PHYSICIAN STAFFING, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010 AND 2009

1. **Description of the Plan:**

Physician Staffing, Inc. (Sponsor), pursuant to an adoption agreement executed January 1, 2008, established Physician Staffing, Inc. 401(k) Plan (the Plan). The above adoption constitutes an amendment and restatement of the prior plan agreement with an original effective date of January 1, 2006.

The Plan is a defined contribution plan with a 401(k) feature and covers all employees of entities under common ownership of the Sponsor who meet the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Contributions:

Participants may elect to contribute a percentage of their eligible compensation to the Plan on a pre-tax basis. The amount a participant can contribute is limited to the annual amount set by the Internal Revenue Service.

The Sponsor must make a contribution for each participant in an amount equal to 3% of compensation (or a higher percentage of compensation elected by employer) for the Plan year. A participant's interest is 100% vested immediately in these contributions. Contributions totaled \$330,556 in 2010.

The employer may elect to make a discretionary contribution to the Plan. The amount of this contribution is determined annually by the employer. A discretionary contribution was not made for 2010.

Participant accounts:

Separate accounts for each participant are maintained and each account is credited with participant and employer contributions and earnings from investments held in the account.

Participants may change their investment elections daily. Participants may direct their contributions, including the employers' contributions into any combination of 26 investment funds. Participants may not borrow from their account.

1. Description of the Plan (continued):

Vesting:

Participants are immediately vested in their pre-tax contributions and employer nonelective contributions and related earnings thereon.

Discretionary contributions uses the vesting schedule below, based on credit years of service when vested interest is determined. In determining vested interest in this account, all of the years of service will be counted except those that are credited prior to the date participants reach age 18.

<u>Years of Service</u>	<u>Vested Percentage</u>
1	0%
2	20
3	40
4	60
5	80
6	100

At December 31, 2010 and 2009, there was \$1,437 and \$1,434, respectively, of forfeited accounts not allocated to participants' accounts. Forfeitures of nonvested accounts were retained in the Plan and can be used to pay administrative expenses, restore previous forfeitures as needed and then to reduce employer contributions to the Plan.

Payment of benefits:

Upon termination of service, a participant may elect to receive either a lump sum amount equal to the value of the participant's interest in his or her account or installment payments. All accounts are subject to distribution upon the participant's termination, retirement, total disability or death.

Participants who suffer serious financial hardship, as defined by the Plan, may withdraw a portion of their vested account in order to meet their financial needs.

Basis of accounting:

The financial statements of the Plan are prepared using the accrual method of accounting.

2. Summary of significant accounting policies:

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates and assumptions.

Investment valuation and income recognition:

The Plan's investments in mutual funds and a collective investment trust that are recorded at fair value at December 31, 2010 and 2009, as provided by Reliance Trust Company (Reliance).

The basis of investments sold is determined by the fair value at the beginning of the year or the purchase price, if acquired during the year. The amounts were provided by Reliance.

As provided by Reliance, purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Realized gain or loss on investments is the difference between the proceeds received and the historical cost of the investments sold. Unrealized appreciation in the fair value of investments is the net change in the difference between fair value at year end and the fair value at the prior year end or the cost of investments if acquired during the current year, as provided by Reliance. These gains or losses and net changes in the differences between fair value and the cost of investments are reflected in the statement of changes in net assets available for benefits as net appreciation in fair value of investments.

Payment of benefits:

Benefits are recorded when paid.

4. Fair value:

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

- Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access

PHYSICIAN STAFFING, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2010 AND 2009

4. Fair value (continued):

- Level 2 inputs to the valuation methodology include the following:
 - Quoted prices for similar assets or liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in inactive markets
 - Inputs other than quoted prices that are observable for the asset or liability
 - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Assets measured at fair value on a recurring basis at December 31, 2010 and 2009 were as follows:

	Fair Value at December 31, 2010	Level 1	Level 2
Mutual funds:			
Allocation funds	\$ 506,848	\$ 506,848	
Bond funds	400,513	400,513

4. Fair value (continued):

	Fair Value at December 31, 2009	Level 1	Level 2
Mutual funds:			
Allocation funds	\$ 352,996	\$ 352,996	
Bond funds	255,713	255,713	
International funds	1,151,184	1,151,184	
Growth funds	842,280	842,280	
Growth and income fund	56,079	56,079	
Fixed income fund	8,945	8,945	
Income funds	253,780	253,780	
Collective investment trust, fixed fund	395,625		\$ 395,625
	<u>\$ 3,316,602</u>	<u>\$ 2,920,977</u>	<u>\$ 395,625</u>

The fair value of the mutual funds are based on quoted market prices. The fair value of the collective investment trust is primarily based on observable market information and are based on the market value of the underlying investments as determined by Reliance.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Administrative expenses:

Administrative expenses of the Plan paid by the Sponsor amounted to \$7,770 in 2010.

6. Information certified by trustee:

Management of the Plan engaged Reliance as trustee of the Plan. The financial information included in the Plan's financial statements, except for receivables has been derived from information certified as complete and accurate by the trustee, in accordance with Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2010 AND 2009

7. Income tax status:

The Plan received a favorable determination letter dated March 31, 2008 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is no longer subject to Federal income tax examination by tax authorities for years before 2007.

8. Party-in-interest transactions:

The Hartford Fixed Fund is managed by Hartford Life Insurance Company (Hartford) who is the custodian of the Plan. Furthermore, Hartford is affiliated with Reliance (the trustee of the Plan) and, therefore, these transactions qualify as party-in-interest.

9. Plan termination:

The Plan Sponsor expects to continue the Plan but reserves the right at any time and within its sole discretion to reduce, suspend or discontinue contributions to the Plan or to terminate the Plan.

10. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. Subsequent events:

In preparing these financial statements, the Plan's management has evaluated events and transactions for potential recognition or disclosure through September 30, 2011, the date that the Plan's financial statements were available to be issued.
