Independent Auditors' Report

To the Plan Administrator of the Dover Chemical Corporation 401(k)
Salaried Employee Savings Plan:

We were engaged to audit the financial statements of the Dover Chemical Corporation 401(k) Salaried Employee Savings Plan (the "Plan") as of December 31, 2010 and 2009 and for the year ended December 31, 2010, as listed in the accompanying index. The financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note F, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2010 and 2009 and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

As discussed in Note I, on December 31, 2010, the Plan was merged into the ICC Industries Inc. Employees' Savings Plan and ceased to exist as a separate plan.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DOVER CHEMICAL CORPORATION 401(k) SALARIED EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

A. PLAN DESCRIPTION:

The following description of the Dover Chemical Corporation 401(k) Salaried Employee Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document for more detailed information.

General

The Plan is a defined contribution plan sponsored by Dover Chemical Corporation (the "Company"), covering all salaried employees of the Company as well as the affiliated companies, Keil Chemical Corporation, and Dover Transport, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

As discussed in Note I, on December 31, 2010, the Plan was merged into the ICC Industries Inc. Employees' Savings Plan and ceased to exist as a separate plan.

Contributions

Participants may contribute up to 50% of their pre-tax annual compensation (as defined by the Plan), subject to Internal Revenue Code ("IRC") limitations. Participants who are at least age 50 may make an additional "catch-up" contribution subject to IRC limitations. Participants are also permitted to make after-tax Roth contributions and may also contribute funds from another qualified retirement plan ("rollover contributions"), subject to certain requirements. New employees who have completed 30 days of service will be automatically enrolled in the Plan with a 5% deferral election.

Participants become eligible to receive any employer contributions after 3 months of service. Participants receive a safe harbor matching contribution on deferrals of up to the first 3% of a participant's compensation and 50% of the next 2% of compensation, for a maximum safe harbor match of 4%. The Company also has the option to make additional discretionary matching contributions. During 2010, the Company did not elect to make an additional discretionary match. The Company may also make discretionary profit sharing contributions to those participants who have worked at least 1,000 hours during the plan year and are employed on the last day of the plan year. The Company did not elect to make any discretionary profit sharing contributions during 2010.

Participant Accounts

Each participant's account is credited with the participant's contributions, the participant's allocation of the Company's contributions, and the participant's proportional allocation of the Plan's earnings, including realized and unrealized gains and losses, and expenses. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document.

Vesting

Participants are immediately vested in their voluntary contributions, all company contributions and earnings on those contributions.

DOVER CHEMICAL CORPORATION 401(k) SALARIED EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Distribution of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Participants who terminate employment and have a vested account balance of less than \$1,000 will receive a lump sum distribution of 100% of their vested benefits. Distributions to participants with vested account balances greater than \$1,000 but not in excess of \$5,000 who terminate employment and fail to make a timely distribution election will be paid to an individual retirement account designated by the plan administrator. Participants who have a vested account balance in excess of \$5,000 may leave their funds invested in the Plan or may elect a lump sum distribution.

A participant may also request a withdrawal upon attainment of age 59 1/2 or upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the Internal Revenue Code or standards established by the Secretary of the Treasury or his delegate.

Participant Loans

A participant may borrow an aggregate amount up to the lesser of \$50,000 or 50% of the participant's vested account balance, subject to plan limitations. The minimum loan allowed is \$1,000. Loans must bear a reasonable rate of interest commensurate with local prevailing interest rates, as determined by the plan administrator. Loans are collateralized by the participant's nonforfeitable interest in the Plan and are supported by a promissory note. Loans must be repaid over a period not to exceed five years unless the loan proceeds are used for the purchase of a primary residence, in which case a longer repayment period is allowed. A participant may not have more than one loan outstanding at any given time. Participant loans are valued at the unpaid principal balance plus any accrued but unpaid interest and categorized as notes receivable from participants on the statements of net assets available for plan benefits. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Adoption of Accounting Pronouncements

In January 2010, FASB issued Accounting Standards Update No. 2010-06, "Fair Value Measurements and Disclosures: Improving Disclosures about Fair Value Measurements" ("ASU 2010-06"). ASU 2010-06 requires new disclosures relating to certain transfers and other activity within the fair value hierarchy and provides clarification with respect to disclosures about inputs and valuation techniques and the level of disaggregation required for fair value measurement disclosures. The Plan adopted required provisions of this amendment on December 31, 2010, resulting in no effect on its financial position.

