Independent Auditors' Report

The Plan Administrator
Sparton Medical Systems Colorado, LLC 401(k) Plan
Frederick, Colorado

We were engaged to audit the financial statements of Sparton Medical Systems Colorado, LLC 401(k) Plan (Plan) (formally known as Delphi Medical Systems Corporation 401(k) Plan) as of and for the year ended December 31, 2010. These financial statements are the responsibility of the Plan's management. Other auditors were engaged to audit the financial statements of the Plan as of December 31, 2009 and for the year then ended, whose report dated October 14, 2010 disclaimed an opinion for the same reason described in the following paragraph.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee held the Plan's investment assets and executed investment transactions. The Plan Administrator has obtained a certification from the trustee as of and for the year ended December 31, 2010 that the information provided to the Plan Administrator by the trustee is complete and accurate.

As discussed in Note 8, the Plan was merged into the Spartan Corporation 401(k) Plan effective January 1, 2011 and resulted in assets being transferred from the Plan on December 31, 2010.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Sparton Medical Systems Colorado, LLC 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Sparton Medical Systems Colorado, LLC (the Company, Plan Sponsor or Plan Administrator) 401(k) Plan (Plan) (formally known as the Delphi Medical Systems Corporation 401(k) Plan) provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan provisions.

General

The Plan is a defined contribution plan covering eligible employees of the Company who are age 21 or older. Eligible employees may enter the Plan on the first day of each Plan year quarter. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Wells Fargo Bank, N.A. (Wells Fargo) is the trustee of the Plan (Trustee).

On October 8, 2005, Delphi Corporation (Predecessor) and certain of its subsidiaries filed for reorganization under the protection of Chapter 11 of the United States Bankruptcy Code (Bankruptcy Code). On October 6, 2009 (Effective Date) the Predecessor, together with certain of its affiliates, (i) consummated the transactions contemplated by the First Amended Joint Plan Of Reorganization of Delphi Corporation and Certain Affiliates, Debtors and Debtors-in-Possession (as Modified) (Modified Plan), pursuant to Chapter 11 of the Bankruptcy Code, which was confirmed by certain orders of the United States Bankruptcy Court for the Southern District of New York, and (ii) emerged from Chapter 11 in accordance with the Modified Plan as DPH Holdings Corp. and its affiliates. Additionally, on the Effective Date, Delphi Automotive LLP (Delphi or the Successor) completed the acquisition of a material portion of the Predecessor's global core businesses as part of the consummation of the Modified Plan. Its U.S. subsidiary, New Delphi 1, LLC (incorporated on October 7, 2009 as Delphi Corporation), became the Plan Sponsor.

On August 6, 2010, Delphi consummated the sale of the contract manufacturing business of Delphi Medical Systems, LLC. As a result of this sale, the Plan was transferred to Sparton Medical Systems Colorado, LLC. The Plan was restated effective October 12, 2010 and renamed the Sparton Medical Systems Colorado, LLC 401(k) Plan.

Contributions

Each year, participants may elect to defer up to 100% of pretax annual compensation, as defined in the Plan document subject to Internal Revenue Service (IRS) limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective January 1, 2006, the Plan was amended to increase employer match contributions to an amount equal to 50% of each participant's elected contribution, not to exceed 6% of the participant's eligible compensation. Effective January 1, 2010, the Predecessor suspended the employer match contributions, as allowed per the Plan document.

The Company also may make discretionary non-elective contributions to the Plan. No discretionary contributions were made during 2010 or 2009.

See accompanying independent auditors' report.

Notes to Financial Statements

Investment Elections

Each participant may direct that their salary reduction contributions be invested in one or more of the investment choices offered by the Plan. A participant may change allocation percentages at any time directly with Wells Fargo and transfer all or a portion of the value of his or her account among the investments as often as desired.

Participants' Accounts

Each participant's account is credited with the participant's contribution and allocations of employer contributions, Plan earnings and administrative expenses, if any. Allocations are based on participant compensation or account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting of Benefits

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service as follows:

<i>Years of Service</i>	<i>Vested Percentage</i>
Less than 2 years	0%
2 years	20
3 years	40
4 years	60
5 years	80
6 years or more	100

Forfeitures

Forfeited non-vested accounts as of December 31, 2009 were \$5,734. Forfeitures as of December 31, 2010 of \$12,305 were transferred to the Sparton Corporation 401(k) Plan and included in the amount disclosed in Note 8. Forfeited non-vested accounts may be used to reduce future employer contributions. During the year ended December 31, 2009, employer contributions were reduced by \$1,068 by non-vested forfeitures. No forfeitures were used in 2010.

Payment of Benefits

On termination of service due to death, disability, retirement or a general separation, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account; or monthly, quarterly or annual installments over a period not to exceed the participant's assumed life expectancy. If a participant vested balance does not exceed \$5,000, the benefit must be distributed in a single lump-sum payment as soon as administratively feasible. For distributions between \$1,000 and \$5,000 where the participant has not made an election to receive or rollover the distribution, the distribution will be rolled over to

an individual retirement account as determined by the Plan Administrator. The Plan also allows for withdrawal prior to retirement if the participant meets certain age or hardship withdrawal requirements.

Notes Receivable From Participants

Participants may borrow an amount within a range of \$1,000 to the lesser of \$50,000 or 50% of their vested account balance. Note maturities must not be greater than five years but can be extended to 15 years for the purchase or construction of a primary residence. The notes receivable interest rate is established as the prime rate plus 1%, with changes in the prime rate to be implemented by the Trustee when it is reasonably feasible to do so. Repayment of notes is generally made through payroll deductions. A participant may have no more than one note outstanding at any one time.

