CASH OR DEFERRED PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Cameron Communications, LLC Cash or Deferred Profit Sharing Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have 90 days of service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company refers to employees of the following companies: Cameron Communications, LLC, and LBH, LLC.

Contributions

Each year amounts may be contributed by the Company at the option of the Company's board of directors. Participants may defer an annual limit of the lesser of 50% of eligible compensation or \$16,500 for 2010 and 2009. The plan provides that participants who are projected to be age 50 or older by the end of the calendar year and who are making Deferral Contributions to the Plan may also make a catch-up contribution of \$5,500 for 2010 and 2009. The Company contributes 50% of the first 10% of base compensation that a participant contributes to the Plan. Profit sharing contributions can be made at the Sponsor's discretion.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings and market fluctuations. The vested portion of the value of the participant's employer contributed account shall be based on the number of years of service. The vesting schedule is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	50%
3	100%

NOTE 1 - DESCRIPTION OF THE PLAN - (Continued)

Participant Loans

Participants may borrow from their own salary deferral savings account once each year. A minimum of \$1,000 up to a maximum to the lesser of \$50,000 or 50% of vested account balance may be borrowed. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Notes fund. Loan terms range from 1-5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participants' account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

Distributions must commence no later than the first day of April following the calendar year in which the later of termination of employment or age 70 1/2 occurs.

The participant may elect to receive the distribution in a lump-sum or in the form of an annuity.

Forfeited Accounts

At December 31, 2010 and 2009, forfeited nonvested accounts totaled \$9,431 and \$47,314, respectively. These accounts are to be used to reduce future employer contributions and defray administrative expenses of the Plan which consist of attorney fees, audit fees and record keeping costs.

Shares of registered investment companies are valued at quoted market prices which represents the net asset value of shares held by the Plan at year-end. Participant notes receivable are valued at cost which approximates fair market value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

CAMERON COMMUNICATIONS, LLC
CASH OR DEFERRED PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 6 - FAIR VALUE MEASUREMENTS (Continued)

This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs are based primarily on quoted prices for similar assets or liabilities in active or inactive markets and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 3 Fair Value Measurements

The participant loans are not actively traded and significant other observable inputs are not available. The fair value of participant loans approximates the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

<u>December 31, 2010</u>		<u>December 31, 2009</u>	
	Participant Loans		Participant Loans
Balance, at beginning of year	\$ 166,228	Balance, at beginning of year	\$ 205,904
Purchases, sales, issuances	<u>20,196</u>	Purchases, sales, issuances	<u>(39,676)</u>
Balance, end of year	<u>\$ 186,424</u>	Balance, end of year	<u>\$ 166,228</u>

There were no gains or losses, either realized or unrealized, included in the changes in net assets available for benefits for participant loans.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2010 and 2009, result entirely from investments in mutual funds and are reported as net appreciation (depreciation) in fair value of investments.

NOTE 7 - TAX STATUS

The Plan obtained its latest determination letter on July 30, 2003 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code.

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Cameron Communications, LLC Cash or Deferred Profit Sharing Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have 90 days of service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company refers to employees of the following companies: Cameron Communications, LLC, and LBH, LLC.

Contributions

Each year amounts may be contributed by the Company at the option of the Company's board of directors. Participants may defer an annual limit of the lesser of 50% of eligible compensation or \$16,500 for 2010 and 2009. The plan provides that participants who are projected to be age 50 or older by the end of the calendar year and who are making Deferral Contributions to the Plan may also make a catch-up contribution of \$5,500 for 2010 and 2009. The Company contributes 50% of the first 10% of base compensation that a participant contributes to the Plan. Profit sharing contributions can be made at the Sponsor's discretion.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings and market fluctuations. The vested portion of the value of the participant's employer contributed account shall be based on the number of years of service. The vesting schedule is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	50%
3	100%

NOTE 1 - DESCRIPTION OF THE PLAN - (Continued)

Participant Loans

Participants may borrow from their own salary deferral savings account once each year. A minimum of \$1,000 up to a maximum to the lesser of \$50,000 or 50% of vested account balance may be borrowed. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Notes fund. Loan terms range from 1-5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participants' account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

Distributions must commence no later than the first day of April following the calendar year in which the later of termination of employment or age 70 1/2 occurs.

The participant may elect to receive the distribution in a lump-sum or in the form of an annuity.

