Independent Auditors' Report

The Trustees
Cutrale USA Retirement Savings Plan
Auburndale, Florida

We were engaged to audit the accompanying statements of net assets available for benefits of Cutrale USA Retirement Savings Plan (the "Plan") as of December 31, 2010 and 2009, and the related statements of changes in net assets available for benefits for the years then ended and the supplemental schedule as of December 31, 2010, as listed in the accompanying table of contents. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by John Hancock Life Insurance Company U.S.A. and Putnam Fiduciary Trust Company, the trustees of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that John Hancock Life Insurance Company U.S.A. held the Plan's investment assets and executed investment transactions as of December 31, 2009, and for the period from January 1, 2009, to November 30, 2010, and Putnam Fiduciary Trust Company held the Plan's investment assets and executed investment transactions as of December 31, 2010, and for the period from December 1, 2010, to December 31, 2010. The Plan administrator has obtained certifications from the trustees as of December 31, 2010 and 2009, and for the years then ended, that the information provided to the Plan administrator by the trustees is complete and accurate.

Because of the significance of the information in the Plan's financial statements that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The Plan administrator has obtained certifications from the trustees as of December 31, 2010 and 2009, and for the years then ended, that the information provided to the Plan administrator by the trustees is complete and accurate.

Because of the significance of the information in the Plan's financial statements that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule. 1. Description of Plan:

The following description of the Cutrale USA Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of plan provisions.

General

On November 12, 2010, Cutrale Citrus Juices USA, Inc. (the "Company"), the Plan sponsor, amended and restated the Plan (the "Amended and Restated Plan") effective November 15, 2010. The Amended and Restated Plan is intended to qualify as a profit sharing plan under Internal Revenue Code section 401(a). However, contributions to the Plan by the Company may be made without regard to the Company's current or accumulated profits.

The Plan is a defined-contribution plan covering all employees who have at least two months of service, and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participant

Each year, participants may elect to defer up to 20% of their pre-tax annual compensation as defined in the Plan, up to the dollar limitation under Code Section 402(g).

Employer

The Company matches a designated percentage of the participant's contribution which is 50% of the participant's contribution, up to a maximum of 6% of participant's salary.

Participant Accounts

Each participant's account is credited with the participant's contribution, the employer matching contribution, and Plan earnings. Allocations for contributions are based on participants' compensation, limited by statutory provisions. Allocations for Plan earnings are based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their account plus earnings thereon is based on years of continuous service. Forfeitures of non-vested amounts are used to reduce future employer contributions. Participants vest in the Company's contribution as follows:

Years of Vesting Service	Vesting Percentage
Less than 1	0%
1	25%
2	50%
3	75%
4 or more	100%

1. Description of Plan – Continued:

Notes Receivable From Participants

Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear interest as of the date the loan is granted. Interest rates are based on the rates available for similar loans from commercial lending institutions. Beginning November 15, 2010, interest rates are 2% over the Prime Rate published in the Wall Street Journal on the first day of the month before a loan is originated. Interest rates on notes outstanding at December 31, 2010, range from 5.25% to 10.25% and maturities range from 2011 to 2015.

Payment of Benefits

Upon termination of service, retirement, death or disability, a participant or his beneficiary may elect to receive an amount equal to the value of the participant's vested interest in their account in a lump sum amount.

Participants may withdraw all or any part of their account that is 100% vested after attaining age 59 ½ or for financial hardship. Certain requirements for financial hardship withdrawals are mandated by federal guidelines.

Investment Options

Upon enrollment in the Plan, a participant may direct participant deferral contributions, participant rollover contributions, and employer contributions in any of the Plan's investment options, all of which were held by John Hancock for the period January 1, 2009, to November 30, 2010, and Putnam for the period December 1, 2010, to December 31, 2010, the trustees of the Plan's investments. Participants may change their contribution allocations and transfer amounts between funds at any time.

Forfeited Accounts

The Plan allocates nonvested or forfeited amounts to reduce employer contributions in the year the forfeitures occur. Forfeitures of employer matching contributions during the Plan years ended December 31, 2010 and 2009, totaled $2,190 and $3,286, respectively, and were used to reduce the employer matching contributions during those years.

Plan Expenses

The Plan's sponsor, Cutrale Citrus Juices USA, Inc. (the "Company") assumes responsibility for a portion of the non-investment administrative expenses of the Plan.

2. Summary of Significant Accounting Policies:

The following is a summary of the more significant accounting policies and practices of Cutrale USA Retirement Savings Plan which affect significant elements of the accompanying financial statements:

Basis of Accounting

The financial statements of Cutrale USA Retirement Savings Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

2. Summary of Significant Accounting Policies – Continued:

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Adoption of New Accounting Guidance

In September 2010, the FASB issued guidance clarifying the classification and measurement of participant loans by defined contribution pension plans. That guidance requires that participant loans be classified as notes receivable from participants and measured at their unpaid principal balance, plus any accrued but unpaid interest. The Plan adopted this new guidance in its December 31, 2010, financial statements and has reclassified participant loans of $295,593 at December 31, 2009, from investments to notes receivable from participants. Net assets of the Plan were not affected by the adoption of the new guidance.

Subsequent Events

Plan management has evaluated subsequent events through October 6, 2011, the date which the financial statements were available to be issued.

3. Investments:

The Plan's investments were in one group annuity contract for the period January 1, 2009, through November 30, 2010, and were comprised of pooled separate investment accounts, and guaranteed interest accounts. The pooled separate accounts were invested primarily in stocks and bonds. For the period December 1, 2010, through December 31, 2010, the Plan's investments are comprised of mutual funds. The Plan's investment options are participant directed.

The following presents investments that represent five percent or more of the Plan's net assets, at fair value:

	2010	2009
Putnam Retirement Ready 2015 R	$ 817,803	$ -
Putnam Retirement Ready 2020 R	1,882,810	-
Putnam Retirement Ready 2025 R	898,717	-
Putnam Retirement Ready 2030 R	979,367	-
Putnam Retirement Ready Maturity R	454,034	-
John Hancock, Pooled Separate Accounts:		
Lifestyle Aggressive		467,950
Lifestyle Balanced		890,487
Lifestyle Conservative		392,903
Lifestyle Growth		747,495
Lifestyle Moderate		864,313
Money Market Fund		409,712

During the years ended December 31, 2010 and 2009, the Plan's investments (including investments bought, sold, and held) appreciated (depreciated) in value as follows:

	2010	2009
Mutual funds	$ (134,256)	$ -
Pooled separate accounts	492,090	1,281,458
Guaranteed interest accounts	(6,283)	522
	$ 351,551	$ 1,281,980

4. Contracts with Insurance Company:

Through November 30, 2010, when the Plan assets were moved to Putnam Fiduciary Trust Company, the Plan had entered into a group annuity contract with John Hancock Life Insurance Company U.S.A. (John Hancock). John Hancock maintained various investment options consisting of guaranteed interest accounts (GIA) and various pooled separate accounts. The contract assets were backed only by the general assets of John Hancock. Thus, the Plan had a concentration of credit risk in regards to this contract.

4. Contracts with Insurance Company – (Continued):

The GIAs are investment options that guarantee a return of principal plus compound interest earned over a defined term. Interest rates are established on the first day of each calendar month and apply to all contributions made to the account in that month. At the end of each reporting year, a composite interest rate is determined which is the effective annual rate earned. The average yield for the GIAs ranged from 0.43% to 4.70% and 0.76% to 4.70% during 2010 and 2009, respectively.

5. Fair Value Measurements:

Fair value is measured using a framework that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include:
    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability;
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end.

Guaranteed Accounts: Valued at fair value by adjusting contract value for the differences in the interest rates at the valuation date and the actual interest rate of the account.

Pooled Separate Accounts: Valued at net asset value of the account's underlying mutual fund net of investment management fees.

5. Fair Value Measurements – Continued:

The methods described above may produce fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

	2010			
	Level 1	Level 2	Level 3	Total

6. Related-Party Transactions:

John Hancock held the Plan's investments, including participant loans and executed investment transactions, for the period January 1, 2009, through November 30, 2010. The Plan's investments are currently held by Putnam Fiduciary Trust Company and they executed investment transactions for the period from December 1, 2010, through December 31, 2010. Investment transactions involving these trustees are considered to be exempt transactions with a party-in-interest. Administrative expenses include fees paid to John Hancock in the amount of $26,569 and $23,974 for the years ended December 31, 2010 and 2009, respectively.

7. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

8. Income Tax Status:

On March 31, 2008, the Internal Revenue Service stated that the volume submitter plan adopted by the Company, as then designed, was acceptable under code section 401 of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Plan management has evaluated tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken uncertain positions that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the Internal Revenue Service; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2007.

9. Summary of Information Certified by the Plan Trustee:

At December 31, 2010, and for the period from December 1, 2010, through December 31, 2010, Putnam held the Plan's investment assets, including notes receivable from participants, and executed investment transactions. At December 31, 2009, and for the year ended December 31, 2009, and the period from January 1, 2009, through November 30, 2010, John Hancock held the Plan's investment assets, including notes receivable from participants, and executed investment transactions. Financial information relating to those assets is included in the accompanying financial statements and supplemental schedule, and such information has been derived from reports certified as complete and accurate by the trustees. Information provided by the trustees, which has not been audited by independent accountants, is summarized as follows:

	2010	2009
Assets:		
Investments	$ 6,951,372	$ 6,117,574
Notes receivable from participants	346,860	295,593
	$ 7,298,232	$ 6,413,167

9. Summary of Information Certified by the Plan Trustee – Continued:

	2010	2009
Investment income:		
Net appreciation in fair value of investments	$ 351,551	$ 1,281,980
Dividends and interest on investments	214,976	7,328
Total investment income	$ 566,527	$ 1,289,308
Interest on notes receivable from participants	$ 20,428	$ 22,160
Administrative expenses	$ 33,165	$ 28,339

10. Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
