MALCA AMIT NORTH AMERICA, INC. 401K SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010

Note 1 – Description of Plan

The following brief description of the 401K Savings Plan ("Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General. The Plan is a defined contribution plan covering substantially all employees of Malca Amit North America, Inc. and all of its affiliates who are full-time employees and have six months of service and are twenty-one or older. Eligible employees may begin participating in the Plan on January 1 and July 1. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, participants may contribute up to 15% of pretax annual compensation, as defined in the Plan. An Internal Revenue Service ("IRS") dollar limitation, adjusted annually for inflation applies. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers various funds and an insurance investment contract as investment options for participants.

In 2009 the Company amended the Plan for Company Matching Contributions to be made by the Company, and currently provides for no matching contributions. Prior to 2009, the Plan provided for Company Matching Contributions in an amount equal to 50% of the first 6% of the employee's deferred salary contributions, up to the IRS dollar limitation.

Participant Accounts. Each participant account is credited with the participant's contribution and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion (prior to 2009) of the participant's accounts is based on years of continuous service as follows: 20% vested after 2 years of service, plus 20% for each of the following 4 years. A participant is 100% vested after completing 6 years of credited service.

Note 1 – Description of Plan (continued)

Participant Loans. Participants may borrow from their funds accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's vested balance and are payable through payroll withholdings. Such loans bear interest at the available market financing rates and must be repaid to the Plan within a one to five year period, unless the loan are to be used for the purchase of a residence, in which case the maximum repayment period may be longer then five years. The specific term and conditions of such loans are established by the Plan administrator.

Payment of Benefits. On termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in their account, or annual installments over a ten year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump sum distribution.

Note 2 – Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other then generally accepted accounting principles. Consequently, contributions from the participants and the employer are recorded when received by the Plan.

Estimates

The preparation of financial statements in conformity with the basis of accounting described above, requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as determined by the trustee, using market quotations and other available information. . Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end.

Net appreciation or depreciation of investments is reported in the statement of changes in net assets available for benefits and consists of the realized gains or losses and the unrealized appreciation or depreciation of these investments.

Participant loans are valued at cost, which approximate fair value.

Note 2 – Summary of Accounting Policies (continued)

Payment of Benefits
Benefit payments to participants are recorded upon distribution.

Note 3 - Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Mass Mutual Retirement Services a division of Massachusetts Mutual Life Insurance Company. Mass Mutual Retirement Services a division of Massachusetts Mutual Life Insurance Company is the record keeper on behalf of the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative expenses amounted to $33,320 for the year ended December 31, 2010.

Note 4 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to modify its matching contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.
