Purvis 401(k) Plan

We were engaged to audit the financial statements of the Purvis 401(k) Plan (the "Plan") as of December 31, 2010 and 2009 and for the year ended December 31, 2010, and the supplemental schedule as of December 31, 2010, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2010 and 2009 that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America established by the American Institute of Certified Public Accountants and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

December 31, 2010 and 2009

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Purvis 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of affiliates Purvis Industries, Ltd. and Conveyor Aggregate Products Corp. (collectively, the "Company" or the "Employer") who are twenty-one (21) years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions

Under the Plan, employees are permitted to contribute between 1% and 100% of their annual gross compensation up to the maximum amount allowed by law. Participants who are projected to be age 50 or older by the end of the calendar year and who are making contributions to the Plan are eligible to make additional catch up contributions of up to $5,500 for 2010 and 2009. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may match a discretionary percentage, as determined by the Company. The discretionary matching contribution made by the Company during 2010 was $136,752.

Participant Accounts

Each participant's account is credited with 1) the participant's contributions; 2) an allocation of the Company's discretionary matching contribution, if any; and 3) Plan earnings or losses. Participants direct their account balances among the various Plan investments at their discretion.

Vesting

Participants are immediately vested in their voluntary contributions, plus investment earnings. Vesting of Company contributions is determined by years of continuous service. A participant vests 20% per year, beginning after two years of service, with 100% vesting earned after six years of active service.

Forfeitures

Forfeitures of nonvested balances can be used to reduce employer contributions or to pay for Plan administrative expenses. Forfeitures totaled approximately $27,000 and $21,000 as of December 31, 2010 and 2009, respectively. No amounts were used in either year.

Payment of Benefits

On termination of service, retirement, disability, or death, or upon request by the participant, payment will be made to the participant or his or her beneficiary either in installments or a lump-sum amount equal to the value of the participant's vested account. The Plan administrator may make involuntary distributions to such participant if his or her account balance is less than $5,000.

NOTE A - DESCRIPTION OF THE PLAN - Continued

Notes Receivable from Participants

Participants are permitted to borrow a portion of their vested account balance from a minimum amount of $1,000 up to a maximum of the lesser of one-half of the participant's vested account balance or $50,000. Interest on the loans is charged at a rate equal to the Prime Rate at the time the loan is made plus 2%. Repayments are made by participants via payroll deduction on a bi-weekly basis. Loans may be outstanding for up to a ten-year period.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

In preparing financial statements in conformity with US GAAP, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Participant contributions are recorded at the time they are withheld from the salaries of the participants. Company contributions are recorded when announced.

Payment of Benefits

Benefits are recorded when paid.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES - Continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses

Investment advisory fees for portfolio management are paid directly from fund earnings, and they are included in the mutual fund expense ratios of the funds. All other administrative expenses are paid from participants accounts.

Recent Accounting Pronouncements

In September 2010, the Financial Accounting Standards Board ("FASB") issued ASU 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans,* which requires participant loans to be classified as notes receivable and measured at unpaid principal balance plus accrued but unpaid interest. Previously, these participant loans were classified as Plan investments and were subject to the fair value measurement requirements of ASC 820, *Fair Value Measurements and Disclosures.* In its December 31, 2010 financial statements, the Plan adopted this new guidance and has reclassified participant loans from Plan investments to notes receivable from participants in the Statements of Net Assets Available for Benefits. Other than the reclassification requirements, the adoption of this standard did not have a material impact on the Plan's financial statements.

NOTE C – FINANCIAL DATA CERTIFIED BY THE TRUSTEE OF THE PLAN

The following information and related activity, and that included on the attached supplemental schedule, has been certified as complete and accurate by Fidelity Management Trust Company ("Fidelity"), and, at the Plan administrator's request, has not been audited by the Plan's independent certified public accountants other than to agree the information to the certified statements. All other information included in these financial statements has been audited in accordance with auditing standards generally accepted in the United States of America.

NOTE D - FAIR VALUE MEASUREMENT

US GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE D - FAIR VALUE MEASUREMENT - Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for the assets measured at fair value at December 31, 2010 and 2009:

Mutual Funds: Valued at the net asset value of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2010 and 2009.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Assets at fair value as of December 31, 2010

NOTE E - RISKS AND UNCERTAINTIES

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market, and concentration of credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE F - TERMINATION OF THE PLAN

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the Company's contributions.

NOTE G - TAX STATUS

On January 22, 2001, the Internal Revenue Service ("IRS") stated the prototype adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

US GAAP requires Plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would required the recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE H - RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Fidelity, the trustee of the Plan. Certain fees paid to the Plan trustee for investment management services are incorporated into the expense ratios of the individual mutual funds and paid directly from fund earnings; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for management services amounted to $16,013 for the year ended December 31, 2010.

NOTE I - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the accompanying financial statements to the Form 5500 for the years ended December 31, 2010 and 2009:

	2010	2009
Net assets available for benefits per the financial statements	$8,765,626	$7,143,797

Employer contributions receivable	(136,752)	(104,720)
Net assets available for benefits per Form 5500	$8,604,379	$7,030,485

The following is a reconciliation of the increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2010:

Net increase in assets available for benefits per the financial statements	$1,621,839
Add:	
Prior year receivables	128,700
Current year excess contributions	-
Less:	
Prior year excess contributions	(15,388)
Current year receivables	(161,247)
Net increase in assets available for benefits per Form 5500	$1,573,904

NOTE J - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through June 16, 2011, the date the financial statements were available to be issued, and determined there were no events that occurred that would have significantly affected the financial statements.
