These financial statements and the supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank and Trust Company, the trustee, except for comparing such information with the related information included in the financial statements and the supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and the supplemental schedule taken as a whole. The form and content of the information included in the financial statements and the supplemental schedule, other than that derived from the information certified by the trustee have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As further discussed in Note 11, in September 2011, the Plan Sponsor announced its intention to merge with RegionalCare Hospital Partners, Inc. The Plan Sponsor is currently assessing the impact of the merger on the Plan.

(1) Description of plan

The following description of the Essent Healthcare, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

Essent Healthcare, Inc. (the "Plan Sponsor") established the Plan in October 1999. The Plan is a defined contribution plan, which was established to provide retirement benefits for employees of Essent Healthcare, Inc. and its subsidiaries ("Essent"). The Plan covers substantially all full-time and part-time employees who are age twenty-one or older and are not hired on a per-diem status or through an employee leasing arrangement ("participants"). Qualified employees are eligible to participate in the Plan on the first entry date after completing one month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

(b) Contributions

Participants may voluntarily make qualified contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollovers"). In order to participate, employees must make a minimum contribution of 1% of compensation. Participant contributions are permitted up to 100% of the participant's compensation, not to exceed Internal Revenue Service ("IRS") limitations. Bonuses, commissions and severance paid to employees are excluded from compensation in determining allowable participant contributions.

Newly hired, eligible employees are automatically enrolled in the Plan at a deferral rate of 3% in the first month following the date eligibility requirements are met. The employee can opt out of the automatic enrollment at any time.

The Plan Sponsor may elect to make discretionary matching contributions to the Plan on behalf of the participants. The Plan also provides that the Plan Sponsor may contribute a profit sharing contribution as determined by the Plan Sponsor's Board of Directors. However, matching and profit sharing contributions by the Plan Sponsor are not required. Plan Sponsor profit sharing contributions are allocated to each participant based on his or her compensation as a percentage of overall Plan compensation. Participants must have worked more than 1,000 hours during the Plan year and have been employed on the last day of the Plan year, unless terminated due to retirement, disability or death, to be eligible for Plan Sponsor matching contributions.

Plan Sponsor and participant contributions may not exceed the maximum amount deductible for federal income tax purposes. The Plan Sponsor elected to make a matching contribution equal to 50% of the participant's deferral up to 3% of compensation for 2010 and 2009.

(c) Participant accounts

Each participant's account is credited (charged) with the participant's contributions and allocations of Plan Sponsor contributions, investment earnings (losses), and administrative expenses. Allocations are based on participant contributions, compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account balance.

(d) Vesting

Participants are immediately vested in their qualified contributions plus actual investment earnings (losses) thereon. Vesting in the Plan Sponsor's contributions is based on years of continuous service. Participants begin vesting after one year of service in incremental rates of 25% and become fully vested after four years of service.

(e) Payment of benefits

On termination of service due to death, permanent disability, or retirement, a participant may elect to receive a lump-sum payment or annual installments over a specified period equal to their entire account balance or partial withdrawals up to their entire account balance. For termination of service due to other reasons, a participant will be entitled to receive only the vested interest in his or her account as a lump-sum distribution, annual installments over a specified period equal to his or her vested account balance or partial withdrawals of up to his or her vested account balance. If the vested value of a participant's account is less than $1,000, the total vested balance is distributed as an automatic lump sum payment in cash. For participant accounts greater than $1,000 but less than $5,000, the vested value of the participant's account is rolled into an individual retirement account on behalf of the participant. A participant's contributions may also be withdrawn for certain hardship situations. See paragraph (g) below.

(f) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor contribution portion of their accounts. Such forfeitures are first applied to restore participant accounts for participants that were re-hired prior to the passing of five consecutive years since their termination. Any remaining forfeitures, if applicable, may be used to offset plan expenses and then to reduce the Plan Sponsor's matching contributions to the Plan. At December 31, 2010 and 2009, forfeited nonvested accounts totaled approximately $27,500 and $241,300, respectively. During 2010 and 2009, amounts from forfeited nonvested accounts totaling $255,109 and $3,185 were re-allocated to participant accounts.

(g) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a federal tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance. Any participant receiving a hardship withdrawal is precluded from making any qualified contributions for six months after receiving the hardship withdrawal.

(h) Administrative expenses

A portion of administrative expenses are paid by the Plan Sponsor through direct payment from the Plan Sponsor or offset by forfeitures. The remaining portion of administrative expenses is paid from Plan assets.

(i) Plan termination

The Plan Sponsor has the right under the plan agreement to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their account balances. See Note 11.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Accounting standards require that investments in collective trust funds that include benefit-responsive investment contracts be presented at fair value in the statement of net assets available for benefits and that the amount representing the difference between fair value and contract value of these investments also be presented on the face of the statement of net assets available for benefits. The statements of changes in net assets available for benefits is prepared on a contract value basis.

(b) Investment valuation and income recognition

Investments are stated at fair value as reported by the trustee. See Note 4 for discussion on fair value measurement.

Participants may invest in self-directed investments consisting of common stock, money market and mutual funds. Shares of common stock are valued at quoted market prices at the Plan's year end. Shares of money market and mutual funds are valued at the net asset value of shares held by the Plan.

The Plan's interest in the collective trust fund is valued at net asset value based on the underlying investments held by the fund at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

(c) Payment of benefits

Benefits are recorded when paid.

