Klein Products, Inc. 401(k) Retirement Plan
Ontario, California

We were engaged to audit the financial statements and supplementary schedule of Klein Products, Inc. 401(k) Retirement Plan (the Plan) as of and for the years ended December 31, 2010 and 2009, as listed in the accompanying Table of Contents. The financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Transamerica Retirement Services, the custodian of the Plan, except for comparing the information with the related information included in the 2010 financial statements and supplemental schedules. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executed investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2010 and 2009, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Klein Products, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Description for a complete description of the Plan's provisions.

General

The Plan was established by Klein Products, Inc. (the Company) on February 1, 2001, as a defined contribution plan under provisions of Section 401(k) of the Internal Revenue Code (IRC). The Plan is a salary deferred 401(k) plan covering all eligible employees of the Company, and was organized to provide retirement benefits to eligible employees for long and loyal service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Eligibility

Each employee is eligible to participate in the Plan at the age of 21 or older after completion of twelve months of service to the Company.

Contributions

- Elective Deferral Contribution

  Participants may contribute up to the 2010 Internal Revenue Service (IRS) limit of pre-tax annual compensation as defined in the Plan, subject to certain limitations under the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. Elective deferral contributions are 100 percent vested and are non-forfeitable.

- Matching Contributions

  The Company may make matching contributions equal to a percentage (from zero percent to 100 percent) of participants' elective deferral contribution, subject to certain limitations. For the year ended December 31, 2010, the Company contributed an amount equal to 50 percent of each participant's elective deferral contribution up to three percent of base compensation.

- Rollover Contribution

  An eligible employee may contribute amounts representing distributions from other qualified plans, as long as they meet the requirements for rollover. The employee need not be an active participant in the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and the employer's contribution at the time that those contributions are made. Plan earnings and specific administrative expenses are credited or charged as earned or incurred. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are 100 percent vested in their elective deferral contributions made to the Plan. Employer contributions begin vesting in year two and become fully vested at six years. Participants also become 100 percent vested on their retirement date, date of death, or the date of total and permanent disability.

Participants are vested in Company contributions according to the following schedule:

Years of Service	Percentage
1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Payment of Benefits

Upon termination from the Plan, a participant may elect to receive benefit payments in a lump sum, part lump sum, and part installments, or installment payments. Participants with benefits of $5,000 or less must take their distributions in a lump sum. Normal retirement age under the Plan is 65. Participants may elect to withdraw all or any portion of their vested account balance if they incur a hardship, which is outlined in the Plan agreement.

Participants Loans Receivable

Participants may borrow from the Plan a total amount not to exceed the smaller of $50,000 or 50 percent of the participant's non-forfeitable accrued benefits. Participant loans are secured by the balance in the participant's account and are for fixed terms, and bear a fixed rate of interest of one percent over prime at the time the loan is made. Principal and interest is paid ratably through payroll deductions.

Forfeited Accounts

When participants who are not fully vested terminate employment, the non-vested portion will remain in the inactive participant's account until the forfeiture occurs. Once the inactive participant reaches their forfeiture date, the non-vested funds will be moved to the forfeiture account.

Excess forfeitures are allocated among participants eligible to share in the employer's contribution for a Plan year in the same proportion that each participant's compensation bears to the compensation of all participants for the Plan year.

At December 31, 2010 and 2009, forfeited non-vested accounts totaled $11,371 and $13,890, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared utilizing accounting principles generally accepted in the United States of America (US GAAP) and are prepared under the accrual method of accounting. Accordingly, changes in net assets are recognized in the period earned or incurred.

Investment contracts held by the Plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Accordingly, the Statement of Net Assets Available for Benefits presents the fair value of the Plan's investments.

Estimates and Assumptions

The preparation of financial statements in conformity with US GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting periods. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell the asset in an orderly transaction between market participation of the measurement date. See Note 5 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefit

Benefits are recorded when paid.

Tax Status

The IRS has ruled by a letter dated May 29, 2003, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan qualified under Section 401(k) of the IRC and is not subject to tax under present income tax law. The Plan has been amended since receiving the determination letter and a determination letter for this amended Plan has not been received. The Plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan continues to be qualified, and the related trust continues to be tax exempt.

