Independent Auditors' Report

To the Trustee of the
Wistron 401(k) Plan

We were engaged to audit the accompanying statement of net assets available for plan benefits of the Wistron 401(k) Plan (the Plan) as of December 31, 2010, the related statement of changes in net assets available for plan benefits for the year ended December 31, 2010 and the supplemental Form 5500, Schedule H, line 4i, Schedule of Assets (Held at End of Year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by ING Life Insurance and Annuity Company and State Street Bank & Trust Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that State Street Bank & Trust Company held the Plan's investment assets and executed investment transactions for the period January 1, 2010 to December 7, 2010 and that ING Life Insurance and Annuity Company held the Plan's investment assets and executed investment transactions from December 8, 2010 through December 31, 2010. The plan administrator has obtained certifications from ING Life Insurance and Annuity Company for the year ended December 31, 2010 and from State Street Bank & Trust Company for the years ended December 31, 2010 and 2009 that the information provided to the plan administrator by the custodians for the respective periods are complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

We have compiled the accompanying statement of net assets available for plan benefits of the Plan as of December 31, 2009, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. A compilation is limited to presenting in the form of financial statements information that is the representation of management. We have not audited or reviewed the accompanying statement of net assets available for plan benefits as of December 31, 2009 and, accordingly, do not express an opinion or any other form of assurance on it.

WISTRON 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Wistron 401(k) Plan (the Plan) provides only general information. The Plan is sponsored by SMS InfoComm Corporation (the Company). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established on January 1, 2005, as amended from time to time, covering substantially all employees of the Company. Employees of all ages are eligible to participate on the first day of employment unless they are not expected to work more than 20 hours per week, in which case, their entry date shall commence upon the completion of one year of service. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA) as well as all provisions of the federal income tax laws.

Contributions

Participants may make tax-deferred contributions to the Plan not to exceed the amount deductible for federal income tax purposes. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. As required by the Plan, the Company made a safe harbor matching contribution equal to 100% of the participants' salary deferral up to 5% of total compensation.

Participant Accounts

Each participant's account is credited with the participant's tax-deferred contributions, the allocable share of employer contributions, if any, and Plan earnings or losses on the assets of their self-directed investment funds. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately and fully vested in their deferred salary contributions, safe harbor matching contributions, rollover contributions from other plans, and actual earnings thereon.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan, by or on behalf of the participant, to any one or more of the investment funds provided by the custodian of the Plan's assets. A participant may login online to change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Notes Receivable from Participants

Participants may borrow against their vested account balances a minimum of $1,000 up to a maximum amount equal to the lesser of 50% of their vested account balance or $50,000. The loans, in the form of promissory notes (Note 2), are secured by the balances in the participants' account, and bear interest at reasonable rates, which are commensurate with local prevailing rates as determined by the Plan administrator. Only one loan may be outstanding at any one time. Principal and interest on notes receivable from participants are repaid through payroll deductions.

Payment of Benefits

Distributions from the Plan will be made in either one lump-sum payment, equal to the value of the participant's vested interest in his or her account balance, partial withdrawals, or substantially equal installments. If a participant's vested benefit in the Plan exceeds $5,000, the participant must consent to the distribution before it may be made. If the participant's vested interest does not exceed $5,000, then the participant's benefit will be distributed in a lump-sum as soon as practicable following the event that led to the participant being entitled to a distribution.

Plan Expenses

It is the philosophy of the Company to absorb and pay most Plan administration expenses such as audit fees and other administrative functions so as not to decrease plan assets. Any fee or expense paid, directly or indirectly, by the Company is not considered a contribution to the Plan, provided the fee or the expense relates to the ordinary and necessary administration of the Plan. During the year ended December 31, 2010, the Company paid Plan administrative expenses of $1,125.

In addition, during the year ended December 31, 2010, the Plan incurred $1,050 of asset sales charges directly with its third party administrator. These charges are reflected in the accompanying statement of changes in net assets available for plan benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in mutual funds are stated at fair value, which generally is the quoted market prices, representing the net assets of shares held by the Plan at December 31, 2010 and 2009. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis with dividends being recorded on the ex-dividend date. Net appreciation includes the gains and losses on its investments bought and sold as well as those held during the year.

Notes Receivable from Participants

Notes receivable from participants (Note 1) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document. The Plan recognizes interest income from the notes receivable as earned.

Contributions

Contributions from the employer are accrued in the period in which they become the obligation of the Company, as determined by the Plan's administrator.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Pronouncements

During January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2010-06, *Fair Value Measurements and Disclosures*, which amends Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, adding new disclosure requirements for transfers between Levels 1 and 2, separate disclosures of purchases, sales, issuances, and settlements relating to Level 3 measurements and clarification of existing fair value disclosures. ASU No. 2010-06 is effective for periods beginning after December 15, 2009, except for the requirement to provide Level 3 activity of purchases, sales, issuances, and settlements on a gross basis, which will be effective for fiscal years beginning after December 15, 2010. The Plan prospectively adopted the new guidance in 2010, except for the Level 3 reconciliation disclosures, which are required in 2011. The adoption in 2010 did not materially affect, and the future adoption is not expected to materially affect, the Plan's financial statements.