(d) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(e) Recently adopted accounting standard

In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2010-06, *Improving Disclosures about Fair Value Measurements* ("ASU 2010-06"). ASU 2010-06 clarified that disclosures should be presented separately for each "class" of assets and liabilities measured at fair value and provided guidance on how to determine the appropriate classes of assets and liabilities to be presented. ASU 2010-06 also clarified the requirement for entities to disclose information about both the valuation techniques and inputs used in estimating Level 2 and Level 3 fair value measurements. In addition, ASU 2010-06 introduced new requirements to disclose the amounts (on a gross basis) and reasons for any significant transfers between Levels 1, 2, and 3 of the fair value hierarchy and to present information regarding the purchases, sales, issuances, and settlements of Level 3 assets and liabilities on a gross basis. With the exception of the requirement to present changes in Level 3 measurements on a gross basis, which is delayed until 2011, the guidance in ASU 2010-06 is effective for reporting periods beginning after December 15, 2009. The Plan adopted ASU 2010-06 for the Plan year ending December 31, 2010. The adoption did not have an effect on the Plan's net assets available for benefits or its changes in net assets available for benefits, as changes are related to the fair value measurement disclosures.

(f) Events occurring after the reporting date

The Plan has evaluated events and transactions that occurred between December 31, 2010 and October 3, 2011, which is the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements. The Plan has determined that no additional disclosures are necessary.

(3) Summary of information certified by trustee

The following information was certified as complete and accurate by State Street Bank and Trust Company, the trustee, as of and for the years ended December 31, 2010 and 2009.

	2010	2009
Investments	$ 43,621,778	$ 35,942,419
Net change resulting from investment activity	$ 4,391,002	$ 6,404,250

The difference between the aggregate value of investments certified above and those per the accompanying financial statements is due to the fair value adjustment attributable to the collective trust fund. The trustee certifies the collective trust fund at contract value.

(4) Fair value measurements

The Plan values assets in accordance with the fair value standards. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

(i) *Money market and mutual funds*: Valued at the net asset value of shares held by the Plan at year end in an active market.

(ii) *Interest in collective trust fund*: The value of the Plan's interest in common and collective trust funds is based upon the current value of and net investment gain or loss relating to the units of participation held by the Plan. The collective trust fund is redeemable daily and there are no restrictions on redemption.

(iii) *Self-directed investments*: Valued at the last reported sales price on the last business day of the Plan year reported by the active markets in which the individual funds are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

	Fair Value Measurements as of December 31, 2010 using the following inputs

(5) Investments and investment income

The fair value of investments that represent 5% or more of the Plan's net assets as of December 31, 2010 and 2009 are as follows:

	2010	2009
American Funds Growth R3 Fund	$ 3,894,362	$ 3,245,423
Royce Low Priced Stock Fund	$ 3,290,876	$ 2,378,153

Vanguard Target Retirement 2025	$ 2,301,491	**
Diversified Stable Pooled Fund	$ 7,894,642	$ 7,742,947

** Investment does not represent 5% or more of net assets at respective Plan year end.

During 2010 and 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

	2010	2009
Mutual funds	$ 3,500,108	$ 5,602,137
Collective trust fund	162,516	185,914
Self directed investments	21,644	22,020
	$ 3,684,268	$ 5,810,071

(6) Nonparticipant-directed investments

Information about the net assets and significant components of the changes in net assets relating to the nonparticipant-directed investments is as follows:

	2010	2009
Net assets:		
Money market fund	$ 30,327	$ 247,756
Changes in net assets:		
Interfund transfers	$ 37,672	$ 51,656
Interest	8	119
Benefits and administrative expenses paid	(255,109)	(3,185)
	$ (217,429)	$ 48,590

(7) Income tax status

The Plan received a determination letter from the IRS on June 13, 2005 stating that the Plan was in compliance with the applicable requirements of the IRC. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

(8) Related party transactions

Certain plan investments are shares of money market funds, mutual funds, a collective trust fund, and self directed investments that are managed by State Street Bank and Trust Company, the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Administrative fees of $110,516 and $45,327 were paid by the Plan to State Street Bank and Trust Company in 2010 and 2009, respectively.

(9) Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2010 and 2009:

	2010	2009
Net assets available for benefits per the financial statements	$ 44,832,433	$ 36,961,089
Plan sponsor contributions receivable	(1,177,694)	(924,781)
Excess contributions payable	12,078	2,614
Miscellaneous difference	-	(3,116)
Net assets available for benefits per the Form 5500	$ 43,666,817	$ 36,035,806

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2010 and 2009:

	2010	2009
Change in net assets available for benefits per the financial statements	$ 7,871,344	$ 9,935,368
Change in Plan sponsor contributions receivable	(252,913)	(924,781)
Change in excess contributions payable	9,464	2,614
Miscellaneous difference	3,116	-
Change in net assets available for benefits per the Form 5500	$ 7,631,011	$ 9,013,201

(10) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

(11) Subsequent events

In the second quarter of 2011, certain participants employed by hospitals sold by the Plan Sponsor withdrew their balances from the Plan. The aggregate withdrawals approximated $7,100,000.

In September 2011, the Plan Sponsor announced its intention to merge with RegionalCare Hospital Partners, Inc. The Plan Sponsor is currently assessing the impact of the merger on the Plan.
