INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of the
BBN Technologies Savings Plan:

We were engaged to audit the accompanying statements of net assets available for benefits of the BBN Technologies Savings Plan as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedule as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2010 and 2009 and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

BBN TECHNOLOGIES SAVINGS PLAN

Notes to Financial Statements

December 31, 2010 and 2009

(1) Plan Description

General

The BBN Technologies Savings Plan (the Plan) is a profit sharing/savings plan that is intended to comply with the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and Section 401(a) and Section 401(k) of the Internal Revenue Code (the Code). The Plan sponsor, BBN Technologies Corp., became a wholly owned subsidiary of Raytheon Company on October 26, 2009. The Plan covers all current employees of Raytheon BBN Technologies (the Company), except union employees, non-resident aliens with no U.S. source income, leased employees, temporary employees (including interns), and contract employees.

Contributions

Participants may make before and after tax contributions of up to 16% of eligible compensation to the Plan, provided that the participant's contributions do not exceed statutory limits; in 2010 the amount is \$16,500. Participants attaining the age of 50 or over during the plan year can make additional contributions of up to \$5,500. These amounts are adjusted periodically by the Internal Revenue Service. Any eligible employee who does not respond to the option to contribute shall be deemed to have elected to have 6% of their eligible compensation withheld, on a pre-tax basis, and contributed to the Plan. The contribution will be invested in an investment option chosen by the Company. The employee can subsequently elect to change the rate and investment election or have no contributions made.

Employees may make roll-over contributions in which they transfer to the Plan proceeds from an IRA, or from another employer's tax qualified retirement plan. Participants are also permitted to make post tax Roth contributions in accordance with section 402A of the Internal Revenue Code.

The Company makes matching contributions to each participant's account in amounts equal to 100% of the participant's contributions, excluding catch up contributions, up to 4% of eligible compensation, and then 50% of the participant's contributions above 4% up to 6% of eligible compensation.

The Company makes safe harbor non-elective contributions to the Plan of at least 5% of each employee's eligible compensation. The Company may also, at its discretion, make an additional profit-sharing contribution for eligible employees who are employed by the Company on the last day of the Plan year, or who cease to be an eligible employee during the Plan year by reason of death or disability. For 2010, the Company made matching, safe harbor and profit sharing contributions in the amount of \$7,913,423. Participants have the opportunity to direct the investment of their contributions among several investment options.

Notes to Financial Statements

December 31, 2010 and 2009

(1) Plan Description (continued)

Vesting

Participants are vested immediately in their before-tax and after-tax contributions, rollover contributions, qualified non-elective contributions, and employer matching, discretionary and safe harbor contribution portions of their account. Participants who ceased to be employees before May 16, 2006 have a vested interest in certain employer contribution portions of their accounts based on years of continuous service.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings. Allocations are based on participant contributions, participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Loans

Participants may borrow up to 50% of their vested account balances, not to exceed \$50,000, and they cannot have more than two loans outstanding from the plan at any time. The minimum that may be borrowed is \$1,000. Interest rates for Plan loans will be calculated on a monthly basis, using the prime interest rate as indicated in the Wall Street Journal, plus 1%. The repayment of the loan may not be less frequently than quarterly and not over a period to exceed five years unless the use of the loan is to acquire a principal residence, in which case the repayment period could be extended for up to a total of fifteen years.

Payment of Benefits

On termination of service due to disability or retirement (age 59½), a participant may elect to make a withdrawal from the vested portion of their account. On termination of service due to death, the participant's beneficiary generally will receive the entire balance of their accounts in a single sum payment. Upon termination of employment, if the account balance is less than \$1,000, the participant will receive the vested portion of their account in a lump sum. Otherwise the participant may choose to receive the vested portion of their account in either a lump sum, or monthly, quarterly, semi-annual, or annual installments, or may defer distribution from the Plan, subject to minimum distribution rules. If a participant incurs financial hardship and has not terminated employment or attained the age of 59½, they may withdraw a limited amount of funds from the Plan upon demonstration of a "financial hardship" as defined under the Plan.

Notes to Financial Statements

December 31, 2010 and 2009

(1) Plan Description (continued)

Forfeitures

Any forfeitures occurring in a Plan year quarter, first are applied to make corrective allocations or similar adjustments to participant accounts, second, are applied toward the payment of administrative fees to the extent not paid by the Plan sponsor, and any remaining amounts are applied toward the restoration of amounts previously forfeited. To the extent any forfeitures remain after such application, they are applied toward the matching contributions required by the Plan, with any remaining amounts allocated among the discretionary contribution accounts of the remaining participants who are eligible employees of the participating employer on the last day of the Plan year quarter in proportion to their relative compensation for the quarter.

(2) Summary of Significant Accounting Policies

Use of Estimates and Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. All transactions in securities are based on the trade date. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Plan Expenses

Under the provisions of the Plan, costs and expenses of administering the Plan, including the trustee's fees and investment manager's fees, may be paid by either the Plan or the Company.

Payment of Benefits

Benefits are recorded when paid.

Notes to Financial Statements

December 31, 2010 and 2009

(2) Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

(3) Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820-10 *Fair Value Measurements and Disclosures* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, level 1 measurements, and the lowest priority to unobservable inputs, level 3 measurements. The three levels of the fair value hierarchy under ASC 820-10 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of

(3) Fair Value Measurements (continued)

unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued based on the quoted net asset value of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

BBN TECHNOLOGIES SAVINGS PLAN

Notes to Financial Statements

December 31, 2010 and 2009

(5) Investments (continued)

During 2010, the Plan's mutual fund investments (including gains and losses on investments bought and sold, as well as held during the year) increased in value by \$13,709,096.

(6) Tax Status

The Plan obtained its determination letter on November 15, 2006, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

(7) Plan Merger

On November 18, 2010 the Company announced that the Plan would be merging into the Raytheon Savings and Investment Plan (the "Raytheon Plan"). Eligible employees were permitted to enroll in the Raytheon Plan starting on or after December 8, 2010.

(8) Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity Investments is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services amounted to \$6,121 during the year ended December 31, 2010. The Plan is administered by employees of the Company who are also participants in the Plan.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investments in mutual funds are not insured by the FDIC. In addition, individual participant accounts are subject to credit risk to the extent that cash deposits within a financial institution exceed FDIC limits.
