ENVISION MANAGEMENT LLC 401(k)
PROFIT SHARING PLAN & TRUST
Communication of Audit Matters
December 31, 2010

We have audited the financial statements of ***Envision Management LLC 401(k) Profit Sharing Plan & Trust*** for the year ended December 31, 2010, and have issued our report thereon. Professional standards require the independent auditor to communicate certain audit matters that are significant and relevant to those charged with governance in overseeing the financial statement reporting process. The audit matters communicated below were those required at this time.

- **Our responsibility under U.S. Generally Accepted Auditing Standards**

  As stated in our engagement letter, our responsibility, as described by professional standards, is to express an opinion about whether the Plan's financial statements are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities.

- **Planned scope and timing of the audit**

  We performed the audit according to the planned scope and timing previously communicated to you during the planning stage of the audit.

- **Significant accounting policies**

  Management is responsible for the selection and use of appropriate accounting policies. The significant policies used by the Plan are described in Note 2 to the financial statements. Management adopted a new accounting policy based on FASB Accounting Standards Update (ASU) No. 2010-25, *Plan Accounting – Defined Contribution Pension Plans (Topic 962)" Reporting Loans to Participants by Defined Contribution Pension Plans (a consensus of the FASB Emerging Issues Task Force)*, whereby participant loans are classified as notes receivable, segregated from investments. No other existing policies were changed during the year. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

- **Significant accounting estimates**

  Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates can be particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no sensitive estimates used in preparing the financial statements.

- **Financial statement disclosures**

  As a whole, the disclosures in the financial statements appear to be consistent, and clear. Certain financial statement disclosures may be particularly sensitive because of their significance to financial statement users. There were no sensitive disclosures affecting the financial statements.

- **Difficulties encountered in performing the audit**

  We encountered no significant difficulties in performing and completing our audit.

- **Corrected and uncorrected misstatements**

  Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. One audit adjustment was made to record $59,100 of receivables at December 31, 2009. There were no passed audit adjustments greater than $21,000.

- **Disagreements with management**

  Professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

- **Management representations**

  We have requested certain representations from management that are included in the management representation letter.

- **Management consultations with other independent accountants**

  In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

- **Other audit findings or issues**

  We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the information and use of the Plan administrator and ***Envision Management LLC's*** management, and is not intended to be and should not be used by anyone other than these specified parties.

To the Plan Administrator and Management
Envision Management LLC 401(k)
Profit Sharing Plan & Trust

In the planning and performing of our audit of the financial statements of ***Envision Management LLC 401(k) Profit Sharing Plan & Trust*** (the Plan) as of and for the year ended December 31, 2010, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and therefore there can be no assurance that all such deficiencies have been identified. However, as discussed below, we identified a deficiency in internal control we consider to be a material weakness.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the following deficiency in the Plan's internal control to be a material weakness:

Because of the Plan's administrator's size, controls over the preparation of financial statements in accordance with generally accepted accounting principles, including footnote disclosures, are weak. Specifically, the Plan relies on its auditors to advise them of new accounting standards and their effect on the Plan, make material adjusting journal entries, and to prepare year end financial statements and footnote disclosures.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

We wish to thank Jeffery Jones and Monica Mueller for their excellent support and assistance during our audit.

This report is intended solely for the information and use of the Plan administrator and ***Envision Management LLC's*** management, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Envision Management LLC 401(k)
Profit Sharing Plan & Trust
Colorado Springs, Colorado

We have audited the accompanying statements of net assets available for benefits of ***Envision Management LLC 401(k) Profit Sharing Plan & Trust*** (the Plan) as of December 31, 2010 and 2009, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of ***Envision Management LLC 401(k) Profit Sharing Plan & Trust*** as of December 31, 2010 and 2009, and the changes in its net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental information is the responsibility of the Plan's management. This supplemental information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

PROFIT SHARING PLAN & TRUST
Notes to Financial Statements

1. DESCRIPTION OF PLAN

The following description of the ***Envision Management LLC 401(k) Profit Sharing Plan & Trust*** (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a 401(k) feature that covers all full time employees of Envision Management LLC and its affiliated entities (the Company) who have completed ninety days of employment and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may make pre-tax contributions up to 96%, but not less than 1%, of eligible compensation as defined in the Plan. Participants who have obtained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). After-tax contributions are not permitted by the Plan. The Company contributes a matching Safe Harbor CODA contribution of 100% of the employee's elective contributions up to 3% of compensation and 50% of the employee's elective contributions from 3% to 5% of compensation. The Plan allows for Company discretionary profit sharing contributions. Participants direct the investment of their contributions and the Company contributions into various investment options offered by the Plan.

