Plan Administrator, Committee, and Participants
The Denver Post Union-Covered Employee Savings Plan
Denver, Colorado

We were engaged to audit the financial statements of The Denver Post Union-Covered Employee Savings Plan (the "Plan") as of December 31, 2010 and 2009, and for the year ended December 31, 2010, and the supplemental schedule as of December 31, 2010 as listed in the accompanying table of contents. These financial statements and the supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 2, which was certified by Prudential Bank & Trust, F.S.B., the trustee of the Plan, except for comparing such information with the related information included in the financial statements and the supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2010 and 2009, and for the year ended December 31, 2010, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and the supplemental schedule taken as a whole. The form and content of the information included in the financial statements and the supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

THE DENVER POST UNION-COVERED EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of The Denver Post Union-Covered Employee Savings Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established April 1, 2001. The Plan is available to substantially all union employees of The Denver Post, LLC (the "Company"), the Plan sponsor. The Company was formed on January 23, 2001 under a joint operating agreement between the E.W. Scripps Company ("Scripps"), owner of *The Rocky Mountain News*, and MediaNews Group, Inc. ("MNG"), owner of *The Denver Post*. However, on February 26, 2009, MNG and Scripps entered into a Separation Agreement. Effective February 27, 2009, in accordance with the Separation Agreement, Scripps ceased publication of *The Rocky Mountain News* and ceased management control. The closing and other conditions set forth in the Separation Agreement occurred on August 26, 2009. After the Separation Agreement was executed, the Company continued to manage and perform all the business functions of *The Denver Post*. Effective June 30, 2010, the Plan name changed from Denver Newspaper Agency Union-Covered Employee Savings Plan to The Denver Post Union-Covered Employee Savings Plan.

Employees are eligible to participate immediately upon the employee's employment commencement date. Employees become eligible for employer matching contributions and employer non-elective contributions after completing one year of service. Service under the Plan takes into account service performed by participants while in the employment of the Denver Publishing Company (a subsidiary of Scripps). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Company has elected a committee which administers the Plan. Prudential Trust & Bank, F.S.B., ("Prudential") serves as trustee, manages Plan assets, and maintains the Plan's records. Prudential offers Plan participants a variety of investment options. Individual accounts are invested in the various investment options at the direction of the participants.

Contributions

Participants may make before-tax contributions up to 75% of their annual compensation, not to exceed Internal Revenue Service ("IRS") limits, which are adjusted annually by the Secretary of Treasury for inflation. This maximum percentage may be reduced by the Plan administrator in certain circumstances. Additionally, participants may make voluntary non-deductible employee contributions up to a maximum of 10% of their pre-tax annual compensation, as defined in the Plan, with no deduction for elective deferrals during the Plan year. The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions.

THE DENVER POST UNION-COVERED EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Contributions (continued)

Prior to March 15, 2009, the Company contributed matching contributions of 50% of participant elective deferral contributions on the first 6% of participant compensation up to 3% of compensation. The Company has the right to designate all or a portion of the matching contributions as qualified. Additional contributions, considered employer non-elective contributions, can be contributed at the discretion of the employer. No employer non-elective contributions were made during the period from January 1, 2009 to March 14, 2009. Effective March 14, 2009, the Plan was amended to provide that Company matching contributions will be discretionary. Company matching contributions were suspended after March 14, 2009 for substantially all participants, with the exception of one union group which represents six employees of the Company. To the extent matching contributions are made, they are non-forfeitable and may not be withdrawn from the Plan prior to separation from service or attainment of age 59½. The Company contributed \$8,869 for the year ended December 31, 2010.

Participants' Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, allocation of employer non-elective contributions, and an allocation of Plan earnings or losses and administrative expenses. Participants who are subject to limitations on individual contributions, due to their level of pay in relation to that of other participants, share in Company contributions to the extent of their contribution. Allocations are based upon Plan earnings and account balances, as defined. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting

Participants are vested immediately in their voluntary contributions and in Company matching and non-elective contributions plus actual earnings thereon.

Participant Loans

Participants may borrow from their participant account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance, whichever is less. Loan terms range from one to five years or, if a loan is used to acquire a principal residence, the terms may be up to ten years. The loans are secured by the balance in the participant's account and bear interest at 1% above the prime rate on the day that the loan is taken. Loan interest rates range from 4.25% to 9.25% and mature at various dates through November 2020. Principal and interest is paid ratably through payroll deductions.

