Report of Independent Auditors

To the Participants and Administrator of the
The Berkline Associates Pension Plan:

We were engaged to audit the financial statements of The Berkline Associates Pension Plan (the "Plan") at December 31, 2010 and 2009 and for the year ended December 31, 2010, as listed in the accompanying index. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note I, which was certified by The Northern Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2010 and 2009 and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As explained in Note A, the Plan was frozen effective December 31, 2001.

Schedule SB, Part V – Summary of Plan Provisions
The Berkline Associates Pension Plan
January 1, 2010 Valuation
EIN/PN: 56-1977928/015

APPENDIX A

SUMMARY OF PRINCIPAL PLAN PROVISIONS

<i>Plan Sponsor</i>	NCFII Holdings, Inc.
<i>EIN/PN</i>	56-1977928/015
<i>Effective Date</i>	January 1, 1994. Last amended effective January 1, 2002.
<i>Plan Year</i>	The 12-month period beginning each January 1.
<i>Participation</i>	All employees, except salesmen, are eligible to participate in the Plan. An employee becomes a participant on the first of the month following one Year of Service. Participation was frozen December 31, 2001.
<i>Compensation</i>	For salaried employees, W-2 wages paid during the calendar year including deferrals to 401(k) and 125 plans. For hourly employees, base rate of pay times hours worked, plus vacation and holiday hours, but excluding overtime hours, up to a maximum for a calendar year of 2080 hours.
<i>Year of Service</i>	One Year of Service is earned for each calendar year in which at least 1,000 hours of service are credited. Participants ceased to accrue Years of Service as of March 26, 2002 with the sale of the Plan.
<i>Accrued Benefit</i>	The actuarial equivalent of the Individual Account Balance payable as of the annuity starting date. If the participant was a participant in the Prior Plan, the Accrued Benefit shall not be less than the benefit determined under the applicable Prior Plan as of December 31, 1993, reduced accordingly as of the annuity starting date.
<i>Prior Plan</i>	The Berkline Corporation Salaried Retirement Plan and the Berkline Corporation Hourly Retirement Plan.

APPENDIX A (Continued)

***Individual Balance
Account (IBA)***

An Individual Balance Account (IBA) shall be established for each participant, the initial balance of which shall be the actuarial equivalent of the December 31, 1993 accrued benefit under the applicable Prior Plan.

Company Credits shall be credited to the IBA at the end of each calendar year, or if earlier, as of the last day of the month next preceding the participant's annuity starting date, for each participating employee, equal to a percentage of such participant's Compensation for the calendar year as follows:

Attained Age	Percentage of Compensation
Less than 40	2.0%
40-49	2.5%
50-59	3.5%
60 and over	4.0%

For all plan years beginning after December 31, 2001, there shall be no more Company Credits applied to anyone's IBA.

Interest Credits shall be credited at the end of each calendar year equal to 5% of the beginning of year IBA, until such time as the amount is distributed.

***Normal Retirement
Benefit***

Eligibility:

First day of the month coinciding with or next following the participant's 65th birthday.

Monthly Benefit:

The Accrued Benefit.

***Early Retirement
Benefit***

Eligibility:

Age 55 and five Years of Service.

Monthly Benefit:

The Accrued Benefit.

APPENDIX A (Continued)

***Disability Retirement
Benefit***

Eligibility:

Permanent and Total Disability and 5 Years of Service.

Monthly Benefit:

The Accrued Benefit.

Termination Benefit

Eligibility:

Termination of employment prior to eligibility for Early Retirement and 5 Years of Service.

Monthly Benefit:

A deferred retirement benefit at Normal or Early retirement, or if earlier, a lump sum distribution after a 4-year waiting period.

Death Benefit

Eligibility:

Death of a vested participant.

Monthly Benefit:

The Accrued Benefit.

***Normal Form of
Benefit***

For unmarried participants:

Single Life Annuity – a monthly benefit payable for the duration of the participant's lifetime.

For married participants:

Unless the participant and his spouse elect otherwise, a married participant will receive a 50% joint and survivor Annuity actuarially equivalent to the Normal Form of Benefit. If its value is less than \$5,000, the participant's benefit will be paid in a lump sum distribution in lieu of a monthly annuity.

APPENDIX A (Continued)

Optional Forms

Available to all participants:

Lump Sum -- The IBA at retirement.

Single Life Annuity - a monthly benefit payable for the duration of the participant's lifetime.

Available to participants in the Prior Plans:

50%, 75% and 100% Joint & Survivor Annuity -- This form provides reduced monthly payments during the participant's lifetime with monthly payments to the surviving spouse after the participant's death equal to 50%, 75% and 100%, respectively, of the amount paid during the participant's lifetime. The payments are the actuarial equivalent value of the Normal Form.

5, 10, and 15 Year Certain and Life Annuity - This form provides monthly payments during the participant's lifetime with a minimum guaranteed number of payments to a designated beneficiary. The payments are the actuarial equivalent value of the Normal Form.

Level Income Option -- an increased annuity payable until age 62 and a reduced benefit thereafter such that the benefit prior to age 62 is equal to the sum of the benefit after age 62 plus Social Security. The payments are the actuarial equivalent value of the normal fund.

All annuity optional forms of payment are actuarially equivalent to the normal form of payment and are determined using the 1971 GAM Mortality Table (60% male, 40% female) and a 7% interest rate.

Maximum Benefit Limit

The Internal Revenue Code Section 415 Maximum Benefit payable as a life annuity at Social Security Normal Retirement Age.

Plan Compensation Limit

\$150,000

Benefits Payable as Lump Sums

The Plan does not pay lump sums within four years of termination of employment. After this waiting period, the Plan pays mandatory lump sums under \$5,000 and elective lump sums in excess of this amount.

Changes in Plan Provisions

None.

<i>Mortality</i>	All Purposes: RP-2000 Mortality Table (male and female) projected to the valuation year plus 15 years for nonannuitants and projected to the valuation year plus 7 years for annuitants (static, non-generational).
<i>Retirement Age</i>	All vested terminated participants are assumed to retire at age 65, or age on the valuation date if greater.
<i>Rates of Disability</i>	None.
<i>Rates of Turnover</i>	None.
<i>Assumptions Made In Valuing Spouse's Benefit</i>	Seventy percent of the male and fifty percent of the female vested terminated participants included in the valuation are assumed to be married. The wife is assumed to be three years younger than the husband.

APPENDIX B (Continued)

Optional Form Election

All unmarried participants who are not eligible for a cash balance are assumed to elect a life annuity form of payment and all married participants are assumed to elect a joint and 50% survivor annuity.

All participants who are eligible for a cash balance are assumed to receive a lump sum at decrement. Therefore no assumptions relating to the conversion of the cash balance account into an annuity are needed.

No subsidies related to other optional forms exist.

Annual Increases to Social Security

Taxable Wage Base: N/A
Cost of Living Index: N/A

Provision for Expenses

The expected administrative (i.e. non-investment) expenses that will be paid from plan assets, which were assumed to equal actual expenses during the prior year, were included in the Target Normal Cost for minimum contribution purposes.

Asset Method

Funding: Market Value of Assets plus interest adjusted accrued but unpaid contributions as of the valuation date plus an adjustment to defer full recognition of investment losses and gains over a two-year period. The investment (gain)/loss for every year equals the market value at the beginning of the year projected to the end of the year using the interest rate above, but no greater than the third segment rate for the plan year, minus the end of the year actual market value. The actuarial value of assets will be no less than 90% and no more than 110% of the market value (including interest-adjusted accrued but unpaid contributions).

Employees Valued

All inactive participants of the plan as of the valuation date as reported by the employer were valued. There are no longer any active employees of the company.

Equitable Annuity Contract

The present value of future dividends of the participating annuity contract are assumed to be \$0.

At-Risk Funding Assumptions

For purposes of anticipating early payment of retirement benefits under the regulations relating to at-risk assumptions, all vested participants who are at or past the normal retirement age are assumed to retire immediately. Participants who will be eligible to collect benefits within the 10 years following the current plan year are assumed to commence an immediate distribution at the earliest retirement age under the plan, but no earlier than the end of the current plan year. All participants who are eligible for a cash balance settlement are assumed to receive a distribution at the end of the current plan year.

THE BERKLINE ASSOCIATES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

A. Description of Plan:

The following brief description of The Berkline ("Berkline") Associates Pension Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Effective July 2002, NCFII Holdings, Inc., an entity created to oversee the LifeStyle Furnishings International Ltd.'s (the "Company" or "LFI") Plans and a subsidiary of Masco Corporation, became the Plan Sponsor for the Plan.

1. *General.* The Plan is a defined benefit pension plan covering eligible employees at Berkline, a former subsidiary of the Company and prior to that, Masco Corporation. Eligible employees participate in the Plan on the first day of the month following completion of one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is a cash balance plan which, before it was frozen, provided for individual participant retirement accounts that increase with benefit credits based on annual compensation and investment income.

As a result of the sale of all of the subsidiaries and assets of the Company, there are no longer any active participants in the Plan. All benefits under the Plan (if any) for employees terminated on their division sale dates were 100% vested, to the extent then funded, regardless of their years of service; however, funds in the Plan as of the sale dates were sufficient to fund benefits only for employees who had five or more years of service on the sale dates.

Effective December 31, 2001, in anticipation of the sale of the assets and business of Berkline, all benefit accruals under the Plan were frozen. As a result, there will be no increases in benefits under the Plan, and no new participants will be added to the Plan, from and after December 31, 2001.

2. *Pension Benefits.* Participants with five or more years of credited service or who have attained normal retirement age (65) are entitled to vested annual pension benefits beginning at normal retirement age. Generally, employees may elect to receive their pension benefits in the form of a joint and survivor annuity, lifetime annuity, or period certain annuity.

Pursuant to the Plan agreement, participants who left the Company after vesting in the Plan but before becoming eligible for early retirement may elect to receive their benefit payment any time after the earlier of reaching Early Retirement Age or at the end of the fourth calendar year following the participant's severance date. Considering the Plan freeze date, most participants became eligible for this payment effective January 1, 2006. Participants in this situation were notified of their benefit options during the 2006 Plan year by the Company.

THE BERKLINE ASSOCIATES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS, Continued

A. Description of Plan, concluded:

3. *Death and Disability Benefits.* If a vested participant dies before retirement, a pre-retirement survivor annuity is paid to the participant's beneficiary. This survivor annuity is payable on the first day of the calendar month following the participant's death or as soon as practicable thereafter. Disability retirement benefits are subject to offsets as described in the Plan agreement.

4. *Funding Policy.* The contributions of the Company are designed to fund an amount which falls between the minimum contribution requirements and the maximum deductible allowance, as determined annually under the provisions of the Internal Revenue Code. The yield on investments of the Plan serves to reduce future contributions that would otherwise be required to provide for the defined level of benefits under the Plan. The Company's contributions for 2010 and 2009 met or exceeded the minimum funding requirements of ERISA. No participant in the Plan is required to make a contribution under the Plan.

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

B. Accounting Policies:

The following is a summary of significant accounting policies (in accordance with accounting principles generally accepted in the United States of America) followed in the preparation of these financial statements.

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of additions and deductions during the reporting period. Actual results could differ from these estimates and assumptions.

Risks and Uncertainties

The Plan's invested assets ultimately consist of stocks, bonds, fixed income securities and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the value of investment securities in the near term could materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

THE BERKLINE ASSOCIATES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS, Continued

B. Accounting Policies, continued:

The Plan invests in securities with contractual cash flows, such as asset backed securities, collateralized mortgage obligations and commercial mortgage backed securities, including securities backed by subprime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

Plan contributions and the actuarial present value of accumulated plan benefits are prepared based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Investment Valuation and Income Recognition

Investments represent the Plan's pro rata interest in the fair value of the net assets of the Masco Corporation Retirement Master Trust ("Master Trust") as determined by The Northern Trust Company ("Trustee"), using closing quoted market prices with the exception of the limited partnership investments, which are based on estimated fair value and the Common Collective Trust Fund, which is based on amortized cost, as of December 31, 2010 and 2009.

Investment transactions are reflected on a trade-date basis. Realized gains and losses on investments are based on average cost. Interest income is recognized on the accrual basis of accounting. Dividend income is recorded on the ex-dividend date. Income from other securities is recorded as earned on an accrual basis.

The Plan presents in the statement of changes in net assets available for benefits the investment income from its interest in the Master Trust. The investment income is comprised of the net appreciation in the fair value of its investments which consists of the Plan's pro rata interest in the realized gains or losses and the unrealized appreciation of the investments of the Master Trust. Also included are the Plan's pro rata share of the interest and dividend income of the Master Trust.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Other

Certain administrative expenses incurred by the Plan are paid by the Company.

Subsequent Event

The Company has evaluated subsequent events through October 5, 2011, the date the Berkline Associates Pension Plan financial statements were available to be issued.

THE BERKLINE ASSOCIATES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS, Continued

B. Accounting Policies, concluded:

New Accounting Pronouncements

In May 2011, the FASB issued *Accounting Standards Update 2011-04 Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards ("IFRS")*. This update is intended to improve the comparability of fair value measurements presented and disclosed in financial statements prepared in accordance with U.S. GAAP and IFRS. The update is effective for annual periods beginning after December 15, 2011. Plan management is in the process of evaluating the impact of the adoption of this update on the Plan's financial statements and does not anticipate any significant impact to the Plan.

C. Investments:

The Plan's investments at both December 31, 2010 and 2009 include its 1.1 percent participation in the Master Trust.

The following table presents the fair value of certain of the Master Trust's assets at December 31, 2010 and 2009 (in addition, see Securities Lending for assets held as collateral). Investments that represent five percent or more of the Master Trust are separately identified.

	<u>Master Trust</u>	
	<u>2010</u>	<u>2009</u>
Common and Preferred Stocks	\$235,884,667	\$230,894,204
Corporate Debt Securities	25,230,861	30,819,221
Government and Other Debt Securities	90,039,560	60,993,447
Private Equity Funds	51,756,443	34,048,455
Common Collective Trust Fund	7,200,544	19,600,657
Short-Term and Other Investments	<u>853,816</u>	<u>1,080,464</u>
	<u>\$410,965,891</u>	<u>\$377,436,448</u>

With respect to the Master Trust's investments in private equity funds, the Master Trust had, at December 31, 2010 and 2009, commitments to contribute up to \$16 million and \$21 million, respectively of additional capital to such funds representing the Master Trust's aggregate capital commitment to such funds less capital contributions made to date. The Master Trust is contractually obligated to make additional capital contributions to certain of its private equity funds upon receipt of a capital call from the private equity fund. The Master Trust has no control over when or if the capital calls will occur. Capital calls are funded in cash and generally result in an increase in the carrying value of the Master Trust's investment in the private equity fund when paid.

Securities Lending:

During 2006, Masco Corporation entered into an agreement with The Northern Trust Company authorizing the Trustee to lend securities held in the Master Trust to third parties. The Trustee must obtain collateral from the borrower in the form of U.S. Government securities, irrevocable bank letters of credit, or cash. The cash collateral is invested in interest bearing accounts with The Northern Trust Company, valued based on the active market on which the securities are traded, or based on the active trading market for similar securities (Level 2). The total collateral for the securities loaned as of December 31, 2010 and 2009 was \$91,942,304 and \$161,329,451, respectively, of which \$520,024 and \$741 was non-cash for the years ended December 31, 2010 and 2009, respectively. Both the collateral and the securities loaned are marked-to-market on a daily basis so that all loaned securities are fully collateralized at all times. The Master Trust has a corresponding liability (equal to the collateral) to repay the collateral upon return of the securities. In the event that the loaned securities are not returned by the borrower, the Trustee will purchase equivalent securities by applying the collateral to the payment of the purchase price and demand from the borrower any remaining amounts due and owing. All recoveries will be credited to the Master Trust when received.

The fair value of securities loaned by the Master Trust as of December 31, 2010 and 2009 was \$89,743,155 and \$156,477,173, respectively, as shown below by type of securities:

	<u>2010</u>	<u>2009</u>
Common stocks	\$ 84,978,037	\$150,647,210
Corporate debt securities	\$ 4,362,359	\$ 5,262,115
U.S. Government debt securities	\$ 402,759	\$ 567,848

The Master Trust and the Trustee each receive a percentage of the net income derived from securities lending activities based on the type of securities. Income earned by the Master Trust related to securities lending activities during 2010 and 2009 was \$252,953 and \$475,050, respectively, net of bank fees of \$108,318 and \$156,420 for the years ended December 31, 2010 and 2009, respectively.

Although the securities lending activities are collateralized as described above, they involve both market and credit risk. In this context, market risk refers to the possibility that the borrowed securities will not be fully collateralized upon a sudden material change in the fair value of the loaned securities or the collateral. In 2010, based on improving market conditions, the Master Trust did not incur any liability related to the securities lending activities. In 2009, due to a decline in the fair value of the collateral, the Master Trust incurred a liability to the borrowers in the amount of \$437,436, classified in short-term and other investments in preceding tables. Credit risk refers to the possibility that counterparties involved in the securities lending program may fail to perform in accordance with the terms of their contracts.

