Independent Auditors' Report

To the Participants and Administrator of
National Pump Company 401(k) Savings Plan
Glendale, Arizona

We were engaged to audit the accompanying statements of net assets available for benefits of National Pump Company 401(k) Savings Plan as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the Supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Plan Year), as of December 31, 2010. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Great-West Life & Annuity Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the custodian as of and for the years ended December 31, 2010 and 2009, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Because of the significance of the information we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

**Notes to Financial Statements
For The Years Ended December 31, 2010 and 2009**

NOTE 1. THE PLAN

The Plan was created to enable eligible permanent employees of National Pump Company (the "Company") to assist in meeting their retirement income requirements by providing a payroll based savings program.

The following description of the National Pump Company 401(k) Savings Plan, (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established as of January 1, 1995 and restated on March 31, 2008, and is a defined contribution plan covering all eligible employees of the Company. The Plan is available to all employees of the Company upon attaining age 21 and completing three consecutive months of service. If an employee does not satisfy this requirement in the first designated period of months following their employment commencement date, such employee is deemed to satisfy the eligibility requirement period upon completing a year of service, as defined in the plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company serves as the Plan Administrator.

Contributions

Employees of the Company may elect to contribute to the Plan through tax-deferred salary deferrals up to 20% of their annual compensation, as defined by the Plan, up to a statutory maximum determined by the Internal Revenue Service. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan permits participants to make certain tax-free transfers (rollovers) of lump sum distributions received from other tax-qualified plans. Participants' salary deferrals and rollover contributions vest immediately.

Company Matching Contributions

The Company may make a matching contribution equal to a discretionary percentage of salary deferrals, as determined annually. Additionally, the Company may, at its discretion, make a profit sharing contribution. During the year ended December 31, 2010, the matching contributions made by the Company totaled \$38,739. The Company did not make a profit sharing contribution.

Vesting

Participants are immediately vested in their contribution plus actual earnings thereon. Vesting in the Company's matching and non-elective contributions is based on years of service, with 100% vesting after five years.

NOTE 1. THE PLAN - Continued

Participant Accounts

Each participant's account is credited with the participant's contributions, and allocations of (a) the Company's contributions, if any, (b) plan earnings, and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined at the inception of the loan by the custodian. Principal and interest are paid ratably through bi-weekly payroll deductions.

Hardship Withdrawal

Participants are allowed to make hardship withdrawals from the Plan in certain situations as defined in the Plan agreement.

Payment of Benefits

Upon termination of employment with the Company, participants are entitled to the vested portion of their account balances. If the employee's vested balance is not more than \$1,000, the Plan Administrator may distribute the benefit early. If the value of a terminated participant's vested account balance exceeds \$1,000, the participant has the option to keep the vested amount in the Plan until the earlier of: (1) the date the participant reaches normal retirement age, (which is age 65 years), as defined in the Plan; (2) the date the participant consents in writing to receive a distribution (in a lump-sum or installments); or (3) termination of the Plan. These accounts share in the allocation of plan income or loss. Terminated employees have the option to remain in the Plan or receive a cash distribution.

Forfeited Accounts

At December 31, 2010 and 2009, forfeited nonvested accounts totaled \$34 and \$0, respectively. These accounts will be used to reduce future employer contributions. During the year ended December 31, 2010, employer contributions were reduced by \$1,519 from forfeited nonvested accounts.

Reclassifications

In September 2010, the Financial Accounting Standards Board (FASB) issued ASU No. 2010-25, Plan Accounting-Defined Contribution Plan: Reporting Loans to Participants by Defined Contribution Pension Plans, which requires participant loans to be reclassified from investments at fair value to notes receivable from participants. The guidance is required to be applied retrospectively to all prior periods presented and accordingly, notes receivable from participants in the 2009 statement of net assets available for benefits has been reclassified to conform to the 2010 presentation.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Subsequent events were evaluated through September 23, 2011, which is the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis, interest income is reported on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All Plan investment management fees are paid from the investment earnings of the individual investments. For the year ended December 31, 2010, expenses related to administration of the Plan were \$1,238. All other significant administrative expenses of the Plan are paid by the Sponsor.

Net Appreciation in Fair Value

The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation in the fair value of its investments which consists of the realized gains or losses, the unrealized appreciation on those investments, and reinvested interest and dividends

Concentration of Credit Risk and Financial Instruments

Financial instruments which potentially subject the Plan to concentrations of credit risk consist of securities held by a brokerage house and investment agreements.

NOTE 3. INVESTMENTS

The following presents investments that represent five percent or more of the Plan's net assets for either 2010 or 2009.

NOTE 4. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted market prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs are unobservable and are the lowest priority. The Plan uses approximate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 2 Fair Value Measurements

Investments in units of pooled separate accounts are stated at unit value, which is based on the aggregate value of the account in relation to the total number of units outstanding.

Level 3 Fair Value Measurements

The guaranteed investment account with an insurance company is not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined using an income approach by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

NOTE 4. FAIR VALUE MEASUREMENTS - Continued

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2010 are reported in net appreciation in pooled separate accounts.

NOTE 5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 1995, the Plan entered into a benefit responsive investment contract with Great-West Life & Annuity Insurance Company ("Great-West"). Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments, and charged for plan withdrawals and administrative expenses. The contract is included in the Plan at contract value as reported to the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2010 and 2009 was \$258,553 and \$270,609, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Great-West. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to Plan's prohibition on completing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any

required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with Plan participants, is probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

<i>Average Yields:</i>		
Based on actual earning	2.43%	2.96%

NOTE 6. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-108 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments.

- Investments, at fair value
- Other interest income
- Net appreciation in pooled separate accounts, including reinvested interest and dividends
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8. SEPARATED PARTICIPANTS

At December 31, 2010, there was \$78,886 allocated to accounts of persons who have separated from employment with the Company, are no longer contributing to the Plan but have not withdrawn funds from the Plan.

NOTE 9. TAX STATUS OF THE PLAN

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan follows the provisions of the Income Taxes topic of the FASB Accounting standards Codification when accounting for certainty in income taxes. The Plan believes it has no uncertain tax positions that qualify for either recognition or disclosure. As of December 31, 2010, due to statutes of limitation, the Plan is no longer subject to examination of its Form 5500 by the IRS for years prior to 2007.

NOTE 10. RELATED PARTY TRANSACTION

The Plan investments consist of shares of mutual funds as well as money market funds managed by Great-West. Great-West is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

NOTE 11. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments securities will occur in the near term and that such change could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefit.