DOVER CHEMICAL CORPORATION 401(k) SALARIED EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

In September 2010, FASB issued Accounting Standards Update No. 2010-25, "Plan Accounting - Defined Contribution Pension Plans: Reporting Loans to Participants by Defined Contribution Pension Plans" ("ASU 2010-25"). ASU 2010-25 requires participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Participant loans were previously classified as investments at fair value. The Plan has retrospectively adopted the amendment for the Plan years ending December 31, 2010 and 2009, resulting in no effect on its financial position.

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for plan benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for plan benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Substantially all expenses incurred in the administration of the Plan are paid by the Company except for certain loan fees.

DOVER CHEMICAL CORPORATION 401(k) SALARIED EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides investment options which may invest in any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Reclassification

Certain 2009 amounts have been reclassified to conform with the presentation in the 2010 financial statements.

C. INVESTMENTS:

The following represents the Plan's investments as of December 31, 2010 or 2009 that represented 5% or more of the net assets available for plan benefits:

	2010	2009	
SEI Stable Asset	\$ -	\$ 603,104	*
Artisan Mid-Cap Val Fund	-	504,362	*
PIMCO Total Return ADM Fund	-	884,805	*

D. FAIR VALUE MEASUREMENTS:

Accounting standards establish a framework for measuring fair value. That framework sets forth a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are unobservable and supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2010 and 2009

Mutual funds – Valued at the net asset value of the shares held by the Plan at year end as determined by quoted market prices.

Common collective trust – Valued at net asset value as reported in the audited financial statements by the investment manager based on the fund's underlying assets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

 Total	 <u>\$ 7,096,724</u>	 <u>\$ 6,493,620</u>	 <u>\$ 603,104</u>	 <u>\$ -</u>

The common collective trust held by the Plan is a stable value investment which primarily invests in investment contracts such as guaranteed investment contracts (GICs) and other financial institution and other investment products (separate account contracts, synthetics GICS and collective investment trusts). Redemptions are allowed daily for participants; however the Plan is subject to a twelve month redemption notice period. There are no unfunded commitments.

E. TAX STATUS:

The Plan has adopted the volume submitter profit sharing plan document of Fidelity Management Trust Company. The volume submitter sponsor received a favorable opinion letter dated March 31, 2008 in which the Internal Revenue Service ("IRS") stated that the form of the volume submitter plan was in compliance with the applicable requirements of the IRC. The plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC, and that the related trust is therefore tax-exempt. Accordingly, no provision for income taxes has been included in the financial statements.

Accounting standards require recording uncertain income tax positions that exist in the Plan's financial statements. Plan management has determined there are no uncertain tax positions and believes there is no adjustment or disclosure required in the Plan's financial statements. The Plan did not recognize any interest or penalty expense for the year ended December 31, 2010. The Form 5500 remains subject to examination by the IRS for the years ended December 31, 2007 through December 31, 2010.

NOTES TO FINANCIAL STATEMENTS

F. COMPLIANCE AND ERISA:

The plan administrator has elected the method of compliance permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, no auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan, were performed by the independent auditors except for comparing the information to the financial statements. The trustee has certified as to the completeness and accuracy of the investments (including notes receivable from participants) held by the Plan as of December 31, 2010 and 2009, the investment earnings and other investment-related transactions for the year ended December 31, 2010.

G. PARTIES-IN-INTEREST:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the management of investments held by the trustee are considered party-in-interest transactions.

H. PLAN TERMINATION:

Although the Plan was established with the intention that it will continue indefinitely, the Company retains the right to discontinue its contributions at any time or to terminate the Plan, subject to the provisions of ERISA.

