**1. General Description of the Plan (Continued):**

**Participant accounts:**

Each participant's account is credited with the participant's contribution and an allocation of Plan earnings or losses. Plan earnings or losses are allocated to each participant's account in the same proportion that each participant's account bears to the total of all participants' accounts. Participant contributions are deposited with each payroll and are allocated to the investment options elected by the participant.

**Participant loans receivable:**

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of his or her account balance. Loan terms range from 1 to 5 years or may be longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Interest rates were 4.25% during 2010. Principal and interest is paid ratably through payroll deductions or in equal monthly installments over the term of the loan. There were nine loans outstanding at December 31, 2010, with maturities extending to 2014.

One loan, in the amount of \$1,332, was in default as of December 31, 2010. This loan was reclassified a deemed distribution. This loan remains outstanding but is not included on Form 5500 as of December 31, 2010.

**Payment of benefits:**

The Plan provides that under certain conditions, participants may withdraw their vested benefit. A participant is entitled to receive the vested portion of his or her account in a lump sum distribution, or in monthly installments in the event of serious financial hardship, retirement, termination, disability, death or upon reaching age 59½ as an active employee.

**Plan termination:**

The Company has the right to terminate the Plan at any time. In the event of Plan termination, Plan assets will be distributed in accordance with ERISA, and participants will be 100% vested in their account balances.

**1. General Description of the Plan (Continued):**

**Uncertain Income Tax Positions**

On January 1, 2009, the plan adopted the new accounting standard related to uncertainty in income taxes. For the year ended December 31, 2010, the plan did not identify any uncertain tax positions taken or expected to be taken in an income tax return which would require adjustment to or disclosure in its financial statements. In addition, the plan believes its tax status would be sustained under federal, state or local income tax examination. The plan is subject to federal, state and local income tax examination in major jurisdictions for years subsequent to December 31, 2007.

**2. Significant Accounting Policies:**

The significant accounting policies employed in the preparation of the accompanying financial statements are as follows:

**Basis of Accounting:**

These financial statements are prepared on the cash basis of accounting. The cash basis of accounting differs from Generally Accepted Accounting Principles since Participant contributions receivable and loan payments as of December 31, 2009 were not included in plan assets until received by the plan in January, 2010. There weren't any contribution receivable as of December 31, 2010.

**Valuation of investments:**

The Plan's investments are stated at fair value. The investments in DWS Trust Company pooled separate accounts are presented at fair value as measured by the net unit value that is based on the fair value of the underlying assets of the account. Net investment losses from separate accounts result from a decrease in net unit value. Participant loans receivable are valued at cost, which approximates fair value. Cash, if any, represents contributions, rollovers, and loan repayments received but not processed.

**Income recognition:**

Purchases and sales of investments are recorded based on the trade date. Investment income is recorded as earned. Dividend income for internal funds is recorded on the ex-dividend date.

**Benefit payments:**

Benefit obligations for employees who have withdrawn from participation in the Plan are reflected as reductions of net assets available for benefits in the period during which benefit payments are made.

**2. Significant Accounting Policies: (Continued)**

**Use of estimates:**

The preparation of financial statements in conformity with the cash basis of accounting requires the plan administrator to make estimates and assumptions that affect the reported amounts in the financial statements. Actual results could differ from those estimates

**3. Related Parties**

Certain Plan investments are units of pooled separate accounts managed by DWS Trust Company. DWS Trust Company was the trustee as defined by the Plan and, therefore, transactions in these pooled separate accounts qualify as party-in-interest transactions that are exempt from the prohibited transaction rules. Fees incurred by the Plan for investment management services amounted to \$1,905 for the year ended December 31, 2010.

**4. Tax Status of the Plan**

A tax determination letter has been received for the Plan indicating that the Plan is a qualified plan under the applicable sections of the Internal Revenue code. Accordingly, no provision for income taxes has been made in the accompanying statements.

**5. Certified Information**

The following information that was certified by DWS Trust Company to be complete and accurate as of and for the year ended December 31, 2010, was relied upon in the preparation of the financial statements and schedules:

- a. Investment amounts included in the Statements of Net Assets Available for Benefits and Schedule of Assets Held for Investment Purposes
- b. Changes to net assets included in the Statement of Changes in Net Assets Available for Benefits.

As permitted by Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA, no auditing procedures were performed with respect to the information certified as complete and accurate by DWS Trust Company, except for comparing such information to information included in the financial statements.

***Level 1 Fair Value Measurements***

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

***Level 3 Fair Value Measurements***

The fair value of participant loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance. Participant loans are the only level 3 assets held by the Plan. The net increase in participant loans was \$513 during the 2010 Plan year.

**7. Risks and Uncertainties**

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
