INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
HK Enterprises, Inc.
401(k) Profit Sharing Plan
Santa Clara, California

We have audited the accompanying statements of net assets available for benefits of **HK ENTERPRISES, INC. 401 (K) PROFIT SHARING PLAN** as of December 31, 2010 and 2009 and the statements of changes in net assets available for benefits for the years then ended These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration on internal control over financial reporting as a basis for designing audit procedures that are appropriate under the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we do not express such an opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of HK Enterprises, Inc. 401(k) Profit Sharing Plan as of December 31, 2010 and 2009 and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITORS' REPORT
(Continued)

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2010 and Schedule H, line 4j - Schedule of Reportable Transactions for the year ended December 31, 2010 are presented for purposes of additional analysis and are not a part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules are the responsibility of the Plan's management and have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

HK ENTERPRISES, INC.
401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

NOTE A - DESCRIPTION OF THE PLAN

The following description of HK Enterprises, Inc. ("the Company") 401(k) Profit Sharing Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined-contribution plan covering all full-time employees of the Company. Employees are eligible to participate upon attaining the age of twenty-one and completion of one year of eligibility service (1,000 hours). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute a percentage of their compensation each year not to exceed the dollar limit set by law. The limit for the years ended December 31, 2010 and 2009 is $16,500. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions of up to an additional $5,000. Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans. On a yearly basis the Company has the option to determine and adjust the amount of the matching contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings charged, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants' nonvested accounts are used either to reduce future Company contributions or are allocated to the remaining participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon commences when the participant becomes eligible.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Participant Loans

Under the terms of the plan's provisions, participant loans are not allowed.

Administrative Expenses

Substantially all administrative expenses are paid by the Company.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant, whose account balance is less than $5,000, will receive the value of the vested interest in his or her account as a lump-sum distribution. Participants with account balances of $5,000 or more must elect to receive the vested interest in his or her account in one lump-sum at the time of termination, or receipt will be delayed until retirement age is reached.

Forfeited Accounts

Forfeited accounts may be allocated to other participants, used to help defray administrative expenses, or used to reduce future employer contributions as determined by the trustee.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

Accounting Method

The financial statements were prepared using accrual method of accounting. This method, which recognizes receivables and payables, results in the recognition of income when earned and expenses when incurred.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with accepted accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation

The Plan's investments are stated at fair value. Shares of Registered Investment Companies (mutual funds) are valued at the net asset value of the shares held by the Plan at year end.

Payment of Benefits

Benefits are recorded when paid.

NOTE C - INVESTMENTS

The following represent investments that are 5% or more of the Plan's net assets:

	December 31,	
	2010	2009
Fidelity Equity Income	$ 548,586	$ 476,496
Fidelity Low Priced Stock	583,875	483,746
Fidelity Blue Chip Growth	784,807	772,425
Fidelity Strategic Real Return	N/A	432,002
Fidelity Investment Grade	853,840	443,576
Fidelity New Markets Income	250,991	N/A
Fidelity Cash Reserves	406,336	244,157

During 2010 and 2009, the Plan's mutual fund investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $264,302 and $479,194, respectively.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 -

Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 -

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual term), the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 -

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for asset measured at fair value.

There have been no changes in the methodologies used at December 31, 2010 and 2009.

Registered Investment Companies -

Valued at the net asset value ("NAV") of shares held by the Plan at year end.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE F - TAX STATUS

The Internal Revenue Service has determined and informed the Company in a letter dated August 31, 1993, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Since the 1993 determination letter the Plan has been amended, and the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or the Department of Labor. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in question. The plan administrator believes it is no longer subject to tax examinations for years prior to 2006.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in mutual funds, which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain mutual funds, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 29, 2011, the date the financial statements were available to be issued.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
HK Enterprises, Inc.
401(k) Profit Sharing Plan
Santa Clara, California

We have audited the accompanying statements of net assets available for benefits of **HK ENTERPRISES, INC. 401 (K) PROFIT SHARING PLAN** as of December 31, 2010 and 2009 and the statements of changes in net assets available for benefits for the years then ended These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration on internal control over financial reporting as a basis for designing audit procedures that are appropriate under the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we do not express such an opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of HK Enterprises, Inc. 401(k) Profit Sharing Plan as of December 31, 2010 and 2009 and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITORS' REPORT
(Continued)

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2010 and Schedule H, line 4j - Schedule of Reportable Transactions for the year ended December 31, 2010 are presented for purposes of additional analysis and are not a part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules are the responsibility of the Plan's management and have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

NOTE A - DESCRIPTION OF THE PLAN

The following description of HK Enterprises, Inc. ("the Company") 401(k) Profit Sharing Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined-contribution plan covering all full-time employees of the Company. Employees are eligible to participate upon attaining the age of twenty-one and completion of one year of eligibility service (1,000 hours). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute a percentage of their compensation each year not to exceed the dollar limit set by law. The limit for the years ended December 31, 2010 and 2009 is $16,500. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions of up to an additional $5,000. Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans. On a yearly basis the Company has the option to determine and adjust the amount of the matching contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings charged, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants' nonvested accounts are used either to reduce future Company contributions or are allocated to the remaining participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon commences when the participant becomes eligible.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Participant Loans

Under the terms of the plan's provisions, participant loans are not allowed.

Administrative Expenses

Substantially all administrative expenses are paid by the Company.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant, whose account balance is less than $5,000, will receive the value of the vested interest in his or her account as a lump-sum distribution. Participants with account balances of $5,000 or more must elect to receive the vested interest in his or her account in one lump-sum at the time of termination, or receipt will be delayed until retirement age is reached.

Forfeited Accounts

Forfeited accounts may be allocated to other participants, used to help defray administrative expenses, or used to reduce future employer contributions as determined by the trustee.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

Accounting Method

The financial statements were prepared using accrual method of accounting. This method, which recognizes receivables and payables, results in the recognition of income when earned and expenses when incurred.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with accepted accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation

The Plan's investments are stated at fair value. Shares of Registered Investment Companies (mutual funds) are valued at the net asset value of the shares held by the Plan at year end.

Payment of Benefits

Benefits are recorded when paid.

NOTE C - INVESTMENTS

The following represent investments that are 5% or more of the Plan's net assets:

	December 31,	
	2010	2009
Fidelity Equity Income	$ 548,586	$ 476,496
Fidelity Low Priced Stock	583,875	483,746
Fidelity Blue Chip Growth	784,807	772,425
Fidelity Strategic Real Return	N/A	432,002
Fidelity Investment Grade	853,840	443,576
Fidelity New Markets Income	250,991	N/A
Fidelity Cash Reserves	406,336	244,157

During 2010 and 2009, the Plan's mutual fund investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $264,302 and $479,194, respectively.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 -

Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 -

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual term), the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 -

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for asset measured at fair value.

There have been no changes in the methodologies used at December 31, 2010 and 2009.

Registered Investment Companies -

Valued at the net asset value ("NAV") of shares held by the Plan at year end.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE F - TAX STATUS

The Internal Revenue Service has determined and informed the Company in a letter dated August 31, 1993, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Since the 1993 determination letter the Plan has been amended, and the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or the Department of Labor. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in question. The plan administrator believes it is no longer subject to tax examinations for years prior to 2006.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in mutual funds, which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain mutual funds, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 29, 2011, the date the financial statements were available to be issued.
