INDEPENDENT AUDITOR'S REPORT

To the Trustees and Plan Administrators
H.O. Penn 401(k) & Profit Sharing Plan and Trust
Poughkeepsie, NY

We were engaged to audit the accompanying statements of net assets available for benefits of H.O. Penn 401(k) & Profit Sharing Plan and Trust as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010 and the supplemental Schedule H, line 4i-Schedule of Assets (Held at End of Year) referred to as "supplemental information," as of December 31, 2010. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B., the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2010 and 2009 and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

NOTE 1 - DESCRIPTION OF PLAN

The following description of the H.O. Penn 401(k) & Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering full-time employees of both H.O. Penn Machinery Company, Inc. and Penn Rents, L.L.C. (collectively the "Company") who are not covered by a collective bargaining agreement that provides for retirement benefits. Eligibility for the 401(k) Plan and the Profit Sharing Plan require services of three and six months, respectively. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

(b) Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investments of their contributions into various investment options offered by the Plan. The Company, on a payroll basis, contributes 50 percent of the first 6 percent of compensation contributed as pre-tax contributions. Additional amounts may be contributed at the option of the Company's board of directors. Annual contributions are subject to certain limitations prescribed by the Internal Revenue Code.

(c) Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (i) the Company's contribution and (ii) Plan net earnings. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants' nonvested 401(k) accounts are used to reduce future Company contributions and reimbursement of certain Plan administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

(e) Participant notes receivables

Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Interest rates range from 3.25 percent to 10.25 percent. Principal and interest is paid ratably through payroll deductions or by direct payment by the participants to their funds.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

NOTE 1 - DESCRIPTION OF PLAN (Continued)

(e) Participant notes receivables (Continued)
Effective with reporting for December 31, 2010 and 2009 Plan years, participant loans are presented as notes receivable (See Note 2e).

(f) Payment of benefits
On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments in the form of an annuity. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

(g) Administrative expenses
Although not required by the Plan, the Company has elected to pay the majority of the administrative expenses of the Plan, including legal, audit and other administrative expenses. Notwithstanding the foregoing, the Company may direct that administrative expenses that are allocable to the account of a specific participant to be paid from that account.

(h) Forfeitures
If a participant terminates with the Company prior to full vesting, the nonvested portion of his or her account attributable to the Company matching and discretionary contributions and earnings thereon is forfeited. The discretionary contributions and earnings thereon were reallocated to participants. At December 31, 2010 and 2009, forfeited nonvested accounts totaled $23,538 and $15,759, respectively. These accounts will be used to reduce future employer 401(k) matching contributions and certain administrative expenses. During 2010 and 2009, employer contributions were reduced by $7,844 and $66,461, respectively, from forfeited nonvested accounts. During 2010 and 2009, forfeitures offset administrative expenses of $326 and $1,375, respectively.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

(a) Basis of accounting
The financial statements of the Plan are prepared under the accrual basis of accounting.

(b) Investment valuation and income recognition
The Plan's investments are stated at fair value except for its investment contract (the Guaranteed Income Account), which is valued at contract value (see Note 3 – Investments). Shares of registered investment companies, held in pooled separate accounts, are valued at quoted net asset value of shares held by Prudential Financial at year-end. The Plan's investment contract is valued at contract value which approximates fair value. Participant notes receivable are valued at cost, which approximates fair value.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

(b) **Investment valuation and income recognition (Continued)**
Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(c) **Payment of benefits**
Benefits are recorded when paid.

(d) **Use of estimates**
The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(e) **Changes to accounting policies**
In September 2010, the FASB issued Accounting Standards Update 2010-25 (ASU 2010-25), "Reporting Loans to Participants by Defined Contribution Pension Plans". ASU 2010-25 updates Accounting Standards Codification Topic 962, "Defined Contribution Pension Plans". ASU 2010-25 requires defined contribution plans to report loans to employees as notes receivable rather than plan investments subject to fair value reporting. ASU 2010-25 is effective for plan years ending after December 15, 2010. The Plan adopted ASU 2010-25 in fiscal year 2010, and accordingly, reclassified prior year employee loan balances from investments to receivables to be consistent with the current presentation. However, ERISA requires the Plan to report participant loans as plan investments; accordingly, these loans are included in Form 5500, Part IV, Schedule H, line 4(i) Schedules of Assets (Held at End of Year) as well as Form 5500, Part I, line c(8) Participant Loans.

