Independent Auditors' Report

Plan Committee
Sunland Fire Protection, Inc. 401(k) Profit Sharing Plan
High Point, North Carolina

We were engaged to audit the financial statements and supplemental schedule of the Sunland Fire Protection, Inc. 401(k) Profit Sharing Plan as of and for the years ended December 31, 2010 and 2009 and the supplemental schedule as of December 31, 2010, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Branch Banking and Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Sunland Fire Protection, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

1. **Description of Plan** The following description of the Sunland Fire Protection, Inc. (the "Company") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement or summary plan description for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan available to eligible employees of the Company. To be eligible to participate in the Plan, an employee must have attained the age of 21 and completed one year of service with more than 1,000 hours. Employees may begin participation as of January 1, April 1, July 1, or October 1 of the year in which they meet the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions – Participants may elect to contribute a percentage of their pre-tax annual compensation, as defined in the Plan, not to exceed the limits set by the Internal Revenue Service ("IRS"). Participants who have attained age 50 are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. For 2010 and 2009, the Company matched 15% and 50% of the first 6% of base compensation that each participant contributed to the Plan, respectively. The Company may also make a discretionary profit sharing contribution to be determined annually by the Board of Directors. The profit sharing contribution is allocated to participants based upon the percentage of their compensation to total compensation for all eligible participants. Participants must complete 1,000 hours of service and be employed on the last day of the Plan year in order to receive Company contributions. There was no discretionary profit sharing contribution in 2010 or 2009.

See accompanying independent auditors' report.

Sunland Fire Protection, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

1. **Description of Plan (Continued)** Upon enrollment in the Plan a participant may direct employee contributions in any of the investment options offered through the Plan. Participants may change their options at any time. Participants may change their deferred percentages quarterly on January 1, April 1, July 1 and October 1.

Participants' Accounts – Each participant's account is credited with the participant's and the Company's contributions and an allocation of the Plan's net earnings and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions, plus any income or loss thereon. Vesting in the Company's discretionary matching and profit sharing contributions, plus any income or loss thereon, is based on years of continuous service according to the following schedule:

<u>Years of Continuous Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits – Upon termination of service due to death, disability, retirement or separation, a participant may elect to receive a lump-sum payment or installment payments. In-service distributions may be made to participants who have reached age 59½. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan.

See accompanying independent auditors' report.

Sunland Fire Protection, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

1. **Description of Plan (Concluded)** **Forfeitures** – Forfeitures from non-vested participant accounts may be used to offset future Company contributions. During 2010 and 2009, forfeitures in the amount of \$38,144 and \$15,529 were used to reduce the Company's contributions, respectively. Forfeited non-vested accounts available to offset future Company contributions totaled \$13,369 at December 31, 2010.

Notes Receivable from Participants – A participant may borrow from the Plan only to meet a financial hardship, as defined by the Plan. Loans can be requested from a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Terms are up to five years and only one note may be outstanding at a time. The notes are secured by the vested account balance in the participant's account and bear interest at the prime rate plus 1% at the date of the application. Principal and interest are paid through payroll deductions.

Administrative Expenses – The Company absorbs certain expenses incidental to the administration of the Plan, including internal administrative costs. Other fees including trustee, recordkeeping, and asset fees are paid by the Plan.

2. **Summary of Significant Accounting Policies**

Basis of Accounting – The accompanying financial statements have been prepared under the accrual method of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

See accompanying independent auditors' report.

Sunland Fire Protection, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition – Investments are primarily stated at fair value based upon quoted market prices. Participant loans are valued at their outstanding balances which approximates fair value. Purchases and sales of investments are recorded on a trade date basis. Dividends are recorded on the ex-dividend date.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common collective trust fund. Therefore, the statements of net assets available for benefits presents the fair value of the investment in the common collective trust fund as well as the adjustment of the investment in the common collective trust fund from fair value to contract value for these investment contracts. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits – Benefits are recorded when paid.

See accompanying independent auditors' report.

**2. Summary of
Significant
Accounting Policies
(Concluded)**

Recent Accounting Pronouncements – In January 2010, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update 2010-06, Improving Disclosures about Fair Value Measurements (Topic 820) – Fair Value Measurements and Disclosures (“ASU 2010-06”), to add additional disclosures about the different classes of assets and liabilities measured at fair value, the valuation techniques and inputs used, and the activity in Level 3 fair value measurements. The Plan has adopted ASU 2010-06 for the year ended December 31, 2010 and has expanded the fair value disclosures in Note 9 accordingly.

In September 2010, FASB issued Accounting Standards Update 2010-25, Reporting Loans to Participants by Defined Contribution Pension Plans (“ASU 2010-25”). ASU 2010-25 requires participant loans to be measured at their unpaid principal balance plus any accrued but unpaid interest and to be classified as notes receivable from participants. Previously, loans were measured at fair value and classified as investments. The Plan has adopted ASU 2010-25 for the year ended December 31, 2010 and has reclassified participant loans to notes receivable from participants as of December 31, 2010 and 2009.

* Less than 5%

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

<i>December 31,</i>	2010	2009
Mutual funds	\$ 159,313	\$ 277,625

4. Information Certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

<i>December 31,</i>	2010	2009
Investments	\$ 2,556,328	\$ 2,185,314
Notes receivable from participants	25,009	21,682
Interest income on notes receivable from participants	1,023	1,892
<i>Year ended December 31,</i>	2010	2009

Net appreciation in fair value of investments	159,313	277,625

See accompanying independent auditors' report.

Sunland Fire Protection, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

4. **Information Certified by the Plan's Trustee (Concluded)** The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.
5. **Risk and Uncertainties** The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.
6. **Income Tax Status** The Plan has adopted a non-standardized plan document sponsored by Branch Banking and Trust Company ("BB&T"). The IRS has determined and informed BB&T by a letter dated August 30, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter; however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits relative to the Plan for any tax periods in progress. Certain federal tax returns from prior years are subject to examination by the IRS.

See accompanying independent auditors' report.

Sunland Fire Protection, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

7. **Plan Termination** Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants' accounts will become fully vested and nonforfeitable.
8. **Party-In-Interest Transactions** Administrative fees paid by the Plan to BB&T for trustee and recordkeeping services amounted to \$15,640 and \$15,805 for 2010 and 2009. BB&T is the trustee and recordkeeper of the Plan. As such, these transactions qualify as party-in-interest.
9. **Fair Value Measurements** The Plan has adopted ASC 820, "Fair Value Measurements and Disclosures" ("ASC 820") which establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy under ASC 820 are as follows:

Basis of Fair Value Measurements

- Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;
- Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

See accompanying independent auditors' report.

Sunland Fire Protection, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

9. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2010 and 2009.

Mutual funds and common collective trust funds: Valued at the net asset value ("NAV") of shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the investments by level as defined within the fair value hierarchy as of December 31, 2010.

	Investment Assets at Fair Value
