NOTE 1 – Description of Plan

The following description of the Quick Crete Products Corporation 401(K) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

Quick Crete Products Corporation 401(K) Plan is a defined contribution plan covering all full-time employees of Quick Crete who have one year of service and are twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Each year, participants may contribute from 1%-100% in increments of 1% of pretax annual compensation each plan year, as defined in the Plan. Additionally, federal tax law limits the annual amount employees can contribute ($16,500 for 2010). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 22 mutual funds as investment options for participants. As of March 6, 2009 the plan was amended to change the employer matching contribution to "Discretionary".

Participant Accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) Quick Crete's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Participant Loans:

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear an interest rate equal to the prime rate as published in *The Wall Street Journal* on the 14th of each month, plus one percentage point. Principal and interest is paid ratably through payroll deductions or prepaid by certified check.

NOTE 1 – Description of Plan, Cont.

Payment of Benefits:

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or monthly installments. Benefits are recorded when paid.

Forfeited Accounts:

At December 31, 2010 & 2009, forfeited non-vested accounts totaled $-0-. Forfeited non-vested accounts are applied to payment of Plan administration expenses and any remaining balance is used to reduce future employer contributions. In 2010 & 2009, employer contributions were reduced by $0 from forfeited non-vested accounts.

NOTE 2 – Summary of Significant Accounting Policies

Estimates:

The preparation of financial statements in conformity with generally accepted principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. Participant loans are valued at their outstanding balances, which approximate fair value.

Purchase and sale of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.