During September 2010, the FASB issued ASU No. 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans*. ASU 2010-25 requires that participant loans be classified as notes receivable rather than a plan investment and measured at unpaid principal balance plus accrued but unpaid interest rather than fair value. ASU 2010-25 is effective for plan years ending after December 15, 2010. The Plan adopted ASU 2010-25 and accordingly reclassified prior year participant loan balances from investments to notes receivable consistent with the current presentation. The adoption did not have a material effect on the Plan's financial statements.

Subsequent Events

In preparing the financial statements, the Plan has reviewed, as determined necessary by the Plan's management, events that have occurred after December 31, 2010, up until the issuance of the financial statements, which occurred on September 26, 2011.

3. INVESTMENTS HELD AND INCOME RECEIVED BY THE PLAN

All contributions and rollovers made to the Plan, and earnings thereon, are held in various mutual funds through the custodian, ING Life Insurance and Annuity Company, the custodian of the Plan for December 31, 2010 and State Street Bank & Trust Company, the custodian of the Plan for December 31, 2009. The custodian determines the fair market value of all assets of the Plan on the basis referred to in Note 2. Individual investments with market values greater than 5% of net assets available for plan benefits at December 31, 2010 and 2009 are as follows:

Investments	2010	2009
Prime	$ -	$ 292,243
New Asia	-	659,233
Science & Technology	-	219,991
Europe Stock	-	170,415

Other investment funds individually not more than 5% of total plan assets	962,257	976,086
	$ 4,442,671	$ 3,176,010

During the year ended December 31, 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by approximately $589,000.

4. ING FIXED ACCOUNT

The Plan holds a contract with ING for an investment in the ING Fixed Account. Amounts allocated to the Fixed Account are held in ING's general account which supports insurance and annuity obligations. The Fixed Account is credited with declared rates of interest and is subject to a minimum rate described in the contract. At December 31, 2010, the Fixed Account contract value as reflected on the accompanying statement of net assets available for plan benefits was equal to the fair value (Note 5).

During the year ended December 31, 2010, the average yield based on actual earnings and the average yield based on the interest rate credited to participants was 1.52% and 2.00%, respectively. The Fixed Account guarantees principal and a minimum guaranteed interest rate for the life of the product as well as featuring two declared interest rates: a current rate, determined at least monthly, and a guaranteed minimum floor rate declared for a defined period (currently one calendar year). The interest rate is calculated on a daily basis. The determination of credited interest rates reflects a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets.

Because the insurance contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the Fixed Account. Contract value, as reported to the Plan by the ING, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value to other investment choices within the Plan. Certain conditions apply to transfers with the Fixed Account; depending on the terms of the contract, either a percentage limitation or an equity wash restriction may apply. A market value adjustment applies to withdrawals prior to maturity. However, the Plan Sponsor does not believe that any of these restrictions have a significant impact on the account.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Sponsor does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The repayment of principal and interest credited to participants holding an investment in the Fixed Account is a financial obligation of ING. However, if an event should ever occur such that realization of full contract value for a particular investment contract is no longer probable, for example a significant decline in the creditworthiness of ING, the Fixed Account choice may no longer be considered fully benefit responsive.

5. FAIR VALUE MEASUREMENTS

ASC Topic 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Insurance company general account: The investment in the ING Fixed Account is reported at fair market value based upon the daily credited rate derived from formulas and schedules in the contract.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

	Assets at Fair Value as of December 31, 2010			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,981,965	$ -	$ -	$ 3,981,965
Insurance company general account	-	460,706	-	460,706
	$ 3,981,965	$ 460,706	$ -	$ 4,442,671

	Assets at Fair Value as of December 31, 2009			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,883,767	$ -	$ -	$ 2,883,767
Insurance company general account	-	292,243	-	292,243
	$ 2,883,767	$ 292,243	$ -	$ 3,176,010

6. TAX STATUS

The Plan as originally drafted is a Volume Submitter Profit Sharing Plan with Cash or Deferred Arrangement. The Internal Revenue Service has determined and informed the sponsor of the prototype plan by a letter dated March 31, 2008 that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). However a determination letter from the Internal Revenue Service has not yet been requested by the Plan Sponsor/Company to determine if the Plan as amended was designed in accordance with applicable sections of the IRC. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and ERISA and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. REPORTABLE TRANSACTIONS

During the year ended December 31, 2010, there was one reportable transaction related to the fidelity bond coverage. The fidelity bond coverage was inadequate at the beginning and end of the year, as it did not meet 10% of beginning net assets available for plan benefits. Subsequent to December 31, 2010, this coverage was increased to exceed the $500,000 maximum requirement. There were no other reportable transactions or participant note receivables in default or uncollectible, non-exempt transactions with parties-in-interest or any other prohibited transactions which would require supplemental presentation under Department of Labor regulations.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for plan benefits.

10. TRANSACTIONS WITH PARTIES IN INTEREST

ING Life Insurance and Annuity Company and State Street Bank & Trust Company were the Plan's custodians during the year as defined by the Plan (Note 3); therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services to these parties amounted to approximately $1,000 for the year ended December 31, 2010.