Administrative Expenses

Certain costs of the Plan administration are paid by the Company or from the plan forfeiture account. Certain administrative expenses such as distribution or loan fees are allocated directly to the accounts of the participants receiving these services.

Excess Participant Contributions Refundable

The Plan failed the non-discrimination test for pretax elective contributions for the year ended December 31, 2009. Excess contributions amounting to approximately \$2,051 are recorded as a liability in the accompanying statements of net assets available for benefits and as a reduction of participant-directed contributions for the year ended December 31, 2009. The Plan reimbursed these excess contributions to its participants during 2010 as permitted by law.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Subsequent Events

The Company evaluated the effects of all events that have occurred subsequent to December 31, 2010 through October 5, 2011, the date these financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Actual results could differ from those estimates.

See accompanying independent auditors' report.

Notes to Financial Statements

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset (an exit price) in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date.

Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset. The Plan utilizes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, other inputs that are observable or can be corroborated by observable market data.

Level 3 - Inputs to the valuation methodology are both significant to the fair value measurement and unobservable.

The following valuation methodologies were used to measure the fair value of the Plan's investments:

Mutual Funds: Valued at quoted market prices in an exchange and active market, which represent the net asset value (NAV) of shares held by the Plan.

Common/Collective Trust (CCT): Valued at the NAV of the shares held by the Plan at year-end, which is provided by the trustee. The CCT is entirely invested in the Wells Fargo Stable Return Fund G, which is a common/collective trust invested in investment contracts and security-backed contracts. The CCT provides for daily redemptions by the Plan at reported NAV with no advance notice requirement. There is no restriction in place with respect to the daily redemption of the CCT.

The Plan invests in investment contracts through a common/collective trust (CCT). Contract value is the relevant measurement of net assets available for benefits in a defined contribution plan that holds fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the

See accompanying independent auditors' report.

Sparton Medical Systems Colorado, LLC 401(k) Plan

Notes to Financial Statements

Plan. As required, the 2009 statement of net assets available for benefits presents the fair value of the interest in the CCT relating to fully benefit-responsive investment contracts with an adjustment to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

The Plan's valuation methods may result in a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although Plan management believes the valuation methods are appropriate and consistent with the market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefits are recorded when paid.

New Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2010-06, *Improving Disclosures about Fair Value Measurements*. This standard requires new disclosures on the amount and reason for transfers in and out of Level 1 and 2 recurring fair value measurements. The standard also requires disclosure of activities, on a gross basis, including purchases, sales, issuances and settlements, in the reconciliation of Level 3 fair value recurring measurements. The standard clarifies existing disclosure requirements on levels of disaggregation and disclosures about inputs and valuation techniques. The new disclosures regarding Level 1 and 2 fair value measurements and clarification of existing disclosures became effective for periods beginning after December 15, 2009 and did not have a material impact on the Plan's financial statements. The disclosures regarding the reconciliation of information in Level 3 recurring fair value measurements are required for periods beginning after December 15, 2010 and are not expected to have a significant impact on the Plan's current fair value disclosures.

In September 2010, the FASB issued ASU 2010-25, *Plan Accounting - Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans*, which requires participant loans to be segregated from plan investments subject to fair value measurement, classified as notes receivable and measured at their unpaid principal balance plus accrued interest. The ASU requires retrospective application and applies to reporting periods ending after December 15, 2010. Accordingly, the Plan's participant loans have been reported as notes receivable in the statements of net assets available for benefits as of December 31, 2010 and 2009, and participant loan interest has been excluded from investment income in the related statements of changes in net assets available for benefits for the years ended December 31, 2010 and 2009. In addition, participant loans are now excluded from the fair value disclosures in Note 3. Adoption of the ASU represents a reclassification within the financial statements and had no impact on net assets available for benefits or changes therein.

4. Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the financial statements is complete and accurate.

<i>December 31,</i>	2010	2009
Total assets and the adjustment from fair value to contract value	\$ -	\$ 3,910,535

<i>Year ended December 31,</i>	2010	2009

Interest income from notes receivable from participants	3,853	3,488

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

5. Termination of the Plan

As discussed in Note 8, the Plan was merged into the Sparton Corporation 401(k) Plan (Successor Plan) effective January 1, 2011. Although it has not expressed any intention to do so, the Company has the right under the Successor Plan to discontinue its contributions at any time and to terminate the Successor Plan subject to the provisions set forth in ERISA. In the event of Successor Plan termination, participants would become 100% vested in their employer contributions.

6. Income Tax Status

The Predecessor adopted the Wells Fargo Bank, N.A. Defined Contribution Prototype Volume Submitter Plan and Trust. The Predecessor received an opinion letter dated March 31, 2008 in which the IRS states that the Plan document is in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan Administrator believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC.

See accompanying independent auditors' report.

Sparton Medical Systems Colorado, LLC 401(k) Plan

Notes to Financial Statements

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2010 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there currently are no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2007.

7. Related Party Transactions

Certain Plan investments are shares of mutual funds and a common collective trust managed by the Trustee; therefore, these transactions qualify as party-in-interest transactions.

8. Plan Transfers

On December 28, 2010, the Company amended the Plan document and agreed to merge the Plan into the Sparton Corporation 401(k) Plan, effective January 1, 2011. As a result, Plan assets were transferred from the Plan on December 31, 2010 into the Sparton Corporation 401(k) Plan in the amount of \$4,063,357.

See accompanying independent auditors' report.