NOTE 3 - INVESTMENTS

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by Prudential Financial and was not subjected to any audit procedures performed by the independent certified public accountants:

(a) Total investments as shown in the accompanying statements of net assets available for benefits of $34,673,848 and $30,901,391 as of December 31, 2010 and 2009, respectively.

(b) Net investment income as shown in the accompanying statement of changes in net assets available for benefits of $3,284,575 for the year ended December 31, 2010.

NOTE 3 - INVESTMENTS (Continued)

(d) **Investment contract with insurance company**

The financial statement presentation and disclosure of the Prudential Retirement Insurance Guaranteed Income Fund (the "Fund") complies with Financial Accounting Standards Board Staff Position (FSP) AAG INV-1 and SOP 94-4-1, "Reporting of Fully Benefit-Responsive Investment Contracts Held by Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare Pension Plans" as of December 31, 2010 and 2009. The Fund is an investment contract with Prudential Retirement & Annuity Co. ("PRIAC"). PRIAC maintains the contributions in its general account. The Fund has no maturity date and PRIAC is obligated to repay the principal and a specified rate that is guaranteed to the Plan.

The Fund is fully benefit-responsive. As such, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Fund. Contract value, as reported to the Plan by PRIAC, represents contributions made under the Fund, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Since the Fund's contract value approximates fair value, there is no adjustment from fair value to contract value. Therefore, the Fund is included in the statements of net assets available for benefits at contract and fair values. The estimated contract and fair values of the Fund as of December 31, 2010 and 2009 was $12,047,537 and $12,017,748, respectively.

The average yield under the Guaranteed Income Fund Account was 3.00% in 2010 and 2009, respectively, based on the interest rate credited to participants, as well as actual earnings. When establishing the crediting interest rate, PRIAC considers many factors, including current economic and market conditions, the general interest rate environment and both the expected and actual experience of a reference portfolio within PRIAC's general account. These rates are established without the use of a specific formula and the minimum crediting rate, under the contract, cannot be less than 1.50%. Such interest rates are reviewed on a semi-annual basis for resetting.

Certain events, such as termination of the contract by the Plan or termination of the Plan, would not limit the Plan's ability to transact at contract value. Generally, there are no events that allow the issuer to terminate the contract and which require the Plan to settle at an amount different from contract value. The Plan administrator believes it is not probable, that occurrence of such events would limit the Plan's ability to transact at contract value with the Plan participants.

	$ 25,673,306	72.9 %	$ 20,524,367	64.6 %

* Does not represent 5% or more of net assets available for benefits.

For the year ended December 31, 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Pooled separate accounts	$ 1,735,119
Mutual funds	1,041,392
	$ 2,776,511

NOTE 5 - FAIR VALUE MEASUREMENTS

The Plan adopted ASC 820, Fair Value Measurements and Disclosures, which establishes a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1" measurements), gives the next priority to quoted values based on observable inputs ("Level 2" measurements), and the lowest priority to values based on unobservable inputs ("Level 3" measurements). The three levels of the fair value hierarchy under ASC 820 are briefly described below:

(a) Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. For example, stocks listed on a recognized exchange or listed mutual funds.

(b) Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

H.O. PENN 401(k) & PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

(c) **Level 3**
Inputs to the valuation methodology are unobservable and significant to the fair value measurement. For example, real estate using an independent appraisal process would be Level 3.

The asset's or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

(a) **Prudential Retirement Insurance Guaranteed Income Fund**
The fair value is based on discounted cash flows assuming termination of the contract, based on current yields of similar instruments with comparable durations and considering the creditworthiness of the issuer.

