To the Plan Administrator and Participants
TUG Technologies Corporation 401(k) Savings Plan
Atlanta, Georgia

We were engaged to audit the accompanying statements of net assets available for benefits of the TUG Technologies Corporation 401(k) Savings Plan (the "Plan") as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental (1) Schedule H, Line 4a–Schedule of Delinquent Contributions and (2) Schedule H, Line 4i–Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2010. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Standard Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of December 31, 2010 and 2009, and for the year ended December 31, 2010, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of the Plan

The following description of the TUG Technologies Corporation 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of TUG Technologies Corporation (the "Company") who have completed one month of service, and are age eighteen or older, except for union employees, leased employees, and nonresident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

During 2010, the Plan Sponsor determined that temporary and part-time employees had been improperly excluded from the Plan. The necessary correction has been determined by the Plan Sponsor and a contribution from the Plan Sponsor has been recorded as a receivable to the Plan as of December 31, 2009.

Contributions

Participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan, subject to limits specified in the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan may make a discretionary matching or profit sharing contribution. For the plan year 2010, no discretionary matching and profit sharing contributions were made by the Company to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's discretionary contributions, plan earnings and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan. The Plan currently holds a guaranteed interest fund and a pooled separate account. The participant may select from the guaranteed interest fund and the separate accounts as investment options.

Vesting

Participants are immediately vested in their contributions and the Company's prior safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and profit-sharing portion of their accounts is based on years of continuous service. A participant vests 20 percent per year and is 100 percent vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.25 percent to 8.25 percent, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of Benefits

On termination of service, death, disability, retirement, or age 59½, a participant may elect to receive their benefits as a lump-sum amount equal to the value of the participant's vested interest in his or her account or in substantially equal installments. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan. Vested balances under $1,000 may be automatically distributed as a lump-sum at the discretion of the Company. Vested balances between $1,000 and $5,000 may be rolled over into a qualified IRA.

Forfeitures

At both December 31, 2010 and 2009, there was a zero balance in the forfeiture account. Forfeitures may be used to reduce administrative expenses or employer contributions. No forfeitures were utilized during 2010.

Administrative Expenses

The majority of the Plan's administrative expenses are paid by the Company. Fees paid by the Plan relate to participant-requested services.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Reclassification

Certain amounts in the 2009 financial statements have been reclassified to conform to current year presentation.

New Accounting Pronouncements

In January 2010, FASB issued Accounting Standards Update ("ASU") No. 2010-06, Fair Value Measurements and Disclosures (ASU No. 2010-06), which amends The Hierarchy of Generally Accepted Accounting Principles ASC 820 (originally issued as FASB Statement No. 157, Fair Value Measurements), adding new disclosure requirements for Levels 1 and 2, separate disclosures of purchases, sales, issuances, and settlements relating to Level 3 measurements and clarification of existing fair value disclosures. ASU No. 2010-06 is effective for periods beginning after December 15, 2009, except for the requirement to provide Level 3 activity of purchases, sales, issuances, and settlements on a gross basis, which will be effective for fiscal years beginning after December 15, 2010. The application of this guidance will only affect disclosures and therefore will not impact the Plan's financial statements.

ASU 2010-25 requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. ASU 2010-25 is effective retrospectively for fiscal years after December 15, 2010, with early adoption permitted. The Plan adopted ASU 2010-25 as of January 1, 2009. Upon adoption, there was no material impact to the Plan.

Accounting Pronouncement to be Adopted

In May 2011, the FASB issued ASU 2011-04, Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs (ASU 2011-04). ASU 2011-04 amended ASC 820, Fair Value Measurements and Disclosures, to provide a consistent definition of fair value and improve the comparability of fair value measurements presented and disclosed in financial statements prepared in accordance with U.S. GAAP and IFRSs. Some of the amendments clarify the application of existing fair value measurement and disclosure requirements, while other amendments change a particular principle or requirement for measuring fair value or disclosing information about fair value measurements. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Plan management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Participant loans are reclassified as notes receivables from participants measured at the unpaid principal balance plus unpaid accrued interest. The Plan classifies notes receivable as in default where no repayments have been made by the last day of the calendar quarter after the calendar quarter in which the repayment is due. Defaulted notes receivable from participants are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits. During 2010, there were no loans recorded as deemed distributions.

3. Investments

The fair value of individual investments that represent 5 percent or more of the Plan's net assets are as follows:

December 31,	2010	2009
Pooled separate account A	$ 1,911,764	$ 1,578,826
Guaranteed interest fund	$ 891,342	$ 828,662

4. Fair Value Measurements

ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Guaranteed Interest Fund: The Plan holds a benefit-responsive investment contract which is valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer. The adjustment from contract value to fair value is certified by Standard Insurance Company.