Participant accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant's compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their own contributions. Participants are immediately vested in the Company matching Safe Harbor CODA contributions. For the Company's discretionary profit sharing contributions, participants are vested ratably over a four year period.

1. DESCRIPTION OF PLAN (continued)

Notes receivable from participants

Participants may borrow from their fund accounts up to 50% of the vested portion of a participant's individual account. The loans must bear reasonable interest rates and are secured by the balance in the participant's account and cannot exceed $50,000. At December 31, 2010, loans bear interest at 4.25%. Principal and interest is paid ratably through payroll deductions.

Payment of benefits

Upon termination of service, a participant with a vested account balance that exceeds $5,000 may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, make a rollover distribution, or the participant may leave their account balance in the Plan until their normal retirement age. If a participant has a vested account balance that exceeds $5,000 upon retirement, disability, or death, the participant or beneficiaries may elect to receive a lump-sum amount equal to the participant's interest in his or her account, receive periodic payments, or purchase an annuity contract. Upon termination, retirement, disability, or death, a participant with a vested account that exceeds $1,000 but does not exceed $5,000 may elect to make a rollover distribution if it qualifies or receive a lump-sum distribution. If a participant's vested account balance does not exceed $1,000, they will receive an automatic lump-sum distribution.

Forfeited accounts

Forfeited accounts are to be used to reduce future employer contributions. At December 31, 2010 and 2009, there were no forfeited non-vested accounts.

Plan amendment

Effective January 1, 2010, the Plan changed the trustee to Counsel Trust DBA MATC.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

2. SUMMARY OF ACCOUNTING POLICIES (continued)

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivables from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

The Company absorbs a portion of the costs of Plan administration.

Reclassifications

Certain reclassifications have been made to the prior year financial statements to conform to the current year presentation.

3. INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets:

3. INVESTMENTS (continued)

During 2010 and 2009, the Plan's investments (including investments bought, sold, and held during the year) appreciated in value by $573,272 and $704,630, respectively.

4. CASH

Cash consists of amounts on deposit with a brokerage firm which is not insured by the Federal Deposit Insurance Corporation.

5. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board: Accounting Standards Codification (FASB ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2010 and 2009.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

5. FAIR VALUE MEASUREMENTS (continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

At December 31, 2010 and 2009, all the Plan's investments are mutual funds which are valued using level 1 inputs.

6. PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in mutual funds managed by Merrill Lynch, the custodian of the Plan assets. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	2010	2009
Net assets available for benefits per the financial statements	$5,443,362	$3,911,643
Less receivables	(59,100)	(59,100)
Net assets available for benefits per Schedule H to the Form 5500 (reported on cash basis)	$5,384,262	$3,852,543

8. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the years ended December 31, 2010 and 2009 to Schedule H of Form 5500:

	2010	2009
Net increase in net assets available for benefits per the financial statements	$1,531,719	$1,532,946
Add prior year receivables	59,100	54,400
Less current year receivables	(59,100)	(59,100)
Net income per Schedule H to the Form 5500 (reported on cash basis)	$ 1,531,719	$1,528,246

9. TAX STATUS

The Plan, a Paychex Prototype Plan, obtained its latest notification letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the March 31, 2008 notification letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS and/or the Department of Labor. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010 and 2009, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

11. PRIOR PERIOD ADJUSTMENT

Previously issued financial statements included certain errors related to the understatement of receivables and therefore certain financial statement items were restated to correct the 2009 financial statements.

Employer's contributions receivable and participants' contributions receivable at December 31, 2009 were increased by $19,600 and $39,500, respectively resulting in an increase of $59,100 to net assets available for benefits at December 31, 2009.

Participant contributions and employer contributions for the year ended December 31, 2009 were increased by $39,500 and $19,600, respectively resulting in an increase of $59,100 in net assets available for benefits for the year ended December 31, 2009.

