VOCUS 401(k) PLAN

Notes to Financial Statements For the Years Ended December 31, 2010 and 2009

1. DESCRIPTION OF PLAN

The following description of the Vocus 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Vocus, Inc. (the Company) effective April 1, 1998. The Plan covers substantially all employees of the Company who have completed one month of service and are 21 years of age or older, as defined by the Plan. Participants may enter the Plan on the first day of the month, or as soon as administratively feasible, coinciding with or following the date on which such eligibility requirements are met, as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and was most recently amended effective January 1, 2010 to increase the automatic enrollment feature from 2% to 3%.

Participant Contributions

Participants may contribute a percentage of pre-tax annual compensation to the Plan, not to exceed the maximum allowable contribution under the Internal Revenue Code (the Code), which totaled \$16,500 for the years ended December 31, 2010 and 2009. Participants who have attained age 50 before the end of the Plan year can make additional catch-up contributions, subject to limitations imposed by the Code. Participants may make rollover contributions to the Plan. The Plan has implemented automatic enrollment for all new eligible employees. Upon meeting the eligibility requirements, as defined by the Plan, employees are automatically enrolled in the Plan at 3% of pre-tax annual compensation, unless they elect not to contribute.

Company Contributions

The Company may, at its discretion, elect to match a portion of eligible participants' contributions on a per-payroll basis. For the years ended December 31, 2010 and 2009, the Company provided a discretionary matching contribution of 25% of participant contributions up to 6% of participant's pre-tax annual compensation. Company contributions totaled \$291,095 and \$276,656 for the years ended December 31, 2010 and 2009, respectively.

The Company may make a discretionary profit sharing contribution to the Plan. In order to be eligible for the discretionary profit sharing contribution, participants must be actively employed on the last day of the Plan year and complete at least 1,000 hours of service during the Plan year. Discretionary profit sharing contributions are allocated to all eligible participants in proportion to their eligible compensation for the year. The Company did not make a discretionary profit sharing contribution for the years ended December 31, 2010 and 2009.

1. DESCRIPTION OF PLAN – cont'd.

Participant Accounts

Each participant's account is participant-directed and credited with the participant's contributions and withdrawals. Any earnings, losses, and administrative expenses are allocated to the participant's account based upon the balance in each account.

Vesting

Participants are immediately vested in participant contributions plus earnings thereon. Participants vest in Company contributions and earnings thereon based on years of service according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	50%
4 or more	100%

Upon retirement, death or disability, a participant becomes 100% vested in their Company contributions.

Forfeitures

Forfeitures of Company contributions are applied to reduce future Company contributions. Forfeitures available for such reductions totaled \$4,766 and \$0 as of December 31, 2010 and 2009, respectively. The amount of forfeitures used to reduce Company contributions during the years ended December 31, 2010 and 2009 totaled \$31,205 and \$28,847, respectively.

Notes Receivable from Participants

Participants may borrow up to 50% of their vested account balance, not to exceed \$50,000, without regard to the intended use of the funds. The minimum note amount is \$1,000 and a participant may have no more than one note outstanding at any given time. Notes are collateralized by the participant's vested account balance and are accounted for as a specific investment of the borrowing participant's account. Note repayments are to be made through payroll deductions and bear interest based on comparable market rates, as defined by the Plan. Notes for reasons other than the purchase of a primary residence are to be repaid within five years. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are treated as distributions based upon the terms of the Plan document.

1. DESCRIPTION OF PLAN – cont'd.

Payment of Benefits

Upon termination of service, death, disability, retirement, or attainment of age 59 ½, a participant or their beneficiary, in the event of death, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or periodic installments, as defined by the Plan. Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, amounts contributed may be withdrawn for a hardship purpose. Distributions are subject to the applicable provisions of the Plan agreement. Certain income tax penalties may apply to withdrawals or distributions prior to age 59 ½. As of December 31, 2010 and 2009, there were no net assets of the Plan allocated to participants who had elected to withdraw from the Plan but had not received such distributions prior to year end.

Administrative Expenses

All administrative expenses are paid with the assets of the Plan, unless paid by the Company, at its discretion. For the years ended December 31, 2010 and 2009, the Company elected to pay substantially all of the Plan's expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Codification of Accounting Standards

Accounting Standards Codification (Codification or ASC) 105, *Generally Accepted Accounting Principles* (ASC 105), defines the Financial Accounting Standards Board (FASB) ASC as the single source of authoritative accounting principles generally accepted in the United States of America (US GAAP) recognized by the FASB to be applied by nongovernmental entities. The ASC has superseded all existing non-SEC accounting and reporting standards. All other non-grandfathered non-SEC accounting literature not included in the ASC is non-authoritative. With the adoption of ASC 105, the FASB no longer issues new standards in the form of Statements, FASB Staff Positions, or Emerging Issues Task Force Abstracts. Instead, the FASB issues Accounting Standards Updates, which serve only to: (a) update the Codification; (b) provide background information about the guidance; and (c) provide the bases for conclusions on the change(s) in the Codification. The adoption of ASC 105 did not have an impact on the Plan's financial statements.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

VOCUS 401(k) PLAN

Notes to Financial Statements For the Years Ended December 31, 2010 and 2009

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to net assets and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in assets that are exposed to risks such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities may occur and materially affect the amounts reported in the statements of net assets available for benefits.

