2010 Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator ("you") in understanding the fees and compensation associated with your plan. If your plan is required to complete a *Form 5500 Schedule C* , this report identifies the different types of reportable compensation paid with respect to the Hartford product utilized by the retirement plan.

As permitted under the Schedule C reporting rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate, or a formula or rate.

- Where it is an actual dollar amount, no further notation is provided.
- Where it is an estimate, we have used a reasonable method to arrive at the estimate and described the method used to arrive at the estimated amount.
- Where a formula or rate is provided, the formula may be disclosed under the Schedule C reporting rules. Alternatively, for purposes of Schedule C or for your fiduciary review of the compensation paid with respect to the plan's product, you may calculate an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies. Thus, much of the compensation information being provided can be expressed in the form of a formula.

Please note that all compensation is being reported for the 2010 calendar year. This report includes compensation actually paid to or by The Hartford within the 2010 calendar year as part of your Hartford product. This report does not include amounts deducted from plan assets and paid to third parties (other than The Hartford). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here directly from other service providers.

Please note that we have provided suggested service codes with respect to services provided through our Hartford product. These service codes are listed in the 2010 Instructions for Schedule C (Form 5500). Please review with your experienced benefits counsel and other professionals to determine the most appropriate service codes for your plan.

Please contact your Hartford Client Service Team should you require additional information regarding the compensation paid to or by The Hartford with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice or accounting or other professional services. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

1. *Direct Compensation* **$59,359.51**

The total amount identified above reflects all fees deducted from plan assets at the plan administrator's direction for the 2010 calendar year. Of this amount, our records indicate that Hartford Retirement Services, LLC received **$30,262.50.** Please review your records to determine what other service providers (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, plan auditor) received all or any portion of the remaining amount. Please note that Direct Compensation includes amounts, if any, paid from the plan's Reimbursement Account.

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to Hartford Retirement Services, LLC are the net result of aggregating direct compensation after the effects of adjustments processed in 2010, some of which may have pertained to prior years.

2. Indirect Compensation

Float compensation Payor: Reliance Trust Company EIN: 58-1428634 **$5.98**

This is an estimate based on the average annual rate of float compensation (0.01% for 2010) earned on certain processing bank accounts for the 2010 calendar year multiplied by an estimate of the assets related to uncashed checks. This estimate does not include float earned for any other reason (e.g., if amounts remitted to Hartford cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

1 At the time this report was generated this information was not available.

The list includes any investment option held by the plan during the 2010 calendar year. To arrive at an estimate of the dollar amount that Hartford received from each fund, multiply the rate of fees received from each fund by your plan's year-end balance (or if the fund was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the fund at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

2 Please note that Hartford Retirement Services, LLC's affiliate, Hartford Securities Distribution Company, Inc., receives the sales compensation (12b-1 fees) portion of this amount. After compensating the plan's broker-dealer firm, if applicable, any residual amount is paid to Hartford Retirement Services, LLC.

Wheeling Island Gaming, Inc.
Retirement Savings Plan
Notes to Financial Statements

1. Description of the Plan

The following brief description of the Wheeling Island Gaming, Inc. Retirement Savings Plan (the "Plan"), is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan sponsored by Wheeling Island Gaming, Inc. (the "Plan Sponsor") and is administered by Delaware North Companies, Inc. (the "Company").

As defined by the Plan document, fulltime non-union employees are eligible to participate after three months of service and upon reaching age twenty-one. All other employees of the Company are eligible to participate in the Plan following the completion of one year of service and upon reaching age twenty-one. Participants are eligible to participate in the Company match after one year of completed service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code (the "Code").

Contributions – Participants may elect to contribute between 1% and 15% of their annual compensation, limited to the amount imposed by law. Participants age 50 or older may also elect to make a catch-up contribution limited to the amount imposed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (i.e., rollovers). Rollover contributions totaled $14,656 and $32,017 for the years ended December 31, 2010 and 2009, respectively.

In accordance with the Plan document, the Company matches 100% of each non-union plan participant's voluntary contribution up to 3%, plus 50% of a participant's voluntary contribution between 3% and 5%. Such contributions comply with the Plan's safe harbor provisions. The annual profit sharing contribution by the Company is equal to the sum of .25% of the total pari-mutuel pool (handle) for each televised racing day during the Plan year plus 1% of the net video lottery terminal income for the year, and interest income on these amounts. Each participant eligible for Company contributions receives an equal portion of the annual contribution. Eligible non-union employees may also receive an equal portion of the discretionary contribution, if made, in addition to the annual contribution. There were no discretionary contributions made for the years ended December 31, 2010 and 2009.

Participant Accounts – Individual accounts are maintained for each Plan participant. Participant accounts are increased by participant contributions, Plan Sponsor contributions, and earnings on the participant-directed investments. Participant accounts are decreased by participant distributions, losses on the participant-directed investments and certain administrative expenses, if applicable.

