To the Board of Trustees
Atrium Health System 401(k) Savings Plan

We were engaged to audit the financial statements and supplemental schedule of Atrium Health System 401(k) Savings Plan (formerly Middletown Regional Health System 401(k) Savings Plan) (the "Plan") as of December 31, 2010 and 2009 and for the years then ended, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Bank of America, N.A. (formerly known as Merrill Lynch Bank & Trust Co., F.S.B.), the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes related transactions. The plan administrator has obtained certification from the trustee as of December 31, 2010 and 2009 and for the years then ended that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Atrium Health System 401(k) Savings Plan

Notes to Financial Statements December 31, 2010 and 2009

Note 1 - Plan Description

The following description of Atrium Health System 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible employees of Atrium Health System (the "Plan Sponsor") and several organizations that are affiliated with the Plan Sponsor, including Middletown Regional Hospital, Atrium Medical Center Foundation, MiddCare Inc., CareView Corporation, Partnership EAP, Inc., Midwest Behavior Health Connections, and Miami Senior Health Services, Inc. (collectively, the "Company"). All employees who have attained the age of 21 and have completed at least 12 months and 1,000 hours of service are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Participants can contribute a portion of their compensation as a pretax contribution to the Plan, up to the maximum allowed under the Plan and the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan Sponsor makes matching contributions equal to 50 percent of the participant's pretax contributions for the first 2 percent of compensation deferred, and 25 percent of the participant's pretax contributions for the next 4 percent of compensation deferred. All matching contributions are also participant-directed.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Plan Sponsor's contributions and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting - Participants' contributions and the employer-matching contributions and related earnings are fully vested at all times and are not subject to forfeiture for any reason.

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Account balances less than \$1,000 are paid in a single lump sum upon termination without consent; however, participants always have the option, when applicable, to roll over their vested account balance and avoid any premature distribution penalties.

Note 1 - Plan Description (Continued)

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by Bank of America, N.A., or its affiliates. Bank of America, N.A., is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are stated at fair value, except for its common collective trust fund investment, which was valued at contract value at December 31, 2009. Contract value represents investments at cost plus accrued interest income less amounts withdrawn to pay benefits. At December 31, 2009, the fair value of the common collective trust fund is based on discounting the related cash flows of the underlying guaranteed investment contracts based on current yields of similar instruments with comparable durations. At December 31, 2010, the common collective trust fund is valued at the net asset value per share (or its equivalent) of the funds, which is based on fair value of the fund's underlying assets. Mutual funds are valued based on quoted market prices. See Note 6 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Various administrative costs are paid by the Company.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2 - Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including September 15, 2011, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

In 2009, Bank of America Corporation acquired Merrill Lynch & Co., Inc., of which Merrill Lynch Bank & Trust Co., F.S.B. (Merrill Lynch) and Merrill Lynch, Pierce, Fenner & Smith, Incorporated (MLPF&S) are wholly owned subsidiaries. Bank of America, N.A., a subsidiary of Bank of America Corporation, became the successor trustee to the Plan. Previously, Merrill Lynch was the trustee. MLPF&S remains the recordkeeper of the Plan. The current trustee of the Plan, Bank of America, N.A. (the "Trustee"), holds the Plan's investments and executes all related transactions. The investment balances and related investment results included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by the Trustee.

In October 2010, the Bank of America, N.A. Retirement Preservation Trust (formerly Merrill Lynch Retirement Preservation Trust) (the "Trust") approved a resolution to liquidate. As part of this liquidation, the Trust was converted from a stable value investment to a bond fund and affiliates of Bank of America, N.A. provided funding to enable the Trust to maintain a net asset value of \$1.00 per share. The Trust terminated operations on February 28, 2011 and was fully liquidated on March 1, 2011. All Trust units were redeemed or exchanged at \$1.00 per share.

Note 4 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 5 - Reconciliation to Form 5500

The net assets on the financial statements differ from the net assets on Form 5500 due to a common collective trust fund being recorded at contract value on the financial statements and at fair value on Form 5500. The net assets on the financial statements were the same as Form 5500 as of December 31, 2010. The net assets on the financial statements were the higher than Form 5500 by \$317,681 as of December 31, 2009. Additionally, the investment income on Form 5500 was \$317,681 and \$311,822 higher than the investment gain recorded in the financial statements as of December 31, 2010 and 2009, respectively.

Note 6 - Fair Value Measurements

Accounting standards require certain assets be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

Notes to Financial Statements December 31, 2010 and 2009

Note 6 - Fair Value Measurements (Continued)

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2010 and 2009 and the valuation techniques used by the Plan to determine those fair values.

Level 1 - In general, fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets and liabilities in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no significant transfers between levels of the fair value hierarchy during 2010 and 2009.
