010</u>	July 31, <u>2010</u>
JH Lifestyle Balanced Fund	\$ 275,799	\$243,419
JH Lifestyle Growth Fund	237,054	208,446

JH Lifestyle Moderate Fund	158,975	144,670
JH Total Return Fund	157,543	155,676
JH Lifestyle Aggressive Fund	86,273	77,731
JH Global Bond Fund	68,496	65,899

Note 4. Funding Policy

The Employer's funding policy is to make the contributions to the Plan within the time-frame required by ERISA.

Note 5. Income Tax Status

The prototype on which the Plan is based obtained its latest determination letter on July 14, 2010, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended for recent legislative requirements since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken or expected to be taken by the Plan for possible recognition and measurement in the financial statements based upon certain prescribed criteria. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements. As of December 31, 2010, the Plan's tax years from 2007 and thereafter remain subject to examination by the Internal Revenue Service, as well as various other taxing authorities.

Note 6. Party-In-Interest Transactions

Certain Plan investments are units in pooled separate accounts managed by The John Hancock Life Insurance Company. The John Hancock Life Insurance Company is trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for these services were \$2,916 and \$9,784 for the period August 1, 2010 through December 31, 2010 and the year ended July 31, 2010, respectively.

A third-party administrator of the Plan charges the Plan for recordkeeping and advisory services, and therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan for these services were \$-0- and \$6,762 for the period August 1, 2010 through December 31, 2010 and the year ended July 31, 2010, respectively.