Pooled Separate Account: The Plan's investment in the pooled separate account is stated at fair value, and represents the number of participation units owned by the Plan. Quoted market prices of the underlying investments are used to value each fund, and are based on the net asset value of the shares held by the Plan at end of the year.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2010	Level 1	Level 2	Level 3	Total
Guaranteed interest fund	$ -	$ -	$ 891,342	$ 891,342
Pooled separate account	-	1,911,764	-	1,911,764
Total investments at fair value	$ -	$ 1,911,764	$ 891,342	$ 2,803,106

December 31, 2009	Level 1	Level 2	Level 3	Total
Guaranteed interest fund	$ -	$ -	$ 828,662	$ 828,662
Pooled separate account	-	1,578,826	-	1,578,826
Total investments at fair value	$ -	$ 1,578,826	$ 828,662	$ 2,407,488

See accompanying independent auditors' report.

The following table sets forth a summary of changes in the fair value of the plan's level 3 assets for the year ended December 31, 2010:

	2010
Guaranteed Interest Fund	
Balance, beginning of year	$ 828,662
Interest income	53,469
Purchases, sales, transfers, issuance and settlements (net)	9,211
Balance, end of year	$ 891,342

5. Information Certified by the Plan's Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate.

December 31,	2010	2009
Pooled separate account	$ 1,911,764	$ 1,578,826
Guaranteed interest fund, at fair value	$ 891,342	$ 828,662
Adjustment from fair value to contract value	$ (25,961)	$ 1,577
Notes receivable from participants	$ 201,511	$ 213,677

Year Ended December 31,	2010
Interest income from guaranteed interest fund	$ 25,931
Interest on notes receivable from participants	$ 7,432
Net appreciation in fair value of pooled separate account	$ 269,988

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedules.

6. Investment Contract with Insurance Company

In 2005, the Plan entered into a benefit-responsive insurance contract with Standard Insurance Company ("The Standard"). The Standard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan.

Because the guaranteed interest fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest fund. Contract value, as reported to the Plan by The Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2010 and 2009 was $891,342 and $828,662, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a monthly basis for resetting.

Certain events may limit the ability of the plan to transact at contract value with The Standard. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. The Plan administrator does not believe that any events that could limit the ability of the Plan to transact at contract value are probable of occurring.

The Standard may terminate the contract with 30 days advance written notice to the contract owner for reasonable cause.

The following are the average yields on the guaranteed interest fund:

Year Ended December 31,	2010	2009
Average yields		
Based on actual earnings	3.02%	2.99%
Based on interest rate credited to participants	3.04%	2.96%

7. Related Party Transactions

Certain Plan investments are managed by Standard Insurance Company. Standard Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest. The Plan paid administrative fees of $4,235 to the custodian during 2010.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants would remain 100 percent vested in their accounts.

9. Tax Status

The Company adopted a volume submitter plan sponsored by Sungard Corbel, LLC. The Plan has obtained its latest opinion letter dated March 31, 2008, in which the Internal Revenue Service stated that the volume submitter plan, as then designed, was in compliance with the applicable provisions of the Code. The Plan administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

11. Non-Exempt Transactions

During the Plan year ended December 31, 2009, employee withholdings and loan repayments in the amount of $10,897 and $4,165, respectively, were not remitted within the appropriate time period by the Company. These transactions constitute prohibited transactions as defined by ERISA. The Company remitted the withholdings during 2009 and remitted the lost earnings to the Plan in October 2010.

During the Plan year ended December 31, 2007, employee withholdings in the amount of $179 were not remitted within the appropriate time period by the Company. These transactions constitute prohibited transactions as defined by ERISA. The Company remitted the withholdings during 2007 and remitted the lost earnings to the Plan in March 2011.

12. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits from the financial statements to Form 5500:

December 31,	2010	2009
Net assets available for benefits per the financial statements	$ 2,966,175	$ 2,629,434

Investment income per Form 5500	$ 330,889

The following is a reconciliation of contributions from the financial statements to Form 5500:

Year Ended December 31,	2010
Contributions per the financial statements	$ 203,226
Employer contributions receivable - 2009	6,692
Excess contributions refundable - 2010	12,481
Total contributions per Form 5500	$ 222,399

See accompanying independent auditors' report.

13. Subsequent Events

The Plan has evaluated subsequent events from the date of the statement of net assets available for benefits through September 19, 2011, the date the financial statements were available to be issued. During this period, no material recognizable subsequent events were identified.