I. PLAN MERGER:

On December 31, 2010, the Plan merged into ICC Industries Inc. Employees Savings Plan and the Plan ceased to exist as a separate plan.

J. SUBSEQUENT EVENTS:

The Company has evaluated subsequent events through October 5, 2011, the date these financial statements were available for issuance.

To the Plan Administrator of the Dover Chemical Corporation 401(k)
Salaried Employee Savings Plan:

We were engaged to audit the financial statements of the Dover Chemical Corporation 401(k) Salaried Employee Savings Plan (the "Plan") as of December 31, 2010 and 2009 and for the year ended December 31, 2010, as listed in the accompanying index. The financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note F, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2010 and 2009 and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

As discussed in Note I, on December 31, 2010, the Plan was merged into the ICC Industries Inc. Employees' Savings Plan and ceased to exist as a separate plan.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DOVER CHEMICAL CORPORATION 401(k) SALARIED EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

A. PLAN DESCRIPTION:

The following description of the Dover Chemical Corporation 401(k) Salaried Employee Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document for more detailed information.

General

The Plan is a defined contribution plan sponsored by Dover Chemical Corporation (the "Company"), covering all salaried employees of the Company as well as the affiliated companies, Keil Chemical Corporation, and Dover Transport, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

As discussed in Note I, on December 31, 2010, the Plan was merged into the ICC Industries Inc. Employees' Savings Plan and ceased to exist as a separate plan.

Contributions

Participants may contribute up to 50% of their pre-tax annual compensation (as defined by the Plan), subject to Internal Revenue Code ("IRC") limitations. Participants who are at least age 50 may make an additional "catch-up" contribution subject to IRC limitations. Participants are also permitted to make after-tax Roth contributions and may also contribute funds from another qualified retirement plan ("rollover contributions"), subject to certain requirements. New employees who have completed 30 days of service will be automatically enrolled in the Plan with a 5% deferral election.

Participants become eligible to receive any employer contributions after 3 months of service. Participants receive a safe harbor matching contribution on deferrals of up to the first 3% of a participant's compensation and 50% of the next 2% of compensation, for a maximum safe harbor match of 4%. The Company also has the option to make additional discretionary matching contributions. During 2010, the Company did not elect to make an additional discretionary match. The Company may also make discretionary profit sharing contributions to those participants who have worked at least 1,000 hours during the plan year and are employed on the last day of the plan year. The Company did not elect to make any discretionary profit sharing contributions during 2010.

Participant Accounts

Each participant's account is credited with the participant's contributions, the participant's allocation of the Company's contributions, and the participant's proportional allocation of the Plan's earnings, including realized and unrealized gains and losses, and expenses. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document.

Vesting

Participants are immediately vested in their voluntary contributions, all company contributions and earnings on those contributions.

DOVER CHEMICAL CORPORATION 401(k) SALARIED EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Distribution of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Participants who terminate employment and have a vested account balance of less than \$1,000 will receive a lump sum distribution of 100% of their vested benefits. Distributions to participants with vested account balances greater than \$1,000 but not in excess of \$5,000 who terminate employment and fail to make a timely distribution election will be paid to an individual retirement account designated by the plan administrator. Participants who have a vested account balance in excess of \$5,000 may leave their funds invested in the Plan or may elect a lump sum distribution.

A participant may also request a withdrawal upon attainment of age 59 1/2 or upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the Internal Revenue Code or standards established by the Secretary of the Treasury or his delegate.

Participant Loans

A participant may borrow an aggregate amount up to the lesser of \$50,000 or 50% of the participant's vested account balance, subject to plan limitations. The minimum loan allowed is \$1,000. Loans must bear a reasonable rate of interest commensurate with local prevailing interest rates, as determined by the plan administrator. Loans are collateralized by the participant's nonforfeitable interest in the Plan and are supported by a promissory note. Loans must be repaid over a period not to exceed five years unless the loan proceeds are used for the purchase of a primary residence, in which case a longer repayment period is allowed. A participant may not have more than one loan outstanding at any given time. Participant loans are valued at the unpaid principal balance plus any accrued but unpaid interest and categorized as notes receivable from participants on the statements of net assets available for plan benefits. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Adoption of Accounting Pronouncements

In January 2010, FASB issued Accounting Standards Update No. 2010-06, "Fair Value Measurements and Disclosures: Improving Disclosures about Fair Value Measurements" ("ASU 2010-06"). ASU 2010-06 requires new disclosures relating to certain transfers and other activity within the fair value hierarchy and provides clarification with respect to disclosures about inputs and valuation techniques and the level of disaggregation required for fair value measurement disclosures. The Plan adopted required provisions of this amendment on December 31, 2010, resulting in no effect on its financial position.

