Independent Auditors' Report

The Trustees
NAPCO Precast, L.L.C.
Retirement Plan and Trust
San Antonio, Texas

We were engaged to audit the financial statements of NAPCO Precast, L.L.C. Retirement Plan and Trust as of December 31, 2010 and 2009, and for the year ended December 31, 2010, and the supplemental schedule as listed in the accompanying table of contents. These financial statements and the schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by Transamerica Financial Life Insurance Company, the custodian of the plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. The plan administrator has informed us that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with generally accepted auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements
December 31, 2010 and 2009

1. Description of Plan

The following brief description of the NAPCO Precast, L.L.C. Retirement Plan and Trust is provided for general information purposes only. Participants should refer to the Plan agreement for more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of NAPCO Precast, L.L.C. (the Company), except employees who are members of a collective bargaining unit and nonresident aliens, who have attained age 21 or older and completed 1,000 hours of service, as allowed by the Plan. The initial "eligibility computation period" is the 6-month period beginning with the hire date. Entry dates are the first day of the month coinciding with or next following the date the eligibility requirements are met. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The employer may make discretionary matching and profit sharing contributions. The employer did not make a matching contribution or profit sharing contribution for the year 2010. The contributions are not limited by profits. To receive an allocation of the profit sharing contributions, a participant must be employed on the last day of the year or have completed more than 500 hours of service during the Plan year. A participant is also eligible to share in the allocation if the employee dies, retires, or becomes totally disabled during the Plan year. Each year, participants may contribute up to a maximum amount determined the by Federal Government, which for the years 2010 and 2009 was $16,500. Also participants who have obtained the age of 50 before the close of the Plan year are eligible to make catch-up contributions, which for the years 2010 and 2009 was an additional $5,500.

Participant Accounts

Participants may direct their contributions to selected investments as made available by the Plan administrator. Participants may change their investment options throughout the year via direct access to Transamerica Financial Life Insurance Company ("Transamerica").

1. Description of Plan (continued)

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions (if any) and Plan earnings. Allocations of the Company's contributions are based on elective deferrals or considered compensation, as defined. Plan earnings are allocated based on account balances. The benefit to which a participant is entitled is the benefit that can be derived from the participant's vested account.

Payment of Benefits

On termination of service, a lump-sum amount will be distributed equal to the value of the participant's vested interest in his or her account.

Vesting

Participants are 100% vested at all times in the accrued benefits from their elective contributions. Participants become 20% vested after two years of service and increasing 20% per year until 100% vested after the completion of six years of service in all contributions made by the Company and the earnings thereon.

Forfeited Accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts are used to reduce the Employer's subsequent contributions to the Plan. Unallocated forfeitures at December 31, 2010 and 2009 were $28,114, and $27,074, respectively.

Notes Receivable from Participants

Loans are available to all participants. The amount that may be borrowed is the lesser of $50,000 or 50% of the participant's vested interest in the Plan. The $50,000 maximum amount will be reduced by the participant's highest outstanding loan balance in the previous 12 months, even if amounts have been repaid. The interest rate charged will be a reasonable rate of interest as determined by the Administrator. The interest rate remains constant throughout the term of the loan. All loans must be repaid within five years except for the purchase of a primary residence, which have a maximum repayment period of fifteen years. Principal and interest are paid ratably through monthly payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contract. If applicable the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition

Investments in pooled separate accounts are reported at the value reported to the Plan by Transamerica, which represents approximate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan management to make estimates and assumptions that affect the reported amounts assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid.

Expenses

The employer pays expenses incident to the administration of the Plan, except for trustee fees and investment expenses.

Recent Accounting Pronouncements

ASU No. 2010-06, Fair Value Measurements and Disclosures - In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2010-06, *Improving Disclosures about Fair Value Measurements*, which amended ASC Topic 820, *Fair Value Measurements and Disclosures,* by adding new disclosure requirements for Levels 1 and 2, separate disclosures of purchases, sales, issuances, and settlements relating to Level 3 measurements and clarification of existing fair value disclosures. ASU No. 2010-06 is effective for periods beginning after December 15, 2009, except for the requirement to provide Level 3 activity of purchases, sales, issuances, and settlements on a gross basis, which will be effective for fiscal years beginning after December 15, 2010. The plan prospectively adopted the new guidance in 2010, except for the Level 3 reconciliation disclosures, which will be adopted in 2011. The adoption in 2010 did not materially affect, and the future adoption is not expected to materially affect, the Plan's financial statements.

ASU No. 2010-25, Reporting Loans to Participants by Defined Contribution Pension Plans - In September 2010, the FASB issued ASU No. 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans*. This ASU requires that participant loans be classified as notes receivable rather than as Plan investments and measured at unpaid principal balance plus accrued but unpaid interest rather than fair value. The Plan retrospectively adopted the new accounting in 2010. The adoption did not materially affect the Plan's financial statements.

ASU No. 2011-04, Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards - In May 2011, the FASB issued ASU No. 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirement in U.S. GAAP and International Financial Reporting Standards*, which amends ASC Topic 820, to provide a consistent definition of fair value and to ensure that fair value measurement and disclosure requirements are similar between U.S. GAAP and International Financial Reporting Standards. ASU 2011-04 changes certain fair value

2. Summary of Significant Accounting Policies (continued)

measurement principals and enhances the disclosure requirements particularly for Level 3 fair value measurements. ASU No. 2011-04 is effective for the Plan prospectively for the year ending December 31, 2012. The Plan is currently evaluating the impact of pending adoption of ASU No. 2011-04 on its financial statements.

