INDEPENDENT AUDITORS' REPORT

TO THE ADMINISTRATIVE COMMITTEE OF THE
CLEAN EARTH PLAN

We were engaged to audit the financial statements of the Clean Earth Plan (the Plan) as of December 31, 2010 and 2009, and for the years then ended, and the supplementary schedule as of December 31, 2010 as listed in the accompanying table of contents. These financial statements and schedule are the responsibility of the Plan's administrator.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Transamerica Life Insurance and Annuity Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplementary schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the custodian as of and for the years ended December 31, 2010 and 2009, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

CLEAN EARTH PLAN

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Clean Earth Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan, effective October 1, 1983, covering all non-union employees of Clean Earth, Inc. and Subsidiaries (the Companies), who have completed three months of service and have attained age 21. Employees are eligible for profit sharing and qualified non-elective contributions (QNEC) if they are employed with the Companies on the last day of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may elect to contribute from 1% to 100% of their compensation to the Plan on a pre-tax basis, subject to limitations imposed under the Internal Revenue Code (IRC). Participants may also make rollover contributions to the Plan from other qualified defined benefit or defined contribution plans. The Plan permits discretionary matching contributions, profit-sharing contributions, and QNEC by the Companies. From January 1 to January 31, 2009, the Companies made matching contributions of 50% of the first 6% of employee deferrals. Effective February 1, 2009, the Companies reduced matching contributions to 10% of the first 6% of employee deferrals. The Companies contributed $36,043 and $51,358 in matching contributions during the years ended December 31, 2010 and 2009, respectively. The Companies did not make any profit-sharing contributions to the Plan for 2010 and 2009. The Companies contributed $0 and $10,379 in QNEC during the years ended December 31, 2010 and 2009, respectively.

Participants' Accounts

Each participant's account is credited with his or her contributions, the Companies' matching, profit-sharing and QNEC, and investment earnings and losses, and charged with an allocation of administrative expenses. Profit-sharing contribution allocations are based on participant compensation. QNEC are allocated proportionately on behalf of each participant who is included in the group of lowest paid non-highly compensated participants for the Plan year. All other allocations are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (continued)

Vesting

Participants are immediately vested in their contributions plus earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service according to the following schedule:

Years of Service	Vested Percentage
Less than 1 year	0%
1 year but less than 2	20%
2 years but less than 3	40%
3 years but less than 4	60%
4 years but less than 5	80%
5 years or more	100%

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan.

Forfeitures

Forfeitures are created when participants terminate employment prior to becoming entitled to full benefits. At December 31, 2010 and 2009, forfeited nonvested accounts totaled $57,893 and $41,370, respectively. At the Companies' discretion, forfeitures may be reallocated to participants that are employed on the last day of the Plan year. The Companies did not reallocate any forfeitures to participants during 2010 and 2009.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or separation of service, participants or their beneficiaries are entitled to receive a distribution of their vested account balance in the form of a lump-sum payment or installments. Upon proven financial hardship, participants may elect to receive a distribution equal to the value of their deferral contributions.

Notes Receivable from Participants

Participants may borrow from their accounts up to 50% of their vested account balance, from a minimum of $1,000 up to a maximum of $50,000. Notes receivable terms range from one to five years or up to 25 years for the purchase of a primary residence. The notes receivable are secured by the balance in the participant's account and bear interest at 6%. Principal and interest are paid ratably through monthly payroll deductions. Interest income of $8,945 and $10,326 for 2010 and 2009, respectively, has been recorded as other income in the accompanying Statements of Changes in Net Assets Available for Benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits should present the fair values of the insurance company general account as well as the adjustments from fair value to contract value; however, for the Plan, contract value approximates fair value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses are paid by the Plan. Participants with loan balances pay a quarterly maintenance fee on each outstanding loan. All other expenses related to the Plan are paid by the Companies.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants

In September 2010, GAAP clarified how loans to participants should be classified and measured by defined contribution benefit plans. Participant loans were previously classified as investments at fair value. The guidance requires that participant loans be classified as notes receivable from participants, which are segregated from Plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. As required, the Plan has retrospectively adopted the guidance for the Plan year ended December 31, 2009.

Reclassifications

Certain reclassifications have been made to the 2009 financial statements to conform with the 2010 financial statement presentation. Such reclassifications had no effect on Changes in Net Assets Available for Benefits as previously reported.

3. INVESTMENTS

The following table presents the fair value of investments at December 31, 2010 and 2009. The investments and investment activity have been certified as complete and accurate by Transamerica Life Insurance and Annuity Company, the custodian of the Plan, and have not been audited by the independent auditors. Individual investments that represent 5% or more of the Plan's net assets are separately identified.