DOVER CHEMICAL CORPORATION 401(k) SALARIED EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

In September 2010, FASB issued Accounting Standards Update No. 2010-25, "Plan Accounting - Defined Contribution Pension Plans: Reporting Loans to Participants by Defined Contribution Pension Plans" ("ASU 2010-25"). ASU 2010-25 requires participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Participant loans were previously classified as investments at fair value. The Plan has retrospectively adopted the amendment for the Plan years ending December 31, 2010 and 2009, resulting in no effect on its financial position.

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for plan benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for plan benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Substantially all expenses incurred in the administration of the Plan are paid by the Company except for certain loan fees.

DOVER CHEMICAL CORPORATION 401(k) SALARIED EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides investment options which may invest in any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Reclassification

Certain 2009 amounts have been reclassified to conform with the presentation in the 2010 financial statements.

C. INVESTMENTS:

The following represents the Plan's investments as of December 31, 2010 or 2009 that represented 5% or more of the net assets available for plan benefits:

	2010	2009	
SEI Stable Asset	\$ -	\$ 603,104	*
Artisan Mid-Cap Val Fund	-	504,362	*
PIMCO Total Return ADM Fund	-	884,805	*
Fidelity Contrafund Fund	-	983,522	*
Fidelity Balanced Fund	-	717,959	*
Fidelity International Discovery Fund	-	619,476	*
Spartan US Equity Index Fund	-	530,324	*

* Represents 5% or more of net assets available for plan benefits.

During the year ended December 31, 2010 the Plan's mutual funds (including investments bought, sold and held during the year) appreciated in value by \$775,369.

D. FAIR VALUE MEASUREMENTS:

Accounting standards establish a framework for measuring fair value. That framework sets forth a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are unobservable and supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2010 and 2009

Mutual funds – Valued at the net asset value of the shares held by the Plan at year end as determined by quoted market prices.

Common collective trust – Valued at net asset value as reported in the audited financial statements by the investment manager based on the fund's underlying assets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Independent Auditors' Report

To the Plan Administrator of the Dover Chemical Corporation 401(k)
Salaried Employee Savings Plan:

We were engaged to audit the financial statements of the Dover Chemical Corporation 401(k) Salaried Employee Savings Plan (the "Plan") as of December 31, 2010 and 2009 and for the year ended December 31, 2010, as listed in the accompanying index. The financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note F, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2010 and 2009 and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

As discussed in Note I, on December 31, 2010, the Plan was merged into the ICC Industries Inc. Employees' Savings Plan and ceased to exist as a separate plan.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DOVER CHEMICAL CORPORATION 401(k) SALARIED EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

A. PLAN DESCRIPTION:

The following description of the Dover Chemical Corporation 401(k) Salaried Employee Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document for more detailed information.

General

The Plan is a defined contribution plan sponsored by Dover Chemical Corporation (the "Company"), covering all salaried employees of the Company as well as the affiliated companies, Keil Chemical Corporation, and Dover Transport, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

As discussed in Note I, on December 31, 2010, the Plan was merged into the ICC Industries Inc. Employees' Savings Plan and ceased to exist as a separate plan.

Contributions

Participants may contribute up to 50% of their pre-tax annual compensation (as defined by the Plan), subject to Internal Revenue Code ("IRC") limitations. Participants who are at least age 50 may make an additional "catch-up" contribution subject to IRC limitations. Participants are also permitted to make after-tax Roth contributions and may also contribute funds from another qualified retirement plan ("rollover contributions"), subject to certain requirements. New employees who have completed 30 days of service will be automatically enrolled in the Plan with a 5% deferral election.

