These financial statements and supplemental schedules are the responsibility of the Plan's management. The financial statements of CAM Mining LLC 401(k) Plan as of and for the year ended December 31, 2009, were audited by Dean Dorton Ford, PSC, whose report dated September 24, 2010, disclaimed an opinion on the 2009 financial statements for the same reason as described in the following paragraph.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information related to Note 3, which was certified by Great-West Retirement Services, a division of Great-West Life & Annuity Insurance Company, the custodian for the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2010, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2010 financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

CAM MINING LLC 401(K) PLAN

Notes to the Financial Statements

1. Description of the Plan

The following description of the CAM Mining LLC 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan covering substantially all employees of CAM Mining LLC, as well as Rhino Energy LLC, Rhino Resource Partners L.P. and Rhino Eastern LLC, the co-sponsors (collectively the Plan Sponsors). Management of the Plan Sponsors control and manage the operation and administration of the Plan. Great-West Retirement Services (GWRS), a division of Great-West Life & Annuity Insurance Company (GWLA), serves as the custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2011, the Plan name was changed to Rhino Energy LLC 401(k) Plan. Additionally, two plans sponsored by related entities, Sands Hill Mining LLC 401(k) Plan and Rhino Coalfield Services LLC 401(k) Plan, were merged into this Plan effective January 1, 2011. As of December 31, 2010, the funds had been transferred out of those two plans, but were not placed into this Plan until January 3, 2011. As a result, the transfers are reflected as receivables in the accompanying statement of net assets available for benefits as of December 31, 2010.

Eligibility

Employees are eligible to participate in the Plan on their hire date. Eligible participants can enter the Plan on the first day of the month on or following their date of hire. At that time, participants can begin deferring compensation into the Plan, and become eligible for both the employer matching and employer nonelective contributions.

Contributions

Each year, participants may contribute up to the maximum allowable contribution, as defined by the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified defined contribution plans.

Effective January 1, 2010, the Plan was amended to add safe harbor provisions. The Plan Sponsors contribute 100% of each participant's elective deferrals not exceeding 3% of the participant's compensation, plus 50% of each participant's elective deferrals in excess of 3% but not in excess of 5% of the participant's compensation. For 2010, the Plan Sponsors made safe harbor matching contributions of \$768,352.

Prior to January 1, 2010, employer contributions were made solely at the discretion of the Plan Sponsors' management. For 2009, the Plan Sponsors made discretionary matching contributions of \$645,537. These matching contributions were calculated using each participant's applicable contributions for the year ended December 31, 2009. Applicable contributions were those contributions that do not exceed a set dollar amount or percentage of included compensation that is uniformly determined by the employer for all eligible participants.

CAM MINING LLC 401(K) PLAN

Notes to the Financial Statements, continued

1. Description of the Plan, continued

Contributions, continued

In addition, the Plan Sponsors may make a discretionary nonelective contribution. This contribution is allocated as a uniform percentage of included compensation that is uniformly determined by the employer for all eligible participants. A participant must be employed by the Plan Sponsors on the last day of the Plan year in order to receive a contribution, unless the participant dies, becomes disabled, or has reached normal retirement age (defined as age 65) by the end of the Plan year. There were no nonelective contributions made during 2010 by the Plan Sponsors. In 2009, the Plan Sponsors made nonelective contributions of \$342,876.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, an allocation of the Plan Sponsors' contributions, and an allocation of Plan earnings, and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. Administrative expenses are charged to each participant's account when a benefit distribution is processed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan. If no such direction is made, participant accounts are invested in accordance with default investment alternatives as established under the Plan. Plan Sponsors' contributions are automatically invested in the same investment options at the same percentage as participant deferral contributions.

Vesting

Participants are vested immediately in their contributions and the Plan Sponsors' safe harbor and matching contributions plus actual earnings thereon. Participants are vested in the Plan Sponsors' nonelective contributions according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
0 to 2	0%
3 or more	100%

If a participant dies or becomes disabled, he or she is automatically 100% vested in all accounts.

CAM MINING LLC 401(K) PLAN

Notes to the Financial Statements, continued

1. Description of the Plan, continued

Participant Loans

Participants may borrow from their fund accounts up to a maximum of the lesser of \$50,000 or 50% of their account balance, reduced by the highest outstanding loan balance in the preceding 12 months. The loans are secured by the balance in the participant's account and bear interest at 1% over the Prime rate on the first business day of the month when the funds are borrowed. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant whose vested account balance is greater than \$5,000 (excluding amounts attributable to rollover contributions) may elect to receive either a single lump sum amount equal to the value of the participant's vested interest in his or her account, or a single sum payment of a portion of the participant's vested interest in his or her account. On termination of service, a participant whose vested account balance is not greater than \$5,000 (excluding amounts attributable to rollovers) will receive his or her benefits as a single lump sum payment.

Forfeited Accounts

Effective January 1, 2010, all forfeitures will be applied to safe harbor contributions and Plan expenses. Prior to January 1, 2010, forfeited accounts were reallocated as additional discretionary nonelective contributions. As of December 31, 2010 and 2009, forfeited accounts totaled \$62,836 and \$59,377, respectively. During 2010, forfeitures totaling \$46,566 were used to reduce contributions. No forfeitures were reallocated during 2009. Forfeited participant balances during 2010 and 2009 totaled \$46,901 and \$56,098, respectively.

Risks and Uncertainties

The Plan utilizes various investment instruments, including mutual funds and investment contracts. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Administrative and Investment Expenses

Certain administrative expenses of the Plan are paid by the Plan as provided in the Plan document. Investment expenses are included in administrative expenses. All other administrative expenses are paid by the Plan Sponsors.

CAM MINING LLC 401(K) PLAN

Notes to the Financial Statements, continued

2. Summary of Significant Accounting Policies

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) which require management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates. The following is a summary of the significant accounting policies consistently followed by the Plan in the preparation of its financial statements:

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. There is a requirement for the statement of net assets available for benefits to present investment contracts at fair value as well as an additional line item showing an adjustment of the fully benefit responsive investment contracts from fair value to contract value. Since fair value approximates contract value, no adjustment is required.

Notes Receivable from Participants

Participant loan transactions are treated as a transfer to (from) the investment fund from (to) the notes receivable from participants fund. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based on the terms of the Plan Document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Recent Accounting Pronouncement

In September 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2010-25, *Plan Accounting—Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans*, which requires that participant loans be classified as notes receivable for GAAP purposes and measured at unpaid principal balance plus accrued but unpaid interest. Previously these participant loans were classified as plan investments, and were subject to the fair value measurement and disclosure requirements of FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*. This new standard eliminated the need to calculate fair values and present disclosures for these loans in accordance with FASB ASC 820. The amendments were effective for plan years ending after December 15, 2010 and have been applied retrospectively to the prior period presented.

2. Summary of Significant Accounting Policies, continued

Reclassifications

Certain 2009 amounts have been reclassified to conform with 2010 presentation with no effect on net assets available for benefits or changes in net assets available for benefits.

Subsequent Events

The Plan's management has evaluated subsequent events for accounting and disclosure requirements through October 6, 2011, the date that the financial statements were available to be issued. Except as disclosed in Note 1, there were no other events occurring during the evaluation period that require recognition or disclosure in the financial statements.

3. Investments

Information Prepared and Certified to by Custodian

The information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the custodian.

The Plan's investments that represented 5% or more of the Plan's net assets available for benefits as of December 31, 2010 and 2009, are as follows:

	<u>2010</u>	<u>2009</u>
Guaranteed Portfolio Fund	\$ 5,425,879	\$ 4,269,918

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$511,533 and \$637,617, during 2010 and 2009, respectively. The appreciation is entirely related to the mutual funds held by the Plan.

4. Investment Contract with Insurance Company

The Plan has a benefit responsive investment contract with GWLA. GWLA maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value, as reported to the Plan by GWLA. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The interest crediting rates were 2.40% and 2.80% as of December 31, 2010 and 2009, respectively. Such interest rates are reviewed on a quarterly basis for resetting. The average yield for the years ended December 31, 2010 and 2009 was 2.43% and 2.96%, respectively.

CAM MINING LLC 401(K) PLAN

Notes to the Financial Statements, continued

5. Fair Value Measurements

The Plan has determined the fair value of investments through the application of GAAP related to fair value measurements and disclosures. Investments valued using Level 1 inputs are based on unadjusted quoted prices within active markets. Investments valued using Level 2 inputs are based primarily on quoted prices for similar investments in active or inactive markets. Investments valued using Level 3 inputs are valued based on management's assumptions about the assumptions market participants would utilize in pricing the investments. For 2010 disaggregate information, see attached Schedule H, line 4i - Schedule of Assets (Held at End of Year).

Fair value measurements are as follows:

	Fair Value	Level 1	Level 2	Level 3
December 31, 2010				
Guaranteed investment contract	\$ 5,425,879	\$ -	\$ 5,425,879	\$ -
Mutual funds	<u>4,183,074</u>	<u>4,183,074</u>	<u>-</u>	<u>-</u>
Total investments	<u>\$ 9,608,953</u>	<u>\$ 4,183,074</u>	<u>\$ 5,425,879</u>	<u>\$ -</u>
December 31, 2009				
Guaranteed investment contract	\$ 4,269,918	\$ -	\$ 4,269,918	\$ -
Mutual funds	<u>3,062,108</u>	<u>3,062,108</u>	<u>-</u>	<u>-</u>
Total investments	<u>\$ 7,332,026</u>	<u>\$ 3,062,108</u>	<u>\$ 4,269,918</u>	<u>\$ -</u>

Following is a description of the valuation methodologies used for investments measured at fair value. There were no changes in the methodologies used to measure fair value during 2010.

Guaranteed investment contract: Contract value approximates fair value.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. Tax Status

The Plan uses a prototype Plan document sponsored by Orchard Trust Company. Orchard Trust Company received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2008, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

CAM MINING LLC 401(K) PLAN

Notes to the Financial Statements, continued

6. Tax Status, continued

Plan management evaluates tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2007.

7. Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsors have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

During 2009, events occurred causing the Plan to experience a partial plan termination. The affected participants became 100% vested in all contributions in their participant account.

8. Exempt Party-in-Interest Transactions

The Plan has a benefit responsive investment contract with GWLA. The custodian, as defined by the Plan, is a division of GWLA; therefore, the transactions involving the benefit responsive investment contract qualify as exempt party-in-interest transactions. Administrative expenses of \$21,774 and \$14,243 paid during 2010 and 2009, respectively, are comprised of fees paid by the Plan to GWLA for investment management services and withdrawal charges.

9. Reconciliation to Form 5500

A reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2010 and 2009, is as follows:

	<u>2010</u>	<u>2009</u>

10. Prohibited Transactions

During the year ended December 31, 2010, participant withholdings in the amount of \$327 were not remitted within the appropriate time period by the Plan Sponsors. This transaction constitutes a prohibited transaction as defined by ERISA. The Plan Sponsors are aware of the occurrence and have taken the appropriate steps to correct the situation by implementing procedures to ensure all future remittances are completed within the prescribed time period.
