NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010 AND 2009

1. PLAN DESCRIPTION

General

The following description of the Poster Publicity Inc. (the "Company") 401 (k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan was established on July 1, 1998, as a defined contribution plan covering substantially all the employees of Poster Publicity Inc. who met the participation requirements of the Plan. The Plan was amended as of July 24, 2003, restated as of November 30, 2005, amended on February 2, 2008 and amended again on November 10, 2009. Participation in the Plan is available to all employees who have completed three months of service with 83 hours of service in each of the three months. The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute through salary deferrals, a maximum of $16,500 of their annual compensation to their 401 (k) accounts subject to the annually adjusted regulatory limit and various nondiscrimination tests. Participants who have attained age 50 before the end of the Plan year are eligible to catch up contributions up to a maximum of an additional $5,500. There is no company match.

Participants are allowed to direct the investment of their accounts among the various investment options offered in the Plan.

Additional profit sharing amounts may be contributed at the option of the Company's board of directors and are invested into the participants' accounts as per the participants' investment directions. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and their respective allocation of the company's profit sharing contribution and allocation of plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are vested immediately in their contributions and the Company's profit sharing contribution, and as such, there are no forfeitures.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010 AND 2009

1. PLAN DESCRIPTION (continued)

Participant Loans

The Plan allows participants to take a loan against their account balances. Participant loans are in compliance with Internal Revenue Regulations and Labor Regulation Section 2550.408b. Loans must be approved by the plan administrator and have a maximum of the lesser of (a) one-half of the participant's account balance, or $10,000 if greater or (b) $50,000 reduced by the highest loan balance in the participant's account during the prior 12 month period. The loans are secured by the balance in the participant's account and bear interest rates which are commensurate to local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions over a period not extending beyond 5 years after the loan date. At December 31, 2010 and 2009 interest rates on the outstanding loans ranged from 4.25% to 6.25%.

Administrative Expenses

Certain administrative costs are paid by the Company, including the cost of the Limited Scope Audit and the cost related to the Human Resources Department apportioned to administer the employee related issues pertaining to the Plan.

Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA

Rollover Contributions

Participants may make contributions representing rollovers from another qualified plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect amounts reported in financial statements and accompanying notes and schedule. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Risks and Uncertainties

The Plan provides for investments in various investment mutual funds, which in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the mutual funds will occur in the near term and that such changers could materially affect the amounts reported in the statement of net assets available for the benefits and participant account balances.

Investments and Investment Valuation

The Plan's assets are primarily invested in mutual funds. Shares of mutual funds are valued at quoted market prices that represent the net asset value of shares held by the Plan at year-end. Loans to participants are stated at cost, which approximates fair value. Net realized and unrealized appreciation is presented in the accompanying statement of changes in net assets available for benefits as appreciation in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

3. INCOME TAX STATUS

By unanimous written consent of The Board of Directors of Poster Publicity, Inc. the Plan was amended as of November 10, 2009. The amendments were as follows:

> Catch-up Contribution for a Participant for a taxable year may not exceed the lesser of:
> 1) the dollar limit on Catch-up Contributions under Code section 414 (v)(2)(B)(i) or
> 2) when added to the Participant's other Elective Deferrals, 100% of the Participant's Compensation for the taxable year that is available after all other withholdings.
>
> Right of Trustee to Contributions: Unless provided with written direction to the contrary, by the Employer of the Plan Administrator, the Trustee shall have no duty to provide any contribution to be made or to determine whether contributions delivered to the Trustee by the Employer comply with the provisions of this Agreement. The Trustee shall be notified in writing of the Named Fiduciary to whom such responsibility has been assigned. In this case, the Trustee shall be accountable only for funds actually received by the Trustee. If the Plan has two or more Named Fiduciaries or Trustees assigned this duty, it may be allocated to a single Named Fiduciary or Trustee. The Employer or Plan Administrator may also provide that a Named Fiduciary may direct the Trustee as to this responsibility or may appoint an Investment Manager to take on this duty.

3. INCOME TAX STATUS (continued)

To the extent the nature and scope of the Trustee's responsibilities are specifically limited in the Plan documents, Trust Agreement or written direction, it will be the responsibility of the Named Fiduciary with the authority to hire and monitor Trustees to assure that all Trustee responsibilities with respect to the management and control of the Plan's assets have been properly assigned to a Trustee, Investment Manager or Named Fiduciary. The Plan must make systematic, responsible and diligent efforts to collect delinquent Employer Contribution. The steps necessary to discharge this duty to collect contributions will depend on the available facts. In determining what collection actions to take, a Named Fiduciary must weigh the value of the Plan assets involved, the likelihood of a successful recovery, and the expenses expected to be incurred. Among the other factors, the Named Fiduciary may take into account the Employer's solvency in deciding whether to expend Plan assets to pursue a claim.

