Garratt-Callahan Company
Employees' Profit Sharing Plan

NOTES TO THE FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2010 AND 2009

Note 1. PLAN DESCRIPTION

The following description of the Garratt-Callahan Company Employees' Profit Sharing Plan (the Plan) provides general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan established January 1, 1959. The Plan currently covers all employees who have completed 1 hour of service, other than employees covered by a collective bargaining agreement and employees who are non-resident aliens. The Plan contains a deferred income arrangement intended to satisfy the requirements of Internal Revenue Code Section 401(k). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Union Bank is the Plan trustee and Garratt-Callahan Company (the Company) is the Plan Administrator. The Plan operates under an administration contract with Primark Benefits that maintains an individual account for each participant.

Contributions:

The Plan provides for the following salary deferral and employer contributions:

(1) Salary Deferral Contributions:

Participants may make voluntary contributions, in the form of salary deferrals, with a maximum contribution of $16,500 in 2010. The Plan also provides for catch-up contributions for participants who are at least age 50 by the end of the calendar year. Participants can elect to make pre-tax and/or Roth (after tax) contributions. The Plan currently provides for automatic contributions of 3% of compensation of new participants, unless they specify otherwise.

(2) Employer Matching Contributions

Participants, who make salary deferral contributions, will share in employer matching contributions based on a ratio of their eligible contributions to eligible contributions for all eligible participants. Matching contributions vary from year to year based on business conditions.

(3) Employer Non-Elective Contributions

The employer may also make other discretionary contributions to participant accounts based on a ratio of the participant's eligible compensation to eligible compensation for all eligible participants.

Note 1. PLAN DESCRIPTION (continued)

Contributions (continued):

Participants must be employed on the last day of the Plan year in order to be eligible for matching and non-elective contributions unless they have terminated employment because of retirement, death or disability.

The Plan also provides for participant rollover contributions and employer contributions to "non-key employees" to satisfy certain "top heavy" requirements.

Participant Accounts:

Each participant's account is credited with the participant's salary deferral, rollover contributions and an allocation of (a) the employer's contributions as described above (b) plan earnings, net of administrative expenses, based on account balances, and (c) forfeitures of terminated participants' nonvested accounts based on salary deferral contributions. Certain administrative expenses incurred on behalf of specific participants are passed on directly to those participants by a reduction in their distribution or their vested account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their own contributions, rollover contributions and earnings thereon. Participants become fully vested in employer contributions after completion of six years of eligible service or if service ends on or after age 62.

Forfeitures:

When certain terminations of participants in the Plan occur, the nonvested portion of the participant's account is forfeited. Forfeitures may be used by the Company to cover Plan administrative expenses or employer matching and non-elective contributions. During 2010 and 2009, forfeitures of $1,375 and $6,952, respectively, were used to supplement the employer matching contribution.

Termination of the Plan:

The Company may terminate, amend, modify or suspend the Plan in whole or in part at any time. However, in any such event, the participants' rights to their accrued benefits are nonforfeitable.

Payment of Benefits:

Upon retirement, death or disability, participants and/or their beneficiaries can elect to have their benefits distributed in one lump sum payment or in installment payments. Participants can also receive hardship distributions in one lump sum payment.

Administrative Expenses:

During 2010 and 2009, investment advisory, audit fees, and certain trustee fees were paid by the Plan. All other expenses were paid by the Company.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Valuation of Investments:

The Plan's investments are stated at fair value based upon reports of independent pricing services, broker quotations and published bid and ask prices. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Contributions:

Employee contributions to the Plan are recorded in the period the Company makes payroll deductions from Plan participants and are reported net of payments to return excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. Company contributions to the Plan are recorded in the period to which they relate.

Benefits:

Benefits are recorded when paid.

NOTE 3. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs are from other than quoted market prices included in Level 1 that are observable, either directly or indirectly, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The following table provides further details of the fair value measurements as of December 31, 2010 and 2009:

Note 6. INCOME TAX STATUS

The Company has received a favorable determination letter from the Internal Revenue Service dated July 8, 2010 stating that the Plan qualifies under Section 401(a) of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present tax law. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statement.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 7. PLAN AMENDMENT

During 2009 and 2010, certain provisions of the Plan were amended with various effective dates to comply with recent legislation.

Note 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. SUBSEQUENT EVENTS

Management has evaluated and reviewed subsequent events that would impact the financial statements for the year ended December 31, 2010 through the issuance date of the financial statements of September 21, 2011. Except as disclosed below, management is not aware of any subsequent events that require recognition in the financial statements or disclosures.