12. SUBSEQUENT EVENTS

The Plan management has evaluated subsequent events through the date of the attached auditors' report, the date which the financial statements were available to be issued. There were no subsequent events that provided evidence about conditions that did not exist as of December 31, 2010 that required disclosure in the notes in order to keep the financial statements from being misleading. There were no material subsequent events that existed as of December 31, 2010 that were not reflected in the accompanying financial statements.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Envision Management LLC 401(k)
Profit Sharing Plan & Trust
Colorado Springs, Colorado

We have audited the accompanying statements of net assets available for benefits of ***Envision Management LLC 401(k) Profit Sharing Plan & Trust*** (the Plan) as of December 31, 2010 and 2009, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of ***Envision Management LLC 401(k) Profit Sharing Plan & Trust*** as of December 31, 2010 and 2009, and the changes in its net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental information is the responsibility of the Plan's management. This supplemental information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Notes to Financial Statements

1. DESCRIPTION OF PLAN

The following description of the ***Envision Management LLC 401(k) Profit Sharing Plan & Trust*** (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a 401(k) feature that covers all full time employees of Envision Management LLC and its affiliated entities (the Company) who have completed ninety days of employment and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may make pre-tax contributions up to 96%, but not less than 1%, of eligible compensation as defined in the Plan. Participants who have obtained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). After-tax contributions are not permitted by the Plan. The Company contributes a matching Safe Harbor CODA contribution of 100% of the employee's elective contributions up to 3% of compensation and 50% of the employee's elective contributions from 3% to 5% of compensation. The Plan allows for Company discretionary profit sharing contributions. Participants direct the investment of their contributions and the Company contributions into various investment options offered by the Plan.

Participant accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant's compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their own contributions. Participants are immediately vested in the Company matching Safe Harbor CODA contributions. For the Company's discretionary profit sharing contributions, participants are vested ratably over a four year period.

1. DESCRIPTION OF PLAN (continued)

Notes receivable from participants

Participants may borrow from their fund accounts up to 50% of the vested portion of a participant's individual account. The loans must bear reasonable interest rates and are secured by the balance in the participant's account and cannot exceed $50,000. At December 31, 2010, loans bear interest at 4.25%. Principal and interest is paid ratably through payroll deductions.

Payment of benefits

Upon termination of service, a participant with a vested account balance that exceeds $5,000 may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, make a rollover distribution, or the participant may leave their account balance in the Plan until their normal retirement age. If a participant has a vested account balance that exceeds $5,000 upon retirement, disability, or death, the participant or beneficiaries may elect to receive a lump-sum amount equal to the participant's interest in his or her account, receive periodic payments, or purchase an annuity contract. Upon termination, retirement, disability, or death, a participant with a vested account that exceeds $1,000 but does not exceed $5,000 may elect to make a rollover distribution if it qualifies or receive a lump-sum distribution. If a participant's vested account balance does not exceed $1,000, they will receive an automatic lump-sum distribution.

Forfeited accounts

Forfeited accounts are to be used to reduce future employer contributions. At December 31, 2010 and 2009, there were no forfeited non-vested accounts.

Plan amendment

Effective January 1, 2010, the Plan changed the trustee to Counsel Trust DBA MATC.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

2. SUMMARY OF ACCOUNTING POLICIES (continued)

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivables from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

The Company absorbs a portion of the costs of Plan administration.

Reclassifications

Certain reclassifications have been made to the prior year financial statements to conform to the current year presentation.

3. INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets:

	2010
Janus Overseas FD CL R	$ 610,052
BlackRock Mid Cap Value Fund	552,146
Oppenheimer Developing Markets Fund	506,525

3. INVESTMENTS (continued)

During 2010 and 2009, the Plan's investments (including investments bought, sold, and held during the year) appreciated in value by $573,272 and $704,630, respectively.

4. CASH

Cash consists of amounts on deposit with a brokerage firm which is not insured by the Federal Deposit Insurance Corporation.

5. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board: Accounting Standards Codification (FASB ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2010 and 2009.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

5. FAIR VALUE MEASUREMENTS (continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

At December 31, 2010 and 2009, all the Plan's investments are mutual funds which are valued using level 1 inputs.

6. PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in mutual funds managed by Merrill Lynch, the custodian of the Plan assets. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	2010	2009
Net assets available for benefits per the financial statements	$5,443,362	$3,911,643