In the event that the Plan is Top-Heavy for a Plan Year, any Non-Highly Compensated Employee eligible for a Minimum Top-Heavy Allocation in Subsection 2.6.1(a) of the Plan shall receive an allocation equal to the greater of the Minimum Top-Heavy Allocation or the amount determined above. Any allocation in excess to the Minimum Top-Heavy Allocation determined without regard to this provision must be made to this Plan and may not be made to another Plan in a Top-Heavy Allocation group.

The Plan, pursuant to section 401 (a)(9)(H) of the Code to provide for waiver of the required minimum distributions for the 2009 Distribution Calendar Year. The Pan, pursuant to section 402 (c)(4) of the Codes provides for the required minimum distribution for 2009 Distribution Calendar Year be treated as an Eligible Rollover Distribution.

The Internal Revenue Service has determined and informed the Company Plan by letter dated August 30, 2010, that the Plan is in accordance with the applicable sections of the Internal Revenue Code (IRC) Section 401 and is, therefore, exempt from Federal income taxes under provisions of IRC Section 501 (a).

In 2008, by unanimous written consent of The Board of Directors of Poster Publicity, Inc. the Plan was amended as of February 2, 2008. The amendments were as follows:

Each Employee shall be eligible to participate in the Non-Elective (Profit Sharing) portion upon the date the Employee completes 3 months with 83 hours of service in each month.

Each Employee shall be eligible to have the Employer make Elective contributions on the Employee's behalf upon the date the Employee completes 3 months with 83 hours of service in each month.

3. INCOME TAX STATUS (continued)

With respect to this amendment, The Internal Revenue Service has determined and informed the Company Plan by letter dated March 26, 2008, that the Plan is in accordance with the applicable sections of the Internal Revenue Code (IRC) Section 401 and is, therefore, exempt from Federal income taxes under provisions of IRC Section 501 (a).

4. RELATED PARTY TRANSACTIONS

Transactions resulting in Plan assets being transferred to or used by a related party are prohibited under ERISA unless a specific exemption exists. Certain Plan investments are shares of mutual funds managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $31,378 and $26,095 for the years ended December 31, 2010 and 2009, respectively. However, such transactions are exempt under Section 408 (b) (8) and are not prohibited by ERISA.

7. FAIR VALUE MEASUREMENTS

FASB Statement No. 157, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that priorities the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy under FASB Statement No. 157 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2
Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;
Quoted prices for identical or similar assets or liabilities in inactive markets;
Inputs other than quoted prices that are observable for asset or liability;
Input that are derived principally from or corroborated by observable market data or by Correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset of liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual Funds: Mutual funds are valued at the closing price reported in the active market in which the funds are traded. Mutual Funds are Level 1investments.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010 AND 2009

1. PLAN DESCRIPTION

General

The following description of the Poster Publicity Inc. (the "Company") 401 (k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan was established on July 1, 1998, as a defined contribution plan covering substantially all the employees of Poster Publicity Inc. who met the participation requirements of the Plan. The Plan was amended as of July 24, 2003, restated as of November 30, 2005, amended on February 2, 2008 and amended again on November 10, 2009. Participation in the Plan is available to all employees who have completed three months of service with 83 hours of service in each of the three months. The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute through salary deferrals, a maximum of $16,500 of their annual compensation to their 401 (k) accounts subject to the annually adjusted regulatory limit and various nondiscrimination tests. Participants who have attained age 50 before the end of the Plan year are eligible to catch up contributions up to a maximum of an additional $5,500. There is no company match.

Participants are allowed to direct the investment of their accounts among the various investment options offered in the Plan.

Additional profit sharing amounts may be contributed at the option of the Company's board of directors and are invested into the participants' accounts as per the participants' investment directions. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and their respective allocation of the company's profit sharing contribution and allocation of plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are vested immediately in their contributions and the Company's profit sharing contribution, and as such, there are no forfeitures.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010 AND 2009

1. PLAN DESCRIPTION (continued)

Participant Loans

The Plan allows participants to take a loan against their account balances. Participant loans are in compliance with Internal Revenue Regulations and Labor Regulation Section 2550.408b. Loans must be approved by the plan administrator and have a maximum of the lesser of (a) one-half of the participant's account balance, or $10,000 if greater or (b) $50,000 reduced by the highest loan balance in the participant's account during the prior 12 month period. The loans are secured by the balance in the participant's account and bear interest rates which are commensurate to local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions over a period not extending beyond 5 years after the loan date. At December 31, 2010 and 2009 interest rates on the outstanding loans ranged from 4.25% to 6.25%.

Administrative Expenses

Certain administrative costs are paid by the Company, including the cost of the Limited Scope Audit and the cost related to the Human Resources Department apportioned to administer the employee related issues pertaining to the Plan.

Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA

Rollover Contributions

Participants may make contributions representing rollovers from another qualified plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect amounts reported in financial statements and accompanying notes and schedule. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Risks and Uncertainties

The Plan provides for investments in various investment mutual funds, which in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the mutual funds will occur in the near term and that such changers could materially affect the amounts reported in the statement of net assets available for the benefits and participant account balances.