Subsequent Events

The Plan has evaluated subsequent events through September 22, 2011, the date the financial statements were available to be issued.

3. Information Certified By Transamerica

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information certified by Transamerica, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule.

The following table presents the fair value of participant directed investments in this Plan that were certified by Transamerica. Individual investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2010 are separately identified below:

JPMorgan Intl Equity Index	$ **94,202**
Loomis Sayles Inv Grade Bond	**140,565**
Jennison Natural Resources	**113,182**
Transamerica Equity	**95,630**
Transamerica Group Annuity Contract	**378,346**

Vanguard Target Ret 2025	**111,698**
Other investments certified by Transamerica Life Insurance Company	**386,847**
	$ **1,536,766**

Transamerica also certified the completeness and accuracy of the net appreciation in fair value of investments of $155,421 and the related interest and dividend income to the aforementioned investments of $11,281, for the year ended December 31, 2010.

3. Information Certified By Transamerica (continued)

During 2010, the Plan's investments appreciated in fair value by $155,421 as follows:

Pooled separate accounts	$ 155,421

The following table presents the fair value of participant directed investments in this Plan that were certified by Transamerica as of December 31, 2009. Individual investments that represent 5% or more of the Plan's net assets available for benefits are separately identified below:

JPMorgan Intl Equity Index	$ 91,604
Loomis Sayles Inv Grade Bond	116,589
Jennison Natural Resources	95,105
Transamerica Equity	79,479
Transamerica Group Annuity Contract	478,758

4. Fair Value Measurements

FASB ASC 820 establishes a framework for measuring fair value in accordance with accounting principles generally accepted in the United States of America. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;

4. Fair Value Measurements (continued)

- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for major categories of investments measured at fair value:

Level 2 Fair Value Measurements

The fair values of pooled separate accounts reported by the insurance company are measured based upon data provided by outside valuation service providers who in turn generally use the mean of bid and asked prices but may also use alternative observable pricing inputs for certain securities.

Level 3 Fair Value Measurements

The group annuity contract is a guaranteed investment contract with an insurance company and is not actively traded and significant other observable inputs are not available. Thus, the fair value of contract is determined by discounting the related cash flows based on current yields of similar instruments with comparable durations.

4. Fair Value Measurements (continued)

The Plan's investments, measured at fair value by the three levels of the fair value hierarchy as described above are as follows at December 31, 2010:

	Level 1	Level 2	Level 3	Fair Value
Assets:				
Pooled separate accounts	$ -	$ 1,158,420	$ -	$ 1,158,420
Group annuity contract	-	-	378,346	378,346
	$ -	$ 1,158,420	$ 378,346	$ 1,536,766

The following is a summary of the activity during the year ended December 31, 2010 of investments classified as Level 3:

	Group Annuity Contract
Beginning fair value	$ 438,758
Realized gains (losses)	
Unrealized gains (losses) relating to instruments still held at the reporting date	-
Purchases, sales, issuances, and settlements, net	(60,412)
Ending fair value	$ 378,346

The Plan's investments, measured at fair value by the three levels of the fair value hierarchy as described above are as follows at December 31, 2009:

	Level 1	Level 2	Level 3	Fair Value
Assets:				
Pooled separate accounts	$ -	$ 958,214	$ -	$ 958,214
Group annuity contract	-	-	438,758	438,758
	$ -	$ 958,214	$ 438,758	$ 1,396,972

4. Fair Value Measurements (continued)

The following is a summary of the activity during the year ended December 31, 2009 of investments classified as Level 3:

	Group Annuity Contract
Beginning fair value	$ 272,632
Realized gains (losses)	
Unrealized gains (losses) relating to instruments still held at the reporting date	-
Purchases, sales, issuances, and settlements, net	166,126
Ending fair value	$ 438,758

5. Investment Contract with Insurance Company

The Plan entered into a benefit-responsive investment contract with Transamerica. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged with withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2010 and 2009 was $378,346 and $438,758, respectively. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

5. Investment Contract with Insurance Company (continued)

The Plan administrator does not believe that any such events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

Contract value is also the fair value of the fund as the fund has no maturity date and because interest rates are reset monthly as of the beginning of each month, during which a new interest rate is applied daily to the total outstanding balance of the fund.

The average yield and crediting interest rates for the year 2010 were 3.15% and 2.98%, respectively. The average yield and crediting interest rates for the year 2009 were 3.49% and 3.00%, respectively.

6. Related Party Transactions

Certain Plan investments are investments managed by Transamerica. Transamerica is the custodian as defined by the Plan and, therefore, these investments qualify as party-in-interest transactions. Total fees paid by the Plan for investment management and other services amounted to $18,922 for the year ended December 31, 2010.

7. Tax Status

The Plan administrator has received a tax determination letter from the Internal Revenue Service dated May 30, 2008, which indicated that the Plan and the trust is exempt from Federal income taxes under applicable sections of the Internal Revenue Code. Once qualified, the Plan is required to operate in conformity with the Internal Revenue Code to maintain its qualification. The Plan administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, no uncertain positions taken or expected to be taken would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax years in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Plan Termination

Although it has not expressed intent to do so, the employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA. Upon termination, all participants would become fully vested in their account balances.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2010 to Form 5500:

Net assets available for benefits per financial statements	$ 1,612,806
Add: Accounts payable to plan sponsor	6,624
Net assets available for benefits per Form 5500	$ 1,619,430

The following is a reconciliation of changes in net assets available for benefits per the financial statements at December 31, 2010 to Form 5500:

Net increase in net assets available for benefits per financial statements	$ 148,914
Add: Accounts payable to plan sponsor	6,624
Net Income per Form 5500	$ 155,538
