Independent Auditors' Report

Plan Advisory Committee
Kingston Technology Company, Inc.
17600 Newhope Street
Fountain Valley, California 92708-4220

We were engaged to audit the financial statements and supplemental schedule of the Kingston Retirement Savings Plan (the "Plan") as of December 31, 2010 and 2009 and for the years then ended, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by T. Rowe Price Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2010 and 2009 and for the years then ended, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF THE PLAN

Kingston Retirement Savings Plan (the "Plan") is a qualified defined contribution plan that covers all eligible employees of Kingston Technology Company, Inc. (the "Company"). The Plan was established on January 1, 1992 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Investment fund options are participant-directed.

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

A. Eligibility

The Plan covers all eligible employees of the Company as defined in the Plan document.

To become eligible to contribute to the Plan, employees must be a minimum of 21 years of age. Eligible employees may begin contributing to the Plan on the first day of the month coincident with or following their hire dates.

To become eligible for employer matching contributions, the employee must contribute to the Plan. Eligibility was changed from one year to immediate effective for pay periods ending on or after March 1, 2010.

To be eligible for a discretionary profit sharing contribution in a given plan year, employees must be at least age 21, have at least one year of service, have worked at least 1,000 hours during the plan year and be employed on the last day of the plan year.

B. Contributions

Under the terms of the Plan, participants may contribute up to 50% of their compensation, as defined in the Plan, subject to a maximum dollar limitation as defined by the Internal Revenue Code (the "Code"). The Company matched 100% of employee contributions up to a maximum of $3,000 and $2,000, subject to certain statutory limitations for the years ended December 31, 2010 and 2009, respectively. The Company made a discretionary profit sharing contribution to all eligible employees ranging from a minimum of $1,500 to a maximum of $7,000 for the years ended December 31, 2010 and 2009. The discretionary profit sharing contribution is equal to the ratio of the participant's actual base pay earned during the Plan year to the total base pay of all eligible participants for that Plan year ("pro-rata" formula), applied to the total discretionary profit sharing contribution. The total profit sharing contribution for the years ended December 31, 2010 and 2009 was $3,246,129 and $3,322,949, respectively.

The Plan allows rollovers from other qualified plans.

C. Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contributions and allocations of Plan net earnings or losses. Allocations are based on participant earnings or account balances, as defined in the Plan document. Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

D. Forfeitures

Upon termination from the Company, a participant forfeits any nonvested employer matching and profit sharing contributions and earnings on those contributions. The Company is allowed to use the forfeited funds to pay the administrative expenses of the Plan and to reduce employer contributions.

In 2010, $60,000 of forfeited nonvested accounts was used to reduce employer contributions. At December 31, 2010, forfeited nonvested accounts totaled approximately $75,019. In 2011, approximately $90,000 in forfeitures was used to reduce 2010-related employer profit sharing contributions.

In 2009, $120,000 of forfeited nonvested accounts was used to reduce employer contributions. At December 31, 2009, forfeited nonvested accounts totaled approximately $47,655. In 2010, approximately $60,000 in forfeitures was used to reduce 2009-related employer profit sharing contributions.

E. Vesting

Participants are immediately vested in their contributions, rollover contributions, and actual earnings or losses thereon. Participants' interests in Company contributions and earnings thereon vest based on the number of years of service. A participant is fully vested after 5 years of service as follows:

Years of Service	Vesting Percentage
Less than two	0%
Two	25%
Three	50%
Four	75%
Five or more	100%

F. Notes Receivable from Participants

Participants are eligible to apply for loans from the Plan, subject to approval by the plan administrator. The loans are limited to the lesser of 50% of the participant's vested account balance or $50,000. The interest rate is fixed at a stated rate determined by the plan administrator on the date of the loan. As of December 31, 2010, interest rates on existing loans ranged from 4.25% to 9.25%. The interest rate for new loans is updated monthly based on the prime rate listed in the Wall Street Journal on the last business day of the prior month plus 1%. A participant's loan is collateralized by the balance in the participant's account, as acknowledged by a promissory note. Payments on the loans are made through payroll deductions, unless the employee is on a leave of absence, over a maximum 5-year term. If the loan is used to purchase a primary residence, the maximum term is extended to 15 years. Interest income on participant loans for 2010 and 2009 was $149,921 and $160,538, respectively.

