Eyecarecenter OD, PA 401k Plan
Notes to the Financial Statements
December 31, 2010

Note 1 - Description of the Plan

The following description of the Eyecarecenter OD, PA 401k (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Eyecarecenter, O.D., P.A. (the "Company"). The Plan was established and became effective on January 1, 2002. All employees who have reached the age of 21 and performed one year of service are eligible to participate in the Plan on the first day of the month after meeting these eligibility requirements as described in the plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plans' recordkeeper is First Citizens Bank.

The purpose of the Plan is to enable employees of the Company to save pretax dollars for retirement and certain special situations, including benefits in the event of death, disability, or other termination of employment. The Plan is for the exclusive benefit of the eligible employees and their beneficiaries.

Contributions

Employees may defer up to the lesser of 100% of their compensation or \$16,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Matching contributions are made at the discretion of the Company's board of directors. The Company made elective matching contributions equal to 50% of the first 4% of compensation contributed by the participant for 2010. The Company may also make profit sharing contributions at its discretion. In addition, the Company may make non-elective and qualified elective matching contributions at its discretion. No such contributions were made in 2010. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the company's contribution and plan earnings. Allocations are based on participants' contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in Company contributions is based on years of continuous service as follows:

<u>Years of Service Vesting</u>	<u>% Vested</u>
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
More than 6	100%

Eyecarecenter OD, PA 401k Plan
Notes to the Financial Statements
December 31, 2010

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their nonforfeitable account balances. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 9.25% which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid through monthly payroll deductions.

Investment Options

Upon enrollment in the Plan, a participant may direct all contributions in any of eighteen investment options. Participants may change their investment allocations at any time.

Payment of Benefits

Benefits are paid in lump-sum amounts or installments as defined in the plan agreement, equal to the value of the participant's vested interest in his or her account.

Plan Administration

The plan pays all costs of administration

Forfeited Accounts

Forfeitures of terminated participants' nonvested accounts are used to reduce the Company's matching contributions in the subsequent year. Forfeitures for 2010 of \$3,876 will be used to reduce the 2011 company match.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. The Plan invests in mutual funds which invest in various securities, including U.S. government securities, corporate debt instruments, and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair market value. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Eyecarecenter OD, PA 401k Plan
Notes to the Financial Statements
December 31, 2010

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The plan has evaluated subsequent events through September 20, 2011, the date the financial statements were available to be issued.

Note 3 - Investments

The following presents investments that represent 5% or more of the Plan's net assets:

	<u>2010</u>	<u>2009</u>

Morgan Stanley Inst Tr Mid-Cap Gr	722,083	571,807
Total	<u>\$ 8,757,385</u>	<u>\$ 8,132,396</u>

Note 4 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to amend it from time to time, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

Note 5 - Tax Status

The Plan is an adoption of a standardized prototype document which received a favorable opinion letter dated March 31, 2008, in which the Internal Revenue Service stated that the prototype document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator and the Plan's tax counsel believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. No provision for income taxes has been included in the Plan's financial statements.

Eyecarecenter OD, PA 401k Plan
Notes to the Financial Statements
December 31, 2010

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization that has taken an uncertain position that more likely than not would not be sustained upon examination by DOL or IRS. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

Note 6 - Information Certified by the Plan's Trustee (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate.

	<u>2010</u>	<u>2009</u>

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 7 - Fair Value Measurements

FASB ASC 820, Fair Value Measurements and Disclosures, established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Eyecarecenter OD, PA 401k Plan
Notes to the Financial Statements
December 31, 2010

Note 7 - Fair Value Measurements (Cont.)

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets, quoted prices for assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual Funds - Valued at the net asset value (NAV) of shares held by the plan at year-end

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2010 and 2009:

Assets at Fair Value as of December 31, 2010				
	Level 1	Level 2	Level 3	Total
Cash	\$ 35,280	\$ -	\$ -	\$ 35,280
Mutual Funds	11,355,131	-	-	11,355,131
Total assets at fair value	<u>\$ 11,390,411</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,390,411</u>

Assets at Fair Value as of December 31, 2009				
	Level 1	Level 2	Level 3	Total
Cash	\$ -	\$ -	\$ -	\$ -
Mutual Funds	9,846,629	-	-	9,846,629
Total assets at fair value	<u>\$ 9,846,629</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,846,629</u>

Note 8 - Refund of Excess Contributions

Excess 2010 deferrals of \$44,380 were refunded in 2011. This was caused by the highly compensated maximizing their deferrals and the termination of several non-highly compensated employees.