(b) **Pooled separate accounts**
Plan assets are represented by a "unit of account" and a per unit value whose value is the result of the accumulated values of underlying investments. The underlying investments are valued in the following ways:

- Equity securities (stock): Valued at the closing price reported on the active market on which individual securities are traded.
- Bonds: Valued based on prices derived by an independent party that uses inputs such as benchmark yields, reported trades, broker/dealer quotes, and issuer spreads. Prices are reviewed and can be challenged with the independent party and/or overridden by the company if the company believes such would be more reflective of fair value.
- Real estate: Values are determined through an independent appraisal process. The estimate of fair value is based on three approaches; (1) current cost of reproducing the property less deterioration and functional/economic obsolescence; (2) discounting a series of income streams and reversion at a specific yield or by directly capitalizing a single year income estimate by an appropriate factor; and (3) value indicated by recent sales of comparable properties in the market. Each approach requires the exercise of subjective judgment.

(c) **Mutual Funds**
The fair value is determined by reference to the funds' Net Asset Value (NAV). NAV per share is computed once a day based on the closing market prices of the securities in the fund's portfolio.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

All Plan investments are managed by Prudential Financial. Prudential Financial is a trustee and custodian of the Plan's assets and provides the Plan with certain administrative services and, therefore, the purchases and sales of these investments and resulting balances qualify as party-in-interest transactions. Fees paid by the Plan for investment management services amount to $1,876 for the year ended December 31, 2010.

NOTE 7 - PLAN TERMINATION

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 8 - TAX STATUS

The Plan obtained its latest determination letter on July 7, 2010, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter; however, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Audit periods remain open for review until the statute of limitations has passed. The completion of review or the expiration of the statute of limitations for a given period could result in an adjustment to the liability for income taxes. The statute of limitations for the tax years 2008 through 2010 are set to expire on October 15, 2012 through October 15, 2014, respectively. Thus, the 2008 through 2010 tax years are still open for Internal Revenue Service examination. The Plan does not anticipate any impact on the financial statements as a result of IRS examination of their tax return.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

H.O. PENN 401(k) & PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

NOTE 1 - DESCRIPTION OF PLAN

The following description of the H.O. Penn 401(k) & Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering full-time employees of both H.O. Penn Machinery Company, Inc. and Penn Rents, L.L.C. (collectively the "Company") who are not covered by a collective bargaining agreement that provides for retirement benefits. Eligibility for the 401(k) Plan and the Profit Sharing Plan require services of three and six months, respectively. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

(b) Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investments of their contributions into various investment options offered by the Plan. The Company, on a payroll basis, contributes 50 percent of the first 6 percent of compensation contributed as pre-tax contributions. Additional amounts may be contributed at the option of the Company's board of directors. Annual contributions are subject to certain limitations prescribed by the Internal Revenue Code.

(c) Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (i) the Company's contribution and (ii) Plan net earnings. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants' nonvested 401(k) accounts are used to reduce future Company contributions and reimbursement of certain Plan administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

(e) Participant notes receivables

Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Interest rates range from 3.25 percent to 10.25 percent. Principal and interest is paid ratably through payroll deductions or by direct payment by the participants to their funds.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

NOTE 1 - DESCRIPTION OF PLAN (Continued)

(e) Participant notes receivables (Continued)
Effective with reporting for December 31, 2010 and 2009 Plan years, participant loans are presented as notes receivable (See Note 2e).

(f) Payment of benefits
On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments in the form of an annuity. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

(g) Administrative expenses
Although not required by the Plan, the Company has elected to pay the majority of the administrative expenses of the Plan, including legal, audit and other administrative expenses. Notwithstanding the foregoing, the Company may direct that administrative expenses that are allocable to the account of a specific participant to be paid from that account.

