INDEPENDENT AUDITOR'S REPORT

Mealey Group 401(k) Plan
Orlando, Florida

We have audited the accompanying statement of net assets available for benefits of the Mealey Group 401(k) Plan (the Plan) as of December 31, 2010, the related statement of changes in net assets available for benefits for the year ended December 31, 2010 and the supplemental schedule for the year ended December 31, 2010, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

Except as explained in the following paragraph, we conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, investment assets held by Wachovia Bank, N.A., the trustee of the Plan, and transactions in those assets were excluded from the scope of our audit of the Plan's 2009 financial statements, except for comparing the information provided by the trustee, which is summarized in Note 3, with the related information included in the financial statements.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements as of December 31, 2009. The form and content of the information included in the 2009 financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

INDEPENDENT AUDITOR'S REPORT - Continued

In our opinion, the financial statements, referred to above, of the Plan as of December 31, 2010, and for the year then ended present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2010, and changes in net assets available for benefits for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit of the Plan's financial statements as of and for the year ended December 31, 2010, was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements for the year ended December 31, 2010, and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MEALEY GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2010 and 2009

NOTE 1 DESCRIPTION OF PLAN

The following description of the Mealey Group 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General – The Plan was a defined contribution plan covering all employees of Donald & Janet Mealey Family Limited Partnership and participating employers (collectively referred to as the Company) who had one year of service and were age twenty-one or older. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). During January 2010, the Plan and the related participant accounts were merged into the Co-Advantage Resources, Inc. Retirement Savings Plan. The amount merged is shown as a transfer out of the Plan in the accompanying statement of changes in net assets available for benefits.

Contributions – Each year, participants could contribute up to the maximum allowed by law of pretax annual compensation, as defined in the Plan. Participants who attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants were also allowed to contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants directed the investment of their elective deferrals and employer contributions into various investment options offered by the Plan. During 2010, the Plan was frozen and there were no additional contributions to the Plan.

Participant Accounts – Each participant's account was credited with the participant's contributions and allocations of (a) the Company's contribution, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting – Participants were immediately vested in their contributions and the Company's Safe Harbor matching contribution plus actual earnings thereon. Vesting in the remainder of their account was based on years of continuous service. A participant began to vest after year one (20%) and increased ratably until fully vested in year five.

Notes Receivable from Participants – Participants could borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans were secured by the balance in the participant's account and had interest rates commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest was paid ratably through bi-weekly payroll deductions.

NOTES TO FINANCIAL STATEMENTS

December 31, 2010 and 2009

NOTE 1 DESCRIPTION OF PLAN – Continued

Payment of Benefits – On termination of service, a participant could elect to receive a lump-sum payment, installments, or partial withdrawals of at least \$500.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements have been prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invested in investment contracts through collective trusts. The Statements of Net Assets Available for Benefits present the fair value of the investment in the collective trusts as well as the adjustment of the investment in the collective trusts from fair value to contract value relating to the investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates – The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

NOTES TO FINANCIAL STATEMENTS

December 31, 2010 and 2009

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Payment of Benefits – Benefits are recorded when paid.

Operating Expenses – The majority of expenses related to maintaining the Plan are paid by the Company.

Subsequent Events – The Plan has evaluated subsequent events through October 3, 2011, the date which the financial statements were available to be issued.

NOTE 3 INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED)

Wachovia Bank, N.A. (Wachovia), the trustee of the Plan, held the Plan's investment assets and executed transactions therein. The following information included in the accompanying 2009 financial statements was obtained from data that has been prepared and certified by the trustee as complete and accurate and, as directed by the Plan administrator, was not audited. Such investments and other related information consist of the following as of December 31, 2009:

INVESTMENTS:

Common/collective trusts at fair value	\$	262,720
Adjustment from fair value to contract value		4,029

NOTE 4 INVESTMENTS – Continued

During 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Common/collective trusts	\$	183
Mutual funds		<u>17,740</u>
	\$	<u>17,923</u>

NOTE 5 FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in an active market; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

MEALEY GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2010 and 2009

NOTE 5 FAIR VALUE MEASUREMENTS – Continued

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009. The inputs or methodology used for valuing investments are not an indication of the risk associated with investing in those securities.

Common/collective trusts: Valued based on information reported by the investment advisor using the audited financial statements of the collective trust at year end.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

Assets at Fair Value as of December 31, 2009

	Level 1	Level 2	Level 3	Total
Common/collective trusts:

MEALEY GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2010 and 2009

NOTE 6 RELATED PARTY TRANSACTIONS

Certain Plan investments were shares of mutual funds managed by Wachovia, the trustee; therefore, these transactions qualify as party-in-interest transactions.

Certain administrative functions were performed by officers or employees of the Company. No such officer or employee received compensation from the Plan.

During the year ended December 31, 2009, the Company failed to remit employee contributions of \$250 in a timely manner.

NOTE 7 TAX STATUS

The Plan and Trust was adopted using the *Wystar Global Retirement Solutions Defined Contribution Prototype Plan and Trust*. The prototype plan sponsor, Wachovia, obtained a favorable determination letter dated September 28, 2004; however, such letter was only applicable to Wachovia. The Plan administrator adopted all Plan provisions within the prototype document and believes that the Plan was designed and operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.