THE DENVER POST UNION-COVERED EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Payments of Benefits

Upon termination of service due to death, disability, or retirement, a participant can elect to receive a lump-sum payment in the amount equal to the value of the participant's vested account balance or the participant can elect to roll the amount into another qualified plan or individual retirement account. Lump-sum distributions are made to terminated participants if the participant's vested balance is \$1,000 or less and the participant did not elect to roll the amount into another qualified plan or individual retirement account.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The net realized and unrealized investments gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits, and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchase and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

As of December 31, 2010 and 2009, the Plan invests in guaranteed investment contracts. Guaranteed investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is a relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive guaranteed investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the guaranteed investment contract. No adjustment was required as of December 31, 2010 and 2009 as contract value approximated fair value.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risk and Uncertainties

The Plan provides for various investments, which in general are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

THE DENVER POST UNION-COVERED EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Risk and Uncertainties (continued)

Additionally, certain mutual funds and pooled separate accounts invest in the securities of foreign companies which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Recent Accounting Pronouncements

In September 2010, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans*, which requires participant loans to be classified as loans receivable and measured at unpaid principal balance plus accrued but unpaid interest. Previously, these participant loans were classified as Plan investments, and were subject to the fair value measurement and disclosure requirements of Accounting Standards Codification Topic 820, *Fair Value Measurements and Disclosures*. As permitted under ASU 2010-25, the Plan has retrospectively adopted ASU 2010-25 for the Plan years ending December 31, 2010 and 2009. The adoption of ASU 2010-25 did not have a material impact on the Plan's financial statements.

In January 2010, the FASB issued ASU 2010-06, *Improving Disclosures about Fair Value Measurements*. This guidance requires additional disclosure of transfers of assets and liabilities between Levels 1 and 2 of the fair value hierarchy and disclosure of activities, on a gross basis, including purchases, sales, issuances, and settlements in the reconciliation of the assets and liabilities measured under Level 3 of the fair value hierarchy. This standard also clarifies existing disclosure requirements on levels of disaggregation and disclosures about inputs and valuation techniques. ASU 2010-06 was effective for the Plan's year ended December 31, 2010, except for the disclosure requirements on Level 3 activity that will be effective for the Plan's year ending December 31, 2011. The adoption of this standard did not have a material impact on the Plan's financial statements.

Note 2 - Investments

Prudential has certified in writing to the Plan administrator that the stated amounts for investments at fair value as of December 31, 2010 and 2009, and the income earned on the investments for the year ended December 31, 2010, as reflected in the accompanying financial statements and the supplemental schedule, are complete and accurate.

THE DENVER POST UNION-COVERED EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 2 - Investments (continued)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustee except for comparing the information contained therein to information included in the financial statements and the supplemental schedule.

The fair value of investments greater than 5% of net assets available for benefits was the following:

	December 31,	
	2010	2009
Prudential Guaranteed Income Fund	\$ 11,362,296	\$ 11,893,469
American Funds Growth Fund of America R4	\$ 3,739,395	\$ 3,410,803
American Funds Europacific Growth Fund	\$ 3,454,129	\$ 3,416,450
Prudential Large-Cap Value/LSV Asset Management Fund	\$ 3,064,433	\$ 2,855,550
Vanguard Primecap Admiral Fund	\$ 2,881,028	\$ 2,594,158
Prudential Core Plus Bond/PIMCO Account Fund	\$ 2,727,504	\$ 2,620,471
Vanguard 500 Index Signal Fund	\$ 2,058,886	\$ 1,871,589

The Plan's investments (including investments bought, sold, and held for the year) appreciated in fair value as follows at December 31, 2010:

Mutual funds	\$ 1,297,357
Pooled separate accounts	<u>1,255,183</u>
	<u>\$ 2,552,540</u>

Note 3 - Fair Value Accounting

Accounting principles generally accepted in the United States of America require disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

THE DENVER POST UNION-COVERED EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 3 - Fair Value Accounting (continued)

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2010 and 2009.

Assets at fair value on a recurring basis as of December 31, 2010 are as follows:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Note 3 - Fair Value Accounting (continued)

Assets at fair value on a recurring basis as of December 31, 2009 are as follows:

Description	Level 1	Level 2	Level 3	Total
Mutual funds				
Large capital investments	\$ 12,067,350	\$ -	\$ -	\$ 12,067,350
Income investments	503,756	-	-	503,756
Small capital investments	480,162	-	-	480,162

Income investments	-	2,620,471	-	2,620,471
Mid capital investments	-	2,413,179	-	2,413,179
Small capital investments	-	971,255	-	971,255
Equity and fixed income blended investments	-	431,306	-	431,306

Total	<u>\$ 13,051,268</u>	<u>\$ 21,185,230</u>	<u>\$ -</u>	<u>\$ 34,236,498</u>

The valuation technique used to measure fair value of mutual funds is based upon the quoted market prices available on an active market.

The valuation technique used to measure fair values of the pooled separate accounts was determined based on the value of the underlying assets and securities, the majority of which have observable Level 2 pricing inputs, including publicly quoted prices for similar assets in active or non-active markets.

The valuation technique used to measure fair value of the guaranteed investment contracts is based on the fair value of the Fund's underlying investments held in the contracts, determined by Prudential, using the audited financial statements of the Fund at year-end.

There were no changes to the valuation techniques used during the period.

THE DENVER POST UNION-COVERED EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 4 - Income Taxes

The Plan obtained its last determination letter on August 4, 2009, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan administrator believes that the Plan continues to be operated and administered in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

Note 5 - Administration of the Plan

The Company provides at no cost to the Plan certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

Note 7 - Exempt Party-In-Interest Transactions

Certain Plan investments are mutual funds, pooled separate accounts, and guaranteed investment contracts managed by Prudential; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

Note 8 - Subsequent Events

The Plan has evaluated subsequent events through August 5, 2011, the date the financial statements were available to be issued.

("MNG"), owner of *The Denver Post*. However, on February 26, 2009, MNG and Scripps entered into a Separation Agreement. Effective February 27, 2009, in accordance with the Separation Agreement, Scripps ceased publication of *The Rocky Mountain News* and ceased management control. The closing and other conditions set forth in the Separation Agreement occurred on August 26, 2009. After the Separation Agreement was executed, the Company continued to manage and perform all the business functions of *The Denver Post*. Effective June 30, 2010, the Plan name changed from Denver Newspaper Agency Union-Covered Employee Savings Plan to The Denver Post Union-Covered Employee Savings Plan.

Employees are eligible to participate immediately upon the employee's employment commencement date. Employees become eligible for employer matching contributions and employer non-elective contributions after completing one year of service. Service under the Plan takes into account service performed by participants while in the employment of the Denver Publishing Company (a subsidiary of Scripps). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Company has elected a committee which administers the Plan. Prudential Trust & Bank, F.S.B., ("Prudential") serves as trustee, manages Plan assets, and maintains the Plan's records. Prudential offers Plan participants a variety of investment options. Individual accounts are invested in the various investment options at the direction of the participants.

Contributions

Participants may make before-tax contributions up to 75% of their annual compensation, not to exceed Internal Revenue Service ("IRS") limits, which are adjusted annually by the Secretary of Treasury for inflation. This maximum percentage may be reduced by the Plan administrator in certain circumstances. Additionally, participants may make voluntary non-deductible employee contributions up to a maximum of 10% of their pre-tax annual compensation, as defined in the Plan, with no deduction for elective deferrals during the Plan year. The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions.

Contributions (continued)

Prior to March 15, 2009, the Company contributed matching contributions of 50% of participant elective deferral contributions on the first 6% of participant compensation up to 3% of compensation. The Company has the right to designate all or a portion of the matching contributions as qualified. Additional contributions, considered employer non-elective contributions, can be contributed at the discretion of the employer. No employer non-elective contributions were made during the period from January 1, 2009 to March 14, 2009. Effective March 14, 2009, the Plan was amended to provide that Company matching contributions will be discretionary. Company matching contributions were suspended after March 14, 2009 for substantially all participants, with the exception of one union group which represents six employees of the Company. To the extent matching contributions are made, they are non-forfeitable and may not be withdrawn from the Plan prior to separation from service or attainment of age 59½. The Company contributed \$8,869 for the year ended December 31, 2010.

Participants' Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, allocation of employer non-elective contributions, and an allocation of Plan earnings or losses and administrative expenses. Participants who are subject to limitations on individual contributions, due to their level of pay in relation to that of other participants, share in Company contributions to the extent of their contribution. Allocations are based upon Plan earnings and account balances, as defined. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting

Participants are vested immediately in their voluntary contributions and in Company matching and non-elective contributions plus actual earnings thereon.

Participant Loans

Participants may borrow from their participant account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance, whichever is less. Loan terms range from one to five years or, if a loan is used to acquire a principal residence, the terms may be up to ten years. The loans are secured by the balance in the participant's account and bear interest at 1% above the prime rate on the day that the loan is taken. Loan interest rates range from 4.25% to 9.25% and mature at various dates through November 2020. Principal and interest is paid ratably through payroll deductions.

Payments of Benefits

Upon termination of service due to death, disability, or retirement, a participant can elect to receive a lump-sum payment in the amount equal to the value of the participant's vested account balance or the participant can elect to roll the amount into another qualified plan or individual retirement account. Lump-sum distributions are made to terminated participants if the participant's vested balance is \$1,000 or less and the participant did not elect to roll the amount into another qualified plan or individual retirement account.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The net realized and unrealized investments gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits, and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchase and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

As of December 31, 2010 and 2009, the Plan invests in guaranteed investment contracts. Guaranteed investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is a relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive guaranteed investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the guaranteed investment contract. No adjustment was required as of December 31, 2010 and 2009 as contract value approximated fair value.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risk and Uncertainties

The Plan provides for various investments, which in general are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

THE DENVER POST UNION-COVERED EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Risk and Uncertainties (continued)

Additionally, certain mutual funds and pooled separate accounts invest in the securities of foreign companies which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Recent Accounting Pronouncements

In September 2010, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans*, which requires participant loans to be classified as loans receivable and measured at unpaid principal balance plus accrued but unpaid interest. Previously, these participant loans were classified as Plan investments, and were subject to the fair value measurement and disclosure requirements of Accounting Standards Codification Topic 820, *Fair Value Measurements and Disclosures*. As permitted under ASU 2010-25, the Plan has retrospectively adopted ASU 2010-25 for the Plan years ending December 31, 2010 and 2009. The adoption of ASU 2010-25 did not have a material impact on the Plan's financial statements.

