METRO INFECTIOUS DISEASE CONSULTANTS, LLC
PROFIT SHARING AND 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1: Description of the Plan:

The following brief description of the Metro Infectious Disease Consultants, LLC Profit Sharing and 401(k) Plan (the "Plan") is provided for general information. Participants should refer to the Plan document for more complete information.

The Plan is a defined contribution plan maintained for the benefit of eligible employees (as defined) of Metro Infectious Disease Consultants, LLC. (the "Company"), and it's affiliates Innovative Ventures, LLC., Heartland Home Infusions, Inc., and The Metro Foundation.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan is designed as a qualified cash deferred arrangement pursuant to Section 401(k) of the Internal Revenue Code and provides for the following contributions which are to be maintained in separate accounts:

Employee-Directed Contributions:

Eligible employees of the Company may elect to defer up to 100% of their annual compensation (as defined in the Plan document), to the Plan, not to exceed Internal Revenue Code limitations.

Employer Contributions:

Employer contributions to the Plan are to be made by the Company by the due date of its income tax return. The amount of contributions is at the discretion of the Company's board of directors.

Employee Rollover Contributions:

The Plan allows for the receipt of amounts from any other qualified plan, subject to the provisions of applicable tax law.

Employees have the ability to direct their employee and employer contributions into a variety of investment options allowed by the Plan.

Investment income and the fair value appreciation or depreciation are allocated to participants and terminated participants (who have undistributed account balances) based on account balances, as defined.

NOTE 1: Description of the Plan (continued):

Forfeitures occur when employees terminate employment with less than 100% of the employer contribution vested. Forfeitures are allocated to the accounts of eligible participants in the same manner as allocations of contributions. For the year ended December 31, 2010 there was $11,062 available for allocation.

Participants are immediately vested in their contribution plus actual earnings thereon. Vesting in their employer contributions based upon years of continuous service with the Company. A participant is 100% vested after three years of continuous service. Each participant vests 100% upon reaching normal retirement age, death, or permanent disability. All employee contributions vest upon contribution.

Payments of benefits are made to participants or their beneficiaries upon death, retirement, disability, or termination of employment. Benefits are payable in a lump sum or by other methods as described in the Plan.

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through regular payroll deductions.

NOTE 2: Summary of Significant Accounting Policies:

The financial statements of Metro Infectious Disease Consultants, LLC Profit Sharing and 401(K) Plan have been prepared on the accrual method of accounting.

Investment income:

Interest income is recorded as earned on an accrual basis. The differences between the aggregate fair values of investments as of the end of the year and their carrying values (fair values at the beginning of the year for investments still owned, or purchase cost for acquisitions during the year) and net gains (losses) on sale of investments during the year, are reflected as net appreciation in fair value of investments.

NOTE 2: Summary of Significant Accounting Policies (continued):

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Payment of benefits are recorded when paid.
