INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator
Research Pharmaceutical Services, Inc.
401(k) Profit Sharing Plan
Fort Washington, Pennsylvania

We were engaged to audit the financial statements of the Research Pharmaceutical Services, Incorporated 401(k) Profit Sharing Plan (the "Plan") as of December 31, 2010 and 2009, and for the years then ended and the supplemental schedules as of and for the year ended December 31, 2010, as listed in the accompanying index. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by ING Institutional Plan Services, LLC, the recordkeeper of the Plan, as agent for the trustee of the Plan, Reliance Trust Company, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the agent on behalf of the trustee as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan administrator by the agent for the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Research Pharmaceutical Services, Incorporated
401(k) Profit Sharing Plan
Notes to Financial Statements
As of and For the Years Ended December 31, 2010 and 2009

1. Description of Plan

The following description of the Research Pharmaceutical Services, Incorporated 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Summary Plan Description and the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of Research Pharmaceutical Services, Inc. (the “Company”) who have at least one month of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year, participants may elect to defer up to 92% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers twenty-four mutual funds and one money market fund as investment options for participants. Additional discretionary matching and/or discretionary profit sharing amounts may be contributed at the option of the Company’s Board of Directors. Participants must be employed at the end of the Plan year and have completed at least 500 hours of service to be eligible to participate in discretionary matching contributions and at least 1000 hours for profit sharing contributions. During the year ended December 31, 2010 and 2009, the Company elected not to make any discretionary matching or profit sharing contributions.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of the Company’s discretionary contributions and Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants’ nonvested accounts are used to reduce future Company contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s discretionary matching or profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants are vested in their discretionary matching or profit sharing contributions based on their years of service in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
1 year, but less than 2	33%
2 years but less than 3	66%
3 years, or more	100%

A year of service for vesting purposes is 1,000 hours of service.

As of and For the Years Ended December 31, 2010 and 2009

Forfeited Accounts

When certain terminations of participants in the Plan occur, the non-vested portion of the participant's employer contribution account represents forfeitures. Total unallocated forfeitures, which will be used to reduce future employer contributions, were \$6,124 and \$4,836 at December 31, 2010 and 2009, respectively. No forfeitures were used to offset employer contributions during the years ended December 31, 2010 and 2009.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms may not exceed five years unless the purpose of the loan is for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate as determined by reviewing interest rates charged for similar types of loans by other lenders. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Benefits under the Plan are payable to the participants, their beneficiaries or their estates upon severance of employment, normal retirement or death. In-service and hardship distributions are also permitted. On termination of service, a participant with vested plan benefits exceeding \$5,000 may elect to receive a distribution in a single lump-sum payment in cash or as an annuity. If the participant's balance is more than \$1,000 but not more than \$5,000, and the participant does not make an election, the balance will be rolled over into an individual retirement account selected by the plan administrator.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments consists of the realized gains or losses and the unrealized appreciation or depreciation of those investments.

Notes Receivable from Participants

Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

As of and For the Years Ended December 31, 2010 and 2009

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Administrative Expenses

Trustee expenses are paid by the Plan. Certain professional fees for the years ended December 31, 2010 and 2009 were paid by the Plan Sponsor.

Reclassifications

Certain items in the prior year financial statements have been reclassified to conform to the current year's presentation.

Subsequent Events

The Plan has evaluated subsequent events through August 25, 2011, the date the financial statements were available to be issued.

Recently Issued Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board ("FASB") updated the guidance in FASB Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*. The updated guidance (i) requires separate disclosure of activity in transfers in and out of Levels 1 and 2 fair value measurements, (ii) requires disclosure of Level 3 fair value measurements activity on a gross basis, (iii) clarifies existing disaggregation requirements, (iv) and clarifies existing input and valuation technique disclosure requirements. The updated guidance was effective for periods beginning after December 15, 2009, except for the rollforward of activity in Level 3 fair value measurement disclosure requirements, which are effective for fiscal years beginning after December 15, 2010. Retrospective adoption was not required. The Plan adopted the aspects of the guidance that are currently effective as of January 1, 2010 and will adopt the remaining guidance on January 1, 2011. The adoption of the effective guidance had no effect on the Plan's net assets available for benefits or its changes in net assets available for benefits and the adoption of the remaining guidance is not expected to have any effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