1. Description of the Plan (continued)

Vesting – Participants are immediately fully vested in their voluntary salary deferral, rollover contributions, and actual earnings thereon. Vesting in Plan Sponsor contributions and actual earnings thereon is based on years of service. Participants vest in Plan Sponsor contributions at the rate of 20% per year of service and become fully vested after five years.

Payment of Benefits – Upon termination of service due to retirement, death, disability, or as required by law, a participant may elect to receive installment distributions or a lump-sum distribution in an amount equal to the vested value of their account. The Plan permits in-service distributions for participants older than age 59½.

Notes receivable from Participants – In accordance with Plan provisions, participants are permitted to borrow a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms shall not exceed 5 years or a maximum of 15 years for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest are required to be repaid in equal installments over the term of the loan.

Notes receivable from participants are presented at the unpaid principal balance plus any unpaid accrued interest.

Income Taxes – The Plan received its latest determination letter from the Internal Revenue Service ("IRS") dated May 11, 2005, stating that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan was amended subsequent to the IRS determination letter. However, the Plan administrator believes that the Plan is operating in compliance with the requirements of the Code. Therefore, the Plan is qualified and the related trust is tax exempt. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

Forfeitures – The non-vested balances of participants who have ceased employment with the Company are forfeited upon the occurrence of a one-year break in service. In accordance with the Plan document, forfeitures arising during any plan year may be used to reduce the Company's contributions and pay the Plan's administrative expenses. Forfeitures totaled $322,229 and $75,507 during the years ended December 31, 2010 and 2009, respectively.

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts as of the effective date of termination.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements are prepared under the accrual method of accounting.

As described within Financial Accounting Standards Board Accounting Standards Codification Topic 946, *Financial Services – Investment Companies* (the "Topic"), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the Topic, the Statement of Net Assets Available for Benefits should present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value.

Valuation of Investments – The Plan's investments consist of mutual funds and a common/collective trust. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. Units held in the common /collective trust consist of holdings in fully benefit-responsive investment contracts and are reported at fair value and are adjusted to contract value in the accompanying Statements of Net Assets Available for Benefits.

The Plan presents in the accompanying Statements of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains (losses) and the unrealized appreciation (depreciation) of those investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Plan Expenses – Substantially all expenses of the Plan including investment advisory, legal expenses and audit fees are funded as a percentage of total assets under the provisions of the Plan. Loan maintenance and setup fees are paid directly from participant accounts.

Benefit Payments – Benefits are recorded when paid.

Party-in-Interest Transactions – Certain Plan investments are shares of mutual funds and units of a common /collective trust managed by Reliance Trust Company ("Reliance"). Reliance is the Plan trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

2. Summary of Significant Accounting Policies (continued)

Risks and Uncertainties – Investments are exposed to various risks, such as interest rate and market risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amount reported in the accompanying Statements of Net Assets Available for Benefits and Changes in Net Assets Available for Benefits.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Reclassification – In order to facilitate comparison of financial information, certain amounts reported in the prior year have been reclassified to conform to the current year presentation.

Subsequent Events – The Plan has evaluated subsequent events through September 30, 2011, the date the financial statements were available to be issued.

3. Information Certified by the Trustee (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance has certified that the following data included in the accompanying financial statements and supplementary information is complete and accurate.

3. Information Certified by the Trustee (Unaudited) (continued)

Individual investments that have met or exceeded 5% of the Plan's net assets at December 31, 2010 or 2009, respectively, have been separately identified:

	2010	2009
Mutual funds, valued at quoted market prices:		
MFS Total Return Fund	$ 2,495,731	$ 1,833,310
MFS Government Securities Fund	690,981	596,359
MFS Research Bond Fund	625,137	509,074
American Funds AMCAP Fund	690,266	611,948
Other	2,237,178	1,925,475
	6,739,293	5,476,166
Common/collective trust at contract value:		
MFS Fixed Fund Institutional	3,511,867	3,691,853
Notes receivable from participants	1,228,789	1,128,497
	$ 11,479,949	$ 10,296,516

During 2010 and 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

	2010	2009
Investment income:		
Interest and dividends	$ 237,671	$ 226,251
Net appreciation in current value of investments:		
Common/collective trust	21,488	67,781
Mutual funds	547,678	927,185
	569,166	994,966
	$ 806,837	$ 1,221,217

4. Fair Value Measurements

The schedule below provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs – Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that are accessible at the measurement date.

- Level 2 Inputs – Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in markets that are not active. This level also includes inputs other than quoted prices that are observable, either directly or indirectly, for substantially the full term through corroboration with observable, independent market data. This includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security.

- Level 3 Inputs – Pricing inputs are unobservable for the asset or liability. That is, inputs that reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability. There were no level 3 inputs applicable to the Plan's assets as of December 31, 2010 and 2009.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

	2010	2009
Level 1:		
Mutual funds	$ 6,739,293	$ 5,476,166
Level 2:		
Common/collective trust	3,428,987	3,505,784
	$ 10,168,280	$ 8,981,950
