ROBERT BUSSE & CO., INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010 AND 2009

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of Robert Busse & Co., Inc. (the "Employer") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a retirement plan with a profit sharing component and a 401(k) savings component for the benefit of eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The 401(k) portion of the Plan is a defined contribution plan covering all eligible employees of the Employer who have completed three months of service. All investments in the 401(k) portion of the Plan are participant directed. Employer contributions are discretionary. For the 2010 plan year, no contributions were made to the Plan by the Employer.

The profit sharing portion of the Plan is a benefit plan covering all eligible employees of the employer who have attained the age of twenty-one and who have worked at least 1,000 hours. During 1996, the profit sharing portion of the Plan was frozen, thus freezing membership and benefit service for all future eligible employees. All investments in the profit sharing portion of the Plan were non-participant directed.

CONTRIBUTIONS

Employees may contribute up to 70% of their annual compensation, subject to the Internal Revenue Service prescribed limit of $16,500 for 2010, on a pretax basis. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Employer may elect to make matching contributions equal to a percentage of the participant's contribution and/or a discretionary additional contribution as determined each Plan year. During 2010, the Employer did not make any matching or additional contributions to the Plan. Participants who have reached the age of 50 before the end of the Plan year are eligible to make catch-up contributions. The maximum catch-up contribution for 2010 was $5,500.

PARTICIPANTS' ACCOUNTS

Each participant's account is credited with the participant's contributions, an allocation of the Employer's contribution, if any, and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

NOTES RECEIVABLE FROM PARTICIPANTS

The Plan provides that participants may borrow the lesser of $50,000 or 50% of his or her vested account balance, subject to a minimum of $1,000. The notes are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 7%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through weekly payroll deductions.

VESTING

Participants are vested immediately in their contributions plus actual earnings, thereon. Vesting in the Employer's portion of participants' accounts is based on years of continuous service. A Participant is 100% vested after six years of credited service. Vesting of employer matching contributions occurs as follows:

Years of Service	Vesting %
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

The normal retirement date is the first day of the month coinciding with or next following the date on which the employee attains age sixty-five (65), or the 5th anniversary of joining the Plan, if later. In addition, participants are eligible to withdraw vesting benefits at age 59 ½ without penalty.

PAYMENT OF BENEFITS

Upon termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

FORFEITURES

Forfeitures from employer matching contributions are carried forward and applied against future Employer contributions and may be used to pay administrative expenses. There were no forfeitures for the year ended December 31, 2010.

RECLASSIFICATIONS

Certain amounts in the prior year financial statements have been reclassified for comparative purposes to conform with the presentation in the current year financial statements. These reclassifications have no effect on the previously reported net increase to net assets available for benefits.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared under the accrual method of accounting, except for participant benefit payments, which are recorded when paid.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. The Plan's investment in the Charles Schwab Stable Value Fund, a common and collective trust, is valued at fair value. However, contract value is the relevant measurement attributed for that portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the common and collective trust as well as an adjustment of the fully benefit-response contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are stated at fair value as measured by quoted or estimated market prices which represent the net asset value of shares held by the Plan at year-end. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. All gains and losses (realized and unrealized) are reported in net appreciation in fair value of investments on the accompanying Statement of Changes in Net Assets Available for Benefits.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

USE OF ESTIMATES IN THE FINANCIAL STATEMENTS

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

NOTE 3 - FAIR VALUE MEASUREMENTS

Accounting Standards Codification 820, "Fair Value Measurement" ("ASC 820") (formerly SFAS 157), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs (unobservable inputs) have the lowest priority. The plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available. The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 (continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value.

Money Market fund: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Common and collective trust: Valued at fair value by audited financial information at year end.

Common stock, preferred stock and corporate bonds: Valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform auditing procedures with respect to the information certified by Bank of America, N.A., custodian for investments under the profit sharing component of the Plan and Charles Schwab, the custodian for the investments under the 401(k) component of the Plan, at December 31, 2010 and 2009, except for comparing the information certified by the custodians to information included in the Plan's financial statements and supplemental schedule. NOTE 7 - TAX STATUS

The Plan received an opinion letter from the Internal Revenue Service ("IRS") dated May 12, 1995,which states that the Plan document satisfies the applicable provisions, of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter and the Employer received a new letter dated May 4, 2010 from the IRS. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC as of December 31, 2010 and 2009. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 7 - TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would not require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any interest to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

NOTE 9 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of common or collective trusts managed by Charles Schwab. Charles Schwab is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 10 - ADMINISTRATIVE EXPENSES

Expenses paid by the Plan consist primarily of investment advisory and management fees. Certain other expenses related to the administration of the Plan are absorbed by the Employer and, accordingly, will not be reimbursed by the Plan and are not reflected in the accompanying financial statements.

NOTE 11 - RISKS AND UNCERTAINTIES

The Plan invests in various securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in the values of securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 12 - FIDELITY BOND REQUIREMENTS

ERISA Section 412 and related regulations (20 C.F.R.§2550.412-1 and 29 C.F.R. Part 2580) generally require that every fiduciary of an employee benefit plan and every person who handles funds or other property of such a plan shall be bonded. As of December 31, 2010, the Plan did not have sufficient required bond coverage which covers the Plan assets against fraud. Subsequent to December 31, 2010, the Plan obtained sufficient bond coverage.

NOTE 13 - SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events to determine if events or transactions occurring through October 6, 2011, the date the financial statements were available for issuance, require potential adjustments to, or disclosure in, the accompanying financial statements. Based upon the evaluation, the Plan's management did not identify any subsequent events that require adjustment or disclosure in the financial statements.

Effective January 1, 2011, the Plan separated the 401(k) and profit sharing components into two separate plans. The Plan appointed State Street Bank & Trust Company, as custodian and Automatic Data Processing, Inc. Retirement Services as record keeper, replacing Charles Schwab and Geller Group, LLC, respectively for the new 401(k) Plan. Geller Group, LLC was replaced as record keeper with Continental Benefits Group, Inc. for the new profit sharing plan.