C. Investments, concluded:

Security lending in the Master Trust is handled via an electronic platform provided by Equilend, a joint venture of various securities lending agents and security borrowers, in which the Northern Trust Company, the Trustee, has an equity interest. Fees are not charged to the Master Trust for use of the services but are paid by the Trustee.

Since Northern Trust has a financial interest in the successful operation of Equilend, Equilend has obtained a Prohibited Transaction Exemption from the U.S. Department of Labor. The exemption (a) enables Northern Trust to use Equilend's platform for lending the securities of plans and (b) permits Equilend to sell or license ancillary products to Northern Trust or to a plan to which Equilend is a party-in-interest.

D. Fair Value Measurements:

On January 1, 2008, the Plan adopted accounting guidance regarding fair value for its financial assets and liabilities. Accounting guidance defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. Accounting guidance defines fair value as "the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date." Accounting guidance further defines a fair value hierarchy, as follows: Level 1 inputs as quoted prices in active markets for identical assets or liabilities; Level 2 inputs as observable inputs other than Level 1 prices, such as quoted market prices for similar assets or liabilities or other inputs that are observable or can be corroborated by market data; and Level 3 inputs as unobservable inputs that are supported by little or no market activity and that are financial instruments whose value is determined using pricing models or instruments for which the determination of fair value requires significant management judgment or estimation.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Common and Preferred Stocks, Debt Securities, Government Securities and Short-Term and Other Investments: Valued at the closing price reported on the active market on which the individual securities are traded, or based on the active market for similar securities.

Private Equity Funds: Valued based on an estimated fair value. There is no active trading market for these investments and they are for the most part illiquid. Due to the significant unobservable inputs, the fair value measurements used to evaluate impairment are a Level 3 input.

Common Collective Trust Fund: Valued based on a unit value basis, which approximates fair value as of December 31, 2010 and 2009, respectively. Such basis is determined by reference to the respective fund's underlying assets, which are primarily marketable equity and fixed income securities. There are no unfunded commitments or other restrictions associated with this fund.

D. Fair Value Measurements, continued:

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2010 and 2009.

	Assets at Fair Value as of December 31, 2010

D. Fair Value Measurements, concluded:

The table below sets forth a summary of changes in the fair value of the Master Trust's level 3 assets for the year ended December 31, 2010 and 2009.

	<u>Private Equity Funds</u>	
	<u>Year Ended December 31,</u>	
	<u>2010</u>	<u>2009</u>
Balance, beginning of year	\$ 34,048,455	\$ 39,575,682
Dividends	--	26,216
Purchases, sales, issuances and settlements (net)	11,611,076	(6,798,899)
Unrealized gains	6,096,912	1,245,456
Balance, end of year	<u>\$ 51,756,443</u>	<u>\$ 34,048,455</u>

E. Income Tax Status:

The Internal Revenue Service determined and informed the Company by letter dated April 3, 2003 that the Plan and the related trust are designed in accordance with applicable sections of the Internal Revenue Code ("Code"). The Plan has since been amended; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. The Company has applied for a new determination letter and currently awaits approval. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

F. Related Parties:

Certain plan investments are investments managed by The Northern Trust Company as the Plan Trustee. Therefore, the purchases and sales qualify as party-in-interest transactions.

G. Actuarial Present Value of Accumulated Plan Benefits:

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries and (b) beneficiaries of employees who have died. Benefits under the Plan are based on employees' credited years of service. Benefits payable under all circumstances (retirement, death, disability and termination of employment) are included to the extent they are deemed attributable to employee service rendered to the valuation date. The actuarial present value of accumulated plan benefits is determined by an actuary from Findley Davies and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation as of January 1, 2010 were (a) life expectancy of participants (the RP-2000 Combined Mortality Table for males and females projected to valuation year plus 15 years for non-annuitants and projected to the valuation year plus seven years for annuitants for 2010), (b) retirement age assumptions (the assumed retirement age was 65 for 2010), (c) discount rate assumption of 5.4 percent in 2010. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

H. Plan Termination:

Although there is no present intent to terminate the Plan, if the Plan were to terminate at some future time, the net assets of the Plan will be allocated to provide benefits for participants as prescribed by ERISA and its related regulations. To the extent unfunded vested benefits exist, such benefits will be paid by the Pension Benefit Guaranty Corporation, up to applicable limitations. Plan termination priorities are available from the Pension Benefit Guaranty Corporation.