In September 2010, the FASB updated the guidance in FASB ASC Topic 962, *Plan Accounting – Defined Contribution Pension Plans*. The guidance clarifies how loans to participants should be classified and measured by defined contribution pension benefit plans. Participant loans were previously classified as investments at fair value. The updated guidance requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. The updated guidance also exempts participant loans from fair value and credit quality disclosure requirements. The guidance in this update was effective for fiscal years ending after December 15, 2010, with retrospective adoption required. The adoption of the guidance had no significant effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

As of and For the Years Ended December 31, 2010 and 2009

In May 2011, the FASB issued Accounting Standards Update No. 2011-4, *Fair Value Measurement (Topic 820), Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRS*. The amendments change the wording used to describe many of the requirements in U.S. GAAP for measuring fair value and for disclosing information about fair value measurements. Some of the amendments clarify the FASB's intent about the application of existing fair value measurement requirements. Other amendments change a particular principle requirement for measuring fair value or for disclosing information about fair value measurements. Some of the disclosures required by the amendments are not required for nonpublic entities. The amendments are to be applied prospectively and are effective for nonpublic entities for annual periods beginning after December 15, 2011. The Plan does not expect the amendments to have any effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

3. Unaudited Information Certified by the Plan Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and supplemental schedules was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by ING Institutional Plan Services, LLC, the recordkeeper of the Plan as agent for the trustee of the Plan, Reliance Trust Company.

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2010 and 2009.
- Net appreciation (depreciation) in fair value of investments for the years ended December 31, 2010 and 2009, as follows:

	For the Year End December 31, 2010	For the Year End December 31, 2009
Net appreciation (depreciation):		
Registered investment companies	\$ 2,886,072	\$ 4,090,065

- Interest and dividend income from investments and interest income on notes receivable from participants for the years ended December 31, 2010 and 2009, as follows:

	For the Year End December 31, 2010	For the Year End December 31, 2009
Interest and dividend income from investments	\$ 352,556	\$ 259,951

4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2010 and 2009.

Registered investment companies and money market fund: Valued at the net asset value ("NAV") of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2010:

5. Tax Status

Effective January 1, 2009, the Plan, through the adoption of the ING Life Insurance and Annuity Company Prototype Non-Standardized 401(k) Profit Sharing Plan was amended and restated. The Internal Revenue Service issued a non-standardized profit sharing plan with cash or deferral arrangement prototype opinion letter dated March 31, 2008, stating that the prototype plan document was designed in accordance with applicable Internal Revenue Code ("IRC") requirements as of that date. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

7. Related-Party Transactions

Certain plan investments are shares of mutual funds and money market funds managed by ING Institutional Plan Services, LLC. ING Institutional Plan Services, LLC is the recordkeeper of the Plan, and therefore, these transactions qualify as party-in-interest transactions. ING Institutional Plan Services is also an agent to the trustee of the Plan, Reliance Trust Company.

8. Plan Amendments

Effective July 12, 2010, the Plan was amended to comply with the Heroes Earnings Assistance and Relief Tax Act of 2008, and to make certain other administrative changes to the Plan.

Effective January 1, 2009, the Plan was amended and restated to adopt the ING Life Insurance and Annuity Company Prototype Non-Standardized 401(k) Profit Sharing Plan.

9. Excess Contributions Payable

Contributions received from participants for 2010 are net of payments of \$78,309 made in March 2011 to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. These amounts are also included in the Plan's statements of net assets available for benefits as excess contributions payable at December 31, 2010.

10. Prohibited Transactions

During 2010, the Company failed to remit to the Plan's trustee certain employee contributions totaling approximately \$238,878 within the period prescribed by the Department of Labor regulations. Delays in remitting were due to administrative errors. The delinquent contributions were deposited prior to December 31, 2010. Subsequent to December 31, 2010, the Company will make contributions to the affected participants' accounts to compensate those participants for potential lost income due to the delays. Therefore, the Plan administrator believes that the delinquent contributions constitute nonexempt prohibited transactions as of December 31, 2010. Additionally, the Plan's sponsor will correct through the Department of Labor's Voluntary Fiduciary Correction Program (VFCP) or will file the required Internal Revenue Service (IRS) Form 5330 and reimburse the IRS the applicable excise taxes related to the Plan. The Company does not believe that these transactions affect the tax status determination of the Plan.
