We are providing this letter in connection with your audit of the financial statements and supplemental schedule of Southern Erectors, Inc. Employees' Profit Sharing Plan and Trust (the "Plan") as of December 31, 2010 and 2009, and for the years then ended. As permitted by Regulation 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), we have instructed you not to perform any auditing procedures with respect to information prepared and certified to by SunTrust Bank, the trustee of the Plan, in accordance with DOL Regulation 2520.103-5, except for comparing the information with the related information included in the financial statements and supplemental schedule. Because of the significance of the information which you did not audit, we understand that you will not express an opinion on the financial statements and schedule taken as a whole.

We are responsible for the fair presentation in the Plan's financial statements of net assets available for benefits and changes in net assets available for benefits in conformity with U.S. generally accepted accounting principles and for the fair presentation of the accompanying supplemental schedule in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. We are also responsible for adopting sound accounting policies, establishing and maintaining internal control, and preventing and detecting fraud.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We confirm, to the best of our knowledge and belief, as of September 12, 2011, the following representations made to you during your audit.

1. The financial statements and related footnotes are fairly presented in conformity with U.S. generally accepted accounting principles, and the notes include all disclosures required by laws and regulations to which the plan is subject, including the DOL Rules and Regulations for Reporting and Disclosure under ERISA.

2. We have made available to you all -

   a. Financial records and related data.

   b. All minutes of the meetings of the Board of Trustees or summaries of actions of recent meetings for which minutes have not yet been prepared.

   c. Plan instruments, trust agreements, insurance contracts, or investment contracts and amendments to such documents entered into during the year, including amendments to comply with applicable laws.

3. There have been no communications from regulatory agencies concerning noncompliance with, or deficiencies in, financial reporting practices, that could have a material effect on the financial statements in the event of noncompliance.

4. We acknowledge our responsibility for the design and implementation of programs and controls to prevent and detect fraud.

5. We have no knowledge of any fraud or suspected fraud affecting the plan involving –

   a. Management,

   b. Employees who have significant roles in internal control, or

   d. Others where the fraud could have a material effect on the financial statements.

6. We have no knowledge of any allegations of fraud or suspected fraud affecting the plan received in communications from employees, former employees, participants, regulators, beneficiaries, service providers, third-party administrators, or others.

7. We have no –

   a. Plans or intentions that may materially affect the carrying value or classification of assets and liabilities.

   b. Intentions to terminate the plan.

8. The following have been properly recorded or disclosed in the financial statements:

   a. Related party transactions, including transactions with parties-in-interest, as defined in ERISA Section 3(14) and regulations thereunder, including sales, purchases, loans, transfers, leasing arrangements, and guarantees, and amounts receivable from or payable to related parties.

b. Guarantees whether written or oral under which the plan is contingently liable to a bank or other lending institution.

c. All significant estimates and material concentrations known to management that are to be disclosed in accordance with *FASB Accounting Standards Codification 275, Risks and Uncertainties*. We understand that the significant estimates covered by this disclosure are estimates at the date of the statements of net assets that are reasonably possible of changing materially within the next year. Concentrations refer to the nature and type of investments held by the plan, or markets for which events could occur which would significantly disrupt normal finances within the next year.

d. Amendments to the plan instrument, if any.

9. We believe the effect of the uncorrected financial statement misstatement in the attached schedule is immaterial to the financial statements taken as a whole.

10. There are no –

a. Violations or possible violations of laws or regulations (including ERISA, DOL and IRS regulations) whose effects should be considered for disclosure in the financial statements or as a basis for recording a loss contingency.

b. We are not aware of any pending or threatened litigation, claims, or assessments or unasserted claims or assessments that are required to be accrued or disclosed in the financial statements in accordance with *FASB Accounting Standards Codification 450, Contingencies*, and the plan has not consulted a lawyer concerning litigation, claims, or assessments.

c. Other liabilities or gain or loss contingencies that are required to be accrued or disclosed by *FASB Accounting Standards Codification 450, Contingencies*.

d. Material transactions that have not been properly recorded in the accounting records underlying the financial statements.

d. Other matters (e.g., breach of fiduciary responsibilities, nonexempt transactions, loans or leases in default, or events that may jeopardize the tax status) that legal counsel have advised us that must be disclosed.

11. The plan has complied with all aspects of debt and other contractual agreements that would have a material effect on the financial statements in the event of noncompliance.