Administration of Plan Assets

Contributions made by the Company and its employees are held and managed by a trustee, which invests the cash received, interest and dividends in accordance with participant's instructions. Distributions to participants are made by the trustee. The trustee also administers the payment of principal and interest on participant loans.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives additional compensation from the Plan. The administration and trustee fees associated with the Plan are paid by the Plan assets.

Operating Expenses

Certain fund administrative expenses are paid by the Plan.

Risks and Uncertainties

The Plan provides for various options in mutual funds. Investment securities are exposed to various risks such as interest rate, market and credit. Due to the level of uncertainty related to the changes in the value of investment securities, it is at least reasonably possible that changes in the various risk factors in the near term could materially affect participants' account balances and the amounts reported in the financial statements.

New Accounting Standards

Financial Accounting Standards Board (FASB) Accounting Standards Updates (ASU) No. 2010-06, *Fair Value Measurements and Disclosures (Topic 820) - Improving Disclosures About Fair Value Measurements*, requires expanded disclosures related to fair value measurements including (i) the amounts of significant transfers of assets or liabilities between Levels 1 and 2 of the fair value hierarchy and the reasons for the transfers, (ii) the reasons for transfers of assets or liabilities in or out of Level 3 of the fair value hierarchy, with significant transfers disclosed separately, (iii) the policy for determining when transfers between levels of the fair value hierarchy are recognized, and (iv) for recurring fair value measurements of assets and liabilities in Level 3 of the fair value hierarchy, a gross presentation of information about purchases, sales, issuances and settlements. ASU 2010-06 further clarifies that (i) fair value measurement disclosures should be provided for each class of assets and liabilities (rather than major category), which would generally be a subset of assets or liabilities within a line item in the statement of financial position and (ii) companies should provide disclosures about the valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements for each class of assets and liabilities included in Levels 2 and 3 of the fair value hierarchy. The disclosures related to the gross presentation of purchases, sales, issuances, and settlements of assets and liabilities included in Level 3 of the fair value hierarchy are required for the Plan beginning January 1, 2011. The remaining disclosure requirements and clarifications made by ASU 2010-06 became effective for the Plan on January 1, 2010.

In September 2010, the FASB issued ASU 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans*, which requires participant loans to be measured at their unpaid principal balance plus any unpaid interest and classified as notes receivable from participants. Previously, participant loans were measured at fair value and classified as investments. This update is effective for fiscal years ending after December 15, 2010, and is required to be applied retrospectively. Adoption of ASU 2010-25 did not change the value of participant loans from the amount previously reported as of December 31, 2009. Participant loans receivable have been reclassified from investments to participant loans receivable as of December 31, 2009.

In May 2011, the FASB issued ASU 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements*, in US GAAP and International Financial Reporting Standards (IFRS), to converge the fair value measurement guidance in U.S. generally accepted accounting principles and IFRS. Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a principal in the original Accounting Standard. In addition, this update required additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. The Plan Administrator is currently evaluating the effect of Accounting Standard Update 2011-04 on the Plan's financial statements.

NOTE 3 - NON-DISTRIBUTED BENEFITS

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid. At December 31, 2010 and 2009, there were no benefits payable to participants who had withdrawn from the Plan.

NOTE 4 - NON-DISCRIMINATION FOR EMPLOYEE AND EMPLOYER CONTRIBUTIONS

The Plan, as required by the IRC, performs annual tests between highly compensated participants versus non-highly compensated participants to ensure that highly compensated participants are not disproportionately favored under the Plan. If the Plan fails the tests, it must refund the excess deferred contributions. For the years ended December 31, 2010 and 2009 respectively, excess contributions received by the Plan were $410 and $3,999.

NOTE 5 - INVESTMENTS

The following presents investments that represent five percent or more of the Plan net assets:

	2010
Transamerica Stable Value Option Fund	100,386
Vanguard Target Retirement 2045	94,742
American Funds Fundamental Investment Fund	75,727
Loomis Sayles Bond	65,203
Transamerica Equity Retirement Fund	51,276
Transamerica Partners Mid Value Fund	47,856
American Funds Growth Fund	40,509

	2009
Transamerica Stable Value Option Fund	$ 102,798
Transamerica Equity	42,917
Loomis Sayles Bond	48,564
Transamerica Partners Mid Value Fund	56,128
American Funds Fundamental Investment Fund	58,280
Transamerica American Funds Growth Fund	41,694
Vanguard Target Ret 2045	76,424

During 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year), appreciated (depreciated) in value as follows:

	2010
Interest and dividends	$ 2,519
Net investment gain from pooled separate accounts	73,864
Net Investment Income	$ 76,383

The Plan uses fair value measurements to record fair value adjustment to certain assets and liabilities and to determine fair value disclosures.