	2010	2009
Insurance company pooled separate accounts:		
Transamerica American Funds Balanced Fund	$ 455,034	$ 380,388
Transamerica American Funds Washington Mutual Investors Fund	591,269	530,597
Transamerica Columbia Mid Cap Value Fund	479,333	367,822
Transamerica Fidelity Advisor Mid Cap Fund	575,428	429,595
Transamerica Janus Small Cap Value Fund	510,447	375,361
Transamerica Partners Core Bond Fund	681,371	618,426
Transamerica Wellington Management Company Quality Growth Fund	591,647	573,664
Other insurance company pooled separate accounts	2,408,108	1,942,610
	6,292,637	5,218,463
Insurance company general account – unallocated contracts:		
Transamerica Stable Value Fund*	1,343,593	1,459,901
Total investments	$7,636,230	$6,678,364

*This amount represents contract value for this investment, which approximates fair value.

3. INVESTMENTS (continued)

During 2010 and 2009, the Plan's investments (including gains and losses on investments purchased and sold, as well as held during the year) appreciated in value by $818,972 and $1,106,486, respectively.

4. FAIR VALUE MEASUREMENTS

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. It applies to fair value measurements already required or permitted by existing standards. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs used in valuation models (Level 3 measurements).

The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in inactive markets. Level 2 inputs include those other than quoted prices that are observable for the asset or liability and that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Insurance company pooled separate accounts - The fair value of the underlying assets are used to determine the net asset value of the account.

Insurance company general account – unallocated contracts - Valued based on the deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees (See Note 7).

4. FAIR VALUE MEASUREMENTS (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010:

	Level 2	Total
Insurance company pooled separate accounts		
Fixed income funds	$ 1,212,798	$ 1,212,798
Hybrid funds	723,385	723,385
International funds	728,769	728,769
Large-cap funds	1,425,542	1,425,542
Mid-cap funds	1,054,761	1,054,761
Small-cap funds	714,578	714,578
Specialty funds	256,901	256,901
Target date funds	175,903	175,903
Insurance company general account – unallocated contracts	1,343,593	1,343,593
Total assets at fair value	$ 7,636,230	$ 7,636,230

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

	Level 2	Total
Insurance company pooled separate accounts	$ 5,218,463	$ 5,218,463
Insurance company general account – unallocated contracts	1,459,901	1,459,901
Total assets at fair value	$ 6,678,364	$ 6,678,364

5. TAX STATUS

The Plan received a determination letter on May 29, 2009 in which the Internal Revenue Service (IRS) stated that the Plan was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

5. TAX STATUS (continued)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to the year ended December 31, 2008.

6. PLAN TERMINATION

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts.

7. INVESTMENT CONTRACT WITH INSURANCE COMPANY

During 2010 and 2009, the Plan participated in an insurance company general account through Transamerica Life Insurance and Annuity Company. As described in Note 2, because the investment in the insurance company general account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment in the insurance company general account. Contract value, as reported to the Plan by Transamerica Life Insurance and Annuity Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value is the amount payable to Plan participants upon demand. The insurance company general account has no stated maturity dates and the amount payable on demand is the contract value. If an event should ever occur such that realization of full contract value for a particular investment contract is no longer probable, the insurance company general account may no longer be considered fully benefit-responsive.

The interest rate is reset monthly, with no maturity dates on balances. The following are the guaranteed, average and crediting interest rates for the insurance company general account:

	2010	2009
Guaranteed interest rate	2.65 %	2.75 %
Average interest rate	2.73 %	3.16 %
Crediting interest rate	2.65 %	2.75 %

8. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments at December 31, 2010 and 2009 are invested in funds managed by Transamerica Life Insurance and Annuity Company. Transamerica Life Insurance and Annuity Company is the custodian of the Plan, and therefore, these transactions are considered party-in-interest transactions.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. ACCRUED LIABILITIES

In order to pass the 2010 Actual Deferral Percentage (ADP) Test, the Plan administrator elected to refund excess elective deferrals and earnings thereon to certain highly-compensated employees. The calculated amount was $43,394 for the year ended December 31, 2010 and will be distributed in 2011. This amount has been included in accrued liabilities in the accompanying 2010 Statement of Net Assets Available for Benefits.

11. SUBSEQUENT EVENTS

The Companies amended the Plan effective January 1, 2011. Under the new amendment, eligible employees are automatically enrolled in the Plan once they reach 60 days from the first of the month after their date of hire. Additionally, eligible non-participating employees may elect to participate in the Plan at the beginning of any month. Lastly, the Companies increased the employer match to 25% of the first 6% of employee deferrals.

The Companies evaluated subsequent events through October 6, 2011, the date these financial statements were available to be issued. There were no material subsequent events other than those disclosed above that required recognition or additional disclosure in these financial statements.