12. The methods and significant assumptions used to estimate fair values of financial instruments, including nonreadily marketable securities, are accurately disclosed in the financial statements. The methods and significant assumptions used result in a measure of fair value appropriate for financial measurement and disclosure purposes.

13. Financial instruments with concentrations of credit risk have been properly recorded or disclosed in the financial statements.

14. All required filings of plan and trust documents with the appropriate agencies have been made.

15. The plan obtained its latest determination letter on July 6, 2010, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the plan was qualified and the related trust was tax-exempt as of the financial statement date.

16. The plan (and the trust established under the plan) are qualified under the appropriate section of the Internal Revenue Code and we intend to continue them as a qualified plan (and trust). The plan sponsor has operated the plan and trust in a manner that did not jeopardize this tax status. Required nondiscrimination testing related to Code Section 401(k) and 401(m) arrangements, as applicable, has been completed for the plan, and any excess deferrals or contributions have been disposed of in accordance with regulations.

17. The plan has complied with the Departments of Labor's regulations concerning the timely remittance of participant contributions to trusts containing assets for the plan.

18. The plan has complied with the fidelity bonding requirements of ERISA.

19. The plan has satisfactory title to all owned assets which are recorded at fair value, and there are no liens or encumbrances on such assets nor has any asset been pledged.

20. There are no –

    a. Non-exempt party-in-interest transactions (as defined in ERISA Section 3(14) and regulations under the section) that were not disclosed in the supplemental schedule or financial statements.

    b. Investments or loans in default or considered to be uncollectible.

    c. Reportable transactions (as defined in ERISA Section 103(b)(3)(H) and related regulations under that section).

21. We have apprised you of all communications, whether written or oral, with regulatory agencies concerning operation of the plan.

22. We believe the supplemental schedule, including its form and content, is fairly presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The methods of measurement and presentation of the supplemental schedule have not changed from those used in the prior period, and we have disclosed to you any significant assumptions or interpretations underlying the measurement and presentation of the supplemental schedule.

23. No events have occurred subsequent to the date of the plan's financial statements and through the date of this letter that would require adjustment to or disclosure in the aforementioned financial statements.

As provided by you, we have read and reviewed a copy of the draft financial statements and proposed audit adjustments for Southern Erectors, Inc. Employees' Profit Sharing Plan and Trust as of December 31, 2010 and 2009 and for the years then ended and accept full responsibility for the amounts and disclosures contained therein.

We were engaged to audit the financial statements of Southern Erectors, Inc. Employees' Profit Sharing Plan and Trust (the "Plan") as of December 31, 2010 and 2009, and for the years then ended, and the supplemental Schedule H, line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by SunTrust Bank, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2010 and 2009, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Southern Erectors, Inc. Employees' Profit Sharing Plan and Trust (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering employees of Southern Erectors, Inc. (the "Company") who have attained age 18 and completed 12 months and 1,000 hours of service. Entry dates are January 1 and July 1 of each year. The Plan was established January 1, 1978 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). It was amended and restated in its entirety effective January 1, 1997 to provide a 401(k) provision. The Plan has also been amended to comply with various changes in regulatory requirements. Effective January 1, 2008, the Plan was further amended to comply with the Final 415 Regulations set forth in Section 415 of the Internal Revenue Code, which clarified the definition of compensation for plan purposes.

Contributions:

Each year, participants may contribute a percentage of their gross annual compensation, subject to certain limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. For each plan year, the Company may contribute to the Plan an amount of matching contributions determined by the Company in its sole discretion. The Company may choose not to make matching contributions for a particular plan year. Any matching contributions made by the Company will be allocated to participant accounts based on the employees' elective deferrals. Additional profit sharing amounts may be contributed at the option of the Company's board of directors and are invested in the same funds elected by each individual participant.

Participant Accounts:

Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution, the Plan's earnings, and the non-vested amounts forfeited by terminated participants, and charged with an allocation of administrative expenses. Allocations are based upon participant's earnings, deferrals, or account balances, as defined. Participants may choose to invest their accounts in one or more funds established by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting:

Participants are immediately 100% vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution is based on years of continuous service. A participant is 100% vested after six years of credited service. There is no vesting until after the completion of two years. Participants become 100% vested in Company contributions upon disability or death.