Recently Issued Accounting Pronouncement

In January 2010, the FASB issued Accounting Standards Update No. 2010-06 (ASU 2010-06) entitled *Fair Value Measurements and Disclosures (Topic 820) – Improving Disclosures about Fair Value Measurements*. ASU 2010-06 amends the Fair Value Measurements and Disclosures Topic of the Codification to add new disclosure requirements about transfers into and out of Levels 1 and 2 and separate disclosures about purchases, sales, issuances and settlements in the reconciliation for fair value measurements using significant unobservable inputs (Level 3). It also clarifies existing disclosure requirements relating to the levels of disaggregation for fair value measurement and inputs and valuation techniques used to measure fair value. ASU 2010-06 is effective for interim and annual reporting periods beginning after December 15, 2009, except for disclosures about purchases, sales, issuances, and settlements in the roll forward of activity in Level 3 fair value measurements, which are effective for fiscal years beginning after December 15, 2010, and for interim periods within those fiscal years. The adoption of ASU 2010-06 did not have a material impact on the Plan's financial statements.

Fair Value Measurements

ASC 820, *Fair Value Measurement and Disclosures*, defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

VOCUS 401(k) PLAN

Notes to Financial Statements For the Years Ended December 31, 2010 and 2009

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Fair Value Measurements – cont'd.

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Interest in fixed account: Provides a guaranteed interest rate for a specified period of time and invests in a general account of the Trustee. Due to contract provisions that place restrictions on the availability of contract funds, the Fixed Account is not considered fully benefit-responsive as defined by ASC 962, *Plan Accounting - Defined Contribution Pension Plans*, and is, therefore, reported at fair value. The Trustee reports that fair value approximates contract value. Contract value represents contributions and reinvested income, less any withdrawals, expenses and other charges.

Interests in registered investment companies: Valued at the net asset value (NAV) of shares held by the Plan at year end. Shares are traded on an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used as of December 31, 2010 and 2009.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Fair Value Measurements – cont'd.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

ASC 962 requires that participant loans be classified as notes receivable from participants on the statements of net assets available for benefits. This requirement is effective on a retrospective basis for interim or annual periods ending after December 15, 2010. The Plan adopted this requirement during the year ended December 31, 2010, and accordingly, participants loans are recorded as notes receivable from participants in the accompanying 2010 and 2009 financial statements.

Reclassifications

Certain reclassifications have been made to the 2009 financial statements in order to conform to the current year presentation. Reclassifications consist of notes receivables from participants (Note 1) and investment classifications within fair value measurements (Note 2).

Subsequent Events

The Plan evaluated for disclosure any subsequent events through September 16, 2011, the date on which the financial statements were available to be issued, and determined there were no material events that warrant disclosure, except as disclosed in Note 8.

3. INVESTMENTS

All investment data contained in the accompanying financial statements and supplemental schedule, including assets held at December 31, 2010 and 2009, interest and dividend income and net realized and unrealized appreciation in fair value of investments for the years then ended was obtained or derived from the information supplied to the Plan administrator and certified as complete and accurate by the Trustee, ING Life Insurance and Annuity Company (ING).

	2010	2009
American Funds Growth Fund	\$ 596,186	\$ 456,913
American Funds Income Fund	1,594,674	1,282,822

ING U.S. Stock Index Portfolio Institutional Fund	673,063	*
Lazard Emerging Markets Portfolio Fund	614,415	452,062

* Represents less than 5% of net assets available for benefits

4. PARTY-IN-INTEREST TRANSACTIONS

The Plan investments are managed by an affiliate of ING, who acts as both Trustee and Custodian for the Plan. The Plan loans funds to its participants according to the applicable provisions of the Plan agreement. The Company provides the Plan with certain accounting and administrative services for which no fees are charged. All such transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

5. PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

6. INCOME TAX STATUS

The Plan has adopted a non-standardized prototype plan which received a favorable opinion letter from the Internal Revenue Service dated November 7, 2001. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

VOCUS 401(k) PLAN

Notes to Financial Statements For the Years Ended December 31, 2010 and 2009

6. INCOME TAX STATUS – cont'd.

ASC 740, *Income Taxes*, prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return as well as guidance on de-recognition, classification, interest and penalties and financial statement reporting disclosures. For these benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. The Plan implemented the provisions of ASC 740 during the year ended December 31, 2009. Given the Plan is tax exempt and has no unrelated business taxable income, the implementation did not have an impact on the Plan's financial statements. The Plan recognizes interest and penalties accrued on any unrecognized tax exposures as a component of income tax expense. The Plan does not have any amounts accrued relating to interest and penalties as of December 31, 2010 and 2009. The Plan is subject to routine audits by the IRS and Department of Labor; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to examinations for Plan years prior to 2007.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500

The following is a reconciliation of net assets available for benefits reported on the financial statements to the Form 5500 as of December 31,:

8. SUBSEQUENT EVENTS

Effective January 1, 2011, the Plan was amended to increase the automatic enrollment feature of the Plan to 4% and increase by 1% each year up to a maximum of 6%, unless the participant elects not to contribute.

On February 24, 2011, the Company acquired North Social, a company from which certain assets and whose former employees became a part of the Company in 2011. The Company then changed the name from North Social to Vocus Social Media, LLC. The Plan was amended effective April 1, 2011 to include prior service with Vocus Social Media, LLC for purposes of eligibility, vesting, and benefit accrual purposes.