G. Benefit Payments and Withdrawals

In the event of termination, normal retirement, disability, or death, the participant's account, if greater than $5,000 will be distributed either in a lump sum equal to the value of the vested account or participants may defer distribution until retirement, as defined by the Plan document.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

G. Benefit Payments and Withdrawals (Continued)

Participants that choose to defer the distribution of their accounts continue to participate in investment gains and losses; however they are not eligible for matching or profit sharing contributions made by the Company. Pension accounts (separate accounts established to hold the balances transferred pursuant to the merger of a Money Purchase Pension Plan into the Retirement Savings Plan in 2001) will be payable in the form of a paid-up annuity contract and will be subject to the joint and survivor annuity requirements of the Retirement Equity Act of 1984. If the benefit is less than or equal to $5,000, it will be distributed in a lump sum or as a direct rollover at the participant's election. If the participant does not elect a lump sum or direct rollover and the participant's account is between $1,000 and $5,000, the account balance will automatically be rolled over to an individual retirement account (IRA) with T. Rowe Price Trust Company. Benefit payments upon the death of a participant are made to the beneficiary. All withdrawals are subject to limits specified in the Plan and by the Code.

Benefits are recorded when paid. Hardship withdrawals are permitted.

H. Retirement Age

Benefits under the Plan begin when a participant retires, dies, is disabled or ceases to be an employee, whichever applies. Normal retirement age is 65. Early retirement is not permitted.

I. Administrative Expenses

To the extent administrative expenses are not paid by the Company, they may be paid out of the assets of the Plan. For the years ended December 31, 2010 and 2009, administrative expenses paid by the Plan (consisting primarily of redemption fees) totaled $12,295 and $34,734, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

GAAP requires benefit-responsive investment contracts held by a defined contribution plan to be reported at fair value. The Plan's investment in the TRP Stable Value Common Trust Fund, an unallocated investment contract, meets the definition of a fully benefit-responsive contract. The statements of net assets available for benefits present the fair value of the unallocated investment contract as well as the adjustment of the investment from fair to contract value.

B. Investments

GAAP establishes a fair value hierarchy that prioritizes valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market.

Level 1 – Inputs are quoted prices in an active market.

Level 2 – Inputs are based on quoted prices for similar instruments and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Investments (Continued)

Level 3 – Inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability.

The following tables represent the Plan's fair value hierarchy for its investments measured at fair value on a recurring basis as of December 31, 2010 and 2009:

	December 31, 2010

	$ 59,598,731	$ 58,063,195	$ -	$ 117,661,926

Level 1 investments consist of mutual funds that are actively traded on a national exchange. Level 2 investments consist of common/collective trusts valued at net asset value. The T. Rowe Price Stable Value Common Trust Fund investment strategy is to provide maximum current income while maintaining stability of principal. The T. Rowe Price Equity Index Trust Fund investment strategy is to match the performance of the Standard & Poor's 500 Stock Index. Common/collective trusts may be redeemed any time at net asset value. There are no restrictions on redemptions and no unfunded commitments to purchase additional shares.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

C. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Estimates (Continued)

and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

D. Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

The T. Rowe Price Stable Value Common Trust Fund consists primarily of a series of guaranteed interest contracts and synthetic investment contracts operated by T. Rowe Price Trust Company. The ultimate performance of the contracts is dependent upon the ability of the issuers to honor them.

E. New Accounting Pronouncement

The Financial Accounting Standards Board (FASB) recently issued ASU 2010-25, Reporting Loans to Participants by Defined Contribution Pension Plans – a consensus of the FASB Emerging Issues Task Force, clarifying the classification and measurement guidance on participant loans of a defined contribution pension plan. The ASU requires participant loans to be classified as notes receivable from participants and measured at their unpaid principal balance plus accrued unpaid interest. This guidance is a change to the requirement to classify participant loans as investments recognized in accordance with ASC 820, Fair Value Measurements Disclosures. The new guidance is effective for fiscal years ending after December 15, 2010 and must be applied retroactively. The Plan adopted this new guidance for the Plan year ended December 31, 2010.

NOTE 3 - PLAN TERMINATION

Although it has not expressed an intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, participants shall become fully vested as of the termination date.

NOTE 4 - INCOME TAX STATUS

Effective January 1, 2009, the Plan was amended to adopt the AccuDraft, Inc. 401(k) Non-Standardized Prototype, which has received an opinion letter from the Internal Revenue Service stating that the Plan is in compliance with applicable sections of the Code. Additionally, the Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 4 - INCOME TAX STATUS (Continued)

The Plan has adopted guidance on accounting for uncertainty in income taxes issued by the FASB. The Plan administrator believes that the Plan has taken no uncertain tax positions that require adjustment to the financial statements to comply with the provisions of this guidance. Information returns filed by the Plan are subject to examination by authorities.

NOTE 5 - FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE

In accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, all of the investment information, including investment income, shown in the accompanying financial statements and supplemental schedule has been certified as complete and accurate by T.