Participants become eligible to receive any employer contributions after 3 months of service. Participants receive a safe harbor matching contribution on deferrals of up to the first 3% of a participant's compensation and 50% of the next 2% of compensation, for a maximum safe harbor match of 4%. The Company also has the option to make additional discretionary matching contributions. During 2010, the Company did not elect to make an additional discretionary match. The Company may also make discretionary profit sharing contributions to those participants who have worked at least 1,000 hours during the plan year and are employed on the last day of the plan year. The Company did not elect to make any discretionary profit sharing contributions during 2010.

Participant Accounts

Each participant's account is credited with the participant's contributions, the participant's allocation of the Company's contributions, and the participant's proportional allocation of the Plan's earnings, including realized and unrealized gains and losses, and expenses. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document.

Vesting

Participants are immediately vested in their voluntary contributions, all company contributions and earnings on those contributions.

DOVER CHEMICAL CORPORATION 401(k) SALARIED EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Distribution of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Participants who terminate employment and have a vested account balance of less than \$1,000 will receive a lump sum distribution of 100% of their vested benefits. Distributions to participants with vested account balances greater than \$1,000 but not in excess of \$5,000 who terminate employment and fail to make a timely distribution election will be paid to an individual retirement account designated by the plan administrator. Participants who have a vested account balance in excess of \$5,000 may leave their funds invested in the Plan or may elect a lump sum distribution.

A participant may also request a withdrawal upon attainment of age 59 1/2 or upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the Internal Revenue Code or standards established by the Secretary of the Treasury or his delegate.

Participant Loans

A participant may borrow an aggregate amount up to the lesser of \$50,000 or 50% of the participant's vested account balance, subject to plan limitations. The minimum loan allowed is \$1,000. Loans must bear a reasonable rate of interest commensurate with local prevailing interest rates, as determined by the plan administrator. Loans are collateralized by the participant's nonforfeitable interest in the Plan and are supported by a promissory note. Loans must be repaid over a period not to exceed five years unless the loan proceeds are used for the purchase of a primary residence, in which case a longer repayment period is allowed. A participant may not have more than one loan outstanding at any given time. Participant loans are valued at the unpaid principal balance plus any accrued but unpaid interest and categorized as notes receivable from participants on the statements of net assets available for plan benefits. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Adoption of Accounting Pronouncements

In January 2010, FASB issued Accounting Standards Update No. 2010-06, "Fair Value Measurements and Disclosures: Improving Disclosures about Fair Value Measurements" ("ASU 2010-06"). ASU 2010-06 requires new disclosures relating to certain transfers and other activity within the fair value hierarchy and provides clarification with respect to disclosures about inputs and valuation techniques and the level of disaggregation required for fair value measurement disclosures. The Plan adopted required provisions of this amendment on December 31, 2010, resulting in no effect on its financial position.

DOVER CHEMICAL CORPORATION 401(k) SALARIED EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

In September 2010, FASB issued Accounting Standards Update No. 2010-25, "Plan Accounting - Defined Contribution Pension Plans: Reporting Loans to Participants by Defined Contribution Pension Plans" ("ASU 2010-25"). ASU 2010-25 requires participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Participant loans were previously classified as investments at fair value. The Plan has retrospectively adopted the amendment for the Plan years ending December 31, 2010 and 2009, resulting in no effect on its financial position.

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for plan benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for plan benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Substantially all expenses incurred in the administration of the Plan are paid by the Company except for certain loan fees.

DOVER CHEMICAL CORPORATION 401(k) SALARIED EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides investment options which may invest in any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Reclassification

Certain 2009 amounts have been reclassified to conform with the presentation in the 2010 financial statements.

