#### INDEPENDENT AUDITOR'S REPORT

To the Trustee, Plan Administrator, and Participants Atlas Plus 401(k) Profit Sharing and Retirement Plan 7000 Global Drive Louisville, Kentucky 40258

We were engaged to audit the accompanying financial statements of net assets available for benefits of Atlas Plus 401(k) Profit Sharing and Retirement Plan as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedule of assets (held at end of year) for December 31, 2010. These financial statements and the supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company in Boston, Massachusetts, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and the supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee, as of December 31, 2010 and 2009 and for the year ended December 31, 2010, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and the supplemental schedule taken as a whole. The form and content of the information included in the financial statements and the supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS December 31, 2010 and 2009

#### Note 1 – Plan Description

The following description of the Atlas Plus 401(k) Profit Sharing and Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

#### General

The Plan is a defined contribution plan sponsored by Atlas Machine & Supply, Inc. (Company), which covers all employees of the Company who have attained three months of service, except employees covered by a collective bargaining agreement, leased employees, and nonresident aliens. The Plan is subject to the provisions of ERISA.

#### **Contributions**

Through automatic enrollment, the participant will contribute three percent of his or her eligible earnings (as defined by the Plan) on a before-tax basis. Once enrolled, participants may elect to increase, decrease, or stop their contributions at any time with the change effective as soon as administratively possible.

Each year, participants may contribute up to 60 percent of their eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual fund accounts for participants. Participants may change their investment options daily. The Company may contribute a matching amount which is discretionary and is decided by the Board of Directors. Contributions are subject to certain limitations.

#### Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### **Vesting**

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100 percent vested after five years of service.

NOTES TO FINANCIAL STATEMENTS December 31, 2010 and 2009

#### *Note 1 – Plan Description (Continued)*

#### Payment of Benefits

On termination of service due to death, disability, termination, or retirement, a participant receives a lump-sum amount or installment payments equal to the value of the participant's vested interest in his or her account. Participants may request a hardship withdrawal of a portion of their account attributable to participant deferrals. Any hardship withdrawal is limited to the amount needed to meet the financial need.

#### Forfeited Accounts

At December 31, 2010 and 2009, forfeited non-vested accounts totaled \$1,331 and \$4,654, respectively. These accounts will be used to reduce future employer contributions or to pay operating expenses of the Plan.

#### Note 2 – Summary of Accounting Policies

#### **Basis of Accounting**

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

#### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS December 31, 2010 and 2009

#### Note 2 – Summary of Accounting Policies (Continued)

#### Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investments in common or collective investment trusts are valued at the purchase or redemption price of the shares of participation as determined by Fidelity Trust Management Company and are based on the quoted market value of the underlying investments in the trust. The value is determined by using the information reported by the investment advisor using audited financial statements of the collective trust at year-end.

#### Payment of Benefits

Benefits are recorded when paid.

#### Administrative Expenses

All expenses of maintaining the Plan are paid by the Plan.

#### Subsequent Events

The Plan has evaluated subsequent events through September 27, 2011, the date the financial statements were available to be issued.

#### Recently Issued Accounting Standards

#### <u>Improving Disclosures about Fair Value Measurements</u>

The Financial Accounting Standards Board (FASB) issued ASU 2010-6 "Improving Disclosures about Fair Value Measurements", which requires new disclosures and reasons for transfers of financial assets and liabilities between Levels 1 and 2. This amendment also clarifies that fair value measurement disclosures are required for each class of financial assets and liabilities, and those disclosures should include a discussion of inputs and valuation techniques. It further clarifies that the reconciliation of Level 3 measurements should separately present purchases, sales, issuances, and settlements instead of netting these changes.

NOTES TO FINANCIAL STATEMENTS December 31, 2010 and 2009

#### Note 2 – Summary of Accounting Policies (Continued)

#### Recently Issued Accounting Standards (Continued)

With respect to matters other than Level 3 measurements, the amendment was effective for fiscal periods beginning on or after December 15, 2009 and was adopted by the Plan. The guidance related to Level 3 measurements is effective for periods beginning on or after December 15, 2010 and has not yet been adopted. We are currently evaluating the impact of the guidance related to Level 3 measurements on our disclosures.

#### Note 3 – Summary of Financial Data Certified by the Trustee

The following is a summary of the Plan's financial information as of December 31, 2010 and 2009, and for the year ended December 31, 2010, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that the following assets are complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedule related to the following assets.

	2010	2009
Net Assets Available for Benefits Held by Trustee		
Investments at fair value	12,051,928	11,140,321
Statement of Changes in Net Assets Available for Benefits		
Investment income		
Interest and dividends	132,150	
Net appreciation in fair value of investments	1,358,273	
	1,490,423	

The trustee maintains the Plan's financial data on the modified accrual basis of accounting. Differences between the data summarized above and that included in the accompanying financial statements have resulted from contributions receivable not being recorded by the trustee until received.

NOTES TO FINANCIAL STATEMENTS December 31, 2010 and 2009

#### Note 4 – Investments

The following presents investments that represent five percent or more of the Plan's net assets.

	2010	2009
Fidelity Contrafund	2,347,284	2,134,058
Fidelity Diversified International Fund	*	482,068
Fidelity Fund	807,493	804,446
Fidelity Growth Company Fund	2,259,980	1,902,351
Fidelity Magellan Fund	1,162,860	1,260,876
Fidelity Managed Income Portfolio	889,383	1,081,761

<sup>\*</sup> The investment does not represent five percent or more of the Plan's net assets.

During 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Mutual Funds <u>1,358,273</u>

#### *Note 5 – Fair Value Measurements*

FASB Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTES TO FINANCIAL STATEMENTS December 31, 2010 and 2009

#### Note 5 – Fair Value Measurements (Continued)

#### Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets:
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Common collective trust: Valued at the purchase or redemption price of the shares of participation and based on quoted market value of the underlying investments in the trust.

The methods described above may produce a fair value calculation that may not be indicative of NAV or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS December 31, 2010 and 2009

#### Note 5 - Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2010 and 2009:

	Assets at Fair Value as of December 31, 2010

#### Note 6 - Related Party Transactions

Certain Plan investments consist of shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan. These transactions have been disclosed as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$15,150 and \$19,771 for the years ended December 31, 2010 and 2009, respectively.

The Company provides certain administrative services at no cost to the Plan.

NOTES TO FINANCIAL STATEMENTS December 31, 2010 and 2009

#### Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.

#### Note 8 – Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by letter dated August 11, 1997, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan's administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Administration believes it is no longer subject to income tax examinations for years prior to 2007.

#### Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