Investments and Investment Valuation

The Plan's assets are primarily invested in mutual funds. Shares of mutual funds are valued at quoted market prices that represent the net asset value of shares held by the Plan at year-end. Loans to participants are stated at cost, which approximates fair value. Net realized and unrealized appreciation is presented in the accompanying statement of changes in net assets available for benefits as appreciation in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

3. INCOME TAX STATUS

By unanimous written consent of The Board of Directors of Poster Publicity, Inc. the Plan was amended as of November 10, 2009. The amendments were as follows:

> Catch-up Contribution for a Participant for a taxable year may not exceed the lesser of:
> 1) the dollar limit on Catch-up Contributions under Code section 414 (v)(2)(B)(i) or
> 2) when added to the Participant's other Elective Deferrals, 100% of the Participant's Compensation for the taxable year that is available after all other withholdings.
>
> Right of Trustee to Contributions: Unless provided with written direction to the contrary, by the Employer of the Plan Administrator, the Trustee shall have no duty to provide any contribution to be made or to determine whether contributions delivered to the Trustee by the Employer comply with the provisions of this Agreement. The Trustee shall be notified in writing of the Named Fiduciary to whom such responsibility has been assigned. In this case, the Trustee shall be accountable only for funds actually received by the Trustee. If the Plan has two or more Named Fiduciaries or Trustees assigned this duty, it may be allocated to a single Named Fiduciary or Trustee. The Employer or Plan Administrator may also provide that a Named Fiduciary may direct the Trustee as to this responsibility or may appoint an Investment Manager to take on this duty.

3. INCOME TAX STATUS (continued)

To the extent the nature and scope of the Trustee's responsibilities are specifically limited in the Plan documents, Trust Agreement or written direction, it will be the responsibility of the Named Fiduciary with the authority to hire and monitor Trustees to assure that all Trustee responsibilities with respect to the management and control of the Plan's assets have been properly assigned to a Trustee, Investment Manager or Named Fiduciary. The Plan must make systematic, responsible and diligent efforts to collect delinquent Employer Contribution. The steps necessary to discharge this duty to collect contributions will depend on the available facts. In determining what collection actions to take, a Named Fiduciary must weigh the value of the Plan assets involved, the likelihood of a successful recovery, and the expenses expected to be incurred. Among the other factors, the Named Fiduciary may take into account the Employer's solvency in deciding whether to expend Plan assets to pursue a claim.

In the event that the Plan is Top-Heavy for a Plan Year, any Non-Highly Compensated Employee eligible for a Minimum Top-Heavy Allocation in Subsection 2.6.1(a) of the Plan shall receive an allocation equal to the greater of the Minimum Top-Heavy Allocation or the amount determined above. Any allocation in excess to the Minimum Top-Heavy Allocation determined without regard to this provision must be made to this Plan and may not be made to another Plan in a Top-Heavy Allocation group.

The Plan, pursuant to section 401 (a)(9)(H) of the Code to provide for waiver of the required minimum distributions for the 2009 Distribution Calendar Year. The Pan, pursuant to section 402 (c)(4) of the Codes provides for the required minimum distribution for 2009 Distribution Calendar Year be treated as an Eligible Rollover Distribution.

The Internal Revenue Service has determined and informed the Company Plan by letter dated August 30, 2010, that the Plan is in accordance with the applicable sections of the Internal Revenue Code (IRC) Section 401 and is, therefore, exempt from Federal income taxes under provisions of IRC Section 501 (a).

In 2008, by unanimous written consent of The Board of Directors of Poster Publicity, Inc. the Plan was amended as of February 2, 2008. The amendments were as follows:

Each Employee shall be eligible to participate in the Non-Elective (Profit Sharing) portion upon the date the Employee completes 3 months with 83 hours of service in each month.

Each Employee shall be eligible to have the Employer make Elective contributions on the Employee's behalf upon the date the Employee completes 3 months with 83 hours of service in each month.

3. INCOME TAX STATUS (continued)

With respect to this amendment, The Internal Revenue Service has determined and informed the Company Plan by letter dated March 26, 2008, that the Plan is in accordance with the applicable sections of the Internal Revenue Code (IRC) Section 401 and is, therefore, exempt from Federal income taxes under provisions of IRC Section 501 (a).

4. RELATED PARTY TRANSACTIONS

Transactions resulting in Plan assets being transferred to or used by a related party are prohibited under ERISA unless a specific exemption exists. Certain Plan investments are shares of mutual funds managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $31,378 and $26,095 for the years ended December 31, 2010 and 2009, respectively. However, such transactions are exempt under Section 408 (b) (8) and are not prohibited by ERISA.

7. FAIR VALUE MEASUREMENTS

FASB Statement No. 157, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that priorities the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy under FASB Statement No. 157 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2
Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;
Quoted prices for identical or similar assets or liabilities in inactive markets;
Inputs other than quoted prices that are observable for asset or liability;
Input that are derived principally from or corroborated by observable market data or by Correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset of liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual Funds: Mutual funds are valued at the closing price reported in the active market in which the funds are traded. Mutual Funds are Level 1investments.