Fair Value Measurements

The following table presents the balances of the assets measured at fair value on a recurring basis as of December 31, 2010 and 2009. The Plan did not have any liabilities measured at fair value on a recurring basis as of December 31, 2010 and 2009.

December 31, 2010	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
ASSETS				
Pooled separate accounts	$ 603,355	$ 521,565	$ 81,790	$ -
Stable value fund	100,389	-	100,389	-
Total	$ 703,744	$ 521,565	$ 182,179	$ -
December 31, 2009				
ASSETS				
Pooled separate accounts	$ 509,768	$ 497,657	$ 12,111	$ -
Stable value fund	102,798	-	102,798	-
Total	$ 612,566	$ 497,657	$ 114,909	$ -

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures* (formerly FASB Statement No. 157), provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Pooled Separate Accounts (PSA): Valued at net asset value as reported by the investment manager of the fund.

Stable Value Fund: contract value approximates the fair market value as reported by the investment manager of the fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan did not have any Level 3 investments, assets or liabilities measured at fair value on a recurring basis as of December 31, 2010 and 2009.

The Plan did not have any assets or liabilities recorded at fair value on a non-recurring basis.

NOTE 6 – BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has entered into a benefit-responsive investment contract with Transamerica Life Insurance Company (TLIC). TLIC maintains the contributions in a general account. The investment choices have a portfolio investment rate design in which all deposits in the particular investment choice are credited with the same interest rate on a daily basis, and with no set maturity. The effective credited interest rate is set monthly and effective on the first day of the month. Accordingly, the contract value approximates the fair market value.

The Stable Value Option investment choices of Transamerica Group Annuity (TGA) comply with the Financial Accounting Standards Board's fully benefit-responsive requirements.

- The Stable Value Option investment choice is a nontradable obligation of TGA. Thus, the investment's contract or proceeds cannot nor will not be assigned or sold to another party without the consent of TGA.

- The repayment of principal and interest credited to participants holding the investment is a financial obligation of TGA. However, if an event should ever occur such that realization of full contract value for a particular investment contract is no longer probable – for example, a significant decline in credit worthiness of TGA, the Stable Value Option investment choice may no longer be considered fully benefit-responsive.

- The terms of Transamerica Group Annuity Contract require all permitted participant-initiated transactions involving the investment to occur at contract value with no conditions, limits or restrictions. Permitted participant-initiated transactions are those allowed by the underlying defined contribution plan such as withdrawals for benefits, loans or transfers to other investment choices within the plan.

- Since the Stable Value Option investment choice is an obligation of TGA, the occurrence of an event that limits the ability of the investment to transact at contract value with TGA and participants holding the investment is not probable.

- The Stable Value Option investment choice allows participants reasonable access to their assets in it.

Stable Value Option Investment Choice Performance History:

	2010	2009
Average yields:		
Based on actual earnings	2.69%	3.16%
Based on interest rate credited to participants	2.69%	3.16%

NOTE 7 - TERMINATION OF PLAN

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA.

NOTE 8 - CERTIFICATION BY THE TRUSTEE AND CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee of the Plan has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as reflected in the Statements of the Net Assets Available for Benefits as of December 31, 2010 and 2009

- Investment activity, as reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2010

- Investment information disclosed in Note 5 in the financial statements

- Investments, as reflected in Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2010

The Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this certified information except for comparing such information with the related information included in the financial statements and supplemental schedule.

NOTE 9 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Transamerica Retirement Services (Transamerica). Transamerica is the trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $6,876 and $6,066 for the years ended December 31, 2010 and 2009, respectively.

NOTE 10 - SUBSEQUENT EVENTS

The Plan's management evaluated subsequent events through September 9, 2011, the date on which the financial statements were issued and no additional disclosures were required.