C. INVESTMENTS:

The following represents the Plan's investments as of December 31, 2010 or 2009 that represented 5% or more of the net assets available for plan benefits:

	2010	2009	
SEI Stable Asset	\$ -	\$ 603,104	*
Artisan Mid-Cap Val Fund	-	504,362	*
PIMCO Total Return ADM Fund	-	884,805	*
Fidelity Contrafund Fund	-	983,522	*
Fidelity Balanced Fund	-	717,959	*
Fidelity International Discovery Fund	-	619,476	*
Spartan US Equity Index Fund	-	530,324	*

* Represents 5% or more of net assets available for plan benefits.

During the year ended December 31, 2010 the Plan's mutual funds (including investments bought, sold and held during the year) appreciated in value by \$775,369.

D. FAIR VALUE MEASUREMENTS:

Accounting standards establish a framework for measuring fair value. That framework sets forth a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are unobservable and supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2010 and 2009

Mutual funds – Valued at the net asset value of the shares held by the Plan at year end as determined by quoted market prices.

Common collective trust – Valued at net asset value as reported in the audited financial statements by the investment manager based on the fund's underlying assets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

DOVER CHEMICAL CORPORATION 401(k) SALARIED EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

The following tables set forth by level and by investment class, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

<u>Description</u>	2009			
	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds:				
Foreign large blend	\$ 619,476	\$ 619,476	\$ -	\$ -
Intermediate-term bond	884,805	884,805	-	-
Large-cap	2,015,210	2,015,210	-	-
Mid-cap	855,525	855,525	-	-
Moderate allocation	717,959	717,959	-	-
Retirement income	17,306	17,306	-	-
Small-cap	123,546	123,546	-	-
Target date	<u>1,259,793</u>	<u>1,259,793</u>	<u>-</u>	<u>-</u>
Total mutual funds	6,493,620	6,493,620	-	-
Common collective trust:				
Stable value	<u>603,104</u>	<u>-</u>	<u>603,104</u>	<u>-</u>
 Total	 <u>\$ 7,096,724</u>	 <u>\$ 6,493,620</u>	 <u>\$ 603,104</u>	 <u>\$ -</u>

The common collective trust held by the Plan is a stable value investment which primarily invests in investment contracts such as guaranteed investment contracts (GICs) and other financial institution and other investment products (separate account contracts, synthetics GICS and collective investment trusts). Redemptions are allowed daily for participants; however the Plan is subject to a twelve month redemption notice period. There are no unfunded commitments.

E. TAX STATUS:

The Plan has adopted the volume submitter profit sharing plan document of Fidelity Management Trust Company. The volume submitter sponsor received a favorable opinion letter dated March 31, 2008 in which the Internal Revenue Service ("IRS") stated that the form of the volume submitter plan was in compliance with the applicable requirements of the IRC. The plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC, and that the related trust is therefore tax-exempt. Accordingly, no provision for income taxes has been included in the financial statements.

Accounting standards require recording uncertain income tax positions that exist in the Plan's financial statements. Plan management has determined there are no uncertain tax positions and believes there is no adjustment or disclosure required in the Plan's financial statements. The Plan did not recognize any interest or penalty expense for the year ended December 31, 2010. The Form 5500 remains subject to examination by the IRS for the years ended December 31, 2007 through December 31, 2010.

DOVER CHEMICAL CORPORATION 401(k) SALARIED EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

F. COMPLIANCE AND ERISA:

The plan administrator has elected the method of compliance permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, no auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan, were performed by the independent auditors except for comparing the information to the financial statements. The trustee has certified as to the completeness and accuracy of the investments (including notes receivable from participants) held by the Plan as of December 31, 2010 and 2009, the investment earnings and other investment-related transactions for the year ended December 31, 2010.

G. PARTIES-IN-INTEREST:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the management of investments held by the trustee are considered party-in-interest transactions.

H. PLAN TERMINATION:

Although the Plan was established with the intention that it will continue indefinitely, the Company retains the right to discontinue its contributions at any time or to terminate the Plan, subject to the provisions of ERISA.

I. PLAN MERGER:

On December 31, 2010, the Plan merged into ICC Industries Inc. Employees Savings Plan and the Plan ceased to exist as a separate plan.

J. SUBSEQUENT EVENTS:

The Company has evaluated subsequent events through October 5, 2011, the date these financial statements were available for issuance.
