NOTE 1. PLAN DESCRIPTION

The following description of the Inter-Con Security Systems, Inc. Retirement Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General

Inter-Con Security Systems, Inc. (the "Company" or the "Plan Sponsor") established the Plan to provide deferred compensation benefits for its eligible employees. Only employees designated as USMS, Corporate, Gates Foundation, and effective May 1, 2010, FPS Alaska, employees who are not highly compensated, leased, or nonresident aliens are currently eligible to participate in the Plan subject to the length of service requirements defined in the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Under the Plan, participants may contribute up to 100 percent of pretax annual compensation subject to certain limitations under the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Company contributions are discretionary and currently the Company matches 100 percent up to 5 percent of compensation that a participant contributes to the Plan. Only employees of Gates Foundation are eligible to receive the discretionary Company match. The Company matching contribution was $37,400 for the year ended December 31, 2010.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and Company contributions plus actual earnings thereon.

Forfeitures

As a result of excess contributions made to the Plan during 2008, as of December 31, 2010, forfeitures of $220 are available to be utilized to pay Plan expenses or reduce future Company contributions.

NOTE 1. PLAN DESCRIPTION (Continued)

Participant Loans

Participant loans are not permitted by the Plan.

Payment of Benefits

On termination of service for any reason, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account as permitted under the Plan.

Administrative Expenses

Certain administrative expenses incidental to the administration of the Plan, including fees of the administrative agent and independent public accountants may be paid by the Plan. Expenses not paid by the Company are paid by the Plan.

Most investment options have management fees which reduce the overall return on assets. The net appreciation of investments is reflected net of these fees.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, primarily from data provided by Transamerica Financial Life Insurance Company (the "Custodian" or "Transamerica").

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Accounting principles generally accepted in the United States of America require that the amount representing the difference between the fair value of a fully benefit-responsive contract and the contract value be presented on the face of the statements of net assets available for plan benefits. As of December 31, 2010 and 2009, there is no material difference between the contract value and fair value for the Transamerica Stable Value Advantage Option.

Investments are valued daily. Interest income is recognized on an accrual basis. Dividend income, if any, is included in net appreciation of investments.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Concentration of Risk

The Plan's investments have exposure to risk to the extent that the investments are subject to market and interest rate fluctuations that may materially affect the value of the investment balances.

Through participant direction, approximately 33 percent of Plan assets are invested in the Transamerica Stable Value Advantage Option, a guaranteed interest contract. The viability of this fund is dependent upon the continued viability of Transamerica, among other factors.

Benefits Payable to Participants

Benefits are recorded when paid.

Fair Value

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Pooled Separate Accounts – Valued at the net asset value ("NAV") of shares held by the Plan at year end. The NAV of Pooled Separate Accounts ("PSA") is based on the readily available market value of its underlying investments. The PSA NAV is not a publicly-quoted price in an active market, therefore, the PSA are classified as Level 2 within the valuation hierarchy.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value (Continued)

Guaranteed Interest Contract ("GIC") – Valued at fair value by discounting the expected cash flows to the valuation date using current credited rates for similar GICs issued by the Custodian and therefore classified as Level 2 within the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All of the Plan's investments are Level 2 and the following table sets forth by investment type, the Plan's assets at fair value as of December 31, 2010 and 2009:

	2010	2009
PSA:		
Blend funds	$ 316,867	$ 171,828
Growth funds	253,369	151,591
Value funds	166,827	89,268
Target date funds	277,299	138,823
Fixed income funds	114,283	68,521
Total PSA	1,128,645	620,031
Guaranteed interest account	549,621	429,077
Total assets at fair value	$ 1,678,266	$ 1,049,108

NOTE 3. INVESTMENTS

Investment options are selected by the Plan Sponsor and are participant-directed. The participants have several investments they can choose from. See the attached Schedule of Assets (Held at End of Year) for a detail listing of investments.

The following presents investments as of December 31, 2010 that represents 5 percent or more of the Plan's net assets.

Transamerica Stable Value Advantage Option	$ 549,621
Loomis Sayles Investment Grade Bond Fund	$ 114,283
Thornburg Core Growth Fund	$ 120,183
American Funds EuroPacific Growth Fund	$ 110,181

For the year ended December 31, 2010, net appreciation of investments in registered investment companies (mutual funds) held in pooled separate accounts was $133,311.

NOTE 3. INVESTMENTS (Continued)

The Plan entered into a benefit-responsive investment contract with Transamerica. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

Because the investment is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the investment contract. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the investment issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than zero. Such interest rates are viewed on a monthly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemptions under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average yields:	2010	2009
Based on actual earnings		
Transamerica Stable Value Advantage Option	2.10%	2.50%
Based on interest rate credited to participants		
Transamerica Stable Value Advantage Option	2.98%	3.49%

NOTE 4. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participant account balances will be distributed in accordance with the Plan agreement.

NOTE 5. FEDERAL INCOME TAX STATUS

The Company adopted a Volume Submitter Plan which is the subject of an Internal Revenue Service favorable determination letter dated March 31, 2008. The Company routinely self reviews the administration of the Plan and self-corrects any compliance issues in accordance with the Employee Plan Compliance Resolution System. The Company has identified certain operational errors and is undertaking the necessary procedures to correct these errors. The Company believes that the Plan, as subsequently amended, currently is being operated in compliance with the applicable requirements of the IRC. Accordingly, the Plan Administrator believes that the Plan and related trust are designed in accordance with applicable sections of the IRC and, accordingly, are exempt from income taxes.

NOTE 6. FINANCIAL DATA CERTIFIED BY THE CUSTODIAN

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Custodian and was not subjected to any auditing procedures performed by the independent public accountants:

a. Participant-directed investments at fair value as shown in the accompanying statements of net assets available for plan benefits of $1,678,266 as of December 31, 2010 and $1,049,108 as of December 31, 2009.

b. Net appreciation of investments of $133,311 and interest income of $10,559 as shown in the accompanying statement of changes in net assets available for plan benefits for the year ended December 31, 2010.

c. Total assets as of December 31, 2010 as shown in the accompanying Schedule of Assets (Held at End of Year).

NOTE 7. PARTY-IN-INTEREST TRANSACTIONS

Transamerica Financial Life Insurance Company is the Custodian of the Plan and holds and manages investments. Transactions with the Custodian qualify as party-in-interest transactions for which exemptions exist. The Custodian receives management and contract administration fees from the Plan. The Custodian received $11,454 for administration fees that were paid directly by the participants through the Plan.

NOTE 8. RECONCILIATION TO FORM 5500

Below is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500 as of December 31, 2010 and 2009:

	2010	2009
Net assets available for plan benefits per financial statements	$ 1,697,325	$ 1,095,026
Company contributions receivable	(1,260)	(2,161)
Participants' contributions receivable	(17,799)	(43,757)
Net assets available for plan benefits per Form 5500	$ 1,678,266	$ 1,049,108

NOTE 9. DELINQUENT PARTICIPANT CONTRIBUTIONS

The Company determined that certain 2009 and 2010 contributions were not remitted timely to the Custodian in accordance with the Department of Labor's regulations. These late remittances and the related earnings restitution are detailed in the attached Schedule of Delinquent Participant Contributions.

NOTE 10. SUBSEQUENT EVENTS

The Company has evaluated subsequent events that have occurred from December 31, 2010 through October 4, 2011 which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements.
