REPORT OF INDEPENDENT AUDITORS

To the Benefits Committee of the
Esselte Group U.S. Retirement Savings Plan
Melville, New York

We were engaged to audit the financial statements and supplemental schedule of the Esselte Group U.S. Retirement Savings Plan (the "Plan") as of December 31, 2010 and 2009 and for the years then ended, as listed in the accompanying contents page. These financial statements and the supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by New York Life Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of December 31, 2010 and 2009 and for the years then ended that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - PLAN DESCRIPTION

Esselte Group U.S. Retirement Savings Plan (the "Plan") is a defined contribution plan administered by a committee (the "Committee") appointed by the Board of Directors of the Esselte Corporation (the "Company" or the "Employer"). The Plan incorporates the salary deferral provisions of Section 401(k) of the Internal Revenue Code, an employer matching contribution provision and a safe harbor non-elective contribution provision.

Eligibility and Funding: All nonbargaining employees who are at least 21 years of age are eligible to become participants under the Plan. To be eligible for the Employer's contributions, a contributing participant must have completed one year of service. Under the Plan's provisions, plan participants may contribute up to 60% of compensation to the Plan on a tax deferred basis in the form of salary reduction contributions. The maximum annual 401(k) salary deferral contribution per participant was $16,500 in 2010 and 2009. Effective January 1, 2010 the Plan was amended to remove the 2% maximum discretionary employer match limit. The discretionary matching contribution formula for the plan year ended December 31, 2010 was 50% of employee deferrals up to a maximum of 6% of compensation. The additional discretionary safe harbor non-elective contribution formula for the Plan year ended December 31, 2010 was equal to 3% of compensation for each participant. For 2009, employee contributions were matched at a rate of 50% of contributions up to 4% of compensation and an additional safe harbor non-elective contribution of 3% of compensation was also made.

Participant Accounts: Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contributions and (b) the Plan's earnings and charged with an allocation of administrative expenses and the Plan's losses. Allocations are based on participant earnings, losses or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting: Participants are immediately vested in their contributions as well as the safe harbor non-elective contribution plus actual earnings thereon. Vesting in the employer matching contributions is based on years of service and is as follows: 20% after the first year of employment, increasing 20% for each year thereafter, until the completion of five years of employment, at which time vesting is 100%.

Benefit Payments: Participants may elect to receive benefit payments in a single-sum payment or installments. A fully vested participant with an account balance of $5,000 or more, as of his or her date of termination, may elect to leave his or her account balance invested in the Plan until as late as the date on which such participant reaches the age of 70½. Vested benefit payments are payable to participants upon the participant signing a request and one of the following: attainment of retirement age, total and permanent disability or financial hardship. In the case of financial hardship, only amounts representing salary deferral contributions may be withdrawn. Inactive participants' vested accounts shall be held for each participant until retirement payments begin. In addition, inactive vested participants may request in writing to rollover vested accounts into another retirement plan.

Death Benefits: If a vested participant dies while receiving benefit payments, the form of distribution in effect at the time of death will continue to the beneficiary or the beneficiary may elect an alternate form of distribution. If the participant dies before retirement, the vested account will be distributed in accordance with the participant's election. If no form of election has been specified by the participant, the automatic form of distribution, as defined by the Plan, will occur through a single-sum payment.

(Continued)

NOTE 1 - PLAN DESCRIPTION (Continued)

Forfeitures: The Employer's portion of nonvested accounts of terminated participants shall be used to pay administrative expenses of the Plan to the extent not paid by the Company. Any forfeitures remaining after paying the administrative expenses shall be applied to reduce the contributions of the Employer's next payment due under the Plan, unless the Employer has elected that such remaining forfeitures shall be allocated among the accounts of active participants who are eligible to receive allocations of nonelective employer contributions for the plan year in which the forfeiture occurs. Forfeitures that are allocated among the accounts of eligible active participants shall be allocated in the same manner as nonelective employer contributions. As of December 31, 2010 and 2009, the Plan has available $30,002 and $22,310, respectively, to offset future plan expenses or employer contributions.

Notes Receivable from Participants: The Plan allows participants to borrow money from participant contributions, as follows: (a) loans shall be granted in a uniform and nondiscriminatory manner; (b) the aggregate amount of all such loans to a participant shall not exceed the lesser of 50% of the participant's total vested interest in the Plan or $50,000; (c) a note shall be signed by the participant with his or her vested interest in his or her account designated as collateral; (d) the loan must be repaid within five years, unless it is for the purchase of a primary residence, which must be repaid within ten years; and (e) in the event of the termination of the participant before the loan is repaid in full, the unpaid balance thereof, together with interest thereon, shall become due and payable and the trustee shall first satisfy the indebtedness from the amount payable by the participant before making any payment to the participant or the participant's designated beneficiary. Interest is charged at a fixed rate, determined by the prime rate in effect as of the first day of the quarter in which the loan is made. Loan repayments are made through payroll deductions.