(h) Forfeitures
If a participant terminates with the Company prior to full vesting, the nonvested portion of his or her account attributable to the Company matching and discretionary contributions and earnings thereon is forfeited. The discretionary contributions and earnings thereon were reallocated to participants. At December 31, 2010 and 2009, forfeited nonvested accounts totaled $23,538 and $15,759, respectively. These accounts will be used to reduce future employer 401(k) matching contributions and certain administrative expenses. During 2010 and 2009, employer contributions were reduced by $7,844 and $66,461, respectively, from forfeited nonvested accounts. During 2010 and 2009, forfeitures offset administrative expenses of $326 and $1,375, respectively.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

(a) Basis of accounting
The financial statements of the Plan are prepared under the accrual basis of accounting.

(b) Investment valuation and income recognition
The Plan's investments are stated at fair value except for its investment contract (the Guaranteed Income Account), which is valued at contract value (see Note 3 – Investments). Shares of registered investment companies, held in pooled separate accounts, are valued at quoted net asset value of shares held by Prudential Financial at year-end. The Plan's investment contract is valued at contract value which approximates fair value. Participant notes receivable are valued at cost, which approximates fair value.

H.O. PENN 401(k) & PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

(b) **Investment valuation and income recognition (Continued)**
Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(c) **Payment of benefits**
Benefits are recorded when paid.

(d) **Use of estimates**
The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(e) **Changes to accounting policies**
In September 2010, the FASB issued Accounting Standards Update 2010-25 (ASU 2010-25), "Reporting Loans to Participants by Defined Contribution Pension Plans". ASU 2010-25 updates Accounting Standards Codification Topic 962, "Defined Contribution Pension Plans". ASU 2010-25 requires defined contribution plans to report loans to employees as notes receivable rather than plan investments subject to fair value reporting. ASU 2010-25 is effective for plan years ending after December 15, 2010. The Plan adopted ASU 2010-25 in fiscal year 2010, and accordingly, reclassified prior year employee loan balances from investments to receivables to be consistent with the current presentation. However, ERISA requires the Plan to report participant loans as plan investments; accordingly, these loans are included in Form 5500, Part IV, Schedule H, line 4(i) Schedules of Assets (Held at End of Year) as well as Form 5500, Part I, line c(8) Participant Loans.

NOTE 3 - INVESTMENTS

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by Prudential Financial and was not subjected to any audit procedures performed by the independent certified public accountants:

(a) Total investments as shown in the accompanying statements of net assets available for benefits of $34,673,848 and $30,901,391 as of December 31, 2010 and 2009, respectively.

(b) Net investment income as shown in the accompanying statement of changes in net assets available for benefits of $3,284,575 for the year ended December 31, 2010.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

NOTE 3 - INVESTMENTS (Continued)

(d) **Investment contract with insurance company**

The financial statement presentation and disclosure of the Prudential Retirement Insurance Guaranteed Income Fund (the "Fund") complies with Financial Accounting Standards Board Staff Position (FSP) AAG INV-1 and SOP 94-4-1, "Reporting of Fully Benefit-Responsive Investment Contracts Held by Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare Pension Plans" as of December 31, 2010 and 2009. The Fund is an investment contract with Prudential Retirement & Annuity Co. ("PRIAC"). PRIAC maintains the contributions in its general account. The Fund has no maturity date and PRIAC is obligated to repay the principal and a specified rate that is guaranteed to the Plan.

The Fund is fully benefit-responsive. As such, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Fund. Contract value, as reported to the Plan by PRIAC, represents contributions made under the Fund, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Since the Fund's contract value approximates fair value, there is no adjustment from fair value to contract value. Therefore, the Fund is included in the statements of net assets available for benefits at contract and fair values. The estimated contract and fair values of the Fund as of December 31, 2010 and 2009 was $12,047,537 and $12,017,748, respectively.

The average yield under the Guaranteed Income Fund Account was 3.00% in 2010 and 2009, respectively, based on the interest rate credited to participants, as well as actual earnings. When establishing the crediting interest rate, PRIAC considers many factors, including current economic and market conditions, the general interest rate environment and both the expected and actual experience of a reference portfolio within PRIAC's general account. These rates are established without the use of a specific formula and the minimum crediting rate, under the contract, cannot be less than 1.50%. Such interest rates are reviewed on a semi-annual basis for resetting.