Notes Receivable from Participants:

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans under $2,000 are repaid within a period of 3 years. All other loans are to be repaid within 5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear a fixed rate of interest at the New York prime rate reported in the Wall Street Journal on the 14th of each month, plus 1%. Principal and interest is paid ratably through monthly payroll deductions.

Forfeitures:

Forfeitures of terminated participants' non-vested accounts are used to offset future employer contributions. Employer contributions were reduced by $15,122 and $9,945 in 2010 and 2009, respectively, from forfeited, non-vested accounts. At December 31, 2010 and 2009 forfeited non-vested accounts totaled $3,909 and $2,697, respectively.

Payment of Benefits:

Upon termination of service due to death, disability, or retirement, an eligible participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account, a direct rollover of Plan benefits to the participant's individual retirement arrangement or to another employer plan, or may receive annual installment payments. For termination of service due to other reasons, a participant may receive the value of the vested interest in the participant's account as a lump-sum distribution. Benefits are recorded when paid.

Entities Under Common Control:

During 1995, the Company became a member of a controlled group as defined in Internal Revenue Code Section 414(b) with Southern Environmental, Inc. Consequently, Southern Erectors, Inc. and Southern Environmental, Inc. must be treated as one employer when applying the participation and discrimination rules.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate a permitted transaction under the terms of the plan. As required by the FSP, the statements of net assets available for plan benefits present the fair value of the investment contracts associated with a stable value common/collective trust fund. The contract value approximates fair value as of December 31, 2010 and 2009; therefore, no adjustment of the fully benefit-responsive investment contract from fair value to contract value was required. The statements of changes in net assets available for plan benefits are prepared on a contract value basis.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value. If available, quoted market prices are used to value investments. Investments that have no quoted market price are stated at estimated fair value. See Note 3 for discussion of fair value measurements. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end.

Purchases and sales of investments are accounted for on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan. Interest income on notes receivable from participants is recorded when it is earned.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits:

Benefits are recorded when paid.

Administrative Expenses:

Administrative expenses are shared by the Plan and the Company.

Recently Adopted Accounting Pronouncements:

In January 2010, the Financial Accounting Standards Board (FASB) issued *Accounting Standards Update (ASU) 2010-06, Fair Value Measurements and Disclosures (ASC Topic 820): Improving Disclosures about Fair Value Measurements*, adding new disclosure requirements for Levels 1 and 2, separate disclosures of purchases, sales, issuances, and settlements relating to Level 3 measurements and clarification of existing fair value disclosures. This guidance is effective for periods beginning after December 15, 2009, except for the requirement to provide Level 3 activity of purchases, sales, issuances, and settlements on a gross basis, which will be effective for fiscal years beginning after December 15, 2010. The Plan prospectively adopted the new guidance in 2010, except for the Level 3 reconciliation disclosures, which are required in 2011. The adoption in 2010 did not materially affect, and the future adoption of the remaining provisions of the pronouncement is not expected to materially affect, the Plan's financial statements.

In September 2010, the FASB issued *ASU 2010-25, Reporting Loans to Participants by Defined Contribution Pension Plans* (ASU 2010-25). ASU 2010-25 requires participant loans to be measured at their unpaid principal balance plus any accrued but unpaid interest and to be classified as notes receivable from participants. Previously, loans were measured at fair value and classified as investments. ASU 2010-25 is effective for periods ending after December 15, 2010. In 2010, the Plan adopted ASU 2010-25 and retrospectively reclassified prior year participant loans from investments to receivables. The adoption of ASU 2010-25 was not significant as the unpaid principal balance plus accrued interest of loans to participants approximated fair value.

Reclassifications:

Certain accounts in the prior-year financial statements have been reclassified for comparative purposes to conform with the presentation in the current-year financial statements.

Subsequent Events:

Subsequent events were evaluated through September 12, 2011, which is the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. The guidance also establishes a fair value hierarchy about the assumptions used to measure fair value and clarifies assumptions about risk and the effect of a restriction on the sale or use of an asset. This guidance does not require any new fair value measurements, but rather applies to all other accounting pronouncements that require or permit fair value measurements.

ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Three levels of inputs may be used to measure fair value:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect a plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The financial instrument's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for financial instruments measured at fair value:

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Common collective trust funds: Value is derived from the fair value of the underlying securities based on quoted market prices in active or inactive markets.