Administrative Expenses: Expenses incurred in connection with the administration of the Plan and the compensation of all employees, agents, or counsel of the Administrator, including accounting fees, record keeper's fees, and the fees of any benefit consulting firm, shall be paid by the Plan, or shall be paid by the Employer if, and to the extent, the Employer so elects.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Adoption of New Accounting Standard: In September 2010, the Financial Accounting Standards Board ("FASB") amended existing guidance with respect to the reporting of participant loans for defined contribution pension plans. The guidance requires that loans issued to participants be reported as notes receivable, segregated from plan investments, and be measured at their unpaid principal balances plus accrued but unpaid interest. This guidance is effective for reporting periods ending after December 15, 2010 and is to be applied retrospectively to all periods presented comparatively. The adoption of this guidance by the Plan resulted in a reclassification from *investments to notes receivable from participants* of $1,081,636 on the statement of net assets available for benefits as of December 31, 2009. Adoption had no effect on the Plan's net assets available for benefits.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fully Benefit-Responsive Investment Contracts: While Plan investments are presented at fair value in the statements of net assets available for benefits, the difference between the fair value of the Plan's indirect interests in fully benefit-responsive investment contracts and their contract value is presented as an adjustment line in the statement of net assets available for benefits, because contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals and administrative expenses. Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan holds an indirect interest in such contracts through its investment in a stable value fund.

The stable value fund is managed by New York Life Insurance Company. The contract for the New York Life Stable Value Fund ("SVF") specifies certain conditions under which distributions from the SVF would be payable at amounts below contract value. Such circumstances may include a partial plan termination, mergers, spin-offs, layoffs, early retirement incentive programs, sales or closings of all or a portion of the plan sponsor's operations, bankruptcy, or receivership, if these events would lead to a request for payment of more than 10% of the Plan's value in the fund. The contract does not limit the circumstances under which the issuer may terminate the contract. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

The crediting interest rate of the SVF is based on actual returns of the underlying assets. The SVF does not have a guaranteed crediting rate; however, it cannot be less than zero.

	2010	2009
Average contract yield, in the aggregate:		
Based on annualized earnings [1]	2.64%	3.18%
Based on interest rate credited to participants [2]	2.14%	2.68%

[1] Computed by dividing the annualized one-day actual earnings of the contract on the last day of the Plan year by the fair value of the contract investments on the same date.

[2] Computed by dividing the annualized one-day earnings credited to participants on the last day of the Plan year by the fair value of the contract investments on the same date

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and Uncertainties: The Plan provides for various investments that in general are exposed to various risks, such as interest rate, market, liquidity and credit risks. Because of the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participants' individual account balances.

NOTE 3 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income and interest earned on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by New York Life Trust Company, the trustee of the Plan. This information has not been audited by independent accountants.

The following table presents the fair values of investments that represent 5% or more of the Plan's net assets available for benefits at December 31, 2010 and 2009.

	December 31, 2010	December 31, 2009
Stable Value – Pooled Separate Account		
New York Life Insurance Company Anchor Account I Stable Value Fund (contract values were $13,561,346 and $13,639,521 for 2010 and 2009, respectively)	$ 13,406,787	$ 12,984,824
Mutual Funds		
Main Stay S&P 500 Fund I	4,699,402	4,062,230
American Funds Growth Fund of America	4,006,532	3,404,308

PIMCO Total Return Fund	3,476,000	3,059,207
Thornburg International Value Fund R5	3,190,090	2,779,941

During 2010 and 2009, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $4,843,525 and $6,809,330, respectively.

The Plan also earned interest and dividends of $813,398 and $1,029,110 for the years ended December 31, 2010 and 2009, respectively.

NOTE 4 - PRIORITIES UPON TERMINATION OF THE PLAN

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination or partial termination of the Plan or upon the complete discontinuance of contributions to the Plan, the amount credited to the accounts at such time shall become fully vested and nonforfeitable.

NOTE 5 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements), considers quoted prices for similar assets and liabilities in an active market (level 2 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements).

> Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
>
> Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
>
> Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

Mutual funds: Mutual funds are stated at the quoted market price on the last business day of the year as reflected on national securities exchanges (level 1 inputs).

Stable value fund: The fair values of participation units in the stable value pooled separate account are based upon the net asset values of such fund, after adjustments to reflect all fund investments at fair value, including direct and indirect interests in fully benefit-responsive contracts, as reported by the fund manager (level 2 inputs). The fund invests in corporate bonds, commercial mortgage backed securities, collateralized mortgage obligations and asset backed securities, with the objective of providing low risk, stable retirement at competitive yields and may be an appropriate investment option for those investors seeking to accumulate current income while preserving value of the original investment. The fund provides for daily redemptions by the Plan with no advance notice requirements. Participants own units in the account and redeem at the account's reported net asset value per unit.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under the Department of Labor's regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Employer, and certain others. Certain professional and administrative fees related to the operation of the Plan were paid by the Company. Fees paid by the Plan during 2010 and 2009 amounted to $121,550 and $121,436, respectively.

Participants in the Plan are permitted to borrow funds from their vested balance as described in Note 1. The loans qualify as party-in-interest transactions.

(Continued)

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS (Continued)

Plan investments invested in funds issued by New York Life Insurance Company qualify as party-in-interest investments as New York Life Insurance Company is affiliated with New York Life Trust Company, the trustee of the Plan.

NOTE 7 - INCOME TAX STATUS

The Plan obtained its latest determination letter dated October 13, 2010, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable regulations of the Internal Revenue Code ("IRC"). The Company and Plan administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500 as of December 31, 2010 and 2009:

	2010	2009
Net assets available for benefit per the financial statements	$ 53,550,869	$ 47,801,402
Deemed distributions	-	(8,446)
Net assets per the Form 5500	$ 53,550,869	$ 47,792,956

The following is a reconciliation of the change in net assets available for plan benefits for the year ended December 31, 2010 per the financial statements to the net income reported in the 2010 Form 5500:

Increase in net assets available for benefits per the financial statements	$ 5,749,467
Prior year deemed distributions	8,446
Net income per the Form 5500	$ 5,757,913

NOTE 9 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through September 23, 2011 which is the date the financial statements were available to be issued.
