# Independent Auditors' Report

To the Plan Administrator
Eye Specialists of Mid-Florida, P. A. 401(k) Plan
Winter Haven, Florida

We have audited the accompanying statements of net assets available for benefits of Eye Specialists of Mid-Florida, P. A. 401(k) Plan (the "Plan") as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2010 and 2009, and the changes in net assets available for benefits for the year ended December 31, 2010, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental material of Schedule H, Line 4(i)(IRS Form 5500), Assets Held at End of Year, is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental material is the responsibility of the Plan's management. The supplemental material has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**1. Description of Plan**

The following description of the Eye Specialists of Mid-Florida, P. A. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a 401(k) defined contribution plan covering substantially all full-time employees of Eye Specialists of Mid-Florida, P. A. (the "Company") who have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA").

Plan Amendment

Effective August 31, 2010, the Plan was amended to grant credit for prior service earned to the employees of an optometry practice acquired during 2010.

Contributions

Each year participants may contribute up to 100% of eligible compensation, as defined by the Plan, subject to certain limitations under Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company contributes 100% of the first 3% and 50% of the next 2% of compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the discretion of the Company's Board of Directors. Contributions are subject to certain limitations.

Participants direct the investment of their contributions and the Company's contribution into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. Participants may change their investment options at any time via the telephone or internet.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the Company's matching contributions, plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts is based on years of continuous service. A participant is vested 100% after six years of credited service or upon the events of death, disability or attaining normal retirement age with five years of credited service. Normal retirement age is 55.

Payment of Benefits

On termination of service, a participant generally receives a lump sum amount equal to the value of the participant's vested interest in his or her account. Participants may make withdrawals from voluntary contributions upon attaining age 59½ or may make hardship withdrawals from voluntary contributions upon demonstrating immediate and extreme financial need.

Forfeited Accounts

At December 31, 2010 and 2009, forfeited nonvested accounts of terminees totaled $895 and $951, respectively. Forfeitures of nonvested balances may be used to reduce employer contributions and/or pay plan expenses. Forfeitures were used to pay Plan expenses of $5,623 in 2010.

**2. Summary of Significant Accounting Policies**

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative costs of the Plan are paid directly by the Company.

**3. Subsequent Events**

The Company has evaluated events and transactions occurring subsequent to December 31, 2010 as of September 26, 2011 which is the date the financial statements were available to be issued. Subsequent events occurring after September 26, 2011 have not been evaluated by management. No material events have occurred since December 31, 2010 that require recognition or disclosure in the financial statements.

**4. Investments**

The following presents investments that represent 5% or more of the Plan's net assets:

**5. Fair Value Measurements**

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

| | |
|---|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include<br>• quoted prices for similar assets or liabilities in active markets;<br>• quoted prices for identical or similar assets or liabilities in inactive markets;<br>• inputs other than quoted prices that are observable for the asset or liability;<br>• inputs that are derived principally from or corroborated by observable market data by correlation or other means.<br><br>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. |

| | |
|---|---|
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

*Mutual funds*: Valued at the net asset value (NAV) of shares held by the Plan at year end. The net asset value is a publicly quoted price in an active market.

The preceding method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010:

| | | Fair Value Measurements Using |
|---|---|---|
| *December 31, 2010* | Total Fair Value | Quoted Prices in Active Markets for Identical Assets (Level 1) |
| **Mutual Funds:** | | |
| Target Date funds | $4,038,898 | $4,038,898 |
| Growth funds | 1,609,861 | 1,609,861 |
| Growth & Income funds | 1,213,244 | 1,213,244 |
| Bond funds | 857,662 | 857,662 |
| Money Market funds | 30,992 | 30,992 |
| **Total investments at fair value** | $7,750,657 | $7,750,657 |

**6. Related Party Transactions**

American Funds (part of The Capital Group Companies) is the custodian of the Plan's investments. Plan investments include shares of mutual funds within the American Funds portfolio of funds. Therefore, these transactions qualify as party-in-interest transactions. These investments represent 81% and 73% of the Plan's net assets at December 31, 2010 and 2009, respectively.

7. **Party-in-Interest**

Matthews Benefit Group, Inc. is the Plan's third party administrator and qualifies as a party-in-interest. Fees paid to Matthews Benefit Group, Inc. amounted to $3,629 for 2010.

Wells Fargo Advisors, LLC provides financial and consulting services and qualifies as a party-in-interest. Fees paid to Wells Fargo Advisors, LLC were absorbed by the Company.

8. **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer discretionary contributions.

9. **Tax Status**

The Internal Revenue Service has determined and informed the Company by a letter dated July 7, 2010, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements in the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and/or Department of Labor. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

**10. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