In January 2010, the FASB issued ASU 2010-06, *Improving Disclosures about Fair Value Measurements*. This guidance requires additional disclosure of transfers of assets and liabilities between Levels 1 and 2 of the fair value hierarchy and disclosure of activities, on a gross basis, including purchases, sales, issuances, and settlements in the reconciliation of the assets and liabilities measured under Level 3 of the fair value hierarchy. This standard also clarifies existing disclosure requirements on levels of disaggregation and disclosures about inputs and valuation techniques. ASU 2010-06 was effective for the Plan's year ended December 31, 2010, except for the disclosure requirements on Level 3 activity that will be effective for the Plan's year ending December 31, 2011. The adoption of this standard did not have a material impact on the Plan's financial statements.

Note 2 - Investments

Prudential has certified in writing to the Plan administrator that the stated amounts for investments at fair value as of December 31, 2010 and 2009, and the income earned on the investments for the year ended December 31, 2010, as reflected in the accompanying financial statements and the supplemental schedule, are complete and accurate.

THE DENVER POST UNION-COVERED EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 2 - Investments (continued)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustee except for comparing the information contained therein to information included in the financial statements and the supplemental schedule.

The fair value of investments greater than 5% of net assets available for benefits was the following:

	December 31,	
	2010	2009
Prudential Guaranteed Income Fund	\$ 11,362,296	\$ 11,893,469
American Funds Growth Fund of America R4	\$ 3,739,395	\$ 3,410,803
American Funds Europacific Growth Fund	\$ 3,454,129	\$ 3,416,450
Prudential Large-Cap Value/LSV Asset Management Fund	\$ 3,064,433	\$ 2,855,550
Vanguard Primecap Admiral Fund	\$ 2,881,028	\$ 2,594,158
Prudential Core Plus Bond/PIMCO Account Fund	\$ 2,727,504	\$ 2,620,471
Vanguard 500 Index Signal Fund	\$ 2,058,886	\$ 1,871,589

The Plan's investments (including investments bought, sold, and held for the year) appreciated in fair value as follows at December 31, 2010:

Mutual funds	\$ 1,297,357
Pooled separate accounts	<u>1,255,183</u>
	<u>\$ 2,552,540</u>

Note 3 - Fair Value Accounting

Accounting principles generally accepted in the United States of America require disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

THE DENVER POST UNION-COVERED EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 3 - Fair Value Accounting (continued)

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2010 and 2009.

Assets at fair value on a recurring basis as of December 31, 2010 are as follows:

Note 3 - Fair Value Accounting (continued)

Assets at fair value on a recurring basis as of December 31, 2009 are as follows:

Description	Level 1	Level 2	Level 3	Total
Mutual funds				
Large capital investments	\$ 12,067,350	\$ -	\$ -	\$ 12,067,350
Income investments	503,756	-	-	503,756

Total	<u>\$ 13,051,268</u>	<u>\$ 21,185,230</u>	<u>\$ -</u>	<u>\$ 34,236,498</u>

The valuation technique used to measure fair value of mutual funds is based upon the quoted market prices available on an active market.

The valuation technique used to measure fair values of the pooled separate accounts was determined based on the value of the underlying assets and securities, the majority of which have observable Level 2 pricing inputs, including publicly quoted prices for similar assets in active or non-active markets.

The valuation technique used to measure fair value of the guaranteed investment contracts is based on the fair value of the Fund's underlying investments held in the contracts, determined by Prudential, using the audited financial statements of the Fund at year-end.

There were no changes to the valuation techniques used during the period.

THE DENVER POST UNION-COVERED EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 4 - Income Taxes

The Plan obtained its last determination letter on August 4, 2009, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan administrator believes that the Plan continues to be operated and administered in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

Note 5 - Administration of the Plan

The Company provides at no cost to the Plan certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

Note 7 - Exempt Party-In-Interest Transactions

Certain Plan investments are mutual funds, pooled separate accounts, and guaranteed investment contracts managed by Prudential; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

Note 8 - Subsequent Events

The Plan has evaluated subsequent events through August 5, 2011, the date the financial statements were available to be issued.