Certain events, such as termination of the contract by the Plan or termination of the Plan, would not limit the Plan's ability to transact at contract value. Generally, there are no events that allow the issuer to terminate the contract and which require the Plan to settle at an amount different from contract value. The Plan administrator believes it is not probable, that occurrence of such events would limit the Plan's ability to transact at contract value with the Plan participants.

NOTE 4 - NONPARTICIPANT-DIRECTED INVESTMENTS

Information about the net assets and the significant components of the change in net assets relating to the nonparticipant-directed investments is as follows:

	December 31, 2010	December 31, 2009
Net assets:		
Forfeiture account	$ 23,538	$ 15,759

	For the Year Ended December 31, 2010
Change in net assets:	
Forfeitures used to offset employer contributions	$ (7,844)
Forfeitures used to offset administrative expenses	(326)
Investment earnings on forfeitures	295
Forfeitures relating to current year activities	15,654
	$ 7,779

NOTE 5 - FAIR VALUE MEASUREMENTS

The Plan adopted ASC 820, Fair Value Measurements and Disclosures, which establishes a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1" measurements), gives the next priority to quoted values based on observable inputs ("Level 2" measurements), and the lowest priority to values based on unobservable inputs ("Level 3" measurements). The three levels of the fair value hierarchy under ASC 820 are briefly described below:

(a) Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. For example, stocks listed on a recognized exchange or listed mutual funds.

(b) Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

H.O. PENN 401(k) & PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

(c) **Level 3**
Inputs to the valuation methodology are unobservable and significant to the fair value measurement. For example, real estate using an independent appraisal process would be Level 3.

The asset's or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

(a) **Prudential Retirement Insurance Guaranteed Income Fund**
The fair value is based on discounted cash flows assuming termination of the contract, based on current yields of similar instruments with comparable durations and considering the creditworthiness of the issuer.

(b) **Pooled separate accounts**
Plan assets are represented by a "unit of account" and a per unit value whose value is the result of the accumulated values of underlying investments. The underlying investments are valued in the following ways:

- Equity securities (stock): Valued at the closing price reported on the active market on which individual securities are traded.
- Bonds: Valued based on prices derived by an independent party that uses inputs such as benchmark yields, reported trades, broker/dealer quotes, and issuer spreads. Prices are reviewed and can be challenged with the independent party and/or overridden by the company if the company believes such would be more reflective of fair value.
- Real estate: Values are determined through an independent appraisal process. The estimate of fair value is based on three approaches; (1) current cost of reproducing the property less deterioration and functional/economic obsolescence; (2) discounting a series of income streams and reversion at a specific yield or by directly capitalizing a single year income estimate by an appropriate factor; and (3) value indicated by recent sales of comparable properties in the market. Each approach requires the exercise of subjective judgment.

(c) **Mutual Funds**
The fair value is determined by reference to the funds' Net Asset Value (NAV). NAV per share is computed once a day based on the closing market prices of the securities in the fund's portfolio.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

All Plan investments are managed by Prudential Financial. Prudential Financial is a trustee and custodian of the Plan's assets and provides the Plan with certain administrative services and, therefore, the purchases and sales of these investments and resulting balances qualify as party-in-interest transactions. Fees paid by the Plan for investment management services amount to $1,876 for the year ended December 31, 2010.

NOTE 7 - PLAN TERMINATION

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 8 - TAX STATUS

The Plan obtained its latest determination letter on July 7, 2010, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter; however, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Audit periods remain open for review until the statute of limitations has passed. The completion of review or the expiration of the statute of limitations for a given period could result in an adjustment to the liability for income taxes. The statute of limitations for the tax years 2008 through 2010 are set to expire on October 15, 2012 through October 15, 2014, respectively. Thus, the 2008 through 2010 tax years are still open for Internal Revenue Service examination. The Plan does not anticipate any impact on the financial statements as a result of IRS examination of their tax return.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