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the financial instruments carried at fair value as of December 31, 2010 and 2009, reported in investments on the statement of net assets available for benefits and by ASC 820 valuation hierarchy (as described above):

	Level 1	Level 2	Level 3	Total

Total investments at fair value	$ 6,021,948	$ 306,316	$ -	$ 6,328,264

NOTE 4 - INVESTMENTS

The Plan's investments are held in a trust fund. The following table presents the fair values of the Plan's investments that represent five percent or more of the plan's net assets.

	2010	2009
Investments at Fair Value as Determined by Quoted Market Prices:		
Mutual funds -		
RidgeWorth Life Vision Moderate Growth I	$ 4,831,121	$ 4,421,137

During the years ended December 31, 2010 and 2009, the Plan's investments (including gains and losses on investments bought, sold, and held during the year) appreciated in value by $589,483 and $991,950 respectively, as follows:

	2010	2009
Mutual funds	$ 582,281	$ 985,703
Common collective trust funds	7,202	6,247
	$ 589,483	$ 991,950

Fully Benefit-Responsive Investment Contracts:

The Plan's investments in common/collective trust funds include investments in a fully benefit-responsive investment contract held in the SunTrust Retirement Stable Asset Fund (the "Asset Fund"). The objective of the Asset Fund is preservation of capital while also seeking a reasonable stable monthly return and a high degree of liquidity for participant withdrawals.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. There are no reserves against contract values for credit risk of the contract issuer or otherwise.

NOTE 4 - INVESTMENTS (Continued)

Fully Benefit-Responsive Investment Contracts (Continued):

The crediting interest rate is based on a formula agreed upon with the issuer. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The key factors that influence future interest crediting rates could include the following: the level of market interest rates; the amount and timing of participant contributions; transfers and withdrawals into/out of the contract; and the duration of the underlying investments backing the contract. The resulting gains and losses in the fair value of the investment contract relative to the contract value, if any, are reflected in the statement of net assets available for benefits as the adjustment from fair value to contract value for fully benefit-responsive contracts.

The aggregate average yield and crediting interest rate for the Asset Fund was 2.2% and 2.3% for 2010 and 2009, respectively.

NOTE 5 - INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED INFORMATION)

The trustee of the Plan holds the Plan's investment assets and executes transactions therein. Financial information relating to the Plan's assets as of December 31, 2010 and 2009, and for the years then ended, is included in the accompanying financial statements and is based on information provided by the trustee. This information, which has not been audited by independent auditors, is summarized below:

	2010	2009
Assets:		
Mutual Funds	$ 6,636,292	$ 6,021,948
Common collective trust funds	335,697	306,316
Notes receivable from participants	149,456	135,306
	$ 7,121,445	$ 6,463,570
Changes in Net Assets:		
Net appreciation in fair value of investments	$ 589,483	$ 991,950
Interest and dividends	181,578	139,855
	$ 771,061	$ 1,131,805

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by SunTrust and RidgeWorth Capital Management, a subsidiary of SunTrust. SunTrust is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The fair value of investments held by these parties at December 31, 2010 and December 31, 2009 totaled $6,067,293 and $5,472,208 respectively. Fees paid by the Plan for the investment management services amounted to $2,800 and $10,000 for the years ended December 31, 2010 and 2009, respectively.

NOTE 7 - EXCESS CONTRIBUTIONS

Excess contributions are distributed to the participants and employer no later than 2 ½ months after the end of the Plan year to satisfy the relevant nondiscrimination provisions of the Plan. During the years ended December 31, 2010 and 2009, there were payments of $46,778 and $11,534 made to certain active participants and the employer, to return to them excess deferral contributions for the prior year.

NOTE 8 - INCOME TAX STATUS

The Plan obtained its latest determination letter on July 6, 2010, in which the Internal Revenue Service stated that the Plan and related trust, as then designated, was in compliance with the applicable requirements of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax laws. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the accompanying financial statements. With few exceptions, the Plan is no longer subject to examination by tax authorities for years before 2007.

NOTE 9 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA, by delivering written notice of such termination to SunTrust. A complete discontinuance of the Company's contributions to the Plan shall constitute a termination. Upon any termination (full or partial) or complete discontinuance of contributions, all amounts credited to the affected participants' accounts shall become 100% vested.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits and changes in net assets available for benefits per the financial statements to Schedule H of Form 5500:
