REPORT OF INDEPENDENT AUDITORS

Pension Committee of the
Major League Baseball Pension Plan
for Non-Uniformed Personnel

We have audited each of the accompanying statements of net assets available for benefits of the Major League Baseball Pension Plan for Non-Uniformed Personnel—Selected Retirement Plans (the “Plans”), listed in the accompanying table of contents, as of December 31, 2009 and 2008, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plans’ management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plans’ internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plans’ internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, information regarding the Plans’ net assets available for benefits at December 31, 2009, and the changes therein for the year then ended, and the financial status of the Plans at December 31, 2008, and the changes therein for the year then ended, in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedules of assets held at end of year of the Group Trust as of December 31, 2009, and reportable transactions of the Group Trust for the year then ended, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plans’ management. The supplemental schedules have been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, are fairly stated in all material respects in relation to the financial statements taken as a whole.

FOR NON-UNIFORMED PERSONNEL—SELECTED RETIREMENT
PLANS**

The Major League Baseball Pension Plan for Non-Uniformed Personnel (the “NUP”) is a noncontributory defined benefit plan which was established effective January 1, 1981, to provide retirement and death benefits to eligible employees of the participating Major League Baseball Clubs (“Participating Employers” or “Plan Sponsors”). Adoption of the NUP by a Participating Employer creates a separate single-employer plan covering only eligible employees of the Participating Employer. As of December 31, 2009, 28 separate single-employer plans had been created, including the following 27 plans (collectively, the “Selected Retirement Plans” and individually, a “Plan”):

Major League Baseball Pension Plan for Non-Uniformed Personnel—

- Angels Baseball L.P. (“Angels Plan”)
- Athletics Investment Group, L.L.C
- Atlanta National League Baseball Club, Inc.

**NOTE 1 DESCRIPTION OF THE MAJOR LEAGUE BASEBALL PENSION PLAN
FOR NON-UNIFORMED PERSONNEL—SELECTED RETIREMENT
PLANS (continued)**

As of December 31, 2008, the Florida Marlins Baseball Club, L.L.C. was a Participating Employer in the NUP, thereby creating 29 separate single-employer plans, along with the aforementioned plans.

The Internal Revenue Code (the “Code”) section 415(b) maximum benefit limit was \$195,000 and \$185,000 for 2009 and 2008, respectively.

The NUP is presently administered by a nine-member Pension Committee consisting of the executive vice president of labor relations and human resources of the Office of the Commissioner of Baseball (the “Office of the Commissioner”), the chief financial officer of the Office of the Commissioner, the general counsel of the Office of the Commissioner and six individuals appointed by a majority vote of the Participating Employers.

The investments of the Plan are held by U.S. Bank, for the various Participating Employers’ plans (“Participating Plans”) in a group trust (see Note 3).

The sponsors of the Selected Retirement Plans (the “Clubs”) have agreed to voluntarily contribute such amounts as are necessary to provide assets sufficient to meet the benefits expected to be paid to participants employed by the Clubs. The contributions by the Clubs are not to be used to pay benefits to participants employed by any other Participating Employer. Such contributions are made in amounts sufficient to meet the minimum funding requirements set forth in the Employee Retirement Income Security Act of 1974, plus such additional amounts as may be determined by the Clubs to be appropriate from time to time. Such minimum funding requirements have been met for 2009 and 2008.

Eligible employees participate in the Selected Retirement Plans after they have attained age 21 and have completed one year of eligible service. Benefits under the Selected Retirement Plans fully vest upon completion of five years of vesting service, which includes cumulative years of service prior to establishment of the applicable Plan. If a participating employee earned a benefit with a prior Club, he/she may receive the benefit from that Club in the form of a lump-sum payment if the present value of the benefit is less than \$5,000. If the present value of the benefit exceeds \$5,000, he/she will have to wait until retirement age to collect a monthly benefit. The Selected Retirement Plans do not provide benefits for services rendered by participants prior to the adoption of the NUP by the Clubs.

**NOTE 1 DESCRIPTION OF THE MAJOR LEAGUE BASEBALL PENSION PLAN
FOR NON-UNIFORMED PERSONNEL—SELECTED RETIREMENT
PLANS (continued)**

Should one or more of the Selected Retirement Plans terminate at some future time, their net assets will generally not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of these benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (the "PBGC") at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC's benefit guarantee, while other benefits may not be provided for at all.

Effective January 1, 2008, a new multiple employer plan covering the minor league players for each of the Clubs was spun off from the NUP creating the Minor League Players Pension Plan (the "Minor League Plan"). Based on January 1, 2008, participant data for the affected population, a total of approximately \$1.9 million of assets were transferred from the NUP to the Minor League Plan with a second asset transfer taking place on August 29, 2008. The transfer reallocated the affected participant's assets from the NUP to the Minor League Plan, within the Group Trust, which U.S. Bank also serves as the trustee.

Additional information about the Selected Retirement Plans, including the vesting and benefit provisions and the PBGC's benefit guarantee, is available through the Office of the Commissioner or the Clubs and related plan documents.

Basis of Accounting

The Selected Retirement Plans' financial statements are prepared on the accrual basis of accounting.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits (see Note 5) are those estimated future periodic payments, including lump-sum distributions, that are attributable under the respective Selected Retirement Plan's provisions to services rendered by the employees through the valuation date (January 1 of each year). Accumulated plan benefits include benefits expected to be paid to (a) retired employees or their designated beneficiary and (b) present employees or their designated beneficiaries. Monthly benefits are determined by a formula provided for in the respective Plan document. Such monthly benefits are limited under Internal Revenue Service guidelines in 2009 and 2008 to the lesser of \$16,250 and \$15,417, respectively, or the employees' highest average monthly compensation for five consecutive years that the participant is employed by the Participating Employers. Benefits payable are included in accumulated plan benefits to the extent they are deemed attributable to employee service rendered to the valuation date.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investments and Valuation

The Plans participate in the Major League Baseball Group Pension Trust (the "Group Trust"), as further described in Note 3. The Plans record their interests in investments in the Group Trust at fair value.

Investments held by the Group Trust are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussions and disclosures related to fair value measurements.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

New Accounting Pronouncements

In April 2009, the Financial Accounting Standards Board (FASB) issued FASB Staff Position 157-4, *Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly* (FSP 157-4). FSP 157-4 amended FASB Statement No. 157 (codified as ASC 820) to provide additional guidance on estimating fair value when the volume and level of activity for an asset or liability have significantly decreased in relation to its normal market activity. FSP 157-4 also provided additional guidance on circumstances that may indicate that a transaction is not orderly and on defining major categories of debt and equity securities to comply with the disclosure requirements of ASC 820. The Plans adopted the guidance in FSP 157-4 for the reporting period ended December 31, 2009. Adoption of FSP 157-4 did not have a material effect on the Plans' net assets available for benefits or its changes in net assets available for benefits.

In September 2009, the FASB issued ASU 2009-06, *Income Taxes – Implementation Guidance on Accounting for Uncertainty in Income Taxes and Disclosure Amendments for Nonpublic Entities*. This ASU provides amendments to ASC Topic 740, *Income Taxes*. The new guidance clarifies that a reporting entity must consider the tax positions of all entities regardless of the tax status of the reporting entity. The adoption of this guidance did not have a material impact on the Plans' financial statements.

In May 2009, the FASB issued FASB Statement No. 165, *Subsequent Events*, which was codified into ASC 855, *Subsequent Events*, to provide general standards of accounting for and disclosure of events that occur after the balance sheet date, but before financial statements are issued or are available to be issued. ASC 855 was amended in February 2010. The Plans have adopted ASC 855, as amended.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

In September 2009, the FASB issued Accounting Standards Update 2009-12, *Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* (ASU 2009-12). ASU 2009-12 provides amendments to Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*. The amendments permit, as a practical expedient, a reporting entity to estimate the fair value of an investment that is within the scope of ASU 2009-12 using the net asset value per share (or its equivalent) of the investment if the net asset value of the investment (or its equivalent) is calculated in a manner consistent with the measurement principles of ASC 946 as of the reporting entity's measurement date. ASC 946 requires investment companies to report their investment assets at fair value in accordance with the principles of ASC 820. The amendments also require disclosures regarding the attributes of investments within the scope of ASU 2009-12, such as the nature of any restrictions on the investor's ability to redeem its investments at the measurement date, any unfunded capital commitments, and the investment strategies of the investees. The disclosures are required (by major category) for all investments within the scope of ASU 2009-12 regardless of whether the fair value of the investment is measured using the practical expedient. The amended guidance is effective for interim and annual periods ending after December 15, 2009. The adoption of ASU 2009-12 did not have a material effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

In January 2010, the FASB issued Accounting Standards Update 2010-06, *Improving Disclosures about Fair Value Measurements* (ASU 2010-06). ASU 2010-06 amended ASC 820 to clarify certain existing fair value disclosures and require a number of additional disclosures. The guidance in ASU 2010-06 clarified that disclosures should be presented separately for each "class" of assets and liabilities measured at fair value and provided guidance on how to determine the appropriate classes of assets and liabilities to be presented. ASU 2010-06 also clarified the requirement for entities to disclose information about both the valuation techniques and inputs used in estimating Level 2 and Level 3 fair value measurements. In addition, ASU 2010-06 introduced new requirements to disclose the amounts (on a gross basis) and reasons for any significant transfers between Levels 1, 2, and 3 of the fair value hierarchy and present information regarding the purchases, sales, issuances, and settlements of Level 3 assets and liabilities on a gross basis. With the exception of the requirement to present changes in Level 3 measurements on a gross basis, which is delayed until 2011, the guidance in ASU 2010-06 becomes effective for reporting periods beginning after December 15, 2009. Plans' management is currently evaluating the effect that the provisions of ASU 2010-06 will have on the Plans' financial statements.

Reclassifications

Certain prior-year (2008) amounts have been reclassified to conform with the current-year's (2009) presentation.

NOTE 3 INVESTMENTS

Contributions received from the Participating Employers are deposited with the trustee. The assets are invested as part of the Group Trust. Each Plan participating in the Group Trust owns a percentage of the underlying assets of the Group Trust and not the individual assets themselves. The assets of the Group Trust are comprised of common stocks, equity mutual funds, corporate and U.S. government bonds, cash and cash equivalents, hedge funds and interests in limited partnerships.

The assets of the Selected Retirement Plans are not guaranteed as to principal or income. Investment income and all gains and losses, whether or not realized, are recognized on the accrual basis.

NOTE 3 INVESTMENTS (continued)

With respect to investments in the Group Trust, on a quarterly basis, each Participating Plan's net assets are remeasured. This is done by first adjusting the Participating Plan's beginning balance for employer-specific items such as contributions, benefit payments, withdrawals, and any specific expenses incurred. Investment income and loss, investment fees and expenses, and realized and unrealized gains or losses on investments are then allocated to each Participating Plan based on the percentage of its fair value to the combined fair value of all plans participating in the Group Trust. At December 31, 2009 and 2008, the individual Plans owned the following portions of the total fair value of the underlying investments comprising the Group Trust:

NOTE 4 FAIR VALUE MEASUREMENTS

Fair value is defined under ASC 820 as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). To measure fair value, a hierarchy has been established that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs. As such, the hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy in ASC 820 are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based the lowest level input that is significant to the fair value measure in its entirety.

NOTE 4 FAIR VALUE MEASUREMENTS *(continued)*

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value.

Common stocks and equity mutual funds, government obligations, and corporate bonds and notes are determined by obtaining quoted prices in an active market.

Limited liability partnerships are recorded at fair value as reported by the general partner.

Hedge funds are recorded by the Trustee based on statements received from the investment manager. These funds are priced in accordance with the terms of their corresponding offering or private placement memoranda.

The Commingled fund is recorded by the Trustee based on statements received from the investment manager. The net asset values of the shares held as reported by the fund manager is determined by the fair values of the underlying investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plans believe its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

NOTE 5 ACCUMULATED PLAN BENEFITS

The actuary of the Selected Retirement Plans estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, withdrawal or retirement) between the valuation date and the expected date of payment.

The Selected Retirement Plans provide for the accumulation of benefits for services rendered by participants from the later of their respective dates of hire or the date their employer adopted the NUP.

Notes to Financial Statements
December 31, 2009 and 2008

NOTE 5 ACCUMULATED PLAN BENEFITS *(continued)*

The change in the accumulated plan benefits due to assumption changes resulted primarily from the change in the discount rate as disclosed in Note 6.

NOTE 6 ACTUARIAL ASSUMPTIONS

The more significant assumptions used by the actuary of the Selected Retirement Plans to, among other things, calculate accumulated plan benefits and determine funding levels at January 1, 2009 and 2008, are as follows:

Actuarial method—Plan funding	Projected unit credit cost method
Discount rate for accumulated plan benefits	6.00% (6.25% in 2008)
Mortality	RP-2000
Normal retirement age	Age 65

NOTE 7 INCOME TAX STATUS

Except as discussed in the following paragraphs, the Selected Retirement Plans have received determination letters from the Internal Revenue Service stating that the Selected Retirement Plans are qualified under Section 401(a) of the Internal Revenue Code (the “Code”) and, therefore, the related trusts are exempt from taxation. Subsequent to this determination by the Internal Revenue Service, the Selected Retirement Plans were amended, and have applied for determination letters in January 2009. Once qualified, the Selected Retirement Plans are required to operate in conformity with the Code to maintain their qualification. The Plan Administrator believes the Selected Retirement Plans are being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Selected Retirement Plans, as amended, are qualified and the related trusts are tax exempt.

Notes to Financial Statements
December 31, 2009 and 2008

NOTE 7 INCOME TAX STATUS *(continued)*

As of December 31, 2009, the Nationals Plan, Pirates Plan, Blue Jays Plan, Dodgers Plan and Phillies Plan have not received determination letters from the Internal Revenue Service stating that these Plans are qualified under Section 401(a) of the Code. However, the Plans' Administrator believes that the Nationals Plan, Pirates Plan, Blue Jays Plan, Dodgers Plan and Phillies Plan each have been designed to comply with and are operating in accordance with the requirements of the Code and, therefore, believes they are qualified and the related trust is exempt from taxation.

NOTE 8 ADMINISTRATIVE EXPENSES

Certain actuarial, auditing fees, insurance and administrative expenses are paid by the Selected Retirement Plans. Certain other administrative expenses are paid by the Office of the Commissioner directly.

NOTE 9 RISKS AND UNCERTAINTIES

The Selected Retirement Plans invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Contributions to the Selected Retirement Plans are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

NOTE 10 SUBSEQUENT EVENTS

The Plan's management has evaluated the need for disclosures and/or adjustments resulting from subsequent events through October 14, 2010, the date the financial statements were available to be issued. Based on this evaluation, no adjustments were required to the financial statements as of December 31, 2009.

2009 Form 5500, Schedule SB, Line 24 – Change in Actuarial Assumptions
Major League Baseball Pension Plan for Non-Uniformed Personnel
Florida Marlins, LP
EIN: 65 0967217 PN: 001

The non-prescribed actuarial assumptions were reviewed and modified to reflect my best estimate of future plan experience. As a result, the following changes were made:

- The administrative expense load was changed from \$40,000 to 0.75% of fair value of assets with a minimum of \$75,000; included in target normal cost.

2009 Form 5500, Schedule SB, Line 25 – Change in Method
Major League Baseball Pension Plan for Non-Uniformed Personnel
Florida Marlins, LP
EIN: 65 0967217 PN: 001

The valuation software used to produce the actuarial information submitted on this schedule has been refined to reflect evolving understanding of PPA requirements, and such modifications may be considered to be a method change. The percentage changes in funding target, target normal cost and plan assets due to the refinements in the software are each less than 2% (disregarding the effects of any changes that are automatically approved under final IRC 430 regulations), and the modifications to the software were designed to produce results no less accurate than the results produced by the software prior to the change. Therefore the change in funding method due to a change in valuation software receives automatic approval under IRS Announcement 2010-3.

Aspect of the Valuation	2008 Plan Year	2009 Plan Year
Actuarial Value of Assets	Average of the fair market value of assets on the valuation date and the 2 immediately preceding dates, adjusted for contributions, benefit payments, and administrative expenses. The actuarial value must be within 10% of fair market value, including contributions receivable.	The method for calculating actuarial value of assets now includes an adjustment for expected earnings, with such expected earnings limited as described in IRS Notice 2009-22.
Funding Interest Rate for Contributions	IRS prescribed segment rates without 3-year transition, as of January 2008	Full corporate bond yield curve with October 2008 lookback (rates published November 2008)

NOTE: Under section 430 and regulatory guidance to date, some aspects of a valuation that have not previously been viewed as funding methods are now treated as funding methods by the IRS. An example is the valuation interest rate: the plan sponsor's selection among the various prescribed interest-rate approaches is now treated as a funding method. Note also that it is not yet always clear which aspects of the valuation are now viewed as funding methods under section 430 and regulatory guidance to date. For example, it is not clear if the sponsor's choice among prescribed mortality tables is viewed as a funding method or not. Pending further guidance from the IRS, the summary above takes a comprehensive approach and describes key changes that have been made, whether they are clearly funding methods or not (other than changes in non-prescribed assumptions, which are covered in the attachment for line 24). To the degree that the items above are funding methods, the changes are not inconsistent with the requirements of Code Section 430, and thus do not need IRS approval.

Administrative expense	Expense load equal to 0.75% of fair value of assets with a minimum of \$75,000; included in target normal cost.
Percentage married	100%
Spouse age	Wives 3 years younger than husbands
Covered pay	January 1, 2009 base salary increased by 7.50% to reflect overtime, commissions, World Series share bonuses, etc.

Actuarial Methods

Contributions:

- | | |
|---|--|
| ▶ Valuation date | First day of plan year |
| ▶ Funding target and target normal cost | Present value of accrued benefits |
| ▶ Actuarial value of assets | <p>Average of the fair market value of assets on the valuation date and the two immediately preceding valuation dates, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22) . The average asset value must be within 10% of fair market value, including contributions receivable.</p> <p>The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a bias to produce an actuarial value of assets that is below the market value of assets.</p> |

Plan Provisions

Effective Date	February 16, 2002. Amended and restated effective January 1, 2007. Most recent amendment December 10, 2007.
Covered Employees	<p>Any person employed by a participating Major League Baseball Club (excluding any person who is an active participant in the Major League Baseball Players Benefit Plan, a member of a collective bargaining unit not participating, a person compensated on a per-day or per-game basis, employed full-time in Canada, a self-employed partner, proprietor or shareholder-employee, or a member of a group designated not eligible for participation), and who has attained age 21 and completed one year of eligibility service.</p> <p>Effective January 1, 2008, all active minor league employees are covered under the Minor League Players Pension Plan.</p>
Participation Date	Date of becoming a covered employee.
Definitions	
Eligibility service	The 12-consecutive month period, starting at date of employment, in which an employee completes 1,000 hours of service.
Baseball service	Employment in baseball with any Major League Baseball Club, as designated by the Pension Committee.
Vesting service	Completed years from a participant's employment date to the termination of baseball service.
Pension service	Years and months of service as a covered employee (not before January 1, 1981 for Office Employees and not before January 1, 1989 for Minor League Players).
Pensionable pay	W-2 earnings, expressed on an annual basis.
Average earnings	<p>The greater of 1) or 2):</p> <p>1) The average of an employee's highest five consecutive plan years of annual earnings, during the ten-year period which ends on the earlier of the participant's termination date or retirement date.</p> <p>If the employee does not have five consecutive plan years of annual earnings, the average earnings will be determined by using the greatest number of consecutive plan years in which the employee accrued pension service.</p>

- 2) The average of an employee's last five plan years of annual earnings (which would not necessarily be the highest 5 plan years), whether or not consecutive, during the ten-year period which ends on the earlier of the participant's termination date or retirement date.

In plan years where a participant completed a partial year of pension service, the annual earnings will be prorated by the number of completed months of pension service. This is applicable for both 1) and 2) above.

Normal retirement date (NRD)	First of month coinciding with or next following the attainment of age 65.
Pension benefit	2% of average earnings for each year of pension service up to 30 years. (Not less than the minimum pension benefit.)
Preretirement death benefit	If not eligible for early or normal retirement, 50% of the pension benefit as of the date of death, reduced for the 50% joint and survivor election and reduced for payment as early as the participant's 55th birthday. If eligible for early or normal retirement, 100% of the pension benefit as of the date of death, reduced for the 100% joint and survivor election and reduced for early commencement of payment.

Eligibility for Benefits

Normal retirement	Retirement on NRD.
Early retirement	Retirement before NRD and on or after both attaining age 55 and completing ten years of vesting service.
Postponed retirement	Retirement after NRD.
Deferred vested	Termination for reasons other than death or retirement after completing five years of vesting service.
Preretirement death benefit	Death while eligible for normal, early, postponed or deferred vested retirement benefits, with a surviving spouse or designated beneficiary.

Benefits Paid Upon the Following Events

Normal retirement	Pension benefit determined as of NRD.
Early retirement	Pension benefit determined as of early retirement date, reduced 7/12% for each of the first 60 months and 1/3% for each of the next 60 months by which payment precedes NRD.
Postponed retirement	Pension benefit determined as of actual retirement date.

Termination with deferred vested benefit	Pension benefit determined as of termination date, payable at NRD. A participant who terminates with 10 or more years of vesting service, may elect to retire as early as age 55 (reduction is 7/12% for each of the first 60 months and 1/3% for each of the next 60 months by which payment precedes NRD).
Death with preretirement benefits	Preretirement death benefit is payable to a spouse or designated beneficiary.
Forms of payment	<p>Preretirement spouse benefits are payable only as described above. Monthly pension benefits are paid as described above, if the participant has no spouse as of the date payments begin, or if the participant so elects. Otherwise, benefits are paid in the form of the 50% joint and survivor annuity option or, if the participant elects and the spouse consents, another actuarially equivalent optional form offered by the plan.</p> <p>Optional forms are a 50%, 75% or 100% joint and survivor annuity, a ten-year certain and life annuity, or (for married participants) a life annuity. The normal form of payment is converted to an optional form using an interest rate of 6% and GAR-94 Mortality (unisex).</p>
Maximum on benefits and pay	All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective.

Plan Provisions Effective After January 1, 2009

No future plan provisions were recognized in determining pension cost or in determining minimum and maximum contributions.