Forfeited Accounts

At December 31, 2010 and 2009, forfeited nonvested accounts totaled \$9,431 and \$47,314, respectively. These accounts are to be used to reduce future employer contributions and defray administrative expenses of the Plan which consist of attorney fees, audit fees and record keeping costs.

Participant notes receivable are valued at cost which approximates fair market value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6 - FAIR VALUE MEASUREMENTS

Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 6 - FAIR VALUE MEASUREMENTS (Continued)

This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs are based primarily on quoted prices for similar assets or liabilities in active or inactive markets and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 3 Fair Value Measurements

The participant loans are not actively traded and significant other observable inputs are not available. The fair value of participant loans approximates the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Cameron Communications, LLC Cash or Deferred Profit Sharing Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have 90 days of service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company refers to employees of the following companies: Cameron Communications, LLC, and LBH, LLC.

Contributions

Each year amounts may be contributed by the Company at the option of the Company's board of directors. Participants may defer an annual limit of the lesser of 50% of eligible compensation or \$16,500 for 2010 and 2009. The plan provides that participants who are projected to be age 50 or older by the end of the calendar year and who are making Deferral Contributions to the Plan may also make a catch-up contribution of \$5,500 for 2010 and 2009. The Company contributes 50% of the first 10% of base compensation that a participant contributes to the Plan. Profit sharing contributions can be made at the Sponsor's discretion.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings and market fluctuations. The vested portion of the value of the participant's employer contributed account shall be based on the number of years of service. The vesting schedule is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	50%
3	100%

NOTE 1 - DESCRIPTION OF THE PLAN - (Continued)

Participant Loans

Participants may borrow from their own salary deferral savings account once each year. A minimum of \$1,000 up to a maximum to the lesser of \$50,000 or 50% of vested account balance may be borrowed. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Notes fund. Loan terms range from 1-5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participants' account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

Distributions must commence no later than the first day of April following the calendar year in which the later of termination of employment or age 70 1/2 occurs.

The participant may elect to receive the distribution in a lump-sum or in the form of an annuity.

Forfeited Accounts

At December 31, 2010 and 2009, forfeited nonvested accounts totaled \$9,431 and \$47,314, respectively. These accounts are to be used to reduce future employer contributions and defray administrative expenses of the Plan which consist of attorney fees, audit fees and record keeping costs.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES- (CONTINUED)

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions in any of twenty-two investment options, which are registered investment companies.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of registered investment companies are valued at quoted market prices which represents the net asset value of shares held by the Plan at year-end. Participant notes receivable are valued at cost which approximates fair market value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6 - FAIR VALUE MEASUREMENTS

Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

		Fair Value Measurements Using:	Fair Value Measurements Using:
		Quoted Prices In Active Markets for Identical Assets or Liabilities (Level 1)	Significant Unobservable Inputs (Level 3)
<u>December 31, 2010</u>	<u>Fair Value</u>

Total assets at fair value	<u>\$ 13,494,988</u>	<u>\$ 13,328,760</u>	<u>\$ 166,228</u>

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

CAMERON COMMUNICATIONS, LLC
CASH OR DEFERRED PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 6 - FAIR VALUE MEASUREMENTS (Continued)

This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs are based primarily on quoted prices for similar assets or liabilities in active or inactive markets and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 3 Fair Value Measurements

The participant loans are not actively traded and significant other observable inputs are not available. The fair value of participant loans approximates the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

<u>December 31, 2010</u>	<u>Participant Loans</u>	<u>December 31, 2009</u>	<u>Participant Loans</u>
Balance, at beginning of year	\$ 166,228	Balance, at beginning of year	\$ 205,904
Purchases, sales, issuances	<u>20,196</u>	Purchases, sales, issuances	<u>(39,676)</u>
Balance, end of year	<u>\$ 186,424</u>	Balance, end of year	<u>\$ 166,228</u>

There were no gains or losses, either realized or unrealized, included in the changes in net assets available for benefits for participant loans.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2010 and 2009, result entirely from investments in mutual funds and are reported as net appreciation (depreciation) in fair value of investments.

NOTE 7 - TAX STATUS

The Plan obtained its latest determination letter on July 30, 2003 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code.

NOTES TO FINANCIAL STATEMENTS

NOTE 7 - TAX STATUS (Continued)

NOTE 10 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11 - SUBSEQUENT EVENTS

Management of the Company has evaluated its December 31, 2010 financial statements for subsequent events through August 24, 2011, the date the financial statements were available to be issued.
