INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Anheuser-Busch, Incorporated
Production Employees and Operating Engineers Pension Plan and Trust
Houston, Texas

We have audited the accompanying statements of net assets available for plan benefits of Anheuser-Busch, Incorporated Production Employees and Operating Engineers Pension Plan and Trust as of December 31, 2010 and 2009, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2010. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of Anheuser-Busch Incorporated Production Employees and Operating Engineers Pension Plan and Trust as of December 31, 2010 and 2009, and the changes in net assets available for plan benefits for the year ended December 31, 2010 in conformity with generally accepted accounting principles in the United States.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for purpose of complying with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is not a required part of the basic financial statements. This supplemental information is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General - Anheuser-Busch, Incorporated Production Employees and Operating Engineers Pension Plan and Trust (the Plan) is a defined contribution money purchase plan of Anheuser-Busch, Inc. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employees Included in the Plan - The Plan covers substantially all production employees and operating engineers of Anheuser-Busch, Inc. (Houston, Texas). An employee becomes eligible on the first day immediately following completion of thirty days after commencement of employment.

Normal Retirement Date - Normal retirement date is the first day of the month coincident with or next following the participant's sixty-fifth birthday.

Payment of Benefits - Upon retirement, death or termination of service, a participant may elect to either receive a lump-sum amount equal to the value of the participant's account, or to receive one of several forms of annuities or installment payments as described in the Plan.

Vesting - All participant balances are 100% vested.

Contributions - Contributions to the Plan are made by Anheuser-Busch, Inc. for each participant solely in accordance with, and only to the extent required by, the terms and provisions of the Labor Agreement. Hourly and weekly contribution amounts per participant for 2010 and 2009 are as follows:

	<u>Contribution Per Hour Worked</u>	<u>Maximum Contribution Per Week</u>
January 1, 2009 to February 28, 2010	\$ 4.4861	\$ 179.444
March 1, 2010 to December 31, 2010	\$ 4.6861	\$ 187.444

Plan Administration - Six employees (three union and three corporate) of the Company serve as Trustees for the Plan.

Basis of Accounting - The accompanying financial statements are prepared on the accrual basis of accounting. Interest and dividends are recorded when earned.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles (GAAP) requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

NOTE A

**BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)**

Risks and Uncertainties - The Plan provides for various investments which are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Investments - Effective January 1, 2009, each participant directs the investment of their account into any of the investment options designated by the Trustees of the Plan.

Each participant account is credited with the Company's contributions and a pro rata share of the earnings of each fund in which the participant has invested.

Valuation of Investments - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In accordance with the policy of stating investments at fair value, net investment gain or loss is included in the carrying value of related investments in the statements of net assets available for plan benefits and the changes in the net investment gain or loss are reflected in the statement of changes in net assets available for plan benefits.

Federal Income Tax - The Internal Revenue Service informed the Plan Administrator, by letter dated February 24, 2003, that the Plan constitutes a qualified trust under Section 401(b) of the Internal Revenue Code (Code) and is therefore exempt from federal income taxes. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Accordingly, the Plan Administrator believes the Plan was qualified and the related trust was tax-exempt as of December 31, 2010 and 2009.

GAAP provides detailed guidance for the financial statement recognition, measurement and disclosure of uncertain tax positions recognized in the plan's financial statements. GAAP requires an entity to recognize the financial statement impact of a tax position when it is more likely than not that the position will be sustained upon examination. The Plan believes that all significant tax positions utilized by the Plan will more likely than not be sustained upon examination. As of December 31, 2010, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2007 forward (with limited exceptions). Tax penalties and interest, if any, would be accrued as incurred and would be classified as tax expense in the statement of changes in plan benefits.

Subsequent Events - The Plan has evaluated subsequent events through September 12, 2011, the date the financial statements were available to be issued. No subsequent events occurred, which require adjustment or disclosure to the financial statements at December 31, 2010.

NOTE C FAIR VALUE DISCLOSURES

GAAP provides a framework for measuring fair value using a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value based upon whether the inputs to those valuation techniques are observable or unobservable. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical financial instruments and the lowest priority to unobservable inputs. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The financial instrument's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. These inputs are summarized in the three broad levels listed below:

Level 1 – Unadjusted quoted prices for identical financial instruments in active markets that the Plan has the ability to access.

Level 2 – Other significant observable inputs (including quoted prices in active markets for similar financial instruments), or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the financial instruments.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the financial instruments. The fair value of Level 3 financial instruments is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

NOTE C FAIR VALUE DISCLOSURES (CONTINUED)

Following is a description of the valuation technique used for assets measured at fair value. There have been no changes in the technique used during 2010 and 2009.

Registered investment companies are valued at the net asset value of shares held by the Plan at year end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation technique is appropriate and consistent with other market participants, the use of different techniques or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair values of investments are categorized as follows at December 31, 2010 and 2009:

2010

NOTE D **PARTIES-IN-INTEREST**

The Plan invests in various securities offered by Vanguard Group, Inc. (Vanguard). These investments are considered party-in-interest transactions because Vanguard serves as asset custodian for the Plan. The Plan's administration has approved these investment options.

Fees paid during the year for legal, accounting, administrative and other professional services were rendered by parties-in-interest.

NOTE E **PLAN AMENDMENT**

Effective January 1, 2009, the Plan was amended to allow participants to direct their accounts into any of the investment options designated by the Trustees.

INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Anheuser-Busch, Incorporated
Production Employees and Operating Engineers Pension Plan and Trust
Houston, Texas

We have audited the accompanying statements of net assets available for plan benefits of Anheuser-Busch, Incorporated Production Employees and Operating Engineers Pension Plan and Trust as of December 31, 2010 and 2009, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2010. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of Anheuser-Busch Incorporated Production Employees and Operating Engineers Pension Plan and Trust as of December 31, 2010 and 2009, and the changes in net assets available for plan benefits for the year ended December 31, 2010 in conformity with generally accepted accounting principles in the United States.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for purpose of complying with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is not a required part of the basic financial statements. This supplemental information is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

DECEMBER 31, 2010 AND 2009

NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General - Anheuser-Busch, Incorporated Production Employees and Operating Engineers Pension Plan and Trust (the Plan) is a defined contribution money purchase plan of Anheuser-Busch, Inc. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employees Included in the Plan - The Plan covers substantially all production employees and operating engineers of Anheuser-Busch, Inc. (Houston, Texas). An employee becomes eligible on the first day immediately following completion of thirty days after commencement of employment.

Normal Retirement Date - Normal retirement date is the first day of the month coincident with or next following the participant's sixty-fifth birthday.

Payment of Benefits - Upon retirement, death or termination of service, a participant may elect to either receive a lump-sum amount equal to the value of the participant's account, or to receive one of several forms of annuities or installment payments as described in the Plan.

Vesting - All participant balances are 100% vested.

Contributions - Contributions to the Plan are made by Anheuser-Busch, Inc. for each participant solely in accordance with, and only to the extent required by, the terms and provisions of the Labor Agreement. Hourly and weekly contribution amounts per participant for 2010 and 2009 are as follows:

	<u>Contribution Per Hour Worked</u>	<u>Maximum Contribution Per Week</u>
January 1, 2009 to February 28, 2010	\$ 4.4861	\$ 179.444
March 1, 2010 to December 31, 2010	\$ 4.6861	\$ 187.444

Plan Administration - Six employees (three union and three corporate) of the Company serve as Trustees for the Plan.

Basis of Accounting - The accompanying financial statements are prepared on the accrual basis of accounting. Interest and dividends are recorded when earned.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles (GAAP) requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

NOTE A

**BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)**

Risks and Uncertainties - The Plan provides for various investments which are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Investments - Effective January 1, 2009, each participant directs the investment of their account into any of the investment options designated by the Trustees of the Plan.

Each participant account is credited with the Company's contributions and a pro rata share of the earnings of each fund in which the participant has invested.

Valuation of Investments - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In accordance with the policy of stating investments at fair value, net investment gain or loss is included in the carrying value of related investments in the statements of net assets available for plan benefits and the changes in the net investment gain or loss are reflected in the statement of changes in net assets available for plan benefits.

Federal Income Tax - The Internal Revenue Service informed the Plan Administrator, by letter dated February 24, 2003, that the Plan constitutes a qualified trust under Section 401(b) of the Internal Revenue Code (Code) and is therefore exempt from federal income taxes. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Accordingly, the Plan Administrator believes the Plan was qualified and the related trust was tax-exempt as of December 31, 2010 and 2009.

GAAP provides detailed guidance for the financial statement recognition, measurement and disclosure of uncertain tax positions recognized in the plan's financial statements. GAAP requires an entity to recognize the financial statement impact of a tax position when it is more likely than not that the position will be sustained upon examination. The Plan believes that all significant tax positions utilized by the Plan will more likely than not be sustained upon examination. As of December 31, 2010, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2007 forward (with limited exceptions). Tax penalties and interest, if any, would be accrued as incurred and would be classified as tax expense in the statement of changes in plan benefits.

Subsequent Events - The Plan has evaluated subsequent events through September 12, 2011, the date the financial statements were available to be issued. No subsequent events occurred, which require adjustment or disclosure to the financial statements at December 31, 2010.

NOTE C FAIR VALUE DISCLOSURES

GAAP provides a framework for measuring fair value using a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value based upon whether the inputs to those valuation techniques are observable or unobservable. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical financial instruments and the lowest priority to unobservable inputs. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The financial instrument's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. These inputs are summarized in the three broad levels listed below:

Level 1 – Unadjusted quoted prices for identical financial instruments in active markets that the Plan has the ability to access.

Level 2 – Other significant observable inputs (including quoted prices in active markets for similar financial instruments), or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the financial instruments.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the financial instruments. The fair value of Level 3 financial instruments is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

NOTE C FAIR VALUE DISCLOSURES (CONTINUED)

Following is a description of the valuation technique used for assets measured at fair value. There have been no changes in the technique used during 2010 and 2009.

Registered investment companies are valued at the net asset value of shares held by the Plan at year end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation technique is appropriate and consistent with other market participants, the use of different techniques or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair values of investments are categorized as follows at December 31, 2010 and 2009:

2010

The Plan invests in various securities offered by Vanguard Group, Inc. (Vanguard). These investments are considered party-in-interest transactions because Vanguard serves as asset custodian for the Plan. The Plan's administration has approved these investment options.

Fees paid during the year for legal, accounting, administrative and other professional services were rendered by parties-in-interest.

NOTE E **PLAN AMENDMENT**

Effective January 1, 2009, the Plan was amended to allow participants to direct their accounts into any of the investment options designated by the Trustees.

INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Anheuser-Busch, Incorporated
Production Employees and Operating Engineers Pension Plan and Trust
Houston, Texas

We have audited the accompanying statements of net assets available for plan benefits of Anheuser-Busch, Incorporated Production Employees and Operating Engineers Pension Plan and Trust as of December 31, 2010 and 2009, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2010. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of Anheuser-Busch Incorporated Production Employees and Operating Engineers Pension Plan and Trust as of December 31, 2010 and 2009, and the changes in net assets available for plan benefits for the year ended December 31, 2010 in conformity with generally accepted accounting principles in the United States.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for purpose of complying with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is not a required part of the basic financial statements. This supplemental information is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Each participant account is credited with the Company's contributions and a pro rata share of the earnings of each fund in which the participant has invested.

Valuation of Investments - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In accordance with the policy of stating investments at fair value, net investment gain or loss is included in the carrying value of related investments in the statements of net assets available for plan benefits and the changes in the net investment gain or loss are reflected in the statement of changes in net assets available for plan benefits.

Federal Income Tax - The Internal Revenue Service informed the Plan Administrator, by letter dated February 24, 2003, that the Plan constitutes a qualified trust under Section 401(b) of the Internal Revenue Code (Code) and is therefore exempt from federal income taxes. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Accordingly, the Plan Administrator believes the Plan was qualified and the related trust was tax-exempt as of December 31, 2010 and 2009.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

NOTE D **PARTIES-IN-INTEREST**

The Plan invests in various securities offered by Vanguard Group, Inc. (Vanguard). These investments are considered party-in-interest transactions because Vanguard serves as asset custodian for the Plan. The Plan's administration has approved these investment options.

Fees paid during the year for legal, accounting, administrative and other professional services were rendered by parties-in-interest.

NOTE E **PLAN AMENDMENT**

Effective January 1, 2009, the Plan was amended to allow participants to direct their accounts into any of the investment options designated by the Trustees.
